AND
VITAL STATISTICS

RECORDS OF TOWN MEETING

THE COMMONWEALTH OF MASSACHUSETTS TOWN OF NORWOOD

WARRANT FOR ANNUAL TOWN ELECTION, JANUARY 16, 1967 ANNUAL TOWN MEETING, MARCH 30, 1967

Norfolk, ss.

To either of the Constables of the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified to vote in elections, to meet in the State Armory in Norwood on Monday, the sixteenth day of January, 1967 at 7:00 o'clock in the forenoon, then and there to act on the following articles, namely:

ARTICLE 1. To choose all necessary Town Officers: The following are to be chosen by ballot, namely: One Selectman for three years; one Town Treasurer and Collector of Taxes for one year; one Moderator for one year; one Member of the Board of Health for three years; two Members of the School Committee for three years; one Finance Commissioner for three years; two Trustees of the Morrill Memorial Library for three years; one Trustee of the Morrill Memorial Library for two years, (to fill vacancy); one Member of the Town Planning Board for five years; one Member of the Regional District School Committee for three years; five Town Meeting Members for District One for three years; one Town Meeting Member for District One for one year (to fill vacancy); seven Town Meeting Members for District Two for three years; twenty-one Town Meeting Members for District Three; twenty-eight Town Meeting Members for District Four; twenty-five Town Meeting Members for District Five; six Town Meeting Members for District Six for three years; eight Town Meeting Members for District Seven for three years; thirteen Town Meeting Members for District Eight for three years; eleven Town Meeting Members for District Nine for three years.

For these purposes, the Polls will be open at 7:00 o'clock in the forenoon and shall be kept open until 8:00 o'clock in the afternoon when they may be closed.

You are also required to notify and warn the said inhabitants to meet in the Auditorium of the Junior High School on Washington Street in said Town on Thursday, the thirtieth of March, 1967 at 7:30 o'clock in the afternoon at which time and place the following articles are to be acted upon and determined exclusively by the Town Meeting Members.

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1968 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 5. To see what sums of money the Town will vote to raise, borrow, or transfer from available funds in the treasury, and appropriate for the current fiscal year for the following purposes, or take any other action in the matter.

January 9, 1967

By virtue of the within warrant I have posted the same as directed. The posting was completed Friday, January 6, 1967 at 10:00 A.M.

JAMES F. LYDEN
Constable, Town of Norwood

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

A True Record.

**COMMONWEALTH OF MASSACHUSETTS
TOWN ELECTION JANUARY 16, 1967**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood qualified to vote in elections met in the State Armory on Monday, the sixteenth day of January A.D. 1967 at 7:00 o'clock in the forenoon. The meeting was called to order by the Moderator, Walter J. Gotovich. The warrant calling the meeting and the service of the same upon the inhabitants of the Town, signed by James F. Lyden, Constable of Norwood, to the effect

that the posting as required by the by-laws was completed on January 6, 1967 at 10:00 A.M. was read by the Town Clerk and Accountant, Bartley W. Connolly.

The following election officers were sworn by the Moderator to the faithful performance of their duty:

Caroline McManus, Evelina M. Nolan, Jennie McNally, Alice G. Kelliher, Julia M. Ostergren, Gertrude DiBerto, Rosemarie R. Fanning, Ruth M. Butters, Nora Connolly, Elizabeth Donovan, Vera A. Kozak, Albina R. Grigun, Catherine L. D'Espinosa, Edna Hunter, Jeanette M. Race, Mary E. Mattson, Emma L. Blasenak, Mildred J. Curran, Leona Finbow, Alice H. Thompson, Bertha Holman, Harriet Gullich, Mildred L. Lane, Mae L. Bremer, Mildred Galle, Mary E. Foley, Helen E. Bresnahan, Katherine Connor, Robert Drumme, Edward A. Flaherty, Angela Daly, Francis I. Cuff, Harry Butler, Arlene E. Lindblom, Henry A. Holman, Francis M. Carroll, Doris C. Dauksis, Jean Brown, Wilfred Turenne, James E. Flynn, Henry J. Gullich, Arthur B. Rodgers, Julia A. Rau, Mary Hayes, Mary Stevens, Alice Dyer, Roger J. Connolly, Agnes Thompson, Tracy Cottrell, Amedeo DeFlamines Mabel E. Flood, Mary E. Jennings, David Fleming, Georgianna Clem, Gertrude A. Dolan, Catherine M. Keefe, Britta K. Kallgren, Geraldine Parsons, Ellen Sandell, Catherine M. Griffin, Janet A. Webber, Stella Schoppe, Mary Johnson, Emma Sansone, Linda Parker, Marion Manning, Helen G. McDonald, Mary Horan, Margaret Partridge, Mary E. Maguire, Clare A. Swift, Margaret Felici, Eleanor Tupper, Margaret Kilduff, Rose Gallazzi, Louise Conti, Margaret L. Curran Dorothy Potter, Fred M. Adelman, Sadie Thomas, Eva W. Borlin, Janet Wilkinson, George Cashman, Jean Sundgren, Marion Waterhouse, Aune Nordvall, Salvatore D'Espinosa, Jean P. Finbow, Muriel Brock, Margaret M. Rodgers, Julia F. Bossio, Adele Maloof, Anne J. Mackys, Joyce W. Sheehan, Marjorie C. White, Mary Petrovek, Iris Falcone, Mary Baum, Joseph V. Nuttall, Mary E. Hall, Arthur V. Wilson, Catherine E. Conroy, Mildred M. Sacco, Ruth Sullivan, Eileen Woodworth, Bertha Wessell, Catherine Destito, Arthur Gleichauf, John E. Reddick, Mary Lucas, Margaret L. Curran, S. Maude Bernier, Alice Flavin, Mary Smith, Anne Greene, Elizabeth M. Pender, Herbert Wiggin, Joan L. Lewis, Rosemary A. Trainor, Ruth Reddick, Mabel Stevens, Olive Mulkern, Kathleen H. McCormack, Alice DiCicco, Mary G. Gray, Pauline Erker, Agnes Stapleton, Coletta Sias, Alice H. Donovan, Malvina Mogan, Anne L. White, Barbara J. Christensen, Jeannette Smith, Agnes M. Riley, Josie F. Czyryca, Vivian H. Spear, Ralph J. Colp, Marie Shanahan, Barbara Barton, James Readell, Edward J. Campbell, Mary Louise McInnis, Margaret B. Lowerison, Helen Donovan, John J. Mulvehill, Neil G. Hawley, Jr., Justin Barton, John F. Folan, Eva Knoll, Phyllis G. Rodgers, Virginia M. Traudt, Daniel F. O'Connor, Chester C. Gray, Ruth McCann, Mary E. Butters, Inez Gallazzi, Lola DiBerto, Catherine Curran.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the State Armory was fitted up as a polling place, a place railed off and compartments provided for the convenience of voters, in marking their ballots and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in the five different parts of the polling place outside the rail. The Town Clerk and Accountant delivered to the ballot clerks, sealed packages marked "Official Ballots January 16, 1967" and their receipts therefor.

The Ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with the official ballots taken from the package received from the Town Clerk and Accountant and were stationed by the entrance and exits of the polling place with instructions to deliver such ballots only to voters whose names were found and checked on the voting list. The Ballot Boxes used in elections were opened in public meeting, examined by the Moderator and other officials and found to be empty. The registers were then set at zero.

The polls were declared open for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 o'clock P.M. At the close of the polls, an actual canvass of the ballots showed that three thousand, six hundred and fifty-five (3655) votes were cast.

The names checked on the voting list by the ballot clerks at the entrance of the polling place were counted and found to agree and the total number of names so checked was three thousand, six hundred and fifty-five (3655).

The vote is as follows:

A True Record.

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT
TOWN OF NORWOOD**

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High School on Washington Street in said town on Thursday, March 9, 1967 at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see if the Town will vote to abandon all rights and interests for highway purposes in a parcel of land formerly acquired for highway purposes and being shown on a plan entitled "Town of Norwood, Mass., Plan Showing Abandonment of a Portion of Westover Parkway, Lying Between Eden Street and Rugby Road," "dated January 25, 1967, R. A. Hamilton, Town Engineer, and being shown on said plan as parcel marked "Westover Parkway (To Be Abandoned), Area = 53,271 S. F.," and be it further voted that the Selectmen be and hereby are authorized and directed to prepare and execute the instrument of abandonment and cause it to be properly recorded, together with the aforesaid plan, or take any other action in the matter. (The aforesaid plan may be examined at the office of the General Manager.) (On petition of Permanent Building Construction Committee.)

ARTICLE 2. To see if the Town will vote to designate as land for school purposes and to be under the jurisdiction of the School Department, Parcel No. 1, containing 5 acres, 29,229 square feet, Parcel No. 2, containing 15 acres, 43,451 square feet, and the parcel marked "Westover Parkway (To Be Abandoned), Area 1A., 9,711 S. F.," all being shown on a plan entitled "Town of Norwood, Mass., Plan Showing Town Owned Land to be Designated for School Purposes," dated February 9, 1967, R. A. Hamilton, Town Engineer, a copy of which may be seen at the office of the General Manager, or take any other action in the matter. (On petition of Permanent Building Construction Committee.)

ARTICLE 3. To see if the Town will vote to authorize the Selectmen to purchase or take by eminent domain as a portion of the site for the new Junior High School, a parcel of land being the southwesterly portion of Lot No. 27 as shown on Plan No. 177 of 1946 as recorded with the Norfolk Registry of Deeds in Book 2592-End and bounded as follows:

Southeasterly by an unnamed street on said plan, sometimes called Forrest Avenue Extension, thirty-six (36.00) feet; Southwesterly by land now or formerly of the Town of Norwood, one hundred thirty-seven and

70/100 (137.70) feet; Northwesterly by land now or formerly of Patrick J. Devine, seventy (70.00) feet; and Northeasterly by land now or formerly of Patrick J. Devine et ux, one hundred twenty-four (124.00) feet.

And to raise and appropriate a sum of money for this purpose, or take any other action in the matter. (On petition of the Permanent Building Construction Committee.)

ARTICLE 4. 1. To see if the Town will vote, in accordance with vote under Article 16 of Special Town Meeting of June 2, 1966 adjourned to June 8, 1966, to accept the total sum of monies in the Servicemen's Fund, to be used, together with additional Town funds, for the erection of and original equipping of a World War II Memorial Community Center.

AND

2. To see if the Town will vote, in accordance with vote under Article 2 of Special Town Meeting of December 8, 1966, to construct and equip from available funds and/or by borrowing, and by utilization of all funds referred to in #1 above (Servicemen's Fund), a World War II Memorial Community Center, and upon completion and original equipping, the Town shall maintain and operate the World War II Memorial Community Center which is to be built on the site of the present Civic Building Grounds.

AND

3. To see if the Town will vote that, when completed, the facilities of this World War II Memorial Community Center shall be made available for use by bona fide Norwood veterans' organizations without rental charge upon reasonable request in writing (fifteen days), and subject to the customary rules and regulations relative to the use of the facilities, or take any other action in this entire matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 21st day of February, A. D. 1967.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING**

March 9, 1967

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Thursday, March 9, 1967 at 7:30 o'clock in the afternoon.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. On motion of Justin C. Barton, duly seconded by Ernest G. Paciorkowski, it was

VOTED: That the Town abandon all rights and interests for highway purposes in a parcel of land formerly acquired for highway purposes and being shown on a plan entitled "Town of Norwood, Mass., Plan Showing Abandonment of a Portion of Westover Parkway, Lying Between Eden Street and Rugby Road," dated January 25, 1967, R. A. Hamilton, Town Engineer, and being shown on said plan as parcel marked "Westover Parkway (To Be Abandoned), Area = 53,271 S. F.," and be it further voted that the Selectmen be and hereby are authorized and directed to prepare and execute the instrument of abandonment and cause it to be properly recorded, together with the aforesaid plan.

On standing vote, Voting Yes, 100; No, 17.

Motion declared carried.

ARTICLE 2. On motion of Justin C. Barton, duly seconded by Ernest G. Paciorkowski, it was

VOTED: That the Town designate as land for school purposes and to be under the jurisdiction of the School Department, Parcel No. 1, containing 5 acres, 29,229 square feet, Parcel No. 2, containing 15 acres, 43,451 square feet, and the parcel marked "Westover Parkway (To Be Abandoned), Area 1A., 9,711 S. F.," all being shown on a plan entitled "Town of Norwood, Mass., Plan Showing Town Owned Land to be Designated for School Purposes," dated February 9, 1967, R. A. Hamilton, Town Engineer.

On voice vote declared carried.

ARTICLE 3. On motion of Joseph Wall, duly seconded by Justin C. Barton, it was

VOTED: That the Selectmen be and hereby are authorized to purchase or take by eminent domain as a portion of the site for the new Junior High School, a parcel of land being the southwesterly portion of Lot No. 27 as

shown on Plan No. 177 of 1946 as recorded with the Norfolk Registry of Deeds in Book 2592-End and bounded as follows:

Southeasterly by an unnamed street on said plan, sometimes called Forrest Avenue Extension, thirty-six (36.00) feet; Southwesterly by land now or formerly of the Town of Norwood, one hundred thirty-seven and 70/100 (137.70) feet; Northwesterly by land now or formerly of Patrick J. Devine, seventy (70.00) feet; and Northeasterly by land now or formerly of Patrick J. Devine et ux, one hundred twenty-four (124.00) feet.

And be it further voted that the sum of \$2,500.00 be transferred from surplus revenue and appropriated for the above purpose.

On voice vote declared unanimously carried.

ARTICLE 4. On motion of Justin C. Barton, duly seconded by Ernest G. Paciorkowski, it was

VOTED: 1. That the Town accept in accordance with vote under Article 16 of Special Town Meeting of June 2, 1966 adjourned to June 8, 1966, the total sum of monies in the Servicemen's Fund, to be used, together with additional Town funds, for the erection of and original equipping of a World War II Memorial Community Center.

And

2. That the Town construct and equip in accordance with vote under Article 2 of Special Town Meeting of December 8, 1966, from available funds and/or by borrowing, and by utilization of all funds referred to in #1 above (Servicemen's Fund), a World War II Community Center, and upon completion and original equipping, the Town shall maintain and operate the World War II Memorial Community Center which is to be built on the site of the present Civic Building Grounds.

And

3. That, when completed, the facilities of this World War II Memorial Community Center shall be made available for use by bona fide Norwood veterans' organizations without rental charge upon reasonable request in writing (fifteen days), and subject to the customary rules and regulations relative to the use of the facilities.

On voice vote declared unanimously carried.

Meeting dissolved.

**COMMONWEALTH OF MASSACHUSETTS
ADJOURNED ANNUAL TOWN MEETING**

May 1, 1967

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood and the Town Meeting Members qualified to vote in elections and Town affairs, met in the Senior High School Auditorium on Nichols Street in said Town on Monday, May 1, 1967 at 7:30 o'clock in the afternoon. The meeting was opened with a prayer by Rev. Walton Moffitt.

The meeting was called to order by the Moderator, Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. On motion of J. A. Abdallah, duly seconded by Maurice Baker, it was

VOTED: That the Ninety-fifth Annual Report of the town officials of the Town of Norwood be received and accepted as printed.

On voice vote declared carried.

ARTICLE 2. On motion of Joseph W. Wall, duly seconded by Maurice Baker, it was

VOTED: That the report of the Finance Commission and its recommendations with respect to appropriation estimates for the year 1967 be received and acted upon.

And be it further voted that all sums voted for salaries are to be expended in conformance with the official budget of the Finance Commission unless otherwise voted by the town meeting.

All sums voted for new equipment shall be expended for items listed in the budgets approved by the Finance Commission unless otherwise voted by the town meeting.

On voice vote declared carried.

REPORT OF THE BALCH SCHOOL ADDITION CONSTRUCTION COMMITTEE

During the past year the Balch School Addition Construction Committee has continued to carry out the work delegated to them by the town meeting.

The Balch School Addition was officially dedicated on Sunday, June 5, 1966 and the keys to the building were presented to William F. Egan, Chairman of the School Committee. Town officials, Town Meeting Members and the public were invited to take part in the dedication ceremony. John A. Abdallah, Chairman of the Building Committee presided over the program. We were honored to have the Honorable James A. Burke as guest speaker. The Committee was grateful to Congressman Burke for his kindness in having the dedication proceedings entered into the Congressional Record of June 7, 1966.

Mr. Arthur B. Rodgers, member of the Building Committee, officially dedicated the Auditorium in the Balch School in memory of Mr. Nicholas Abdallah and delivered a fitting tribute in his memory.

The Invocation was delivered by the Rev. Ferdinand V. Miszkin, the prayer of dedication by Rev. Nifon Abraham and the Benediction by Rev. Albert Abracinskas. The speakers on this occasion were Mrs. Mildred R.

Lane, Principal of the Balch School; Charles L. Rich, Chairman of the Board of Selectmen; William F. Egan, Chairman of the School Committee; Dr. Philip O. Coakley, Superintendent of Schools; Walter A. Blasenak, General Manager; State Senator John M. Quinlan and Selectman Harry B. Butters.

The Chairman introduced the honored guests in the audience including State Representatives William F. Butters and David C. Ahearn, County Treasurer Raymond C. Warmington and many of the officials of the town of Norwood.

Several fine selections were rendered by the Balch School pupils and refreshments served by the Balch School P.T.A.

We were pleased to have members of the Abdallah family present and the Committee wishes to acknowledge their generosity for their presentation of a piano for the Auditorium and the picture of Nicholas Abdallah in the foyer. Later in the year the family also donated the stainless steel letters on the side of the building denoting the Nicholas Abdallah Auditorium.

Civic accomplishments during the past year included the completion and occupancy of a new addition to the existing Balch School. Our teachers at this school had been handicapped by the lack of certain basic facilities which are now provided as follows:

1. A cafetorium which is designed for a dual function and serves alternately as a Cafeteria, seating 260 for dining, and as an Auditorium with platform stage, seating 450 for assembly or group instruction. A Teachers' Dining Room is also provided.
2. A Kitchen which is presently equipped to serve milk, ice cream and limited food courses, but sufficient in size to serve hot lunches. It is provided with adequate plumbing and electric rough-in installations for a complete kitchen. Space is also allowed for other facilities such as receiving, storage, an incinerator and a future walk-in refrigerator.
3. A large play Room for recreation and physical instruction, complete with toilets, showers and storage areas. Both the Cafetorium and the Play Room are designed and arranged for public use without interference with school activities.
4. Three small Conference Rooms for groups that need special instruction. The availability of these rooms allowed alterations in another area of the building which, by the simple installation of a second exit, was converted into an additional and much needed classroom.

In addition to the new construction briefly described in the above outline, the existing building required the installation of a completely new heating and ventilating system, including two boilers, piping, classroom unit ventilators and air exhaust system. A new fire alarm and program bell system was also installed in accordance with the current requirements of the Massachusetts State Department of Public Safety. Renovations in the existing building were performed to the full extent allowed within the scope of authority granted to the Building Committee.

TOWN OF NORWOOD

The firm of Korslund, LeNormand & Quann, Inc. donated the furniture for the Remedial Rooms for which the Committee is most grateful.

Respectfully submitted,

JOHN A. ABDALLAH, Chairman
 JULIA A. LEWIS
 ARTHUR B. RODGERS
 E. PETER BAMBER
 JOHN W. NAVICKAS
 ARTHUR H. GLEICHAUF
 ROBERT MACEACHERN

ARTICLE 2. On a motion duly made and seconded, it was

VOTED: To accept the report as submitted.

On voice vote declared carried.

JOHN P. OLDHAM ELEMENTARY SCHOOL BUILDING COMMITTEE INTERIM REPORT — TOWN MEETING, MAY 1967

Since our last report to the Town Meeting, the Building Committee has been endeavoring to complete the Oldham Elementary School project and wishes to report to you that it is confident that this will be done shortly.

Your Building Committee has been confronted with the unfortunate situation of its General Contractor going out of business prior to the completion of the corrective items on the final "Punch List".

The Building Committee is presently arranging with the General Contractor's bonding company to have their contractor complete the Punch List and we are hopeful that our next report to you will be our final one.

ARTICLE 2. On a motion duly made and seconded, it was
VOTED: To accept the report as submitted.

On voice vote declared carried.

REPORT OF THE SCHOOL HOUSING STUDY COMMITTEE — 1966

At the first School Housing Study Committee meeting of 1966, January 20, it was pointed out that the Senior High School would be the next order of business to be considered and also that this committee would cooperate in every way possible with the new Permanent Building Construction Committee to assist in expediting the recommended elementary and junior high schools.

In February, following the resignation of Paul M. Murpy, E. William Bamber was appointed a member of this committee.

At the reorganizational meeting held on February 7, 1966 John A. Abdallah was unanimously reelected Chairman and, after a unanimous vote that the committee also have a Vice Chairman, Jean R. Brown was elected to that post. Ruth E. McCann was reelected Secretary.

A general outline of the additional needs of the Senior High School was presented to the committee on February 7 by Superintendent of Schools Philip O. Coakley, and a detailed outline of recommendations for classrooms and auxiliary facilities was given on February 24 by the Principal of the Senior High School, John F. Monbouquette. Following a general discussion, a motion was made to contact Mr. Korslund of Korslund, Le Normand and Quann, Inc., Architects, to have him review the present plant and suggest various ideas for an addition.

At a meeting held on March 24 in the library of the Norwood Senior High School when presentation was made by Mr. Korslund, he, Dr. Coakley and Mr. Monbouquette were appointed a special committee to meet and go over plans in connection with the Senior High School and report back to the Study Committee.

The School Housing Study Committee met with the Permanent Building Construction Committee on May 5, 1966, primarily to discuss site selection and to offer any assistance possible to expedite plans for building and completion of the proposed new elementary school and the new junior high school.

At the meeting on November 17, 1966 the School Housing Study Committee endorsed the Permanent Building Construction Committee's recommendations for the site north of Westover Parkway for the new elementary school and the area adjacent to the Father McAleer playground for the new junior high school.

The report of the special committee studying the Senior High School has been delayed pending Town Meeting approval of the elementary and junior

high schools (Special Town Meeting of December 8, 1966). It is planned that consideration of the Senior High School addition by the School Housing Study Committee will be resumed early in 1967.

Respectfully submitted,

JOHN A. ABDALLAH, Chairman
 JEAN R. BROWN, Vice Chairman
 E. WILLIAM BAMBER
 ALMON H. BRIDGES, JR.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT**

(SEAL)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Senior High School on Nichols Street in said town on Monday, May 1, 1967

at 7:00 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise and appropriate for the purpose of initiating and carrying out a beautification program in the Town, or take any other action in the matter. (On petition of the Beautification Committee)

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate for the purpose of acquiring land or rights therein by purchase and/or by eminent domain, and for the construction of off-street parking facilities between Vernon and Cottage Streets, in the area formerly occupied in part by the Norwood Buick Company, and to authorize the Selectmen to acquire land for the above purpose, or take any other action in the matter. (On petition of the Parking Commission)

ARTICLE 3. To see if the Town will vote to authorize the Selectmen to lease to American Steel & Aluminum Company a certain parcel of town owned land at American Drive and Everett Street, or take any other action in the matter.

ARTICLE 4. To see if the Town will vote to amend the existing Zoning-By-Laws by altering the Zoning Map by altering the district boundaries with respect to those portions of the present Manufacturing District and General Residence District, namely that area bounded as follows:

Beginning at a point on the easterly side of the Boston-Providence Highway, also known as Route 1, at land now or formerly of Esther Feinstein and Ada M. Lipsitz.

Thence running South $61^{\circ} 59' 30''$ East, a distance of six hundred twenty-two and $24/100$ feet by land now or formerly of said Esther Feinstein and Ada M. Lipsitz.

Thence South $09^{\circ} 29' 46''$ East, a distance of one hundred thirty-three and $77/100$ feet by land now or formerly of George M. Fitzgerald and land now or formerly of Richard F. and Patricia L. Kennedy.

Thence North $70^{\circ} 49' 41''$ West, a distance of sixty-seven and $76/100$ feet by land now or formerly of Eunice R. Parrish,

Thence $29^{\circ} 08' 47''$ West, a distance of four hundred sixty-five and $82/100$ feet by land now or formerly of said Eunice R. Parrish;

Thence South $02^{\circ} 25' 55''$ West, a distance of four hundred nineteen and $63/100$ feet by land now or formerly of said Eunice R. Parrish and land now or formerly of Robert L. and Gloria E. Stacey;

To the northerly side of Dean Street;

Thence North $58^{\circ} 07' 30''$ West a distance of one hundred ninety-three and $30/100$ feet by the northerly side of said Dean Street;

Thence by a curved line of the northerly side of said Dean Street, a distance of one hundred fifty-nine and $23/100$ feet;

Thence North $11^{\circ} 39' 10''$ East, a distance of eleven and $09/100$ feet by land now or formerly of Charles P. and Edna M. LaCivita;

Thence North 85° 22' 50" East, a distance of one hundred seventy and 21/100 feet by land now or formerly of said Charles P. and Edna M. LaCivita and land now or formerly of The LaCivita Corp.,

Thence North 12° 48' 20" West, a distance of three hundred thirty-nine and 05/100 feet by land now or formerly of said The LaCivita Corp. and land now or formerly of Roll-Land, Inc.;

Thence North 43° 27' 00" West, a distance of three hundred sixty-nine and 99/100 feet by land now or formerly of Donald G. and Pauline Bandoni;

Thence North 28° 00' 30" East, a distance of fifty-three and 04/100 feet by land now or formerly of said Commonwealth of Massachusetts;

Thence North 61° 59' 30" West, a distance of twenty-five and 00/100 feet by land now or formerly of said Commonwealth of Massachusetts;

Thence North 28° 00' 30" East, a distance of four hundred twenty-six and 45/100 feet by the easterly side of said Boston-Providence Highway to the point of beginning;

Both of said parcels being shown on a plan entitled "Zoning Map of the Town of Norwood, Mass.", dated August 31, 1966, R.A. Hamilton, Town Engineer;

by withdrawing the above-described portions from the aforesaid Manufacturing (M) and General Residence (G) Districts and establishing the same as a Business District (B), or take any other action in the matter. (On petition of Dennis P. O'Leary, et al)

ARTICLE 5. To see if the Town will vote to amend the Zoning Laws as follows:

"USE REGULATIONS Section 4. Permitted and Permissible Main Uses — TABLE A — Subsection G-3. Salesroom for automobiles, boats, motorcycles, trailers, trucks or farm implements; provided that in a B district, the use shall be conducted wholly within a completely enclosed building unless an open-lot sales area is authorized by special permit from the Board of Appeals' in the Limited Manufacturing District by deleting "No" and substituting in place thereof "SP" (Special Permit). (On petition of Herbert Anderson)

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 4th day of April, A.D. 1967.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
MAY 3, 1967**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Senior High School on Nichols Street in said Town on Wednesday, May 3, 1967 at 7:30 o'clock in the afternoon. The meeting was opened with a prayer by Rev. Nifon Abraham.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant

Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. A motion was offered by George T. Mahoney, duly seconded by John A. Abdallah as follows:

It is hereby moved that the following motion be substituted for the recommendation of indefinite postponement:

VOTED: That there be raised by transfer from available funds and appropriated, the sum of \$16,400.00 for the purpose of initiating a beautification program in the Town.

Motion declared lost on a voice vote.

ARTICLE 1. On motion of Joseph Wall, duly seconded by Kenneth Webber, it was

VOTED: Indefinite postponement.

On voice vote declared carried.

ARTICLE 2. A motion was offered by John A. Abdallah, duly seconded by Charles L. Rich as follows:

It is hereby moved that the following motion be substituted for the recommendation of indefinite postponement:

VOTED: That there be raised and appropriated the sum of \$149,000.00 for the acquisition of land and for the construction of off-street public parking facilities in the Cottage Street-Vernon Street area, of which sum, \$10,000.00 shall be transferred from parking meter receipts, and the sum of \$139,000.00 to be raised by borrowing.

And be it further voted that the Board of Selectmen are hereby authorized to purchase or take by eminent domain the real estate of Norwood Buick, Inc., located between Cottage Street and Vernon Street consisting of two parcels for an amount not in excess of \$90,000.00 and being bounded and described as follows:

Beginning at a point 106.50 feet distant from the southwesterly corner of said Cottage Street and Washington Street, thence bounded

Northeasterly by said Cottage Street, 116.60 feet;

Northwesterly by land now or formerly of Frederick W. MacKenzie, 122.09 feet;

Southwesterly by land now or formerly of Henry E. Leth, et al in part and in part by other land of the grantor, 117.95 feet; and

Southeasterly by land now or formerly of Herman Dana and Lester H. Dana, Trustees, 119 feet more or less. Containing 6,676 square feet.

Also that parcel of land on the northeasterly side of Vernon Street in said Norwood and bounded and described as follows:

Beginning at a point on the northeasterly side of Vernon Street at land now or formerly of Tiot Lodge No. 50, Independent Order of Odd Fellows, thence running in a northerly direction by said land now or formerly of said Tiot Lodge and by land now or formerly of Rose Seligman et al, 120 feet, more or less, to land now or formerly of Herman Dana and Lester H. Dana, Trustees;

Thence turning and running westerly by said land of Herman Dana and Lester H. Dana, Trustees, in part, and in part by land now or formerly of Guido A. Stuntzner, 75.50 feet more or less, to land now or formerly of Henry E. Leth et al;

Thence turning and running southerly by said last-named land, 120 feet, more or less, to Vernon Street;

Thence turning and running easterly on Vernon Street, 76.40 feet, more or less, to point of beginning.

However, there is expected from the above described premises so much of the land as was conveyed to Solomon W. Rubin and Fannie Rubin, Trustees under the will of Meyer Rubin, by deed of Guido A. Stuntzner dated September 15, 1953 and recorded with Norfolk Deeds in Book 3203, Page 102.

And be it further voted that the Board of Selectmen are hereby authorized to purchase or take by eminent domain for the aforesaid purposes, the real estate of Kate Letts on Vernon Street, for an amount not in excess of \$25,000.00 and being bounded and described as follows:

Southerly by Vernon Street, 75 feet;

Westerly by land now or formerly of J. Stearns Cushing, 120 feet;

Northerly by land now or formerly of the heirs of L. W. Bigelow, 75 feet; and

Easterly, 120 feet by a straight line on land now or formerly of Anna M. Day.

The southeasterly corner of said lot being distant about 176 feet westerly from Washington Street, measuring on the northerly line of Vernon Street.

Motion declared lost on voice vote.

ARTICLE 2. On motion of Joseph Wall, and duly seconded, it was

VOTED: Indefinite postponement.

On voice vote declared carried.

ARTICLE 3. A motion was offered by Charles L. Rich, duly seconded by George T. Mahoney, as follows:

That the Board of Selectmen be and hereby are authorized to lease to American Steel & Aluminum Company a certain parcel of town-owned land located at Everett Street and American Drive.

This motion was not acted upon. A motion was made by Mr. Drummey to refer this matter back to the Selectmen and Planning Board.

On voice vote declared carried.

**REPORT OF THE PLANNING BOARD ON AMENDING
EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD**

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Messenger in the issue of February 15, 22, 1967 gave notice of its intention to hold a public hearing on March 6, 1967 at 8:30 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend Indefinite postponement to the existing Zoning By-Law as submitted in the attached motion under Article 4 of the Special Town Meeting of May 1, 1967 for the following reasons:

1. A study of the total area on the East side of Route 1 is needed.
2. Not in the best interest of the Town at this time.

Respectfully submitted,

J. EDWARD BAMBER
THOMAS A. RIOLO
E. WILLIAM BAMBER
THOMAS WISGIRDA
JAMES T. O'SULLIVAN

Norwood Planning Board

ARTICLE 4. A motion was offered by George M. Ruboy, seconded by Richard P. Pennington as follows:

It is hereby moved that there be substituted for the Planning Board recommendation of indefinite postponement, the following motion:

MOVED: That the Town of Norwood vote to amend the existing Zoning By-Laws by altering the district boundaries with respect to those portions of the present Manufacturing District and General Residence District, namely that area bounded as follows:

Beginning at a point on the easterly side of the Boston-Providence Highway, also known as Route 1, at land now or formerly of Esther Feinstein and Ada M. Lipsitz.

Thence running South $61^{\circ} 59' 30''$ East, a distance of six hundred twenty-two and $24/100$ feet by land now or formerly of said Esther Feinstein and Ada M. Lipsitz.

Thence South $09^{\circ} 29' 46''$ East, a distance of one hundred thirty-three and $77/100$ feet by land now or formerly of George M. Fitzgerald and land now or formerly of Richard F. and Patricia L. Kennedy.

Thence North $70^{\circ} 49' 41''$ West, a distance of sixty-seven and $76/100$ feet by land now or formerly of Eunice R. Parrish.

Thence South $29^{\circ} 08' 47''$ West, a distance of four hundred sixty-five and $82/100$ feet by land now or formerly of said Eunice R. Parrish;

Thence South 02° 25' 55" West, a distance of four hundred nineteen and 63/100 feet by land now or formerly of said Eunice R. Parrish and land now or formerly of Robert L. and Gloria E. Stacey;

To the northerly side of Dean Street;

Thence North 58° 07' 30" West a distance of one hundred ninety-three and 30/100 feet by the northerly side of said Dean Street;

Thence by a curved line of the northerly side of said Dean Street, a distance of one hundred fifty-nine and 23/100 feet;

Thence North 11° 39' 10" East, a distance of eleven and 09/100 feet by land now or formerly of Charles P. and Edna M. LaCivita;

Thence North 85° 22' 50" East, a distance of one hundred seventy and 21/100 feet by land now or formerly of said Chairles P. and Edna M. LaCivita and land now or formerly of The LaCivita Corp.;

Thence North 12° 48' 20" West, a distance of three hundred thirty-nine and 05/100 feet by land now or formerly of said The LaCivita Corp. and land now or formerly of Roll Land, Inc.;

Thence North 43° 27' 00" West, a distance of three hundred sixty-nine and 99/100 feet by land now or formerly of Donald G. and Pauline Bandoni;

Thence North 28° 00' 30" East, a distance of fifty-three and 04/100 feet by land now or formerly of the Commonwealth of Massachusetts;

Thence North 61° 59' 30" West, a distance of twenty-five and 00/100 feet by land now or formerly of said Commonwealth of Massachusetts;

Thence North 28° 00' 30" East, a distance of four hundred twenty-six and 45/100 feet by the easterly side of said Boston Providence Highway to the point of beginning;

Both of said parcels being shown on a plan entitled "Zoning Map of the Town of Norwood, Mass.", dated August 31, 1966, R. A. Hamilton, Town Engineer.

By withdrawing the above-described portions from the aforesaid Manufacturing (M) and General Residence (G) Districts and establishing the same as a Business District (B).

On standing vote, Voting Yes, 39; No, 61.

Motion declared lost.

ARTICLE 4. On motion of J. Edward Bamber, duly seconded by Kenneth E. Webber, it was

VOTED: Indefinite postponement.

On voice vote declared carried.

**REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING
EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD**

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Times in the issues of March 2, 9, 1967 gave notice of its intention to hold a public hearing on March 20, 1967 at 8:00 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend indefinite postponement to the existing Zoning By-Law as submitted in the attached motion under Article 5 of the Special Town Meeting on May 1, 1967 for the following reasons:

1. Adverse effect on all LM districts.

Respectfully submitted,

J. EDWARD BAMBER

E. WILLIAM BAMBER

THOMAS A. RIOLO

FRANCIS WISGIRDA

JAMES T. O'SULLIVAN

Norwood Planning Board

ARTICLE 5. A motion for Indefinite postponement was submitted by the Planning Board. A motion to substitute was submitted and acted upon.

ARTICLE 5. On motion of Channing W. Souther, Jr., seconded by Richard P. Pennington, it was

VOTED: That the zoning by-law be amended as follows:

"USE REGULATIONS Section 4. Permitted and Permissible Main Uses — TABLE A — Subsection G-3. Salesroom for automobiles, boats, motorcycles, trailers, trucks or farm implements; provided that in a B district, the use shall be conducted wholly within a completely enclosed building unless an open-lot sales area is authorized by special permit from the Board of Appeals" in the Limited Manufacturing District by deleting "No" and substituting in place thereof "SP" (Special Permit).

On standing vote, Voting Yes 66; No, 23.

Motion declared carried.

Meeting dissolved.

A True Record.

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT**

(SEAL)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Nicholas Abdallah Auditorium of the Balch School on Washington Street in said town on Tuesday, July 25, 1967 at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise and appropriate for the purpose of acquiring land or rights therein by purchase and/or by eminent domain, and for the construction of off-street parking facilities between Vernon and Cottage Streets in the area formerly occupied in part by the Norwood Buick Company, and to authorize the Selectmen to acquire land for the above purpose, or take any other action in the matter.

ARTICLE 2. To see what sum of money the town will vote to raise by borrowing and/or by transfer from available funds and appropriate to meet the further expense of the site development and construction of the George F. Willett Elementary School, or take any other action in the matter.

ARTICLE 3. To see what sum of money the town will vote to raise by transfer from available funds and appropriate for the further development of the Highland Cemetery, or take any other action in the matter.

ARTICLE 4. To see what sum of money the town will raise by borrowing and/or by transfer from available funds, and appropriate to meet contractual obligations of the School Committee regarding custodial salaries as a result of agreements made under collective bargaining with the Norwood Public School Custodians' Association and the Norwood Public School Maintenance-Craftsmen Association, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to convey a certain parcel of vacant land owned by the Town, containing 4.287 acres, situated on Washington and Mylod Streets in Norwood, being a portion of the land owned by the Town and known as "Endean Playground", to the Lewis and Anna M. Day Home for Aged in Norwood, Inc., a Massachusetts charitable corporation for the construction and maintenance of a home for aged people, as provided in the charter of said corporation, or to take any other action in the matter. (On petition of Robert W. Williamson, Trustee of the Day Home).

ARTICLE 6. To see if the Town will vote to authorize and direct the Selectmen to acquire by purchase or take by eminent domain a parcel of land on Lenox Avenue with a building thereon, containing 30,015 square feet, more or less, and being contiguous with other town-owned land, or take any other action in the matter.

ARTICLE 7. To see if the Town will vote to authorize and direct the Selectmen to acquire by purchase or take by eminent domain a parcel of land on Cross Street with a building thereon, containing 26,500 square feet, more or less, and being contiguous with other town-owned land, or take any other action in the matter.

ARTICLE 8. To see if the Town will vote to authorize and direct the Selectmen to acquire by purchase or take by eminent domain two parcels of land on the southerly side of Winter Street, containing a total of one acre and 36,362 square feet, more or less, and both parcels being contiguous to other town-owned land, or take any other action in the matter.

ARTICLE 9. To see if the Town will vote to authorize and direct the Selectmen to acquire by purchase or take by eminent domain a parcel of land on Cemetery Street with a building thereon, containing 15,000 square feet, more or less, and being contiguous with other town-owned land, or take any other action in the matter.

ARTICLE 10. To see if the Town will vote to accept the provisions of General Laws, Chapter 54, Section 103A providing for absentee voting in Town elections, or take any other action in the matter.

ARTICLE 11. To see if the Town will vote to authorize the Selectmen to purchase or take by eminent domain as a portion of the site for the new Junior High School, a parcel of land shown on a plan entitled "Plan of Land in Norwood, Mass., A. W. Thompson, Engineer, Nov. 12, 1943," and being that portion of an unnamed way of said plan, sometimes known as Forrest Avenue, and running southwesterly from the southwesterly line of Irving Street to other land of the Town of Norwood, and to see what sum of money the Town will vote to raise and appropriate for this purpose.

ARTICLE 12. To see if the Town will vote to petition the General Court to enact legislation validating the appointment of Albert G. Lane as a permanent member of the Norwood Police Department, notwithstanding the failure of the appointing authority to notify the director of Civil Service of such appointment prior to the expiration of the eligible list from which the appointment was made, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 6th day of July, A.D. 1967.

JOHN A. ABDALLAH
WALTER J. DEMPSEY
JOSEPH F. CURRAN

Selectmen of Norwood

Norwood, Norfolk, ss.

By virtue of the within warrant I have posted the same as directed. The posting was completed Friday, July 14, 1967 at 6:30 P.M.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
JULY 25, 1967**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Nicholas Abdallah Auditorium of the Balch School on Washington Street in said town on Tuesday, July 25, 1967 at 7:30 o'clock in the afternoon. The meeting was opened with a prayer by Rev. Albert Abracinskas.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. A motion was offered by John A. Abdallah, duly seconded by Charles L. Rich as follows:

It is hereby moved that the following motion be substituted for the Finance Commission's recommendation of indefinite postponement.

VOTED: That there be raised and appropriated \$160,000.00 in the following manner for the acquisition of land and the construction of off-street parking facilities in the Cottage Street-Vernon Street area:

That \$115,000.00 is appropriated for the acquisition of land for the municipally owned and operated off-street parking area; that to raise this appropriation, the offer of Gertrude D. Gordon, Herman Dana and Lester Harold Dana of \$20,000.00 is hereby accepted and appropriated to this project, and the Treasurer, with the approval of the Selectmen, is authorized to borrow

\$95,000.00 under G.L., c. 44, s. 7(3) as amended; that \$45,000.00 is appropriated for the original construction of a municipally owned and operated off-street parking area on the land to be acquired under this vote; that to raise this appropriation, the offers of the Uptown Norwood Merchants' Association of \$5,505.00 and Investment Realty Co. of Boston of \$500.00 are hereby accepted and appropriated to this project, and that the sum of \$7,995.00 be transferred from parking meter receipts, and that the Treasurer, with the approval of the Selectmen, is authorized to borrow \$31,000.00 under G.L., c.44, s. 7(5) as amended; and that the Selectmen are authorized to take all necessary steps to carry out the projects authorized by this vote, including the acceptance of an easement of 35,000 square feet of land from Gertrude D. Gordon, Herman Dana and Lester Harold Dana.

And be it further voted that the Board of Selectmen are hereby authorized to purchase or take by eminent domain the real estate of Norwood Buick, Inc., located between Cottage Street and Vernon Street, consisting of two parcels for an amount not in excess of \$90,000.00, and being bounded and described as follows:

Beginning at a point 106.50 feet distant from the southwesterly corner of said Cottage Street and Washington Street, thence bounded

Northeasterly by said Cottage Street, 116.60 feet;

Northwesterly by land now or formerly of Frederick W. MacKenzie, 122.09 feet;

Southwesterly by land now or formerly of Henry E. Leth, et al in part and in part by other land of the grantor, 117.95 feet; and

Southeasterly by land now or formerly of Herman Dana and Lester H. Dana, Trustees, 119 feet more or less. Containing 6,676 square feet.

Also that parcel of land on the northeasterly side of Vernon Street in said Norwood bounded and described as follows:

Beginning at a point on the northeasterly side of Vernon Street, at land now or formerly of Tiot Lodge No. 50, Independent Order of Odd Fellows, thence running in a northerly direction by said land now or formerly of said Tiot Lodge and by land now or formerly of Rose Seligman et al, 120 feet, more or less, to land now or formerly of Herman Dana and Lester H. Dana, Trustees;

Thence turning and running westerly by said land of Herman Dana and Lester H. Dana, Trustees, in part, and in part by land now or formerly of Guido A. Stuntzner, 75.50 feet, more or less, to land now or formerly of Henry E. Leth et al;

Thence turning and running southerly by said last-named land, 120 feet, more or less, to Vernon Street;

Thence turning and running easterly on Vernon Street, 76.40 feet, more or less, to point of beginning.

However, there is expected from the above described premises so much of the land as was conveyed to Solomon W. Rubin and Fannie Rubin, Trustees under the will of Meyer Rubin, by deed of Guido A. Stuntzner dated September 15, 1953 and recorded with Norfolk Deeds in Book 3203, Page 102,

And be it further voted that the Board of Selectmen are hereby authorized to purchase or take by eminent domain for the aforesaid purposes, the real estate of Kate Letts on Vernon Street, for an amount not in excess of \$25,000.00 and being bounded and described as follows:

Southerly by Vernon Street, 75 feet;

Westerly by land now or formerly of J. Stearns Cushing, 120 feet;

Northerly by land now or formerly of the heirs of L. W. Bigelow, 75 feet;
and

Easterly, 120 feet by a straight line on land now or formerly of Anna M. Day.

The southeasterly corner of said lot being distant about 176 feet westerly from Washington Street, measuring on the northerly line of Vernon Street.

Motion lost on a voice vote.

ARTICLE 1. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

ARTICLE 2. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$150,000.00 be appropriated to meet the further expense of constructing and originally equipping and furnishing the George F. Willett Elementary School in the Westover Parkway area, and to meet said appropriation the Treasurer with the approval of the Board of Selectmen is hereby authorized to borrow the sum of \$150,000.00 under authority of Chapter 645 of the Acts of 1948 as amended, for a period of 10 years.

And be it further voted that the Permanent Building Construction Committee is hereby authorized to carry out the purposes for which the appropriation is made.

On standing vote, Voting Yes, 96; No, 5.

Motion declared carried.

ARTICLE 3. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$25,000.00 be transferred from Cemetery Available Receipts and appropriated for the further development of the Highland Cemetery.

On voice vote declared carried.

ARTICLE 4. A motion was offered by Francis X. Sheehan, Jr., seconded by Henry W. Diggs as follows:

It is hereby moved that there be substituted for the recommendation of the Finance Commission of indefinite postponement, the following motion:

VOTED: That there be raised, by transfer from available funds in the treasury, and appropriated the sum of \$5,449.27 to meet contractual obligations of the School Committee regarding custodial salaries as a result of agreements made under collective bargaining with the Norwood Public School Custodians' Association and the Norwood Public School Maintenance-Craftsmen Association.

On voice vote motion declared lost.

ARTICLE 4. On motion of Joseph Wall, duly seconded by William Lynch, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

ARTICLE 5. On motion of Channing W. Souther, Jr., seconded by William G. Dunn, it was

VOTED: That the Selectmen be and hereby are authorized to convey, for the sum not less than One dollar (\$1.00) a certain parcel of vacant land owned by the Town, containing 4.287 acres, situated on Washington and Mylod Streets in Norwood, being a portion of the land owned by the Town and known as "Endean Playground" to the Lewis and Anna M. Day Home for Aged in Norwood, Inc., a Massachusetts charitable corporation for the construction and maintenance of a home for aged people, as provided in the charter of said corporation, said land being more particularly bounded and described as follows: A certain parcel of vacant land situated in Norwood Mass. dated May 23, 1966, drawn by Edw. H. Thompson, Surveyor, bounded and described as follows, according to said plan: Beginning at a point in the northwesterly line of Washington Street; thence running

S 39° 00' 00" W 171.10 feet to a point, thence turning and running
N 49° 06' 30" W 122.77 feet to a point, thence turning and running
S 59° 51' 00" W 221.43 feet to a point, thence turning and running
S 36° 14' 00" W 104.00 feet to a point in the northeasterly line of Mylod

Street; thence turning and running by said line of Mylod Street
N 70° 23' 00" W 20.87 feet to a point, thence turning and running
N 36° 14' 00" E 200.00 feet to a point, thence turning and running
N 49° 52' 20" W 295.00 feet to a point, thence turning and running
N 39° 00' 00" E 320.00 feet to a point, thence turning and running
S 67° 49' 30" E 204.53 feet to a point, thence turning and running
S 67° 49' 30" E 204.53 feet to a point, thence turning and running
N 39° 00' 00" E 100.00 feet to a point, thence turning and running
S 57° 31' 10" E 176.14 feet to a point, thence turning and running
S 39° 00' 00" W 220.00 feet to a point, thence turning and running
S 51° 00' 00" E 150.00 feet to the point of beginning.

A copy of the aforementioned plan is hereto annexed.

On standing vote, Voting Yes, 1; No. 66.

Motion declared lost.

ARTICLE 6. On motion of Joseph Wall, duly seconded by Channing Souther, it was

VOTED: That the Selectmen be and hereby are authorized and directed to purchase or take by eminent domain for municipal purposes, a parcel of land on Lenox Avenue with buildings thereon, being the property of Pauline LaMonte, containing 32,015 square feet, more or less, for a sum not in excess of \$13,350.00, said parcel being shown as lots 22 and 23 on a plan entitled "Plan of House Lots in Norwood, Mass. owned by Fred L. Fisher, Plan No. 6," dated March 1913, George A. Smith, C. E., recorded with Norfolk Deeds in Plan Book 67, Plan No. 3223, and bounded and described as follows:

Southwesterly by Lenox Avenue, 110 feet;
Northwesterly by lot 24 on said plan, 307.62 feet;
Northeasterly by land marked "Hennessey" on said plan, 114.85 feet; and
Southeasterly by lot 21 on said plan, 274.61 feet.

And be it further voted that the sum of \$13,350.00 be appropriated by transfer from available funds in the treasury for the above purposes.

On voice voted declared carried.

ARTICLE 7. On motion of Joseph Wall, duly seconded by Channing Souther, it was

VOTED: That the Selectmen be and hereby are authorized and directed to acquire by purchase or take by eminent domain for municipal purposes, a parcel of land with buildings thereon, being the property of Lucy E. McMahon, and being bounded and described as follows:

Northerly by Cross Street, 85.40 feet;
Easterly by land now or formerly of one Keohane, 247 feet $\pm$;
Southerly by land now or formerly of said Keohane, 62.6 feet; and
Westerly by land conveyed to Martin Folan, 208 feet $\pm$;

Said land being described in deed recorded in Norfolk County Deeds in Book 3274, Page 83.

And be it further voted that the sum of \$8,820.00 be raised by transfer from available funds and appropriated for this purpose.

On voice vote declared carried.

ARTICLE 8. On motion of Joseph Wall, duly seconded by Channing Souther, it was

VOTED: That the Selectmen be and hereby are authorized to acquire for municipal purposes, by purchase or take by eminent domain, two parcels of land on the southerly side of Winter Street and being separately bounded and described as follows:

Beginning at a point on the westerly side line of Winter Street, said point being a distance of five hundred fifty-three and 25/100 feet more or less from the northerly side line of Cemetery Street, thence running

Southwesterly: by land of Eva B. Webber, a distance of two hundred thirty-eight and 54/100 (238.54) feet;

Northwesterly: by land of the Town of Norwood, one hundred eight and 08/100 (108.08) feet;

Northeasterly: by land of the Town of Norwood, one hundred sixty-five and 49/100 (165.49) feet;

Northeasterly: by land of the Town of Norwood, two hundred forty-six (246.00) feet more or less;

Southeasterly: by Winter Street, two hundred seventeen and 58/100 (217.58) feet, more or less to the point of beginning.

Being a total of one acre, fourteen thousand three hundred twenty-four square feet, more or less.

For reference to Plan, see Plan of Tibbetts and Nelson C. E. recorded in Norfolk Deeds dated 5/20/30.

Also, the land in said Norwood beginning at a point on the westerly side line of Winter Street, said point being a distance of five hundred thirty-three and 25/100 (533.25) feet from the northerly side line of Cemetery Street; thence running

Northwesterly: by Winter Street, twenty (20.00) feet more or less;

Southwesterly: by land of Eva B. Webber, two hundred thirty-eight and 54/100 (238.54) feet;

Southeasterly: by the Town of Norwood, one hundred forty and 03/100 (140.03) feet;

Northeasterly: by land of Aina A. Nordblom, one hundred fifty-nine and 35/100 (159.35) feet;

Northwesterly: by land of Mary A. Colletta, one hundred seven (107.00) feet, more or less;

Northeasterly: by land of Mary A. Colletta, one hundred twenty-six and 94/100 (126.94) feet to the point of beginning.

Being a total of twenty-two thousand thirty-eight (22,038) square feet.

For reference to Plan, see Plan of Tibbetts and Nelson C. E. recorded in Norfolk Deeds dated 5/20/30.

And be it further voted that the sum of \$33,500.00 be raised by transfer from available funds and appropriated for this purpose.

On voice voted declared carried.

ARTICLE 9. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: That the Selectmen be and hereby are authorized to acquire for municipal purposes, by purchase or take by eminent domain, a parcel of land on Cemetery Street and being bounded and described as follows:

Beginning at a point on the northerly side line of Cemetery Street, said point being a distance of 407.9 feet more or less from the westerly side line of Winter Street; thence running

Northwesterly: by land of Frank R. & Myrtle L. Simoni, one hundred nineteen and 20/100 (119.20) feet;

Northwesterly: by land of the Town of Norwood, one hundred twenty-eight and no/100 (128.00) feet;

Southeasterly: by land of the Town of Norwood, one hundred thirty-one and 16/100 (131.16) feet;

Northeasterly: by Cemetery Street, one hundred twenty-eight feet more or less.

Being a total of fifteen thousand (15,000) square feet more or less.

And be it further voted that the sum of \$6,500.00 be raised by transfer from available funds and appropriated for this purpose.

On voice vote declared carried.

ARTICLE 10. On motion of John A. Abdallah, duly seconded by Charles L. Rich, it was

VOTED: That the Town accept the provisions of General Laws, Chapter 54, Section 103A providing for absentee voting in Town Elections.

On voice vote declared carried.

ARTICLE 11. On motion of Joseph Wall, duly seconded by Channing Souther, it was

VOTED: That the Selectmen be and hereby are authorized to purchase or take by eminent domain as a portion of the site for the new Junior High School, a parcel of land shown on a plan entitled "Plan of Land in Norwood, Mass., A. W. Thompson, Engineer, Nov. 12, 1943" and being that portion of an unnamed way on said plan, sometimes known as Forrest Avenue, and running southwesterly from the southwesterly line of Irving Street to other land of the Town of Norwood and be it further voted that there be raised by transfer from available funds in the Treasury the sum of \$200.00 and appropriated for this purpose.

On voice vote declared carried.

ARTICLE 12. On motion of John A. Abdallah, duly seconded by Charles L. Rich, it was

VOTED: That the Selectmen be authorized to cause to be prepared and filed a bill in the Legislature to validate the appointment of Albert G. Lane as a permanent member of the Norwood Police Department, notwithstanding the failure of the appointing authority to notify the director of Civil Service of such appointment prior to the expiration of the eligible list from which the appointment was made.

On voice vote declared carried.

Meeting dissolved.

A True Record.

To either of the Constables in the Town of Norwood in said County,
GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Norwood Senior High School on Nichols Street in said town on Wednesday, September 20, 1967 at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise by borrowing and/or by transfer from available funds and appropriate to meet the expense of electric light construction, or take any other action in the matter.

ARTICLE 2. To see if the Town will vote to authorize the Selectmen to acquire by purchase or take by eminent domain, for Airport purposes, Parcel No. 1 and/or Parcel No. 2, on Access Road, as shown on a plan entitled, "Plan of Land in Norwood, Massachusetts, W. R. Ryan, Civil Engineer, dated February 23, 1963," a copy of which may be examined in the Town Manager's office, or take any other action in the matter.

ARTICLE 3. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for water construction, or take any other action in the matter.

ARTICLE 4. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for Sick Leave, or take any other action in the matter.

ARTICLE 5. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for Workmen's Compensation, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for Rubbish Removal, or take any other action in the matter.

ARTICLE 7. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for Playground Improvement, or take any other action in the matter.

ARTICLE 8. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for Engineering Services for Windsor Gardens, or take any other action in the matter.

TOWN OF NORWOOD

ARTICLE 9. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for Engineering Services relative to Nahatan Street sewer, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 30th day of August, A.D. 1967.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
SEPTEMBER 20, 1967**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Norwood Senior High School on Nichols Street in said town on Wednesday, September 20, 1967 at 7:30 o'clock in the afternoon. The meeting was opened with a prayer by Rev. A. Lee Hocett.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. An amended motion was offered by George T. Mahoney, seconded by Robert L. Rizzo:

It is hereby moved that the recommendation of the substitute motion be amended by striking out the figure \$35,000.00 and inserting in place

thereof the figure \$86,000.00 and the Treasurer be authorized to borrow said sum of \$86,000.00 with the approval of the Board of Selectmen for a period not in excess of two years.

On voice vote, motion declared lost.

ARTICLE 1. A substitute motion was offered by John A. Abdallah, seconded by Charles L. Rich

It is hereby moved that there be substituted for the recommendation of indefinite postponement, the following motion:

That the sum of \$35,000.00 be appropriated for electric light construction; that to meet this appropriation, \$35,000.00 is to be transferred from available funds.

On voice vote, motion declared lost.

ARTICLE 1. On motion of Joseph Wall, duly seconded by Channing Souther, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

ARTICLE 2. On motion of Stephen Hefferan, seconded by James Drummey, it was

VOTED: That the Town vote to raise and appropriate the sum of \$1.00 by transfer from available funds in the treasury for the purpose of acquiring in fee by purchase, for airport purposes, Parcel 1 and Parcel 2 on Access Road, as shown on a plan entitled "Plan of Land in Norwood, Mass., W. R. Ryan, Civil Engineer," dated February 23, 1963 and bounded and described as follows:

Parcel 1

Westerly by Access Road, 1100 feet;
Northerly by Parcel 2, 300 feet;
Easterly by land of Town of Norwood, 1100 feet; and
Southerly by land of Town of Norwood, 300 feet.

Parcel 2

Westerly by Access Road, 207.86 feet;
Northerly by land of Boston Metropolitan Airport, Inc., 315.11 feet;
Easterly by land of Town of Norwood, 111.46 feet; and
Southerly by Parcel 1, 300 feet.

And be it further VOTED that the said funds be made available to the Norwood Airport Commission for the above purposes; and that the Commission, in accordance with the provisions of Chapter 90, Section 51F of the General Laws, be authorized to lease these parcels of land to the Boston Metropolitan Airport, Inc. for a period not in excess of 99 years.

On voice vote declared carried.

ARTICLE 3. On motion of James Foley, duly seconded by Gedman Dauksis, it was

VOTED: That the sum of \$5,500.00 be transferred from Surplus Revenue and appropriated for Water Construction.

ARTICLE 4. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$2,300.00 be transferred from Surplus Revenue and appropriated for Sick Leave.

On voice vote declared unanimously carried.

ARTICLE 5. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$7,600.00 be transferred from Surplus Revenue and appropriated for Workmen's Compensation.

On voice vote declared carried.

ARTICLE 6. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$2100.00 be transferred from Rubbish Removal Personal Services and the sum of \$2,000.00 be transferred from Surplus Revenue and appropriated to meet the further expense of Rubbish Removal.

On voice vote declared carried.

ARTICLE 7. A motion for Indefinite postponement was submitted by the Finance Commission. A motion to substitute was submitted and acted upon.

On motion of John A. Abdallah, seconded by Charles L. Rich it was voted as follows:

It is hereby moved that there be substituted for the recommendation of indefinite postponement, the following motion:

VOTED: That the Town vote to raise the sum of \$5,000 by transfer from available funds in the Treasury and be appropriated for the purpose of playground improvement.

On voice vote declared carried.

ARTICLE 8. A motion for Indefinite postponement was submitted by the Finance Commission. A motion to substitute was submitted and acted upon.

A motion was offered by John A. Abdallah, seconded by Charles L. Rich as follows:

It is hereby moved that there be substituted for the recommendation of indefinite postponement, the following motion:

VOTED: That the Town vote to raise the sum of \$4,500.00 by transfer from available funds in the Treasury and be appropriated for the purpose of engineering services at Windsor Gardens.

On voice vote declared carried.

ARTICLE 9. A motion was offered by John A. Abdallah, seconded by Charles L. Rich as follows:

It is hereby moved that there be substituted for the recommendation of indefinite postponement, the following motion:

VOTED: That the Town vote to raise the sum of \$4,000.00 by transfer from available funds in the Treasury and be appropriated for the purpose of engineering services relative to the Nahatan Street sewer.

On voice vote motion declared lost.

ARTICLE 9. On motion of Stephen Hefferan, duly seconded by Thomas A. Riolo, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

Meeting dissolved.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT
TOWN OF NORWOOD**

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High School on Washington Street in said town on Thursday, November 2, 1967 at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise by transfer from available funds and/or by borrowing and appropriate for the acquisition of land on Winter Street for municipal purposes, or take any other action in the matter.

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate for Police Department Specials Salaries, or take any other action in the matter.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate for Cemetery Maintenance, or take any other action in the matter.

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate for Highway Maintenance, or take any other action in the matter.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate for Soldiers' Benefits, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will raise by transfer from available funds, and/or by borrowing and appropriate for General Welfare purposes, or take any other action in the matter.

ARTICLE 7. To see what sum of money the Town will vote to raise from available funds and appropriate for the purpose of demolishing buildings recently acquired by the Town of Norwood on lands located at Winter Street, Cross Street, Cemetery Road, and Lenox Avenue, or take any other action in the matter.

ARTICLE 8. To see what sum of money the Town will raise by transfer from available funds, and/or by borrowing and appropriate for Light Construction, or take any other action in the matter.

ARTICLE 9. To see what sum of money the Town will vote to raise or appropriate to meet the further expense under **SCHEDULE II-B. INSTRUCTION SUPPLIES AND TEXTBOOKS**, said appropriation to be provided for by transfer from surplus revenue and/or from available balances in existing appropriations for the current year, or take any other action in the matter.

ARTICLE 10. To see what sum of money the Town will vote to raise by borrowing and/or by transfer from available funds and appropriate to meet the further expense of the site development and construction of the Norwood Junior High North, or take any other action in the matter.

ARTICLE 11. To see what sum of money the Town will raise by transfer from available funds, and/or by borrowing and appropriate for Water Construction, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 13th day of October, A.D. 1967.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
NOVEMBER 2, 1967**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Thursday, November 2, 1967 at 7:30 o'clock in the afternoon.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. On motion of Joseph Wall, seconded by James J. Drummey, it was

VOTED: That the Selectmen be and hereby are authorized to acquire for municipal purposes, by purchase or take by eminent domain, a parcel of land off Winter Street containing 38,690 square feet and being shown as lot No. 1 entitled "Plan of Land in Norwood, Mass. Belonging to Barnet Kneznek, October 5, 1921, George A. Smith, Engr.," recorded in Book 1499, Page 593, and bounded and described as follows:

"Beginning at a point at line of land now or formerly of the heirs of Emerson B. Webber said point being one hundred fifty-eight and 70/100 (158.70) feet from Winter Street as measured on the dividing line between lot No. 2 as shown on said plan and said land of the heirs of Webber;

Thence running Westerly on said land of the heirs of Webber, one hundred thirty-seven (137) feet to a point;

Thence turning and running Southerly, still on the land of the heirs of Webber, by three courses, measuring eighty-eight and 20/100 (88.20) feet, forty-six and 30/100 (46.30) feet and one hundred twenty-eight (128) feet respectively to land now or formerly of Joseph Brovarnick, as shown on said plan;

Thence turning and running in a Northeasterly direction of land now or formerly of said Brovarnick, one hundred ninety-five and 90/100 (195.90) feet to lot No. 3 as shown on said plan;

Thence turning and running in part on lot No. 3 and in part on lot No. 2, as shown on said plan, one hundred ninety-four and 50/100 (194.50) feet to the point of beginning.

Containing 38,690 square feet, together with free right of way over a strip of land ten (10) feet in width, laying five feet on either side of the dividing line between said lots No. 2 and No. 3 and extending from Winter Street to the granted premises."

And be it further voted that the sum of \$7,200.00 be raised by transfer from available funds and appropriated for this purpose.

On voice vote declared carried.

ARTICLE 2. On motion of Joseph Wall, duly seconded by James J. Drummey, it was

VOTED: That the sum of \$9,000.00 be transferred from Surplus Revenue and appropriated for Police Department Specials Salaries.

On voice vote declared carried.

ARTICLE 3. On motion of Joseph Wall, duly seconded by James J. Drummey, it was

VOTED: That the sum of \$1,000.00 be transferred from Cemetery Maintenance Payroll Wages and appropriated for Cemetery Maintenance.

On voice vote declared carried.

ARTICLE 4. On motion of Joseph Wall, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$5,000.00 be transferred from Highway Maintenance Payroll Wages and appropriated for Highway Maintenance.

On voice vote declared carried.

ARTICLE 5. On motion of James Foley, duly seconded by James J. Drummey, it was

VOTED: That the sum of \$20,000.00 be transferred from Surplus Revenue and appropriated for Soldiers' Benefits.

On voice vote declared carried.

ARTICLE 6. On motion of James Foley, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$10,000.00 be transferred from Surplus Revenue and appropriated for Medical Assistance.

On voice vote declared carried.

ARTICLE 7. On motion of Stephen Hefferan, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$3700.00 be transferred from Surplus Revenue and appropriated for the purpose of demolishing buildings recently acquired by the Town of Norwood on lands located at Winter Street, Cross Street, Cemetery Road, and Lenox Avenue.

On voice vote declared carried.

ARTICLE 8. On motion of Stephen Hefferan, duly seconded by James Drummey, Jr. it was

VOTED: That the following sums of money be transferred from the accounts indicated below and the sum of \$5,023.08 be transferred from Surplus Revenue and appropriated to meet the further expense of Light Construction:

1961 Sewer Construction	\$7,529.80
1963 Drain Construction	1,385.29
1964 Water Construction Everett Street	440.90
1964 Oil Painting Late George Willett	50.00
1965 Highway Construction (Partial)	2,344.53
1965 Water Construction	5,144.06
1965 Permanent Sidewalks	216.34

On voice vote declared carried.

ARTICLE 9. On motion of Stephen Hefferan, duly seconded by James J. Drummey, it was

VOTED: That the sum of \$9,000.00 be transferred from Schools Instruction Salaries and appropriated to meet the further expense under Schedule II-B. INSTRUCTION SUPPLIES AND TEXTBOOKS.

On voice vote declared carried.

ARTICLE 10. On motion of Joseph Wall, duly seconded by Justin C. Barton, it was

VOTED: That the sum of \$223,000 be appropriated to meet the further expense of construction and originally equipping and furnishing the Norwood Junior High North in the Prospect Street Extension area, and to meet said appropriation the Treasurer with the approval of the Board of Selectmen is hereby authorized to borrow the sum of \$223,000 under authority of Chapter 645 of the Acts of 1948 as amended, for a period of 20 years.

And be it further voted that the Permanent Building Construction Committee is hereby authorized to carry out the purposes for which the appropriation is made.

On standing vote, Voting Yes, 104; No, 0.

Motion declared carried.

ARTICLE 11. On motion of Stephen Hefferan, duly seconded by Maurice Baker, it was

VOTED: That the following sums of money be transferred from the accounts indicated below and appropriated to meet the further expense of Water Construction:

1964 Water Construction	\$7,709.15
1964 Water Construction Everett Street	6,865.85

Meeting dissolved.

A True Record.

LIMITATION OF INDEBTEDNESS

Under Section 10, Chapter 44 of the General Laws as amended by Chapter 133 of the Acts of 1967, the amount the Town may borrow in addition to present debt is as follows:

5% of the aggregate of

- a. the equalized valuation as established for the town under section 10C of Chapter 58
- b. the value of motor vehicles and trailers taxable under Chapter 60A as determined thereunder

166,000,000.00

11,104,988.00

177,104,988.00

5% of which is the statutory limit
Total Debt authorized and issued December 31, 1967.. 2,927,000.00
Of this amount the debt outside the debt limit is 1,225,000.00

8,855,249.00

Debt within the statutory limitation

1,702,000.00

Available borrowing capacity December 31, 1967

7,153,249.00

FREDERICK A. McDONOUGH & COMPANY
Accountants and Auditors
37 Fales Ave., Norwood, Mass. 02062

Board of Selectmen
Norwood, Mass. 02062
Att. Harry B. Butters

April 4, 1968

Gentlemen:

At your instruction, we have examined the books, records and other pertinent data of the Municipal Light Department for the year 1967, and present the following statements and schedules:

Plant Investment Account as at December 31, 1967
Comparative Balance Sheet as at December 31, 1967
Statement of Income for the Year Ended December 31, 1967
Statement of Operating Expenses for the Year Ended December 31, 1967
Analysis of Unappropriated Earned Surplus as at December 31, 1967
Analysis of General Cash as at December 31, 1967
Analysis of Construction Cash Fund as at December 31, 1967
Analysis of Depreciation Cash Fund as at December 31, 1967
Comments on the various financial phases of the plant as at Dec. 31, 1967

In connection with the audit and preparation of the above statements, schedules and analyses, we examined all available records and related data to the extent that we deemed appropriate, without making a detailed audit of all transactions and vouchers.

Our examination was limited to the internal records of the Department and did not include further verification of any of the assets and liabilities. Where transactions required clarification or explanation, we relied upon the departmental supervisors to supply such information.

In our opinion, the above exhibits, schedules and analyses present fairly the financial position of the Norwood Municipal Light Department as at December 31, 1967 and the results of operations for the year then ended, in conformity with the accounting principles of the Department of Public Utilities, applied on a basis consistent with that of the prior year.

Very truly yours,

FREDERICK A. McDONOUGH
Public Accountant

The Town of Norwood

Commonwealth of Massachusetts

Be it hereby Resolved:

That,

William Kates

Superintendent of Municipal Light Department,

has shown remarkable knowledge of the technical aspects involved in certain rate and voltage changes proposed by the Boston Edison Company.

That, his awareness of the problem and his capable accumulation and presentation of the facts proved invaluable to Manager Blasenak and to the general welfare of the Town of Norwood,

That, it is the wish of the Board of Selectmen to spread upon the records this sincere tribute to Mr. Kates for his highly skillful work in connection with this project.

Norwood Board of Selectmen

John A. Adolph
Joseph F. Curren
Charles L. Rich
Walter D. Gump
Harry R. Butters

Municipal Electric Light Dept. Financial Report as at December 31, 1967 — Plant Investment Account

COMMENTS

The Net Profit for the year 1967:

Per books,fi as reports	
Per books, as reported to the Department of Public Utilities	\$ 519,933.26
Less — Bonds Paid	130,000.00
Balance (basis for computation of profit per cent)	\$ 389,933.26

For 1967, the per cent of Net Profit (per Department of Public
Utility Regulations) was 7.38%

Excess cash constructively turned over to the Town Treasurer \$ 199,440.74

Appropriations for construction repaid to the Town this year
(constructively) \$ 208,870.53

Cash borrowed on bonds during the year \$ 0

The original cost of the plant is (Including Land at \$9,636.68) \$5,283,905.92

The net book value (after depreciation) is \$3,134,652.45

*The number of employees is estimated to be 50

*The cash expended for salaries and wages is estimated at \$ 326,642.72

*Note — a percentage of employees and payroll in the officers of the General
Manager, Town Accountant and Town Treasurer are included.

The Honorable Board of Selectmen:

Gentlemen:

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1967, setting forth abstracts of the records of town meetings and elections, vital statistics and statements of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing the assets and liabilities at the close of the fiscal year.

BARTLEY W. CONNOLLY
Town Clerk and Accountant

CITATIONS AWARDED to William J. Katz, Superintendent of Municipal Light Department; Walter A. Blasenak, General Manager and Walter J. Gotovich, Town Counsel in recognition of their outstanding service to Boston Edison "M" rate case.

In Appreciation

MARY G. WILFORD
Clerk, Board of Selectmen

For over 30 years of service to the Town of Norwood given with a keen sense of understanding, devotion and kindness in a most sensitive position of trust and integrity.

We, the Board of Selectmen, express our deepest personal appreciation for the outstanding services you have rendered to the Board and to the citizens of the Town of Norwood.

With the close of your service to the Town, may you find peace and contentment in the years ahead, and we extend to you our best wishes for a long and happy retirement, so richly deserved.

JOHN A. ABDALLAH, Chairman

HARRY B. BUTTERS

WALTER J. DEMPSEY

CHARLES L. RICH

JOSEPH F. CURRAN

Board of Selectmen

Town of Norwood

June 20, 1967

**DEPARTMENTAL
REPORTS**

REPORT OF THE SELECTMEN FOR THE YEAR 1967

The Selectmen submit the following report on the activities of their department for the year 1967.

The Board organized with the election of John A. Abdallah, Chairman, and Mary G. Wilford, Clerk. With the retirement of Mrs. Wilford on July 1, 1967, Ruth E. McCann was appointed Clerk.

In General

In 1967, the Board held fifty-one meetings and a great many public hearings and conferences. The matters that came before the Board are too numerous to mention in their entirety, but the following are indicative of the more prominent subjects which will illustrate the broad scope of the Board's activities.

Public hearings on New England Telephone's and the Municipal Light Department's various petitions for pole locations and pertinent installations.

Public hearings on applications for the storage of volatile inflammable fluids.

Sent notices to liquor licensees on the provisions of the Liquor Control Act in so far as they related to the sale and delivery of alcoholic beverages on each legal holiday.

Granted approval to holders of Common Victualler—All Alcoholic Beverages Licenses to remain open for the sale of alcoholic beverages until 1:00 a.m. on Sundays.

Public hearings on applications for new liquor licenses.

Public hearings on Common Victualler-All Alcoholic Beverages License, change in manager, and Retail Store-All Alcoholic Beverages, change in location.

Consideration of innumerable applications for special dance permits and one-day Wines and Malt Beverages licenses.

Public Hearings in connection with liquor violations.

Applications for taxi stand locations and transfer of license.

Hearings on renewal of Class III and on revocation of Class II Motor Vehicle licenses.

Discussions and "Hatch Act" public hearings on the Hawes Brook Water Supply, the Village at Windsor Gardens and Helene G. Gibbons for Golf Course.

Public hearings on the Widening, Deepening and Relocation of Hawes Brook and reconstruction of the Washington Street bridge over Hawes Brook.

Public hearing on the abandonment of a portion of Westover Parkway.

Discussions on acquisition of property for municipal purposes and land takings for the new junior high school.

Efforts to keep New Haven Railroad operating in Norwood and with improved service and conditions.

Discussions with M.B.T.A. representatives on Southwest Corridor project.

Attending public hearings by various State departments.

Conferences on the serious traffic problems existing on Neponset Street and Route 1-A, Walpole Street.

Budget discussions.

Discussions on collective bargaining.

Preparation of warrants for annual and special town meetings.

Meetings with the School Committee on school maintenance and repairs, with emphasis on those items relating to safety.

Plans for maintenance and improvement of streets and sidewalks.

Attempts to alleviate drainage problems in specific residential areas.

Meetings with Planning Board regarding development problems.

Litigation of accident and zoning cases.

Discussions relative to settlement of litigation of highway and sidewalk defect cases.

Discussions on Route 1 zoning.

Attempts to acquire land for municipal parking in central business district.

Discussions on traffic and parking problems at the Hospital-Civic-Junior High School area.

Discussions relative to overall planning and development study of the Town.

Hearings on Plimpton Press addition.

Meetings on new housing for the elderly on Nahatan Street.

Discussions on Rizzo development off Union Street.

Discussions on supplying electricity to The Village at Windsor Gardens.

Conferences on Edison rate case.

Conference on enlarging Public Works Department.

Discussions on plans for expansion of the Cemetery.

Signing and acknowledgment of cemetery deeds.

Discussions on M.D.C. sewer assessments.

Accepted Plan of Proposed Water Line to serve Star Market Complex.

Discussions on rail crossing at University Avenue.

Meetings on Walpole installation of water main Route 1 to Union Street.

Met with Walpole Board of Selectmen for discussion of mutual problems and cooperation on ambulance.

Discussions on Nahatan Street sewer.

Litigation on the Clark case.

Consideration on flood control project on the Neponset River.

Discussion of easements for protection of gravel-packed well fields at Ellis Pumping Station.

Granted petition of Norwood Gas Company to use water culvert on Route 1.

Planning Fourth of July celebration and discussions on change of location of fireworks display from Hartshorn's Swale to Elliot Park Playground.

Meeting on improvement of public tennis courts.

Plaques for meritorious service presented to Mr. Charles Holman, former Selectman and former Representative, and to Mr. Fred Colburn, the Town's first Plumbing Inspector, on his 100th birthday.

Public hearings on dog complaints.

Efforts to solve burning and out-of-town debris problems at the town dump.

Discussions on vandalism.

Discussions relative to electronic voting.

Discussions relative to licenses to carry firearms.

AIRPORT COMMISSION: (Standing) Charles L. Rich, Gedman C. Dauksis, Walter A. Blasenak, James J. Hawley. (Sitting) James J. Drummey, William C. Kendrick, Chairman, Walter R. Ryan, Clerk; John A. Abdallah.

REPORT OF THE AIRPORT COMMISSION

The Honorable Board of Selectmen
Town of Norwood
Norwood, Mass.

Gentlemen:

The Norwood Airport Commission hereby submits its report for the year 1967.

Gedman C. Dauksis and James J. Hawley were appointed by the Board of Selectmen to the Airport Commission.

A brief review of matters discussed during the year were as follows:

- 1) Application and discussion with State and Federal agencies relative to future work.
- 2) Lease agreements with the various agencies.
- 3) Discussion with Town Counsel relative to legal requirements pertaining to the Airport.
- 4) Negotiating with Town of Stoughton for the installation of a radio beacon or "H" Facility to be constructed within the limits of Stoughton.
- 5) Meeting with Boston Metropolitan Airport Inc. officials relative to future expansion and the actual acquiring by lease of certain lands on Access Road as requested by the Federal Aviation Agency.

On October 7, 1967 the All-Women New England Air Race was held at the **Norwood Airport**.

The Massachusetts Aeronautics Commission at a cost of \$10,000.00 installed an Instrument Landing System (ILS) localizer radio transmitter on the north end of the North/South Runway enabling aircraft to guide themselves exactly down the center line of the runway under condition of low visibility.

The Massachusetts Aeronautics Commission (50%) and the Federal Aviation Agency (50%) at a cost of \$33,413.00 installed a High Intensity Approach Light System (MALSL) on the south end of the North/South Runway to enable aircraft to find the runway more easily at night and under conditions of poor visibility.

Federal Aviation Agency (50%), Massachusetts Aeronautics Commission (40%) and Town of Norwood (10%) participated in the awarding of a contract to construct a Plane Parking Apron at a total cost of \$13,505.50.

The Boston Metropolitan Airport Inc. deeded to the Town of Norwood approximately 7 acres of land on Access Road, said land was leased back by the Town of Norwood to the Boston Metropolitan Airport Inc. for the sole purpose of developing this land for airport purposes.

During 1967 Wiggins Airways expended the following funds:

Hangars (showroom and service)	\$149,000.00
Drainage and Fencing	3,000.00
Paving (plane parking)	1,500.00
Clearing and Filling (proposed plane parking)	1,500.00
Electric power lines (localizer)	600.00
	\$155,600.00

The following statement gives a general idea as to what the Town of Norwood receives from the Airport Management:

Gross income from Management Agreement	\$ 1,358.18
Property Taxes	10,180.80
Purchase of Electricity	6,028.14
Town Water	242.40

Estimated number of landings and takeoffs was 87,330 making Norwood one of the five busiest airports in the State.

Respectfully submitted,

WILLIAM C. KENDRICK, Chm.

REPORT OF INSPECTION OF ANIMALS

Mr. Walter A. Blasenak
 General Manager
 Town of Norwood
 Norwood, Mass.

February 7, 1968

Dear Sir:

The Inspector of Animals examined all cattle, sheep, swine and horses within the limits of the Town of Norwood in accordance with Chapter 129, Section 19, of the General Laws for the division of Livestock and Disease Control of the Massachusetts Department of Agriculture.

In Memoriam

ARTHUR H. GLEICHAUF

Born—June 1895

Died—December 1967

Arthur H. Gleichauf served the Town of Norwood as a member of the Board of Appeal from February 1957 to December 1967.

As a dedicated Public Official and a man of high integrity he had a sincere personal interest in the health and welfare of our community.

His loss will be keenly felt by the members of the Board of Appeal, and we express profound sorrow at the passing of Mr. Gleichauf and convey our deepest sympathy to his beloved family.

BOARD OF APPEALS: (Seated are regular members, left to right) Arthur H. Gleichauf, Chairman James J. Drummey, and George S. Williamson. (Standing are alternate members, left to right), Edmund W. Mulvehill, Fred M. Adelman, and George W. Frederickson. Also sitting is the secretary, Therese L. Drummey.

Number of Dairy cows of two years	23
Number of Dairy heifers one to two years	8
Number of Dairy calves under one year	10
Number of Sheep	9
Number of Swine	25
Number of Horses	8
Number of Beef Cattle	2

Respectfully submitted,

ANGELO IODICE
Animal Inspector

REPORT OF THE BOARD OF APPEAL

The Honorable Board of Selectmen
Norwood, Massachusetts

Gentlemen:

The Board of Appeal submits its Annual Report for the year 1967. The following is a summary of the applications received and heard by the Board during the year:

1. Requests for Special Permits—13
 - A. Approved—11
 - B. Denied—2
2. Requests for Variances—21
 - A. Approved—18
 - B. Denied—3
3. Requests withdrawn—3
4. Amendments to original Special Permits—2
5. Cease and desist orders upheld—3
6. Total requests—42

Mr. James J. Drummey was re-appointed in May by the Board of Selectmen for a three-year term.

The Board organized on May 9, 1967 with the election of James J. Drummey as Chairman.

We would like, at this time, to thank the Associate Members of the Board of Appeal, Mr. George W. Fredrickson, Mr. Fred M. Adelman and Mr. Edmund W. Mulvehill for their dedication. We wish also to thank the various elected and appointed Town Officials for their assistance and cooperation during the year 1967.

Respectfully submitted,

JAMES J. DRUMMEY, Chairman
*ARTHUR H. GLEICHAUF
GEORGE S. WILLIAMSON

REPORT OF BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1967 together with a statement showing comparison of tax rate recapitulations for the years 1966 and 1967.

A table showing the comparison of valuation, tax rate, and taxes assessed over the past years is attached herewith as a supplemental report.

Organization

On March 21, 1967, James T. Flaherty was reappointed by the Selectmen to serve for the term of three years ending April 1, 1970.

Tax Rate for the Year 1967

On May 31, 1967, the Board of Assessors determined the tax rate for the year 1967 to be \$72.00 per each thousand dollars of valuation, an increase of \$6.00 over the 1966 rate. The School Tax Rate was determined to be \$35.10 and the General Tax Rate \$36.90.

Motor Vehicle and Trailer Excise

15,177 motor vehicles and trailers were assessed for the year 1967 and excise in the amount of \$791,166.32 was committed to the Collector of Taxes as of December 31, 1967. The 1967 rate for motor vehicles and trailer excise was \$66.00 per thousand.

Appellate Tax Board Cases

As of December 31, 1967 there were pending before the Appellate Tax Board the following appeals from valuations determined by the Assessors:

1958	1
1959	5
1960	3
1961	14
1962	13
1963	11
1964	1
1965	8
1966	6
	—
Total	62

Respectfully submitted,

JAMES T. FLAHERTY, Chairman
HAROLD T. YOUNG
THOMAS J. FOLEY

REPORT OF BUILDING INSPECTOR

Mr. Walter A. Blasenak
General Manager
Town of Norwood, Massachusetts

Dear Sir:

The following is the Annual Report of the Building Department for 1967:

Type of Construction	No. of Permits	Estimated Cost
New Dwellings	35	\$ 625,500.00
Dwelling Alterations	94	197,365.00
Commercial Buildings	15	1,925,200.00
Manufacturing and Commercial Alterations	10	441,750.00
Cemetery Building	1	41,890.00
Apartment Buildings	42	2,209,290.00
Schools	2	2,741,000.00
Private Garage	2	4,000.00
Swimming Pools	19	52,131.00
Elevators	1	20,000.00
Minor Out Buildings	6	4,450.00
Signs	19	9,576.00
Buildings Razed	6	
Buildings Moved	1	
Totals	253	\$9,270,952.00
Cash received for permits		\$ 9,794.00
Cash received for water meters		\$10,994.00
Total		\$10,994.00

Inspections were made on all buildings for which permits were issued, and certificates issued for occupancy.

Yours truly,

HENRY J. CRONAN
Building Inspector

REPORT OF THE CEMETERY DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Superintendent of Cemeteries for the year ending December 31, 1967,

The Cemetery Department has prepared for and conducted 271 internments. We also prepared for and expedited 1 out of town transfer and 2 inter-cemetery transfers.

The Cemetery Department excavated and poured 86 new foundations for monuments throughout the cemetery. There were 11 old stone foundations rebuilt and poured with concrete. There were 25 flush markers installed in various lots and graves throughout the cemetery.

All perpetual care requests were made and all paid grave repairs were made as soon as possible. Whenever lot owners allowed, we transformed upright markers into flush markers. We also placed these markers in lines to help mow and trim in a straight pattern.

Again this past year we have enjoyed the pleasure of removing some old overgrown, dead, and unsightly trees, and shrubs at some of the older lots. It has been our continued policy to assist the lot and grave owner in digging out these overgrown shrubs and refurbishing the area with either sod or seed.

The hemlock hedge in the front portion of the new garden section has been transplanted to other areas of the cemetery. We have used some of these hemlock to screen the town dump, stand pipes and garage. We now have a new type hedge in its place. We had to transplant the hemlocks due to severe wind burning. The new hedge is buckthorn and will require little trimming when full grown. It is a patented variety of hedge.

At long last, we have a new 3 bay garage. The garage was built during the summer and is made of fieldstone. The garage is 60 feet long by 40 feet wide. All of our equipment will be housed there and be in a heated garage. The new garage will enable us to do most of our own servicing and needed odd jobs during lulls in burials. It will better enable us to do repairing, painting, and other maintenance jobs during inclement weather.

The old wood garage has been torn down by our crew and when time permits, we will turn the ground over and use the area for single graves and install a small park in the corner.

We have had no internments in the Old Parish Cemetery this year. We have had to add 4 feet of chain link fence to about 180 feet of the existing 8 foot high fence. By adding the 4 foot height, we have stopped the wall climbing and jumping over the fence to get into the Old Parish Cemetery. The mowing and trimming continued in the growing season. We have limed and fertilized the whole area again this year.

In Highland Cemetery, we have added 5 acres to our total acreage. This land was known as the Veteran's housing and is in front of the water tanks. This is where our new garage has been built.

We have also had approximately 2 acres of this land turned over for new companion lots. This contract will be completed in the Spring of 1963.

In the C section, we have installed 4 new water faucets and extended St. James Avenue into Veteran's Road.

In some of the older sections the cemetery crew planted in park areas, 10 flowering crabs, 12 assorted dogwood trees, 12 rhododendrons and 5 azaleas. We will continue to plant these older park areas as our budgets allow.

We have used approximately 500 lbs. of seed in refurbishing some of the areas infested with weeds or crab grass and in areas where other landscape work was done.

There has been 18 tons of fertilizer used throughout the Highland Cemetery and Old Parish Cemetery. We have spread 30 ton of land lime throughout both cemeteries.

We have had 3 old speakers replaced and installed 3 new speakers in areas where they were needed. It will take another year to have this job done so as to have the sound system evenly distributed throughout the entire cemetery.

There has been a considerable amount of masonry repairs done to the Day Chapel. All of this work has been done on the outside of the Chapel. We have a little more to be done and the outside will have been finished. Once this work is done we will be able to concentrate on the refurbishing inside.

Again this year we have had more asphalt work done on our walks and streets.

The walks were entirely done in Section 40. There were 3,400 square feet of walks and we used 40 ton of asphalt.

Calvary Avenue was resurfaced from St. Andrews to Franklin Avenue. St. Catherine's Avenue was resurfaced from St. Andrews to St. Mary's Avenue. St. Frances Avenue was resurfaced from St. Paul to Holy Cross Avenue. Franklin Avenue was resurfaced from St. Andrews to Section 45. There were approximately 24,000 square feet done and 115 tons of asphalt used on these streets.

The walks were entirely done in Section 40. There were 3,400 square feet of walks and we used 40 tons of asphalt.

Calvary Avenue was resurfaced from St. Andrews to Franklin Avenue. St. Catherine's Avenue was resurfaced from St. Andrews to St. Mary's Avenue. St. Francis Avenue was resurfaced from St. Paul to Holy Cross Avenue. Franklin Avenue was resurfaced from St. Andrews to Section 45. There were approximately 24,000 square feet done and 115 tons of asphalt used on these streets.

The Cemetery Department prepared all of this area and used what ever bank gravel was necessary to bring up to grade, these walks. We sprayed a

soil sterilent under all of this area to prevent weed growth. We also used other weed killers in old gravel walk. Eventually we will have all these walks covered with asphalt.

All of the cemetery owned shrubbery and evergreens were trimmed during the season. This past fall every tree and shrub has been fertilized. The shrubs and flower beds were sprayed when needed.

Due to heavy rains this year, the lawns grew much faster and required more frequent mowings. This also increased the amount of hand trimming that had to be done around the base of monuments and walks.

As the custodian of veteran's graves, any and all depressed graves were repaired. There were a few that were resodded. We installed new emblems on the new veteran's graves. There were 5 flush granite markers and 22 bronze markers installed in various veteran's graves throughout the cemetery.

We have had 32 veteran's burials this past year. Of these, 18 were veterans of World War I; 10 were of the World War II; 2 from the Korean War and 2 from Vietnam.

The Cemetery Department has had another exceptionally busy year. As I mentioned in last years report, the newer residents of the past few years have definitely increased our burial average. The new apartment complexes also added to our percentage. We have gone from a yearly average of 227 to an increased average of 252 in the past ten years.

I want to take this opportunity to thank you Mr. Blasenak for your co-operation and all the other Department Heads for there splendid co-operation in the past year. I would also like to take this opportunity to thank the crew of the Cemetery Department for their tireless efforts in this past year. Little is known of the time and days they have put in to meet the needs of our department. I hope this report will give the residents an idea of some of the work accomplished within these entrances, day after day regardless of weather or other conditions.

Respectfully submitted,

PATSY F. SANTORO

Superintendent of Cemeteries

OFFICE OF CIVIL DEFENSE

Mr. Walter Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

I hereby submit the annual report of the Civil Defense Department for the period of January 1, 1967 to December 31, 1967.

The Director and Deputy Director have attended monthly meetings of the Civil Defense Directors of area 2-D.

The training program for the C.D. Police, under the direction of Chief Murphy, was further expanded. These men served 875 hours of active duty and 1500 hours in drills.

All other departments kept a regular schedule of drills under simulated emergency conditions.

All inspections, required by law, were completed by the Director, and reports sent to the proper authorities.

All National Alert drills were answered. Norwood received special notice in manner in which answers were returned to State headquarters.

I wish to thank all of the other town departments, staff members, and men who gave so freely of their time and ability to make this past year a success.

Very truly yours,

JOSEPH F. MCAULIFFE

Civil Defense Director

REPORT OF THE CONSERVATION COMMISSION

Mr. Walter A. Blasenak
General Manager
Municipal Building
Norwood, Massachussetts 02062

Dear Sir:

Here is our Annual Report for the year 1967:

The Norwood Conservation Commission continued to carry out its conservation program within the community with meetings being held once every month on a regularly scheduled basis. In addition, many meetings were held with the various town boards, area town commissions (conservation); and our commission was represented at State House hearings which were relative to conservation legislation.

The Norwood Commission sponsored an area meeting on the important matter of water pollution control relative to the Neponset River at the Norwood Sportsmen's Hall during the month of March with the principle speaker being, Mr. Thomas McMahon. Mr. McMahon is the newly appointed chief of the newly created Water Pollution Abatement Control Board. All area conservation commissions attended, in addition to legislators, and industrial firms that are situated along the Neponset River.

Mr. McMahon explained the upcoming water classifications for the rivers to be discussed at the hearings that would be held at the State House. At a meeting held later in the month the Conservation Commission, together with the Selectmen, and Board of Health strongly urged an upgrading of the classification that should be recommended for the Neponset.

The Commission also worked to urge the legislature to enact the Inlands-Wetlands bill.

The State Department of Natural Resources approved the sum \$6,500 for 50% allocation of the Traphole Brook purchase and \$3,000 for 50% allocation of the Johnson purchase. Checks were returned to the town for the above sums.

The Commission is also grateful to the Norwood Women's Community Committee for their generous gift of \$200 for the beautification of the Traphole Brook area.

We continued to promote sound conservation education for our youngsters by sponsoring a fishing clinic at the Norwood Junior High School in April for some 300 youngsters in the town. We have also sponsored a program to send a boy to the Conservation camp in Spencer, Massachusetts during the month of July for two weeks.

Our aim is to continue to carry out the program of attempting to acquire more conservation land, develop the areas we now hold, and diligently continue to promote sound conservation practices within our community with the grateful endorsement of our Selectmen, town boards, townspeople, and area legislators.

Respectfully submitted,

DONALD J. BONICA, Chairman
MRS. ALICE WATSON, Vice Chm.
BROWNIE GREEN, Secretary
EDWIN OFGANT
HARRY FRASER
THOMAS CLIFFORD
GEORGE SPEAR

REPORT OF TOWN COUNSEL

The Honorable Board of Selectmen
Harry B. Butters, Chairman
Norwood, Massachusetts

Gentlemen:

I submit herewith in summarized form the eleventh annual report of my conduct of the Legal Department of the Town.

Frequent changes in the laws applicable to municipal government bring requests for interpretation of the law which require constant study of the

The Town of Norwood

Commonwealth of Massachusetts

Be it hereby Resolved:

That, Town Counsel
Walter J. Gotovich

has displayed extraordinary legal ability in presentation of the facts in a case involving certain rate and voltage changes as proposed by the Boston Edison Company.

That, his clear and concise presentation and sound arguments were extremely beneficial to the interest of the Town of Norwood.

That, Mr. Gotovich be presented with this Resolve in order that he may be made cognizant of the appreciation of the Board of Selectmen for his work on this case.

Norwood Board of Selectmen

Wm. A. Adell

Joseph F. Curran

Charles L. Rich

Walter J. Gotovich

Samuel B. Butler

new legislation in its relation to our activities in order to competently advise those charged with the conduct of our own government.

Much of the service rendered was advisory in nature and was furnished in the various departments of the Town through written and verbal opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances, drafting of articles for town meeting warrants and motions to be offered thereunder, drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

It should be pointed out that in connection with the above activity, many questions arose which required much research to find the proper answers and many hours were applied to this end.

Litigation and Claims

Various claims for personal injuries and property damage were made against the Town arising out of alleged defective conditions in public ways concerning which opinions as to liability on the part of the Town were given and recommendations were made as to disposition of claims.

Selectmen

Because the Town does not carry public liability insurance, all such claims are referred to Town Counsel for investigation and settlement with approval of the Board of Selectmen and, if settlement cannot be made, then the case is tried in court by Town Counsel.

A number of these cases were on behalf of the Department of Public Welfare and thousands of dollars were recovered, a large part of which came back to the Town treasury.

Without listing all the cases handled, suffice it to say that cases by and against the Town have been brought to a current status with little or no "backlog," so called.

Conclusion

I am grateful for the privilege of having served the Town as legal Counsel. During my period of service, I have been constantly aware of the great responsibilities attendant upon this position in a growing community such as ours. The uniform spirit of co-operation and friendliness extended to me by Town boards, committees, officials and friends throughout this past year has greatly aided me in the performance of my duties and I shall be ever mindful of their loyalty and friendship.

Respectfully submitted,

WALTER J. GOTOVICH
Town Counsel

REPORT OF DOG OFFICER

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Mass

February 7, 1967

Dear Sir:

I hereby submit my report as Dog Officer for the Town of Norwood for the year ending December 31, 1967.

Number of dogs licensed	1322
Dog notices sent out	540
Dog complaints investigated	242
Dogs lost and found (Residents)	110
Dogs lost and found (Non-Residents)	14
Dogs destroyed	70
Personal calls to home of dog owners	561
Dead dogs picked up	57
Number of phone calls made and received	836
Car mileage	4637
Court Cases	18
Section 167, Chapter 140, General Laws \$5.00	3

Respectfully Submitted,

ANGELO IODICE
Dog Officer

REPORT OF TOWN ENGINEER

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Town Engineer for the year 1967.

During the past year, the Engineering Department engineered and prepared for public competitive bid, five contracts for various types of construction. All engineering was done by the Department. Three additional contracts were engineered by consultants with Engineering Department assistance.

The amount of work accomplished by the Engineering Department during 1967 is reflected in the report details on the following pages. However, the staff lost two very capable members during 1967, one thru retire-

ment and one who left for a better employment opportunity and future. Losing personnel with the qualifications of those men leaves a gap in the department which cannot be readily filled.

As long as the salary differential and fringe benefits of the various State of Massachusetts engineers and private engineers remains as great as it is, the town cannot attract and hold capable young engineers. It is a waste of time and money to train a capable man for a short period of years, only to have him leave for better opportunities in other locations. Consultant charges for engineering personnel are salary times about 2.5. An Engineering Department employee of the same category would cost the town—salary times about 1.13 (for a year including fringe benefits). On the smaller projects, it is more economical to have Engineering Department staff members do the work; on the larger and more complex projects, consultants are often needed because of the larger available manpower pool which is necessary in order to complete the project within the allotted time.

It is hoped to complete all assigned projects in the 1968 calendar year. This will be done if the proper amount of qualified personnel is available. Under the present salary schedule such persons are difficult to obtain.

Engineering Department construction projects during the year 1967 were as follows:

SEWER CONSTRUCTION

MISCELLANEOUS CONSTRUCTION WORK**Town Contract—Town Engineering**

Highland Cemetery—Excavate, remove boulders, refill, grade, (between St. James Ave. & Vets Rd.) loam, seed, bit. conc. berm and paving.

Highland Cemetery—Bituminous concrete paving at various roads & walks.

CHAPTER 91 CONSTRUCTION WORK**Town Contract—Mass. D.P.W. Engineering**

Hawes Brook—Widening, deepening & relocation of the brook; reconstruction of Washington St. bridge.

SOME MISCELLANEOUS WORK COMPLETED IN 1967

1. Town Manager and Town Engineer discussed with abutters on many occasions, problems arising from easements and construction work on the Hawes Brook project and Tremont Street reconstruction.
2. Nineteen drainage problems and fifteen sewer problems were investigated and recommendations made.
3. Explanation and advice rendered on thirty-two different zoning questions and fourteen questions involving sewer assessments, betterments, easements, etc.
4. Plans and estimates worked up for proposed wading pool and three sewer extensions.
5. Cost estimates given for thirty sewer connections, forty-three water connections, three drain connections, three curb cuts, five drive apron problems, six utility connections for bidders on new buildings, new sidewalks, fence around Ellis playground, etc.
6. Engineering field and office work provided for eleven traffic surveys at intersections, twelve tree removals, and seven drainage surveys.
7. Field surveys done and record plans prepared for Westover Parkway abandonment, transfers of municipal land to school use, transfer of tax-title land for cemetery use, Route One zoning violations, six street acceptance projects.
8. Town Engineer reviewed and reported on four Hatch Act projects and appeared in court proceedings on six occasions.
9. Zoning map, town map, and utility maps were updated and reproduced for distribution.
10. Street numbers assigned to new buildings and numbering change in South Norwood completed.
11. Constant record kept of Buckmaster Pond surface water elevation.

The Engineering Department provided Town agencies and departments with engineering advice and aid as follows:

Airport Commission—Surplus fill provided from construction jobs; worked on drainage problem at drive at Access Road, water line extension into property and proposed 8" main extension along Access Road.

Contract for new plane parking apron under direction of Engineering Department; existing structure elevations near airport checked with reference to proposed new construction in vicinity of present structures.

Assessors—Measurement and computations made for area and volume of 286 new buildings and additions; new construction plotted on cards; 15 new Assessors maps drawn for unmapped areas and to replace old tracings; Assessor's tracings and prints updated as to property line changes and subdivisions.

Building Inspector—Worked with Inspector on site and building layout plans for Housing Authority project and Windsor Village; zoning violations in rear of Route One between Dean Street and E. Cross Street; street re-numbering on Washington Street South Norwood; and assigned street numbers for all new construction.

Cemetery Department—Aided Superintendent in layout and planning of new areas for burial; prepared contracts for site improvement of new burial area, and for paving walks and roadways; prepared plan for hearing on land to be used for burial purposes; helped on planning of unassigned town land abutting cemetery; staked out new burial plots for burials; plotted 271 burials on record plans and processed prints for distribution to Cemetery Department and Town Clerk's office.

Clerk, Town—Provided prints of burial plans; zoning maps showing changes to be sent to Attorney General's office; certificate of entry on takings and easements; and data on street acceptance for police reports.

Conservation Commission—Made plans and information available for the various sites being considered for conservation purposes.

Counsel, Town—Town Engineer and Town Counsel met on many occasions involving the following projects for which engineering advice and information were provided: Eliot Park land and sewer status, data on Neponset Street taking, information relating to broken underground electric line at Railroad Avenue and Central Street, Hawes Brook widening and relocation taking, abandonment of Westover Parkway plan, plans for change in designation of Town land for school purposes (Westover Parkway) and cemetery purposes (Veteran's Road), erosion and flooding problem on American Drive, Clark development court action, AGT Co. easement relocation on Town land on University Avenue, Audubon Road drainage plan, easement, and agreement, Windsor Village agreement re: utilities installation, etc., American Steel and Aluminum Company easement on Town land, Kelek Company sewer easement, Neponset Reservoir Association auxiliary water supply agreement, and Water Street agreement and easement on Town-owned land.

Electric Light Department—Staked out new pole locations on public ways, located and marked existing underground conduits, provided plans and aerial photos for future planning, drew site plans for pole locations and lighting of various projects, worked with Superintendent on Hawes Brook relocation project, and on proposed electric line easement at Bird & Sons, spent much time with Superintendent on future location of underground cables for Nahatan Street, West Border Road, E. Cross Street, and Neponset Street, and in future new housing and industrial developments.

Fire Department—Worked with Fire Chief on water main and hydrant layouts in new residential, apartment and industrial developments; on flow tests and planning of new station site.

Health Board—Discussed with Director drainage and sewer problems concerning the Board, also well field easement, and proposed auxiliary water supply at Hawes Brook.

Housing Authority—Plans for new Housing for the Elderly project discussed, and information and advice on site and utilities given.

Industrial Development Committee—Supplied various plans and maps for the Committee.

Parking Commission—Made available to the Commission plans and literature on parking projects, aided in parking situation at Norwood Central Station.

Permanent Building Committee—Supplied abandonment plan and school land designation plan on Westover Parkway for elementary school project, also worked on proposed new street for new junior high, data supplied for Hatch Act plan and hearing.

Planning Board—As Engineering Advisor for the Planning Board, the Town Engineer attends all Planning Board meetings. Engineering plans and information are made available at the meetings for those agenda articles requiring such data.

Under the Subdivision Control Law, the Planning Board has jurisdiction over new real estate subdivision and developments and the Town Engineer is responsible for examining and reporting on the preliminary and definitive plans, inspection, when possible, of the installation of utilities and roads, along with reports of progress, work left undone and estimates of bonding amounts to protect the Town in the instances where developer bonds his work before construction of roads and utilities in order to be able to obtain building permits. Finally, inspections and reports on the completed project are given in order to enable the planning board to decide on bond releases and make the streets and utilities eligible for acceptance by the Town. The engineering department does all this work as quickly and efficiently as possible, so that the Board is able to discharge their responsibilities within the legal time limits. A total of 17 streets in 9 developments were handled in some or all of the above categories during 1967.

In addition, the Town Engineer handles the Engineering aspect of the proposed zoning changes on which the Board must act. Zoning study plans are drawn and prints made for the Board in order that it better understand the whole zoning picture. After the final zoning lines are established, linen plans with full data are drawn and the legal description necessary for the public hearing, is written. If outside Engineering is required on the final plan drafting, the Engineering Department supplies the data to the private Engineer, and then all work is later checked by the Department for accuracy.

If needed at Town Meeting, zoning map transparencies for projection on a screen are provided, so that all may see the overall view of how the proposed change works into the whole zoning map.

In Retirement

JEREMIAH T. COUGHLIN

"Miah" Coughlin first started work in the Engineering Department on July 11, 1937. During the ensuing thirty years he had a large part in the engineering aspects of the rise and then the boom of the building growth of the Town. His encyclopedic memory of past works was of tremendous help in the planning and construction of new utilities and ways. His knowledge and know-how will be greatly missed. The Town of Norwood and the Engineering Department wish him the best of happiness and comfort in his years of retirement which began August 11, 1967.

Eight proposed zoning changes were discussed and provided for in 1967.

The Planning Board has no member available for consultation during the work day, so zoning and planning questions, complaints etc. are referred to the Town Engineer. Twenty-eight such problems on Planning Board matters were referred to the Town Engineer during 1967.

The master zoning map is updated each year, and reduced size copies are printed and made available for general distribution.

The Engineering Department works constantly with the road and utility contractors employed by developers, so that their work conforms to Town specifications. All of this effort is necessary in order that the streets and utilities, at the time of acceptance by the Town, shall be in as good and maintenance free condition as possible.

Police Department—Worked on various traffic problems and provided six certifications of public ways for accident cases.

Public Works Department—Engineering Department aid is sought very frequently by the Public Works Department, especially in the road and utility category.

The gradual diminution of the Public Works Department working force has, in some instances, meant additional work for the Engineering Department. Engineering advice and field work has been given in all cases when requested. Typical requests as follows:

Preliminary cost estimates and engineering studies provided for 30 sewer connection applications, 43 water connection applications, and 3 drain connection applications. Engineering services during construction provided when asked for.

A good deal of study and engineering work went into the alleviation of drainage and sanitary sewer problems of Town inhabitants.

Layouts for recreation play areas, parking stall and traffic lines etc. were given, along with measurements of ledge to be removed during utility construction.

Updated utility map prints were made available to the Department along with new water service and main gate valve location information.

Many other minor Engineering services are rendered upon request.

Recreation Department—Ellis Playground property lines surveyed for fence, information and advice given for proposed Veteran's Memorial Building, plan and layout of soccer field and lighting drawn, coordination of Hawes Pool area and the Hawes Brook Chapter 91 project done, sports areas marked out for grounds keeping and delineation.

School Department—Estimated cost and planned layout for parking area and drives in rear of Junior High School.

Zoning Board of Appeals—Data given to Board concerning five appeal cases; examination and report on plans given when requested.

The following governmental agencies met with the Town Engineer regarding projects in common:

Massachusetts Department of Natural Resources—Site investigations, reports and plans for two areas concerned with Hatch Act.

Massachusetts Department of Public Works—Town Engineer discussed and worked on the following projects with Department of Public Works officials: Reports on road mileage and road classification, final construction, phases of Nichols Street construction, future Chapter 90 work (including hearings), Chapter 679 Project (Tremont Street), grades and drainage on Everett Street between Route 1 and Washington Street, and on Neponset Street; Route 1A traffic problem and relocation and widening plan, drainage problems at Union Street and Route 1, and Pleasant Street and Route 1, processing of permits for Town to work on State Highway.

Massachusetts Department of Public Works—Division of Waterways—The construction of Hawes Brook bridge and the widening, deepening and relocation of the brook involved much time spent by Town Engineer in attending the hearings, coordinating the work with Town, private utility companies and the contractor and taking care of questions and problems of the abutters before and during construction. The Engineering Department also prepared the taking plan and documents, and did the survey work and planning for the by-pass road which was not contemplated in the original Waterways contract.

The Neponset Reservoir Association Auxiliary Water Supply Project was discussed with the Waterways people.

Metropolitan Area Planning Council—Plans and maps supplied as requested.

Metropolitan District Commission—Yearly reports on sewer and water construction were furnished the Metropolitan District Commission, much discussion held regarding the construction of University Avenue and utilities which crossed and were adjacent to the Metropolitan District Commission interceptor sewer.

Norfolk County Engineer—Town Engineer worked on the following projects with the County Engineer and the Commissioners: Hearings on Everett Street relocation west of Route One, and the grade alteration of Everett Street east of Rte. One; many discussions and much data on Everett Street land damages and future road grades; Pleasant Street proposed rail crossing; Brook Street damages and work on Telephone Company manholes on Washington Street.

Town of Milton—Furnished sewer assessment data.

Town of Sharon—Supplied data on future planning.

Town of Westwood—Worked on joint road classification system for Massachusetts Department of Public Works, sewer assessment data, coordination of numbering University Avenue, and sewer connections from Norwood to the Westwood system.

Town of Walpole—Worked with Town Engineer of Walpole on specifications for construction, Planning Board rules and regulations, zoning, common drainage problem at Garden Parkway, and the tie-in to the proposed Walpole water main at Route 1 and Union Street.

During the course of a year, a multitude of private individuals, organizations, companies etc., confer with the Town Engineer on problems and on proposed construction in Norwood. The following were the main visitors to the Town Engineer in 1967:

ALGONQUIN GAS TRANSMISSION COMPANY

Six meetings regarding crossing AGT lines in University Avenue and Access Road.

AMERICAN STEEL AND ALUMINUM COMPANY

Eleven discussions on utility construction for new building on American Drive.

BARNES AND JARNIS, ENGINEERS

Discussion and review of plans for American Steel and Aluminum Company building and site work.

BOIT, DALTON, CHURCH, AND TOWLE, INSURANCE ENGINEERS

Data supplied for study.

BOSTON EDISON COMPANY

Ten meetings and discussions regarding relocation of utilities due to Hawes Brook bridge work.

BURGESS AND NIPLE, ENGINEERS

Seven conferences regarding proposed Windsor Village complex; data supplied regarding assessors plans, zoning and planning information, utility specifications and Hatch Act.

CABOT, CABOT, AND FORBES—DEVELOPERS

Nine discussions on University Avenue site and utility work.

CAMERON, ROBERT—ENGINEER

Data supplied for planning board work.

CAMP, DRESSER, AND McKEE—ENGINEERS

Five occasions—supplied utility data and discussed plans for development off University Avenue.

CITGO COMPANY

Engineering information given for new walk and curb grades at new Railroad Avenue station.

CONGDON, GURNEY, AND TOWLE—ENGINEERS

Worked with C. G. & T. on Hawes Brook project.

CONSOLIDATED SHOE COMPANY

Flow tests and problem of debris in fire lines.

DUNPHY AND CRAIG—BUILDERS

Information supplied for new cemetery garage.

EASTERN MASS. STREET RAILWAY COMPANY

Worked with traffic manager on Hawes Brook bridge problem.

FAY, SPOFFORD, AND THORNDIKE

A total of twenty-seven discussions took place concerning University Avenue site preparation, utility construction, road construction, taking document and plan, rail grade crossing, AGT easement and crossing, abutters' problems, and also on proposed subdivisions off Route One.

GLACIER SAND AND STONE

Meetings on rail crossing—University Avenue and erosion problem American Drive.

GOODYEAR TIRE COMPANY

Requested information on zoning and curb openings etc. for proposed building was given.

HINTSA ASSOCIATES—ENGINEERS

Data on Westover Parkway and town land survey plans.

JACOBS, WM. N., JR.—ARCHITECT

Six meetings and talks on Old Age Housing project on Nahatan St.

JACKSON, MORELAND—ENGINEERS

Information given on proposed development site.

KELEK COMPANY

Ten occasions when engineering advice and information supplied relative to Kelek Company sewer easement and connection.

KENNEFICK, DAVID—ATTORNEY

Eight discussions and review of plans for new Goodyear sales building.

KORSLUND, LENORMAND AND QUANN—ARCHITECTS

Twenty-eight meetings and discussions with various members of the firm regarding the following projects: engineering data, plans and office information supplied for new Junior High School site and utilities. Willett Elementary School site and utilities, and Veterans' Memorial Building site and utilities.

LINENTHAL, BECKER, AND EISENBERG—ENGINEERS

Coordinated utility and site work on new Star Market Building on University Avenue.

MACCHI, PHILLIP—ATTORNEY

Much advice and information supplied for new building next to Hawes Brook.

MAC-MORAN CHEVROLET COMPANY

Eight meetings held for purpose of having site and utility construction according to town specifications.

METCALF AND EDDY—ENGINEERS

Went over their plans for Neponset Reservoir Corporation auxiliary water supply and for Norwood-Walpole water main tie-in on nine different occasions.

MILLIKEN, WARREN—APPRAISER

Met with on seven different occasions on Buckmaster Pond land study and provided maps and survey work.

NEPONSET RESERVOIR CORPORATION

Meetings and data supplied for proposed auxiliary water supply.

NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY

The telephone company is presently engaged in a great deal of underground construction. Town Engineer conferred with telephone company representatives on thirty-eight different occasions during 1967, on company projects in Nahatan Street, West Border Road, East Cross Street, Neponset Street, Washington Street, University Avenue, Everett Street, Hawes Brook bridge, Vernon Street, Maple Street, Winter Street, and on new policy of underground construction in new developments.

NEW LONDON MILLS

Engineering information and advice supplied for problems connected with Hawes Brook project.

NORWOOD MEMORIAL AIRPORT

Planning and construction for new water line extensions, and drainage problem alleviation.

NORWOOD ENGINEERING COMPANY—ENGINEERS

Met with company personnel on seventeen occasions relating to work on Gibbons golf course, American Drive, erosion problems, Mac-Moran Chevrolet building, University Avenue grades, Rizzo drain, zoning study at West Border Road and Nahatan Street, Bristol Road construction and Cieri drain problem.

NORWOOD GAS COMPANY

Worked with Norwood Gas Company officials in forty-eight different instances regarding location and construction of new and relocated mains in twenty-one different areas in Norwood.

PILLING ENGINEERING COMPANY—ENGINEERS

Discussed street acceptance program and supplied engineering data at seven meetings.

POLAROID CORPORATION

Provided maps, plans, specifications, engineering advice and data at twelve different meetings with Polaroid agents.

REED, A. B. COMPANY—ENGINEERS

Town Engineer discussed and provided information for University Avenue power pole project, and Polaroid site and utility planning.

SIMONI, FRANK—DEVELOPER

Five meetings with developer regarding drainage problem on Garden Parkway.

STAR MARKET CORPORATION

Conferences held on site and utility problems on University Avenue.

STOP & SHOP, INC.

Information and advice given on Central Street building reconstruction and parking area on Railroad Avenue.

SUN OIL COMPANY

Meetings held concerning rebuilding new station at corner of Washington Street and Short Street.

WHITMAN & HOWARD—ENGINEERS

Whitman & Howard acted as consultants for the Town of Norwood on the 16" water main from Route One to the new industrial area on University Avenue; sewer and water main construction on Nahatan Street, Westover Parkway for new school, Everett Street, Access Road, at airport, and Union Street; sewer and water main construction from Route One to Upland Road and on the inspection of the utility installations in Windsor Village. These projects necessitated a total of twenty-nine meetings along with numerous telephone calls in order that the planning and prosecution of the work proceed in an easy manner

WINDSOR GARDENS COMPANY—DEVELOPERS

Eighteen conferences and meetings held with company representatives to explain, have agreements on, and see to enforcement of Town specifications concerning utility installations.

The past year was a very active construction year. The University Avenue roadway was completed; utilities extended from Route One to the Star Market area; Nichols Street road construction was finished; Hawes Brook relocation and widening along with the new Washington Street bridge was completed; Windsor Village commenced construction of roads and utilities; Polaroid Corp. began site work; and the Permanent Building Committee started four new structures—the Willett School, the new Junior High School, the Veteran's Memorial Building, and the new cemetery garage (which was completed).

All of these projects and the many more mentioned elsewhere in the report required much time and effort from the Town Engineer and his department.

In addition, the Town Engineer attended 59 meetings after the regular work day and week including Selectmen meetings, Town and Finance Commission meetings, Planning Board and Appeal Board meetings, etc.

The construction outlook for 1968 appears to be similar to that of the year past. Polaroid, Star Market, and Windsor Village are still in the process of construction; utility work for extensions of town mains will be needed; study and the possible construction of Everett Street is in the works now; a new addition for the Senior High School is being discussed; the NET & T Company plans to continue their large underground cable installations; new residential and industrial subdivisions have been or will be presented to the Planning Board and so the progress continues along with the normal construction work by the town contracts for roads, walks, and utilities.

Each of the above mentioned projects and all others like them require engineering advice and assistance from the Town Engineer and staff. With additional qualified personnel, the advice and assistance can be given.

Respectfully submitted,

ROBERT A. HAMILTON
Town Engineer

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized for the year 1967 as follows:

Joseph W. Wall, Chairman
Stephen T. Hefferan
James F. Foley

On January 1, 1967 the debt of the Town of Norwood was \$2,858,000.00 with maturities of \$416,000.00 in 1967.

The following sums were borrowed in 1967:

Water Construction	\$132,000.00
Street Construction	353,000.00

The following sums were authorized to be borrowed in 1967 but had not been borrowed as of December 31, 1967:

George F. Willett Elementary School	\$150,000.00
Junior High School North	223,000.00

In addition the following sums which were authorized to be borrowed by town meeting action in 1965 and 1966 had not been borrowed as of December 31, 1967:

TOWN OF NORWOOD

Light Construction	\$ 100,000.00
Water Construction	154,000.00
World War II Memorial Building	250,000.00
George F. Willett Elementary School	780,000.00
Junior High School North	\$2,670,000.00

The Finance Commission examined the requests for appropriations submitted by the various departments, met with department heads and committees charged with the disbursement of appropriations, and discussed in detail the basis for such requests.

Upon completion of the work of the Commission, a public hearing was held prior to the annual town meeting.

The total budget for 1967 was \$9,955,022.01 which was allocated to the various town departments as listed below:

FINANCE COMMISSION: James F. Foley, Joseph W. Wall, Chairman, Stephen T. Hefferan, Bartley W. Connolly, Clerk.

The sum of \$55,000 was appropriated for the Reserve Fund and transfers were made as follows:

Veterans Benefits-New Equipment	\$ 250.00
Engineering P.S.	672.82
Sewer Construction	500.00
Sewer Construction	4,300.00
Printing Town Report	175.00
Construction of Cemetery Garage	5,400.00
Public Welfare P. S.	1,200.00
Construction of Library Addition	275.00
Civil Defense	700.00
Maintenance of Town Dump	2,500.00
Observance of Memorial Day	375.00
Light Administration Expense	169.00
Replacement of Bridge-Hawes Brook	13,370.00
Water Maintenance	4,000.00
Schools Administration Expense	1,000.00
Public Welfare Incidentals	11,218.00
Purchase of Property—Winter St.	40.00
Clerk of Selectmen Salary	385.00
Health Incidentals	3,000.00
Out of State Travel	80.00
Highway Maintenance	1,200.00
Interest	826.00
General Government Incidentals	300.00
Health Incidentals	862.87
Recreation—South Norfolk County Association	488.37
	\$53,287.06

JOSEPH W. WALL, Chairman
STEPHEN T. HEFFERAN
JAMES F. FOLEY

REPORT OF THE FIRE DEPARTMENT

Mr. Harry B. Butters, Chairman
The Honorable Board of Selectmen
Norwood, Massachusetts

Dear Mr. Butters:

I submit to you and to the citizens of the Town of Norwood the Annual Report of your Fire Department for the year 1967.

Your Fire Department responded to 1,113 alarms of fire which are classified on the enclosed graph. In addition, 902 ambulance calls were made.

Officers and men were given specialized training courses throughout the year at the Central Massachusetts Fire Training Academy in Framingham,

Norfolk County Firefighters School in Walpole and the Red Cross Instructors School in Brookline. In addition, regular training sessions were conducted by Deputy Chief John Howard to improve your Fire Department in the latest methods of fire-fighting and protection of life and property.

Quarterly inspections were made at the Norwood Hospital, all Nursing Homes, Public and Parochial Schools and Day Care Centers for children under the supervision of Deputy Chief John Coughlin. In addition, inspections were conducted in factories and businesses throughout the Town.

Meetings were held with the State Department of Public Safety, the Town Building Inspector, Town Engineer and Superintendent of the Water Department in regards to upgrading the fire and life safety in the Town. Considerable time was spent with new and established industries within the Town so that installations and revised operations will not endanger lives and property as well as comply with the local and state safety regulations.

Classes were conducted for 640 children in the sixth grade of the public and parochial schools on life safety and home excavation in case of fire by Chief Irving J. Dobson and Deputy Chief John Coughlin. A trophy was awarded to the Winslow School for having 100% returns on their homework and grading of Fire Drills. The Shattuck School was in second place in the contest.

On November 2nd, we received delivery of our new Maxim 85 foot Aerial Ladder Truck which was placed in service as first alarm assignment. The old 1945 Pirsch Aerial Ladder Truck will be kept for second alarm assignment and for filling in when tune-ups and repairs are taking place on the new one. Previous, we had to rely on Westwood to cover the Town when our ladder truck was out of service.

New problems of the fire service, new chemicals and processes used by industry, hazardous products transported over the roads and rails through our Town and the continuous changes in laws and regulations require the attendance of the Chief of the Fire Department at State and National conferences in order to gain first hand knowledge from experts in these fields. Discussions with Chiefs who have had experience with a particular problem are of the utmost importance when we are faced with the same situation.

I would like to express my appreciation to the officers and men of the Fire Department for their cooperation in attending training sessions for the better protection of the Town. To the Chiefs and firemen of our surrounding Towns, I wish to extend the appreciation of the Town of Norwood for their assistance in our Mutual Aid Program.

I would like to take this opportunity to thank the Honorable Board of Selectmen, Manager Walter A. Blasenak, the Town Department Heads and the representatives of our Town's Industries for their excellent cooperation during the year 1967.

Respectfully yours,

IRVING J. DOBSON, Chief
Norwood Fire Department

REPORT OF GENERAL MANAGER

The Honorable Board of Selectmen

Gentlemen:

I herewith submit detailed reports for the year 1967 of all departments under the administrative control of the General Manager. Due to the varied and complex activities of some of the departments, the General Manager recommends each and everyone read these reports so that they may become more familiar with the services and activities of these departments.

In the year 1967 more time was demanded of the General Manager with respect to the construction and improvement programs within the various town departments including the schools and libraries, and it is with respect to this function of the General Manager that I would like to submit the following comments:

1. Expansion

With Star Market and Polaroid Company coming to Norwood, a tremendous amount of work was required in coordinating the various town agencies with consulting engineers and other groups interested in the projects insofar as the construction of utilities and roadway were concerned.

In the Light Department many technical problems arose. However, working closely with the Superintendent of Light Department and our consulting engineers, we were able to furnish electric power to Star Market on their target date.

Work is proceeding satisfactorily in the engineering and subsequent construction of electric lines to serve Polaroid Company in the early fall of 1968.

In addition, the General Manager and the Superintendent of the Light Department devoted considerable time in the pursuit of lower purchase cost of energy for our expanding electrical requirements. Toward this end, a lengthy hearing before the Massachusetts Department of Public Utilities was held and is still pending. More recently, the General Manager and the Superintendent of Light Department have been attending hearings in Washington, D.C. before the Federal Power Commission with the hope of securing substantial reduction in the cost of the purchase of power to the Town of Norwood.

2. Recreation Department

Participation in regular programs of the Recreation Department continued to grow in 1967. The outdoor summer program again was most successful with the two outdoor pools and the fourteen playgrounds attracting thousands of enthusiastic patrons.

The programs at the Recreation Center during the balance of the year were extremely well attended. Of particular note was the continued increase in the indoor swimming program. A well balanced schedule of ac-

The Town of Norwood

Commonwealth of Massachusetts

Be it hereby Resolved:

That, Town Manager

Walter A. Blazniak,

has shown extraordinary vision and foresight through his ability to anticipate the full financial impact on the Town of certain rate and voltage proposals initiated by the Boston Edison Company.

That, because of his immediate understanding of the possible effect of these changes upon the Town, he has together with his staff caused strong and vigorous action to be taken in order to prevent them from being finalized by the Boston Edison Company.

That, he has thereby placed the Town of Norwood in a position which may very well mean the savings of many thousands of dollars in future years.

That, it is our wish by this Resolve, he will be aware of our recognition and appreciation of his foresight, his initiative, and his diligent prosecution of this case which bears so heavily on the future welfare of our community.

Norwood Board of Selectmen

Wm. C. Edgerly

Joseph A. Cyprian

Charles L. Rich

Walter D. Smith

Harry B. Buttrick

tivities at the pool brought out even larger numbers than in pervious years as Norwood continued its climb back to the heights in swimming that it enjoyed a generation ago.

At this writing, work is underway on the addition to the Recreation Center to be known as the World War II Memorial Community Center. Legal complications delayed beginning of the project in 1967, but these eventually were cleared up. Under the direction of the Permanent Building Construction Committee, the contract for construction was finally signed in December. Completion of the project late in 1968 will give Norwood a wonderful facility which will permit expansion of an already fine community recreation program and it will also provide facilities for various community groups.

Our Fourth of July Program we feel has generated considerable interest, not only in the Town, but from outside our Town, and each year the Committee endeavors to present a larger and more interesting program than the year before. We have been tremendously pleased with the favorable comments we have received on the fine program which we offered. However, it is becoming increasingly more difficult to enlarge this program (4th of July Celebration) unless we have the full and complete support of the residents of Norwood. If you agree with those of us who are closely connected with the celebration, that this is a worth while endeavor and brings favorable comment to our community, we seek your financial support in the year to come.

3. Highland Cemetery

One of the major improvements to Highland Cemetery during 1967 was construction of a fieldstone garage which has been needed for many years. This improvement will give the cemetery the necessary facilities for its maintenance and construction and its improvement operation.

Additional area was acquired adjacent to the so-called Parade Grounds along side the Day Chapel and is in the process of being developed for burial purposes. It is expected that early in 1968 this project will be completed.

Extensive repairs were made to the outside of the Day Chapel namely the repointing and sealing. With this completed, we plan to institute a program of refurbishing and renovating the inside of the Chapel.

4. Public Works Department

Tremont Street was reconstructed together with new bituminous concrete sidewalks being installed.

Railroad Avenue, Oak Road and a portion of Nichols Street had a bituminous concrete capping installed.

The usual bituminous concrete sidewalks were constructed within the appropriation allotted and also, granolithic sidewalks were installed on the

easterly side of Washington Street, South Norwood, from Dean Street to St. James Avenue.

Hawes Brook Project of relocation and rip-rapping together with the construction of a new bridge over Hawes Brook at Washington Street was completed under contract. This has been one of the major improvements in our town under the State Department of Public Works program.

Under Chapter 90 Maintenance, Pleasant Street, from Dean Street to Hillside Avenue was re-capped with bituminous concrete.

Water lines were extended on Westover Parkway, Union Street, Nahatan Street, Norwood Airport, and to Star Market Complex.

New Equipment was purchased for the Public Works Department, namely: New Packer Body Rubbish Truck; New Leaf Collection Machine; New Sign Making Machine; and two Small trucks.

5. Wilson Street Playground

The baseball diamond at Wilson Street Playground was reconstructed and will be available for use after June 1, 1968.

6. Acquisition of Land for Public Purposes

The Town acquired four parcels of land within the Town and the buildings thereon have been demolished. These land acquisitions will serve a useful purpose in the future as they are located in areas that are adjacent to other town-owned lands.

The General Manager wishes to express his appreciation to the Board of Selectmen, Department Heads, Town Departments and Committees for their continued cooperation and assistance in all projects effecting the welfare of Norwood.

We shall continue to serve the public efficiently and effectively in all areas of public service insofar as the appropriations will permit. The General Manager looks forward to continued expansion and development in the various departments rendering public service to the community and will use every avenue of approach effecting these programs which are consistent with good, sound, public administration.

In closing, I extend my personal thanks and appreciation to all members of the municipal family for their continued support in faithfully executing their duties in the respective departments which, in a large measure, was responsible for the completion of many projects under the control of the General Manager.

Respectfully submitted,

WALTER A. BLASENAK
General Manager

REPORT OF BOARD OF HEALTH

Board of Health Staff

Public Health Nurses	—Marion O'Neil Norma Herig
School Nurse	—Anna Tobin
School Eye Clinic Physician	—Dr. William F. Ryan
School Dentist	—Dr. Maria Krivoshlikoff
School Dental Attendant	—Mary Mulcahy
Public Health Physician	—Dr. Roy T. Lydon
Clerk	—Suzanne D. Maciejewski
Milk Inspector	—Leonard E. Curran
Plumbing & Gas Inspector	—James J. Capaldo Henry T. McAuliffe—Assistant
Health Director	—Bartley J. King
Board Members	—James F. Foley—Chairman Roy T. Lydon, M.D. John P. Dixon

PUBLIC HEALTH NURSES

During the past year the staff of three Registered Nurses carried out various services under the direction of the Physicians in Norwood and surrounding towns; we also received referrals from Boston Physicians and Hospitals.

Since Medicare became effective in 1966 our patient load has been increased by 80% under Medicare.

We joined the Norwood Hospital Physical Therapy organization in June of 1967 when our therapist resigned.

Home care services of the Norwood Visiting Nurses include rendering general nursing care to acutely & chronically ill patients; promoting community health by teaching basic hygiene, administering medication by injection and teaching patients self care as in the use of insulin for diabetics.

The Norwood Board of Health conducts immunization clinics for Norwood residents. These clinics have been of great value in reducing the incidence and spread of communicable diseases.

The Chest X-Ray Clinic is held once a month with a Physician and a Technician in attendance.

There were 527 persons who attended these clinics in 1967.

The nurses have visiting hours in the office at the Municipal Building between one and three o'clock, Monday through Friday. A total of 451 patients were treated in the office. A total of 4,024 visits were made this year,

SCHOOL NURSE

The School Physician made routine visits and examined children referred for examinations. Parents were notified of any physical defects found at this time and advised to consult their family physician.

Vision and Audio Testing

1468 children were given the Massachusetts Visio Test to screen them for visual defects. 53 children were found to have a visual defect and referred for further treatment by an ophthalmologist. The Maico Puretone Audiometer was administered to 1462 children for the screening of any hearing loss. 42 children were referred for further treatment.

Tuberculin Testing

A tuberculin Testing program was conducted in May 1967 for the children in Grade 1. 159 children participated in this program. They were given the Tine Test and all proved to be negative reactors.

Diphtheria-Tetanus

A booster dose of Diphtheria-Tetanus Toxoid was offered to the children in Grades 1 and 7. 125 children in Grades 1 and 143 children in Grades 7 received the booster dose.

Measle Vaccine Clinic

In April 1967, 350 children received the measles vaccine. This vaccine was given to all children desiring this vaccine with parental consent.

In September the children in Grades 3-6 inclusive with parental permission participated in a dental health program sponsored by the Norwood Board of Health and the Forsythe Dental Center of Boston. This is to be a 2 year program. In addition to an examination and the cleaning of teeth the participants were given a mouthwash to be used daily.

The Dental Clinic is held weekly at the Junior High School. The children have the opportunity of attending the Dental Clinic or having the necessary work done by their own Dentist, children in Grades 1-6 are examined by our School Dentist, Dr. Maria Krivoshlikoff assisted by Mary Mulcahy.

Our Speech Teacher, Marie Kane continues working with the children that have any speech problems.

School Eye Clinic Physician

All School children are screened by the School Nurses, using the Massachusetts Vision Test.

Parents were notified when defects were noted. A total of Two hundred eighty one students were referred to the School Eye Clinic Physician Dr. William F. Ryan.

School Dentist

Although the school year of 1966-67 had a drastic change over in its dental personnel, the retirement of Mrs. Margaret Curran in December of 1966, and the appointment of Mary J. Mulcahy in January of 1967, the continuity of activities was carried on without interruption.

The dental program of the school year of 1967-68 commenced, as in the previous year, by visiting the different grammar schools and conducting oral examinations in grades 1 to 6 and special classes. This was done by the dentist with the help of dental assistant, school nurse of the particular school along with the help of the school Principal and the teachers in that school.

Everyone was very helpful and attempt was made not to interfere with the regular school activities.

St. Catherine parochial was the first where examinations were conducted and where Mrs. Margaret Curran lived up again to the spirit of "helping where help is needed" came and without compensation assisted in the smooth sailing of the program. During the visits to the different schools the dental facilities at Junior High School were used by the group from Forsyth Dental Center in their specialized program. As soon as their work was completed, appointments were set up and children whose parents requested dental care from the school dental program, started coming in groups. Transportation being arranged and supervised by the dental assistant, Mary Mulcahy. Children from St. Catherine parochial school and from the Winslow school, walk.

As an item of special interest one may note that school enrollments were up by 108 in the school year of 1967-68 as compared to the school year 1966-67. In proportion 110 more children were examined in the same period.

Milk Inspector

One license for the manufacture of ice cream and frozen desserts was issued in 1967.

Registration certificates were issued to twenty three dealers in oleo-margarine.

Seventy licenses for the sale of milk and cream were issued. No consumer complaints, relative to the quality or condition of milk and other dairy products, were received in 1967.

Four hundred twenty one laboratory tests were made on milk and cream offered for sale in Norwood in 1967. The results of the laboratory testing were similar to those of the past several years. The bacteria counts, an indication of how milk and cream are handled, continue to be excellent. In 1967 the average bacteria count per cubic centimeter in all samples of milk tested was 1,214 and in all samples of cream tested was 1,770.

Butterfat and total solids continue to be low but still within the requirements of Mass. State Law. In connection with the lower butterfat and total solids content in milk I have prepared the following table which com-

pares the results of tests on ten representative samples of milk taken in Norwood in 1957 and 1967.

1957

Butterfat	Total Solids
4.40%	13.66%
4.50%	13.88%
4.50%	13.73%
4.40%	13.61%
4.10%	12.77%
4.20%	12.97%
4.05%	12.69%
4.00%	12.73%
4.60%	14.02%
4.50%	13.73%

1967

Butterfat	Total Solids
3.50%	12.23%
3.50%	12.13%
3.75%	12.48%
3.55%	12.31%
3.60%	12.37%
3.90%	12.93%
3.50%	12.20%
3.50%	12.23%
3.70%	12.52%
	12.49%

These tests were made on non-premium priced milk. The requirements for milk in Mass. are 3.35% butterfat and 12.00% total solids. In May of 1967 I directed all milk dealers serving Norwood to discontinue stacking milk cases and cases of empty milk bottles on the highways and roadsides of Norwood. I consider this a "sloppy" practice which is not in the best interests of the citizens of Norwood. It is my recommendation that whatever legal action is possible or necessary be taken by the Town of Norwood to terminate this practice.

PLUMBING AND GAS INSPECTOR

The following are figures representing inspections according to category and month of the year.

Month	Gas	Plumbing
January	26	15
February	8	8
March	28	16
April	10	9
May	23	16

June	26	12
July	21	7
August	26	14
September	75	18
October	78	19
November	99	19
December	65	12

Mr. James J. Capaldo was appointed plumbing and gas Inspector on August 1, 1967. Mr. Arthur E. Tordoff served as plumbing Inspector from October 1, 1966 until Mr. Capaldo was certified by Civil Service. The Board of Health is indebted to Mr. Tordoff for his dedicated service to the Town of Norwood during his time in office.

Mr. James F. Foley was elected Chairman of the Board of Health on February 10, 1967. Dr. Roy T. Lydon and John P. Dixon also served as members of the Board of Health.

The Board of Health entered into a three year contract with the South Shore Disposal, Inc., for the collection and removal of garbage in the Town of Norwood.

The Board of Health presented a plaque to Fred C. Colburn on January 15, 1967 in honor of his 100th birthday and in appreciation of his service to the Town of Norwood. Mr. Colburn was elected to the First Board of Health in Norwood on March 3, 1896. He served on the Board until January 1915.

The Board of Health approved the proposed method of providing for a sanitary water supply, sewage disposal and drainage in the sub-division of George Clark located off Nahatan Street.

Winfelt Eckhardt was appointed as Inspector of slaughtering on March 1, 1967.

The Board of Health certified the Maple Grove Manor, Denny Nursing Home, Norwood Nursing Home, Victoria Rest Haven and the Health land Convalescent Home in 1967.

The Board of Health conducted Measles immunization Clinics in the Norwood schools during the month of April. A total of 1,302 children were immunized against Measles at the clinics.

The Board of Health conducted a tuberculin Testing program in the first and ninth grade of the Norwood schools. 1039 children were examined in the program.

Mr. James J. Capaldo was appointed plumbing and gas Inspector for the Town of Norwood on August 1, 1967. Mr. Henry T. McAuliffe was appointed Assistant plumbing and gas Inspector on October 6, 1967.

The Board of Health negotiated a satisfactory conclusion to a long existing drainage problem at the corner of Garden Parkway and Countryside

Lane. The Town of Norwood and the developer, Frank Simoni agreed to install a drain and catch basin to carry away standing water.

The Board of Health asked the Permanent Building Construction Committee to extend a drain approximately 400 feet from its proposed end, on the new Junior High school site, to a pond on Winter Street to prevent a nuisance. The Building Committee agreed to extend the drain as recommended.

The Board of Health has made a recommendation to the Board of Selectman that the undeveloped section of Irving Street, North Ave., Silver Street, Blossom Street and Autumn Street be developed under the betterment act for the safety, convenience and welfare of the inhabitants of the Town of Norwood.

This land was subdivided many years ago prior to the subdivision control Law and there are approximately fifty owners who are attempting to develop the land without benefit of proper planning to provide Municipal Services and access to all the lots by ways that will be safe and convenient for travel.

The Board of Health recommended the following sewer construction for the coming year.

Bird Road from Washington St.	300 Feet
Sumner Street from Union St. to 391 Union Street	750 Feet
Westover Parkway from George F. Willett School to Winter St. to eliminate the pumping station at Winter St. which is creating a nuisance	2505 Feet

The Norfolk County Mosquito Control Commission reported the following activities in Norwood in 1967.

Aerial larvicide	300 Acres
Misting from trucks	2,300 Acres
Winter pre-hatch dusting	17 Acres
Drainage ditches cleaned	10 Culverts
Catch basins treated	1,756 Catch basins
Fog application	2,475 Acres

The Norwood Housing Authority is composed of 4 elected officials and one State-appointee. One member is elected or appointed each year for a term of 5 years. It's main function is to administer Public Housing Developments in the Town of Norwood, and to recommend construction of new developments, when and if needed.

The Authority currently administers a 75 unit State-aided Veterans Project completed in 1950, a 50 unit State-aided Elderly Project completed in 1961, a 36 unit Elderly project completed in 1965, and a 72 unit Elderly Project now under construction. Financing of these projects are by public bond issues. The Commonwealth of Mass. guarantees payment of the bonds over a 40 year period. The Commonwealth pays an Annual subsidy to the projects ranging from 2½% for the Veterans Project to 4% for the Elderly Projects. If income from projects results in a surplus, the Annual subsidy is reduced accordingly. This year the subsidies on both Veterans and Elderly Projects were reduced \$5,000.00. Since the Commonwealth pays a subsidy and guarantees payment of the bonds, all major decisions and expenditures must receive prior approval of the State's Division of Housing, Department of Commerce and Development. The primary purpose of Public Housing legislation is to provide decent housing for low-income persons at rents they can afford to pay.

In the selection of tenants for the various projects, the Authority gives first preference to long-time residents of the Town, provided that they are of low-income and in need of housing accommodations.

Washington Heights, the State-aided Veterans Project 200-1, is located at Roosevelt Avenue and Jefferson Drive. It is composed of 33 five room single houses and 42 four room apartments. The average monthly rental is \$51.50. Tenants pay for all utilities except water. To qualify for admittance, applicants must meet the following requirements: 1. Veterans of the armed services of the U.S., 2. Low-income, 3. Have a need for housing, 4. Have dependents.

Under legislation passed in 1966 and 1967, Vietnam Veterans, Elderly Persons, and other low-income persons became eligible for occupancy in 200-1 Projects. Rents are based on a certain percentage of annual net income received as follows: 18% for a person with one child, 16% with 2 children, and 14% with 3 or more children with a reduction from annual income of \$200.00 for each child over 3. This project is 100% occupied and there are 43 applications for admittance on file. This year a Contract for the Furnishing & Application of Vinyl Siding and the Exterior Painting of 22 buildings was let out. The low bidder was Joseph Cucci & Son in the amount of \$26,580.00. Bird & Son vinyl siding was used on this job. The sum of \$1,495.00 was expended on aluminum combination windows. In 17 years of operation, the Veterans Project has taken in approximately \$700,000.00 from rentals. \$85,000.00 is on deposit in Norwood Banks.

Willow-wood Terrace, the State-aided Housing for the Elderly Project 667-C, is located at Railroad Avenue, Hills Street, and Adams Street. There are 86 three room apartments housed in 10 two-story brick-veneer buildings with a Community Building consisting of recreation hall, laundry, kitchen, and the Authority Office. Currently there are 70 single persons and 16 couples residing in these apartments. Average monthly rent is \$57.40, which amount includes all utilities. Ten new tenants moved in during the year. In order to qualify, applicants must meet the following requirements: 1. They must be of low-income, 2. In need of Housing, 3. 65 years of age or over, 4. Citizens and residents of the Town, 5. Physically able to care for the apartments. This project is 100% occupied and there are 201 applications for admittance on file. In 6 years of operation, this project has taken in about \$300,000.00. \$54,000.00 is on deposit in Norwood Banks.

The 72 Unit Elderly Project 667-3, now under construction, is located off Nahatan Street bounded by Pleasant, East Rock, and East Cross Streets. This project is scheduled for completion in October of 1968. It consists of one 24 unit building, 3 sixteen unit buildings, and a Community Building. The low bidder for this development was the Paul Sardella Construction Co. of Roslindale in the amount of \$979,000. Contracts were signed on September 27, 1967, and construction began on October 13, 1967. Architects for the project are Wm. Nelson Jacobs Associates, Inc. of Boston, Mass.

At this time we would like to express our deep regret on the untimely passing of our friend and colleague, Mr. Arthur H. Gleichauf. Mr. Gleichauf

served a little more than a year on the Authority, but his experience and know-how were invaluable in getting this new project off the ground.

Our thanks also to the Town Officials and Department Heads for their cooperation and assistance.

REPORT OF MORRILL MEMORIAL LIBRARY

Personnel administration, collective bargaining, and the role of the trustee were matters that combined near the end of 1967 into an important issue and required considerable attention from the Board.

Since the Board of Trustees is still giving these complex matters its careful consideration as the new year begins, they will be left for explanation in the 1968 report.

SERVICES AND EVENTS

Theodore Crawford was elected to his third consecutive term as Trustee. He was also elected by the Board as chairman, with O. Hunt Bowman as vice chairman and Charles Joyce as secretary.

Olga Abdallah was elected to a three year term as Trustee, succeeding Robert Fox.

Eugene Dooley was elected to serve the remaining two years of the seat Mrs. Ada Keedy had been occupying thru an interim appointment by the Trustees and the Selectmen.

Susan Marcus was hired as a part-time professional February 2.

Nancy Buck was hired as a professional, September 1, 1967. This brought the Library to full staff for the first time in three years—since Mrs. Allen's retirement as Branch Chief in 1964.

Esther Pearson retired as Circulation Chief December 31. Mrs. Pearson started her career at the Library as an assistant September 15, 1947. Under the guidance of former Librarian Edna Phillips, she worked up to the position of Adult Department Librarian in Charge of Circulation. This position was later revised that of Circulation Chief, in which capacity Mrs. Pearson played a key role in the revamping of all circulation procedures.

Esther Pearson and Howard Miller started and substantially completed the organization, evaluation, and cataloging of the Historical Society's Library at Day House. They also revised the list of Norwood industries.

Under the new state collective bargaining law for public employees the staff organized into two groups, the Morrill Memorial Library Staff Association and the Norwood Library Professional Association. The custodians had previously joined the local chapter of the American Federation of State, County, and Municipal Employees to which many other Town employees belong.

Olga Abdallah and Roger MacLeod were appointed by the Board as an Art Display Committee. With the help of the Canton Art Society and the Norwood High School Art Department, they organized the first annual Library Art Exhibition, featuring paintings by adult residents of Norwood and by Norwood High School Students. The exhibition opened on Sunday May 7 to a gratifyingly enthusiastic response. The display continued thru the month of May, and its success seems to assure its continuance this year and in the future.

Mary Grover displayed several of her oil paintings at the exhibit and later donated one to the Library at the request of the Trustees. The painting, a seascape entitled Summer Glow, now hangs on the first mezzanine reading area.

The Friends of the Library group was reactivated after a lapse of four years, largely thru the efforts of Trustee David Curley. Mrs. Alan Danovitch became President of the new group, which was dedicated primarily to bringing free cultural and educational programs to Norwood. The three programs offered in the fall of 1967 were a lecture by Father O'Connor the "Jazz Priest," a demonstration by the Boston Ballet Company, and a showing of selections from film comedy classics. All were very well presented, attended, and appreciated.

The Women's Community Committee continued its long-standing generosity to the Library with the gift of a drive-up book return box. This enables patrons to return books when the library is closed.

Friends of the late Helen Blair contributed \$205 to a memorial fund for the purchase of children's books. This very fitting memorial was put to immediate use with the purchase of much needed titles.

A Blue Ribbon Committee was appointed by the Trustees to determine the names of authors to be inscribed on the front of the building addition. The Committee consists of Chairman Andrew Monahan, John J. Flaherty, head of the High School English Department, Mrs. John Bremer of the Women's Community Committee, former Trustee Robert Fox, and Librarian Emeritus Edna Phillips.

The Library Addition Building Committee virtually completed its work as the addition neared the two year old mark. The Committee is expected to make its final report to the 1968 Town Meeting. The Trustees and Staff of the Library wish to thank the Committee members for their outstanding work over a long and difficult period. The splendid building whose renovation and expansion they guided will be an enduring tribute to them.

REPORT OF MUNICIPAL LIGHT DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

The year 1967 was one in which there was a great deal of progress made in our planned 13.8 KV expansion.

It was a year that saw the conversion of a major portion of the series street lighting to the more modern multiple mercury and incandescent lighting. In addition to the benefits of better lighting the removal of the series wiring has made precious space available and was instrumental in improving our outage frequency.

An increase in kilowatt hours consumed of 5.42% over 1966 was experienced.

The department expects 1968 to be a year of continued growth influenced by the Polaroid and Star Market complexes.

I would like to express my thanks to all members of the Light Department as well as all other Departments of the Town for their cooperation.

I offer the following statistical data relative to the operation of the Light Department for the year 1967.

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen
Norwood, Massachusetts

Gentlemen:

The Norwood Bureau of Old Age Assistance submits its annual report for the year ending December 31, 1967.

New amendments, previously referred to, made a deep impact on the assistance programs administered by this Department.

The Medical Assistance program particularly accounted for an enormous increase in caseload and medical expenditures. The intent of this expanded program of medical assistance is to give comprehensive medical care to Mass. residents who do not have enough money to provide for their own medical needs. There is joint support by Federal, State and Town Governments and offers a broad basis in the determination of eligibility. Consequently many families have availed themselves of these broad features to provide medical care for their children.

The Annual Report of the Town Accountant shown elsewhere in the 1967 Town Report shows the Financial Account of the Old Age Assistance Bureau.

The Bureau wishes to express its appreciation to all Town officials and Departments for their cooperation in 1967.

Respectfully submitted:

A. FRANKLIN SWIFT, JR., Chm.
ERNEST G. PACIORKOWSKI
FRANK R. SIMONI

REPORT OF PERMANENT BUILDING CONSTRUCTION COMMITTEE

To The Townspeople of Norwood:

The Permanent Building Construction Committee herewith submits its Second Annual Report to the Town of Norwood in accordance with Article 40 of the Adjourned Special Town Meeting of January 3, 1966. The Committee is pleased to state that all four projects referred to them are underway, with the Cemetery Garage completed.

The George F. Willett Elementary School is being constructed by Rocheford Construction Co., Inc. of Natick, and the Committee anticipates occupancy by the 1968 school year. The Norwood Junior High School North is being constructed by C. R. Burns & Sons, Inc. of Brookline, and the Committee anticipates occupancy by the 1969 school year. The World War II Community Center has been awarded to A. T. Scanzillo Co., Inc. of Dedham, and the Committee anticipates completion by October of 1968.

The Permanent Building Construction Committee would like to thank the Town Meeting Members for their support and appropriation of the necessary funds in order that these projects might be completed for the citizens of the Town of Norwood. We seek your continued support in order that we may serve the best interests of the Town of Norwood.

The following is a resume of the activities of the Permanent Building Construction Committee since its last report to the Townspeople of Norwood. A separate financial statement appears at the conclusion of this report.

In January of 1967 the Chairman of the Committee met with the Board of Selectmen concerning the land takings for the Junior High School site. The Selectmen authorized the Committee to proceed with the necessary details on their behalf.

In February 1967 Town Treasurer Raymond T. Halloran met with the Committee to cooperate in a scheduling of the borrowings for the two schools and the Civic Center addition. The Chairman met with the Planning Board to explain the abandonment of a portion of Westover Parkway in connection with the elementary school site. The Planning Board agreed to furnish its report to the Selectmen as promptly as possible.

During the same month the Chairman met with the Board of Selectmen and obtained their agreement to hold a Special Town Meeting concerning the elementary school, the junior high school, and the Civic Center addition. Committee Member Walter J. Dempsey reported that the Attorney General's Office would require Town Meeting action concerning the acceptance of the Norwood Servicemen's Fund.

Also in February of 1967, the Committee obtained approval from the State Emergency Board for the borrowing on the two schools which would

be outside the debt limit. On February 28, 1967 the Chairman attended the public hearing held by the Board of Selectmen concerning the abandonment of a portion of Westover Parkway for the elementary school site.

At the meeting of March 2, 1967, the Committee opened ten bids received on the Cemetery Garage. The low bid was \$41,890.00 by Dunphy & Craig, Inc. of Quincy. At the same meeting the Committee named the two schools as follows: the George F. Willett Elementary School and Norwood Junior High School North. In March the Chairman obtained the support of the Finance Commission for funds to purchase or take a small portion of land for the Norwood Junior High School North.

At the Special Town Meeting held March 9, 1967, the Permanent Building Construction Committee sought and obtained from the Town Meeting the following action: under Article 1, the abandonment of a portion of Westover Parkway; under Article 2, transfer of the necessary land for the George F. Willett Elementary School; under Article 3, \$2,500.00 to purchase or take a small parcel of land for the Norwood Junior High School North; and under Article 4, ratification and acceptance of the Norwood Servicemen's Fund for the World War II Memorial Community Center as an addition to the Civic.

At the Committee meeting March 10, 1967, the contract for construction of the Cemetery Garage was awarded by the Committee to Dunphy & Craig, Inc. of Quincy. The contractor began construction of the garage.

In March of 1967 the Committee also advertised for bids to clear the site for the George F. Willett Elementary School. The Committee awarded the contract to Maltby, Inc. of Stoughton, the low bidder, at \$5,250.00.

Town Engineer Robert A. Hamilton met with the Committee on March 30, 1967 to discuss the cross-over bridge at the George F. Willett Elementary School and explained the long range possibilities of Germany Brook.

In April 1967 the Committee informed the Appointing Authority that the terms of John P. Mogan and Ernest G. Paciorkowski were about to expire. At the April 20, 1967 meeting, the Committee by-laws were amended, as proposed by the Chairman, so that the election of officers would be held each year at the first meeting in April. At the meeting Justin C. Barton was re-elected Chairman. The following Sub-Chairmen were appointed to the projects: John P. Mogan, Cemetery Garage; Ernest G. Paciorkowski, George F. Willett Elementary School; John J. Egan, Norwood Junior High School North; and Walter J. Dempsey, World War II Memorial Community Center.

In May the Committee was advised by the Appointing Authority that members John P. Mogan and Ernest G. Paciokowski were re-appointed for three-year terms. The Board of Health Agent met with the Committee stating that gasoline traps had to be installed in the Cemetery Garage, which was already under construction.

On May 25, 1967 John P. Mogan was re-elected as Vice Chairman.

On June 29, 1967 the Committee opened six bids received for the George F. Willett Elementary School. The low bid was \$1,246,055.00 by Rocheford Construction Co., Inc. of Natick, Mass. Approval was obtained from the Department of Natural Resources under the "Hatch Act" for work at the elementary school.

At the July 6, 1967 meeting the Committee selected William Mansell of Waltham as Clerk of the Works for the elementary school. In July the Committee met with the Finance Commission concerning additional funds for the elementary school and concerning funds for the taking of Forrest Avenue Extension for the junior high school.

At the Special Town Meeting of July 25, 1967, the Permanent Building Construction Committee sought and obtained from the Town Meeting the following action: under Article 2, an additional sum of \$150,000.00 for the George F. Willett Elementary School; under Article 11, the sum of \$200.00 for takings of the Forrest Avenue Extension.

In August the Committee obtained approval from the State Emergency Finance Board for borrowing outside the debt limit of the additional \$150,000.00 for the elementary school. On August 10, 1967 the Committee awarded the contract for the George F. Willett Elementary School to the low bidder, Rocheford Construction Co., Inc. of Natick who immediately commenced work.

Also in August the Committee advertised for applicants for Clerk of the Works at the junior high school. Change Order No. 1, reducing the elementary school contract by \$18,534.00, was executed by the Committee. Approval was received from the Norfolk Probate Court concerning the Norwood Servicemen's Fund for the civic addition.

On November 2, 1967 the Committee opened six bids for the Norwood Junior High School North. The low bid was \$2,674,000.00 by C. R. Burns & Sons, Inc. of Brookline, Mass. On the same evening the Committee met with the Finance Commission for additional funds. At the Special Town Meeting that night, the Permanent Building Construction Committee sought and obtained from the Town Meeting, under Article 10, an additional sum of \$223,000.00 for the Norwood Junior High School North. The Committee subsequently met with the State Emergency Finance Board and obtained their approval for the additional funds.

In November, Sub-Chairman Walter J. Dempsey reported that the Norwood Servicemen's Fund of \$118,201.82 was received by the Town Treasurer for the Civic addition.

On November 24, 1967 the Committee awarded the contract for the Norwood Junior High School North to the low bidder, C. R. Burns & Sons, Inc. of Brookline and hired Mr. Charles A. Withington of Dedham as Clerk of the Works. The contractor commenced work immediately.

PERMANENT BUILDING COMMITTEE: (Sitting) Ernest G. Paciorek, Edward H. Thompson, Walter J. Dempsey, Chairman Justin C. Barton, John J. Egan. (Standing) Ernest G. Paciorek, Edward H. Thompson, Walter A. Blasenak. (Absent) John P. Mogan.

On November 30, 1967 the Committee opened eight bids for the World War II Memorial Community Center. The low bid was \$352,980.00 by A. T. Scanzillo Co., Inc. of Dedham, Mass. and the contract was awarded on December 8, 1967. Due to the holidays, construction was not to commence until January 2, 1968. However, because of heavy snows and subsequent severe cold weather, construction could not commence as anticipated.

The Permanent Building Construction Committee would like to thank all Town Boards and Departments for their assistance and cooperation. In particular, we would like to thank the General Manager's Office, the Board of Selectmen, the School Committee and School Department, Town Clerk and Accountant Bartley W. Connolly and his department, Town Treasurer Raymond T. Halloran and his department, Town Counsel Walter J. Gotovich, Town Engineer Robert A. Hamilton and his department, and the Finance Commission. The Committee would also like to thank Dr. Philip O. Coakley, Superintendent of Schools; Richard E. Ready, Superintendent of Recreation; and Patsy F. Santoro, Superintendent of Cemeteries, all of whom serve on this Committee and who have given their time and assistance for their respective projects.

REPORT OF PLANNING BOARD

The Norwood Planning Board submits the following report of its activities for the year 1967.

During the past year, twenty-five meetings were held at the Municipal Building starting with an organizational meeting on January 23rd, at which time J. Edward Bamber was elected Chairman and E. William Bamber was elected Clerk. The remainder of the Board consisted of Francis Wisgirda, James T. O'Sullivan, and Thomas A. Riolo. In addition to the regular meetings, the Board, or individual members of the Board, met on numerous occasions with other boards, groups, and citizens of the town.

Although the activities of the Board have somewhat lessened as to the number of new residential subdivisions being submitted for approval, this slack time has been more than taken up with other problems such as previously approved subdivisions, zoning changes, apartment complexes, and industrial developments.

This past year has started to show the results of your Planning Board's initiated action (Fay, Spofford, and Thorndike Report) on the Meadow Lands adjacent to the airport. In the future, the Planning Board will, no doubt, again come before the Town Meeting seeking funds and support for planning studies of a similar nature.

The Planning Board would like to give particular recognition to Mary Baum, its Secretary, and Town Engineer Robert A. Hamilton, for his assistance and preparation of reports. The Board would also like to acknowledge the service given to the town by J. Edward Bamber, who is leaving the Board after ten years.

The following plans submitted to the Board were voted as not requiring approval under the Subdivision Control Law:

Submitted By:	Location of Property:
Carl Johnson	Access Road
Herb Anderson Motors, Inc.	Route #1
Monroe-Langstroth	Route #1 & Sumner St.
Cabot, Cabot & Forbes	University Ave.

REPORT OF PUBLIC WELFARE

To the Honorable Board of Selectmen
Norwood, Massachusetts

Gentlemen:

The Norwood Board of Public Welfare submits its Annual Report for the year ending December 31, 1967.

A. Franklin Swift, Jr. was unanimously voted Chairman at a regularly scheduled Board Meeting in July and thanks were expressed to Frank Simoni for his extended service as Chairman.

A number of major changes occurred in the Welfare system throughout the Commonwealth during 1967 with resulting increased costs and expenditures in all categories of assistance.

A cost of living adjustment of approximately 5% increased cash grants to all recipients in September. This was closely followed by a revised Fee Schedule to the State Medical Care Plan, which generally increased fees paid for hospital, medical, surgical, dental and drug Services and Procedures.

In late September the Massachusetts Legislature passed, and the Governor signed into law Chapter 658 of the Acts of 1967—an act reorganizing the Department of Public Welfare and providing for the direct administration of the Public Welfare system of the Commonwealth by that Department. This means that the State will pick up both the entire local cost of Public Welfare and the duty of actually administering welfare programs and services for families and individuals.

The effective date of this take-over is July 1, 1968 at which time the local Welfare office will cease to function as a Town Department and will become a part of the State Government.

The 1967 Welfare Caseload follows this report.

Appreciation is expressed to all Town Officials and Departments for their cooperation throughout the year.

Respectfully submitted:

A. FRANKLIN SWIFT, JR., Chm.

FRANK R. SIMONI

ERNEST G. PACIORKOWSKI

REPORT OF CLERK OF PURCHASES

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

During the past year of 1967, this office placed 1475 purchase orders in response to requisitions from all Town departments.

Prices were again on the increase and the copper market was still unreliable, due to the strike, with prices changing day by day.

Deliveries on electrical appurtenances were also hard to establish and orders on transformers, line wire, and insulators were placed in anticipation of long waiting periods.

Advertisements and specifications were prepared as usual and computations of bids were made to assure the Town of the best in quality on both equipment and materials.

I would again like to take this opportunity to thank all departments for their cooperation in submitting their requisitions well in advance of their requirements in order to enable this department to obtain good competitive prices.

Very truly yours,

JOHN J. McAULIFFE
Clerk of Purchases

In Retirement

JOHN L. COLLINS

John L. Collins started work in the Norwood Public Works Department on February 23, 1953, and worked as a laborer in the department until his retirement on June 1, 1967.

He worked also for the department for a short time in the early nineteen forties.

In Retirement

JAMES COSTELLO

James Costello started work in the Norwood Public Works Department on August 14, 1950 and worked as a laborer in the department until he retired May 8, 1967.

In Retirement

MICHAEL CLANCY

Michael Clancy started work in the Norwood Public Works Department in September of 1954 and worked as a laborer until he retired on January 1, 1967.

In Retirement

JAMES KAZETTA

James Kazetta started work in the Norwood Public Works Department on March 27, 1935 and worked as a laborer until he retired in December of 1967.

We of the Public Works Department extend our congratulations and best wishes to the above men for working so faithfully in the department for many years and wish them good health and many happy years in their retirement.

In Retirement

PAUL THOMAS

Paul Thomas started work in the Public Works Department on November 1, 1925 assisting his father drilling and blasting ledge rock.

Subsequently, he became a chauffeur. Paul was twenty years a foreman of the Sewer and Drain Division. He retired on July 14, 1967.

In Memoriam

LOUIS BREEN

Louis Breen started work in the Norwood Public Works Department in July 5, 1950 and worked as a laborer and chauffeur for a number of years.

During the past few years he had been out sick. He died on December 31, 1967.

The Town of Norwood expresses its gratitude for his faithful service, and extends its sympathy to his family.

REPORT OF PUBLIC WORKS DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Superintendent of the Public Works Department for the year 1967.

HIGHWAY DIVISION**Street Maintenance**

A program of maintenance for town ways, street signs, guard rails, culverts, bridges, brooks, curbing and sidewalks were cared for throughout the year.

Liquid road asphalts in the amount of fifty thousand gallons were applied to streets that needed attention. Gravel stone was used for cover of the asphalt.

Pleasant Street from Dean Street to Hillside Avenue was repaved under the Chapter 90 Maintenance Program.

Oak Road from Nichols Street to Highland Street was repaved following construction of asphalt curbing.

Nichols Street between Elliott Street and Shattuck Park Road was repaved.

Philbrick Street between Washington Street and Warren Street was repaved.

New Highway Construction

A section of University Avenue was constructed under contract.

Nichols Street in 1966 Chapter 90 Construction Project was completed in the spring by William Capone Company.

Tremont Street was reconstructed by contracts. Our engineering department designed the project and supervised the work. The Waterways Division of the Massachusetts Department of Public Works designed the New Hawes Brook-Washington Street Bridge and supervised its construction.

Drain Maintenance

Damages to both main and lateral pipes were promptly repaired. Numerous worn and broken castings were replaced. Several catch basins and manholes were rebuilt.

Sidewalk Maintenance

Warren Brothers Roads Company placed a bituminous concrete recap on the following sections of Washington Street sidewalk:

1. Westerly side between Bond and Hoyle Street.
2. Easterly side from St. John Avenue northerly 200 feet.

Maintenance and Control of Traffic

Traffic lines, parking lines, crosswalks and curbing were marked and painted where needed.

New regulatory signs such as "Go Children Slow," "Stop" signs and various types of "Parking Signs" were replaced or repaired where needed.

We have set up a new electrically operated machine for fabricating reflectorized street and traffic signs.

Parking Lots

The five town parking lots were maintained.

Parking Meters

Meters were checked daily, collections made regularly. Meters and posts were either repaired or replaced as needed.

SEWER DIVISION

The department made a 150 foot extension to the Downing Street sewer main and constructed one manhole.

The department reactivated a section of the former Pleasant Street 16 inch cast iron force main to service Warren Chemical Company. A new manhole was built at the end of the line.

A service and a trap manhole was constructed for the Kelek Company.

Sewer Statistics

1. Number of dwellings, January 1, 1967	6248
A. Number of dwellings built in 1967	37
B. Number of dwellings removed in 1967	7
Total number of dwellings, December 31, 1967	6278
2. Sanitary house connections made in 1967	54
3. Sanitary house connections abandoned in 1967	4
4. Total number of sanitary house connections in operation December 31, 1967	6142
5. Total length of sewer mains in operation January 1, 1967	86.24 miles
6. Total length of sewer mains built in 1967	1.51 miles
7. Total length of sewer mains in operation December 31, 1967	87.75 miles
8. Broken mains repaired during the year	2
9. Broken services repaired during the year	13
10. Manholes rebuilt	6
11. New manholes built by Town Force	5
12. Broken or worn castings replaced	8
13. Locked type covers installed	2
14. Main stoppages	24
15. Service stoppages	236
16. Services relaid	5

17. Sewer Station at Winter Street and Spruce Road regularly inspected and maintained.
18. The department supervised the construction of all services laid by developers.

WATER DIVISION

1. Number of water services, including all services for public and private buildings, cemeteries, parks and fountains excepting services for fire purposes only in use December 31, 1967 6714
2. Number of above services equipped with meters 6714
3. Number of fire services connected and ready for use December 31, 1967 73
4. Number of fire hydrants connected and ready for use December 31, 1967 797
5. Length in feet of each size of water main pipe four inches and above, in use December 31, 1967

	1,324,387,724	21,867,000	1,816,000	1,348,070,724

Yearly total pumped	1,348,070,724 gallons
Highest day—June 16, 1967	5,432,000 gallons
Highest week—June 4-10, 1967	34,729,000 gallons
Water supplied to distributing mains during the year	1,348,070,724 gallons

Pumps at the Town Well Supply at Ellis Stations and at Westwood were regularly operated to see if all equipment functioned properly.

The Westwood Well was run 24 hours a day from April 18, 1967 until May 4, 1967 in order to keep down the ground water level in and around Buckmaster Pond. Twelve inches of water was running through the overflow pipe out of the pond on May 27, 1967.

The water and sewer services to the buildings of the former Veterans Project were cut off from the water and sewer mains in Veterans Road. The new Cemetery Garage is now serviced by the mains in Veterans Road.

The Town, by contract, placed the following mains during the year.

1. Eight inch pipe from the Union Street dead end seven hundred feet to Route 1 thence northerly to tie in with the main at Traphole Brook on the east side of the Boston-Providence Highway.
2. Eight inch pipe from Westover Parkway at Eden Road to the property line of the George F. Willett School.
3. Sixteen inch from the Nahatan Street dead end near Mason-Neilans driveway westerly to Rock Street.
4. Sixteen inch from 24 inch Route 1 main in and through Ellis Station watershed thence in and through University Avenue to property of Star Market. Twelve inch tie-in with American Drive Main.

The Department carried out the following assignments:

1. New water mains laid by contractors were tied into existing mains in town ways by the department.
2. Supervised and inspected all new mains and services laid by developers. Assisted engineers from the Town, State, Consultants, and Insurance Groups in determining the location and depth of pipes below ground conducted flow tests upon the request of insurance groups.
3. Located water curb boxes where necessary and replaced broken boxes.
4. Replaced broken main water gates boxes and adjusted those above or below grades.
5. Hydrants on dead end lines were blown off Spring and Fall. Considerable colored water was experienced in certain areas during warm weather.
6. Constant hydrant inspections were carried on during Winter months.
7. Hydrants either damaged beyond repair by vehicles or inoperative due to age were replaced promptly.

8. Pipe and fittings were placed at locations where new mains were to be laid.
9. Domestic meters were read quarterly and factory meters monthly.
10. Check valves where private supplies were cross-connected to the Municipal Supply were inspected quarterly.
11. Stopped meters were either repaired or replaced.
12. Meters were set on new services and service calls were made promptly when requested.
13. The water properties were regularly patrolled and maintained.
14. Responded to all fire alarms in industrial and mercantile areas.
15. Three quarters of the hydrants were painted using a red enamel on the barrel and a reflectorized yellow paint on the bonnet and the connections.
16. Replaced twelve playground bubblers broken by vandals.
17. Repaired meters at the Westwood Well.

FORESTRY

Moth Suppression—Dutch Elm Disease Control

1. Elm trees when in leaf were sprayed by a contractor for the control of the Elm Leaf Beetle.
2. A contractor removed many diseased trees and trimmed trees on various streets of the Town. Ivy and roadside weeds were sprayed in July.
3. A high wind on May 26, 1967 brought down many tree branches.
4. Roadside brush was cut in outlying sections of the Town.
5. Forty-five Norway Maple trees were planted in front of property owners' homes.

RUBBISH COLLECTIONS

The monthly collections have been adhered to. Christmas trees were collected in January. A collection was provided by Town during the May Clean-Up Campaign for household items not normally allowed to be set out.

Collection was made at Municipal Buildings and at street rubbish cans once each week.

DUMP

The contract was again awarded to A. Shagoury and Company, Norwood, Mass. for continuing the Sanitary Land Fill operation at the Municipal Dump. Mr. Shagoury continues to operate the dump in a most excellent manner.

NEW EQUIPMENT

The following equipment was purchased for the department. Specifications for the same were written by the department.

1. Truck #44, Class 1200, $\frac{3}{4}$ ton pickup.
2. Truck #45, Class 1500 International $1\frac{1}{2}$ ton dump truck.

3. Truck #46, Model 8500 G.M.C. truck with 16 cubic yard Gar Wood Load Packer Rubbish Body with Systrom 10 foot one way snow plow.
4. Truck #47, $\frac{3}{4}$ ton pickup. The Payne Dean Water Valve equipment was transferred to this truck.
5. Number 58, Ford Station Wagon.
6. One American Trailer Mounted Leaf Machine.

1967 SNOWFALL STATISTICS

Snowfall	January	0.5 inches
	February	28.0 inches
	March	29.1 inches
	April	4.0 inches
	May	Trace
	November	4.5 inches
	December	17.3 inches

The total for 1967 was 83.4 inches, which is about 34 inches above normal.

The heaviest storms were:	February 7th	10.9 inches
	February 23rd	5.2 inches
	March 7th	8.4 inches
	March 15th	8.2 inches
	March 22nd	8.9 inches
	December 23rd	5.0 inches
	December 28th	9.2 inches

A glaze and ice condition occurred on March 5th and 6th.

A sneak snowfall of 3.5 inches on November 15th, and a cold spell created the worst traffic jam in years throughout the area.

December 30th snow removal was carried out while the temperature was 20 degrees below zero.

1967 RAINFALL

Minor flooding due to heavy rains occurred on March 7th, May 25th, and September 29th. The latter two dates each totaled over 3 inches of rain in the 24 hour period. Total precipitation for 1967 was 47.69 inches, which is about 2 inches above normal.

PARKS AND PLAYGROUNDS

All the Parks, playgrounds, tennis and baseball diamonds were cleaned of debris and rolled in the spring. Grass was treated with lime and fertilizer and mowed during the grass growing season.

The growing season was extremely wet necessitating frequent cutting. Shrubbery was trimmed at the end of the growing season.

Brush was cut from wooded park and playground areas. Skating rinks were maintained during the ice season. Assistance was given to promote events connected with the Town Fourth of July Activities.

All of the playground equipment was inspected, repaired, painted and erected at the different playgrounds.

Mr. Frank Clem did a most excellent job of conditioning and maintaining the Civic Tennis Courts.

Various baseball diamonds, including four Little League fields were graded and maintained.

Hawes Brook Pool and Father McAleers Pool and buildings were maintained from opening day in June until Labor Day.

Hawes Brook Pool is being kept filled with water during the winter months.

Inspections of Hawes and Father McAleers properties are made twice each week.

The K.O.M. Company under contract supervised by Land Architects Shurcliff and Merrill made the Wilson Street Babe Ruth Field. The results are excellent and it is to be hoped no play is to be allowed there until August of 1968 in order that the grassed area may have an opportunity to form turf.

PUBLIC WORKS BUILDINGS

All buildings require repairs and painting. The public works yard is out grown and the facilities insufficient.

MISCELLANEOUS WORK

1. Automotive maintenance work for the following departments:
Cemetery, Engineering, Light and Public Works.
2. Issued gasoline to the following departments:: Cemetery, Engineering, Light, Police, Recreation, Scheool and the Municipal Building.
3. Grounds maintenance to the following departments: Cemetery, Light, Recreation, School and the Municipal Building.
4. Maintenance of Honor Roll.
5. Erection of school department playground equipment.
6. Handling of voting equipment.
7. Installation of flag holders prior to National Holidays.
8. Christmas Lighting.
9. Furnishing equipment and labor to Cemctery, Civil Defense, Engineering, Municipal Building, Light and School Departments.
10. Private requests to destroy hornets and bees.
11. Test holes required by architects and consultants retained by the Town of Norwood and the Housing Authority.
12. Conferred with private architects consultants and contractors interested in both private and town work.

13. Inspected work of contractors and utilities in Town ways.

I wish to thank the Board of Selectmen, General Manager Walter A. Blasenak, and the various department heads and other town officials and the personnel of my department for their cooperation during the year.

Respectfully submitted,

ALBERT E. CASEY

Superintendent of Public Works

REPORT OF NORWOOD RECREATION ADVISORY COMMITTEE

* Resigned

The Recreation Advisory Committee held seven meetings for the year 1967. At the annual meeting on June 19, George Kozak, Chairman, and Frances L. Blanchot, Secretary, were elected to serve for one year.

During June and July, the Committee met on three occasions relative to Article 5 of a Special Town Meeting Warrant to be voted on July 25. A letter covering the vote of the Committee regarding the land in question was forwarded to the Board of Selectmen.

The following recommendations which were discussed at a joint meeting with the Board of Selectmen in February were reviewed at our November meeting and are repeated together with additions for your consideration:

Wading pools for Hawes Brook and Father MacAleer's

Improvement of exhaust system at Civic Swimming Pool

Better maintenance of playgrounds

Consider establishment of a Park Department (incorporate with maintenance of skating and recreation areas)

Lighting for Endean Playground for evening activities

Equipment at Winslow and Cleveland Schools—Bad condition and insufficient.

FRANCES L. BLANCHOT, Secretary

REPORT OF RECREATION DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

Again we submit to you with extreme pleasure our report of activities of the Recreation Department for the year just concluding. The report for the year 1967 is the nineteenth submitted by the undersigned and the twenty-third report since the Department began operation on a full time basis in 1945.

Norwood's growing population participated in the various programs of the Recreation Department in ever increasing numbers in 1967, taxing all facilities to the maximum and putting additional strain on the fine staff of leadership in the Department. It is due to the efforts of the Recreation Department staff that success was enjoyed during the year. Their enthusiastic approach to their work provided the motivation so necessary to stimulate and sustain the interest of participants in programs. Without this, the finest of programs cannot succeed.

At this writing, work is beginning on the World War II Memorial Community Center, to be constructed as an addition to the present Recreation Center building. Unavoidable technicalities forced delay of almost six months in proceeding with this project, but we can almost surely look forward to completion in 1968 with a subsequent notable increase in activities and programs possible. Everyone awaits this new challenge with great expectations.

Our report of 1967 activities follows in narrative form with recommendations for future attention were appropriate.

SUMMER PLAYGROUNDS

Although the summer of 1967 left much to be desired weatherwise, the summer playground program nevertheless was again most successful. A few activities were lost to inclement weather and overall attendance did not show the increase that might have been expected under ideal conditions. Attendance in general at the various areas showed no marked changes over previous year and attendance figures would seem to justify continuation of supervision at the areas where it is now being provided.

Playgrounds opened for the season on June 26 and operated for the usual nine week season through August 24. They were open daily Monday through Friday from 900 a.m. to 1200 noon and from 1:30 p.m. to 4:30 p.m. Supervision was available at all playgrounds during these hours except during inclement weather.

Supervision was provided at the eight Recreation Department areas — Endean, Eliot Park, Wilson Street, Ellis Gardens, Pleasant Park, Father McAleer's, Bond Street, and the Recreation Center. It was also provided

at the following School Department areas that were turned over to the Recreation Department for the nine week season: Shattuck, Winslow, Callahan, Prescott, Oldham, and Cleveland.

At the Bond Street playground, activities were restricted to girls and smaller boys while at the Recreation Center activities were limited to older boys. All other playgrounds were open to boys and girls of all ages with a male and female Playground Leader assigned to supervise and lead activities.

During the week prior to the opening of the season, a series of meetings was held for all Playground Leaders, the meetings designed to acquaint personnel with their duties during the season. Subjects covered included First Aid, Playground Leadership and Management, Games Leadership, and Arts and Crafts. As a further aid to Leaders during the season, a weekly meeting was held of all playground personnel at which time additional instruction was offered and the supervisory staff had the opportunity to discuss programs, problems, and the like with the Leaders.

Our staff of Leaders and Supervisors in 1967 again proved to be a most loyal and devoted one. They all carried out their assignments in an enthusiastic and efficient manner, enabling the program to run with a minimum of difficulty. We continue to be fortunate in attracting and keeping such fine personnel. Without them the program could not function.

Sports programs were almost exclusively under the direction of the Supervisor of Sports. Returning for his seventh season in this position, the incumbent again carried out his duties in superlative fashion, and was in large measure responsible for making this phase of our overall program one of the best in the area. Under his direction, baseball leagues were conducted for boys of three different age groups and softball leagues were conducted for girls in two different age groups. All details of scheduling, handling of equipment, publicity, and settling of disputes were under the direction of the Supervisor of Sports. The enthusiasm of the boys and girls in the various leagues reflects the value of this part of the program. The Supervisor of Sports also contributed to the planning and conduct of special events during the season and was of great help to young leaders in meeting their day-to-day problems at the playground.

Arts and Crafts as always proved an extremely popular activity, especially with girls and smaller boys. This program was under the direction of a Supervisor of Arts and Crafts, 1967 being her second year in the position. Here again we must commend the efforts of the Supervisor in enabling the Arts and Crafts program to find such acceptance among the youngsters at playground. Major projects were scheduled for each week throughout the season with the Supervisor assisting the Leaders with the project and visiting each playground at least a half day to help the Leader and the children with the project. The Supervisor also prepared and distributed to the Leaders and the children a large amount of material that could be used in Arts and Crafts.

Supervision and instruction in Tennis was provided at the Recreation Center courts for the same nine week season as playgrounds were operated, with the Supervisor on duty during the same hours that playground was open. Hundreds of boys and girls received instruction in this sport that continues to grow in popularity in Norwood. Tournaments were conducted during the latter part of the summer during the daytime for younger boys and girls. Also sponsored were a men's singles tournament, a men's doubles tournament and a women's singles tournament. Appropriate awards were supplied for the winners in recognition of their achievements.

There still exists in Norwood a pressing need for additional tennis facilities. Fifty years ago Norwood had eight outdoor courts, the same number now in existence. Our recommendations for the Playground Improvement budget again this year include the construction of four hard surface courts at the Prescott School area to alleviate the shortage of courts and to provide much needed play facilities for that area of the town.

In addition to these more or less formal programs, the different playgrounds conducted many activities on an individual basis. Flexibility is the keynote of our general program rather than a formal rigid program. A popular activity at one area might not be popular at another, so the day to day activities at the local level are more or less dictated by the interests of the children attending playground.

The Annual Horseshoe Pitching Turnament was a success again in 1967 with participants from all over town gathering at the Recreation Center for this all day affair. Before an audience of some two thousand boys and girls, the Boston Children's Theatre presented two fine performances of live theatre at the Recreation Center on a fine day in August. For many children this is their first and only experience with live theatre. Approximately six hundred boys and girls enjoyed the annual outing at Nantasket Beach with the always popular Paragon Park the mcccc for all during the afternoon. Unfortunately a change in policy regarding group admissions precluded attendance by the playgrounds at Fenway Park during 1967. It is hoped that a reversion to the previous policy of some twenty-five years duration will permit resumption of this feature next year.

Specific recommendations concerning outdoor facilities include the following:

1. Acquisition of land in the Union Street neighborhood for future development of a play area of some sort.
2. Construction of parking area at corner of Washington and East Hoyle Streets to serve baseball field, softball field, tennis courts, and Recreation Center itself. This is even more necessary with the coming addition to the present building.
3. Construction of four tennis courts at Prescott School area.
4. Lighting of four existing tennis courts at the Senior High School.
5. Institution of a program to provide more and better maintenance of outdoor areas during spring, summer, and fall season.
6. Continuation of improvements at Pleasant Park playground including present small size baseball field and area beyond fences. A program of shade tree planting should be carried out in this area also.

7. Acquisition of area adjacent to Prescott School at corner of Dean and Neponset Streets for future playground development.

8. Carrying out of miscellaneous other projects recommended in the 1968 budgets submitted some weeks ago.

OUTDOOR SWIMMING PROGRAM

Norwood's two fine outdoor swimming pools, Father McAleer Pool and Hawes Brook Pool opened for the season on Saturday, June 24 and were open daily for seventy-three consecutive days, closing for the season as is customary on Labor Day. Both pools had swimming classes from 9:00 a.m. to 12:00 noon Monday through Friday and were open for general public swimming from 12:30 p.m. to dark. On Saturdays the pools opened at 12:30 p.m. also and on Sundays at 1:00 p.m., remaining open both days until dark.

Inclement weather held down attendance at the pools somewhat during the 1967 season, but in spite of the weather large crowds nevertheless did patronize both pools. Again we report no serious accidents at either pool. This fine safety record is a tribute to the efficiency of the staff at both pools. Their loyalty and enthusiasm in carrying out their duties enabled countless swimmers to enjoy Norwood's excellent outdoor swimming facilities under the best of conditions throughout the summer. All personnel are to be commended for their services during the season.

Again in 1967 a complete program of instruction in swimming was offered at both pools. Registration for classes was conducted through the local schools in the spring with approximately twenty-five hundred boys and girls registering and subsequently being assigned to classes. Classes for younger boys and girls of the lesser skills were conducted at the outdoor pools while the indoor pool at the Recreation Center was used for those in the higher skills.

Each class met for an hour a day Monday through Friday for a two week period. Those successfully completing a course and passing the final examination were awarded the suitable Recreation Department and American Red Cross certificates. Instruction was provided by members of the staff possessing the required Red Cross certificates.

A total of 765 certificates of various sorts was issued during 1967 to those successfully completing courses, with the breakdown according to skills as follows: 403 Beginners, 166 Advanced Beginners, 105 Intermediates, 45 Swimmers, 25 Junior Life Saving, 6 Senior Life Saving, 7 Water Safety Aides, and 8 Water Safety Instructors. Besides these, close to a hundred certificates were issued to those passing courses during the balance of the year at the indoor pool. Many individuals not successful in passing a particular course still benefited greatly from the instruction they received.

During the summer a Scuba Diving course was conducted at Hawes Brook Pool under the sponsorship of Norwood Civil Defense. The class met two evenings of the week after the pool closed for the day. Several members of the Lifeguard staff took advantage of the course.

Another feature of the outdoor program during the summer was competitive swimming, with the Norwood Sting Rays holding their home dual meets at Hawes Brook Pool. In only their fourth year of competition in the Suburban Swim League, the Sting Rays finished in a tie for first place with Wellesley and then went on to finish first in the Annual Regional Meet of the League also held at Hawes Brook Pool in late August. Close to a hundred boys and girls participated in the program during the summer. The meets were very well attended by an enthusiastic group of spectators who more and more are coming to understand and appreciate swimming. The Sting Rays and their two fine coaches are to be congratulated, not only for their outstanding achievements during the year, but as well for their excellent conduct and display of sportsmanship at all times.

SENIOR SET

The Recreation Department continued in 1967 to offer a program of interesting and worthwhile leisure time activities for Norwood's growing senior citizen population. With increased longevity and earlier retirement, the senior citizen group increases in size each year, and it is considered most important that a serious effort be made to continue to meet some of the leisure time needs of the group through such a program as is conducted.

Programs were offered approximately twice a month during the year and included ever popular card parties, trips to Boston and the surrounding area for shows, ball games, and tours, film programs, speakers, and socials on special occasions. In the new facilities to be completed this year will be included a senior citizens lounge where members of the group can gather days and evenings for activities.

CHESS CLUB

After a good beginning in the fall of 1966, activities of the Chess Club declined during the spring of 1967 for a variety of reasons. Members of this group tended to be among the busiest, thus making it difficult to attend meetings on a regular basis. An effort was made in the fall of 1967 to revive interest but with only a limited response, it was decided to discontinue the club for the present. It is hoped that interest will warrant sponsorship of the club again.

CAMERA CLUB

The Camera Club by way of contrast continued to thrive and grow in membership in 1967. The group meets twice a month at the Recreation Center and at the meetings lively competition in both black and white and color photography is held. The members enter competition outside the club level frequently and they have continued to give an excellent account of themselves and are rated with the top clubs in New England. The members take part in field trips during the year also.

NOR-REC-TOPS

Nor-Rec-Tops is a group of women organized in the fall of 1966 in response to several requests. Their purpose is to "take off pounds sensibly"

(and later to "keep off pounds sensibly"). The group meets weekly at the Recreation Center to discuss ways and means of taking off and keeping off pounds. At the time of celebrating their first anniversary in November of 1967, the club members had lost a total of six hundred and thirty-five pounds, indeed a notable achievement. In the future it is expected that an evening group and possibly a teen group will be added to the program.

INDOOR SWIMMING PROGRAM

Interest and participation in the program offered at the indoor pool at the Recreation Center has continued to increase notably during the past year. A well rounded program of activities has continued with all phases of swimming covered. A Director of Swimming was appointed in the fall of 1967, he having worked for several years on a part time basis in the program. It is expected that he will assume the responsibilities of the program with part time personnel continuing to assist.

A complete program of instruction for children beyond the Beginners level was offered in 1967, continuing on through Life Saving and Water Safety Aide and Instructor. Courses were given for adults and the class for physically handicapped boys and girls was continued with volunteer teen age boys and girls assisting on Saturday mornings with this latter program. We're very proud of the contribution being made by this fine group of young Norwood citizens and commend them for their help.

The program of Water Ballet has continued to be very popular with girls and one evening of the week is set aside for this activity. The girls held another successful Open House in the spring of 1967 on which occasion a large group of parents and friends of the girls attended to enjoy a wonderful water ballet show. During the summer months girls from the program performed at several local pools to the enjoyment of several hundred spectators. During 1967 a few of the more experienced girls took part in synchronized swim competitions against New England wide competition and in every instance performed extremely well.

Competitive swimming has continued to increase in popularity. Starting with a scant twenty-five Sting Rays in 1964 there are now approximately one hundred twenty-five on the team. Dual meets were held from time to time during 1967 with teams of comparative ability in the area with the Sting Rays usually coming out on top. Fifty of the boys and girls were registered Amateur Athletic Union swimmers and participated in meets held throughout the New England area. They gave very fine accounts of themselves, returning to Norwood with many medals and trophies during the year. This fine program of competitive swimming provides an incentive to boys and girls in the instructional program. Everyone wants to be a Sting Ray and from all indications the program will continue to grow.

The Senior High School boys' swim team launched their second season in the fall of 1967 while the girls' team embarked on their first season. Practices for the most part are held at the Recreation Center pool and a few dual meets are also scheduled there. Many of the team members are also Sting Rays and are able to engage in activities of both groups.

As part of the addition to the Recreation Center in 1968, a new dressing room will be built for females and the males' dressing room will be completely remodeled. In addition, there will be facilities for personnel and a small office added. These will all alleviate present crowded conditions and enable further expansion of the program.

BATON TWIRLING

Baton Twirling for girls continued in 1967 to be a very popular program with some hundred and twenty-five girls attending classes held one afternoon a week at the Recreation Center. In addition, instruction in marching was offered on another afternoon for older girls in the marching unit known as the Norwood Rec-Ettes.

Open House was held in June with a fine audience on hand to see the achievements of the girls during the season and the National Baton Twirling Association Competition conducted in November at the Junior High School was another outstanding event. This latter event continued to attract the top twirlers in New England. Several Norwood girls participated in this and other similar contests during the year and received many awards for their excellence. The Rec-Ettes appeared in several local parades and were very well received along the line of march. Activities in the twirling program were aided greatly by the Norwood Twirling Club, an organization of parents of the girls in the program, and their assistance is greatly appreciated.

RIFLE CLUB

The Recreation Department sponsored Junior Rifle Club provided boys in the age group of fourteen through eighteen the opportunity to learn the proper use of firearms under expert instruction and supervision. The Club was divided into two groups, a Beginners and an Advanced Group. Boys in the former group received a complete course in the fundamentals of marksmanship and safety, actually firing a rifle early in their course. Activities of the club included firing for individual awards, participation in the National Rifle Association postal matches, participation in shoulder-to-shoulder matches with other teams in the area, and firing in the annual club championships (open and handicap) held in the spring. The postal team rated in the top twenty nationally and in general the boys had one of their most successful seasons to date. Approximately sixty boys participated in 1967.

GIRLS DRAMA

Sessions of the always popular Girls Drama Group continued through early June of 1967 at which time Open House was held at Social Hall of the Recreation Center. At the Open House the girls in the program performed skits, pantomimes, and the like to demonstrate to the audience of parents and friends the types of activities the girls had engaged in during their weekly meetings during the winter and spring months.

Girls from age seven through approximately fourteen took part in the program in which activities related to the field of Drama were conducted on a somewhat informal basis, the emphasis being on the girls enjoying themselves at their weekly sessions rather than on the formal development of a finished actress. The girls gained experience in expressing themselves, developed poise, and at the same time enjoyed the Drama related activities in association with other girls of their age group.

Unfortunately the Drama Supervisor of two years service who had revived the program in most commendable fashion, moved from this area in late summer and her assistant went away to college. Search is still under way for qualified leadership for the Girls Drama Group and the program most certainly will be started again upon successful completion of the search.

GIRLS' SOFTBALL LEAGUE

Six teams participated in the Girls' Softball League during the 1967 summer season, playing a schedule of sixty games three evenings of the week at the Recreation Center softball field. Some hundred and twenty-five girls played at one time or another during the season and enjoyed the healthy competition and worthwhile physical exercise. The caliber of play continued to improve and the games were played before large and enthusiastic audiences. The girls enjoyed their customary end-of-the-season banquet at a popular local restaurant as a fitting windup of activities for the year.

RECREATION BASKETBALL LEAGUE

The 1966-1967 season of the men's Recreation Basketball League came to a close in February of 1967 with the five teams in the league completing a fifteen game schedule. This program is designed to provide physical exercise and supervised competition on a team basis to young men beyond high school age. Some seventy-five young men participated in the 1966-1967 season, with games played two evenings a week at the Senior High School gym.

When the call went out for teams to sign up for the new 1967-1968 season, it was found that eight teams were interested in competing in the new season. It was therefore necessary to strictly enforce the residency rule which in previous seasons was relaxed to permit sufficient teams to make the league possible. At the present writing, seven teams are competing in the league with good balance and very fine competition. It is expected that this activity will move into the expanded facilities at the Recreation Center next season.

FOURTH OF JULY CELEBRATION

Norwood's 1967 Fourth of July Celebration was another most successful event with many community organizations and countless individuals combining for the observance of Independence Day in fitting fashion. The Recreation Department's direct responsibility was the N.E.A.A.A.U. Swim Meet

held on the holiday afternoon at Hawes Brook Pool before a capacity audience. The meet as always attracted New England's outstanding swimmers, including several participants from the Sting Rays.

The Rec-Ettes, the marching unit of twirlers from the Baton Twirling program, marched in the wonderful evening parade on the holiday. Later on in the evening, the Recreation Department also had responsibility for the excellent fireworks program conducted in 1967 at Eliot Park before the always enthusiastic audience of thousands.

MISCELLANEOUS

The Recreation Department assisted various community groups and individuals during the year in matters relating to recreation. Referrals were made to other recreational agencies and opportunities were made available for conduct of activities by private groups on Recreation Department facilities. The Department cooperated with various other Town of Norwood official agencies in matters of mutual concern. Several nearby communities sought advice and guidance in setting up and conducting recreation programs. The Superintendent served on many local committees concerned with related activities as did other members of the staff. Scarcely a day goes by at the Recreation Office without a request of some sort for assistance with such matters, and the personnel at the office are ever ready to cooperate to the fullest extent possible.

CONCLUSION

Everyone at the Recreation Department is most appreciative of the help rendered by many groups and by many individuals during the year just past. Special thanks go to the Board of Selectmen and their Recreation Advisory Committee, to the General Manager and his fine staff, and to the various other town departments and boards with whom the Department had contact during the year.

Personal thanks go to the sixty-five individuals who were employed by the Recreation Department during 1967 for their continuing loyalty, enthusiasm, and excellence of performance. Without their superb leadership, our successes during 1967 could not have been realized. Finally, and perhaps most important of all, we extend our warmest thanks to the thousands of participants in Recreation Department programs during the year. Their understanding, cooperation, and enthusiastic participation during the year have enabled the Department to continue to move ahead in its quest to provide interesting and worthwhile programs for as many of the citizenry as possible. We promise our continuing efforts to attain our goals. All look forward to 1968 and even further successes.

Respectfully submitted,

RICHARD E. READY
Superintendent

REPORT OF SEALER OF WEIGHTS AND MEASURES

Mr. Walter A. Blasenak
General Manager
Town of Norwood, Mass.

Dear Sir:

I present you herewith, the annual town report of the Dept. of Weights & Measures for the Town of Norwood, for the year ending December 31, 1967

Number of units tested	822
Number of units sealed	789
Number of units adjusted	149
Number of units not sealed	20
Number of units condemned	13
Fees collected and paid to Treasurer	\$1132.70

The essential food items spot checked amounted to 1210 units; the findings of which were 819 correct, 96 were under and 295 were over measurement. The merchants were advised accordingly and they responded cooperatively. This seems to be a practical way of checknig against any possible human or mechanical element pertaining to prepackaging items.

There was one complaint registered by a Norwood motorist pertaining to a gasoline purchase. The complaint was properly investigated and found to have no merit, since the meter was found to be functioning correctly.

New legislation was passed (Chap. 92) regulating the issuance of certificates in connection with delivery of Fuel Oils. The act requires dealers upon deliveries, to present certificates bearing: (prior markings of serial numbers, including the names and address of buyer and seller) also, stating quantity of oil delivered in terms of gallons with fractions if any, and the price per gallon. It also authorizes inspectors to examine same at time of delivery and then in actual possession of person at time of delivery. Penalties of fines and capital punishment are mandated for altering or substituting for fraudulent purposes.

The "Truth in Packaging Bill" has been changed nationally and is now the "Fair Packaging and Labeling Act," which is more clarifying. An example of a coerceful reason for change being that a certain shredded wheat company changed its box dimensions making them higher and narrower so as to contain the same number of 12 biscuits but the net weight declined from 12 ounces to 10¼ ounces without any decline in price per box. The "jumbo," "economy" and "giant" sizes are to bear clarifying weights legibly.

The Mass. Consumers Council has made appreciable strides to eliminate deceptive practices. It should be easy to understand why the lobbyist are successful with opposition to the advancement of protective measures; considering the approximate 10½ million dollars of food consumed in Nor-

wood alone yearly (30,000 population) allowing a low \$350.00 per person annual food bill. Such a gigantic industry must have its complexity of confusion made simple and understandable for an unknowing and perhaps deceived public. It therefore behooves us officials to point this out and be given whatever assistance needed.

May I say in closing that there has been an increase in required duties this past year with a no less greater return to the town. I trust the executive dept. will be cognizant of this during budget considerations and offer a fair recommendation which they failed to do last year.

I extend my thanks to the Manager, Board of Selectmen, Police Dept, Officials of the State Dept., Norwood Merchants, Industrial Representatives and the Public for the respective cooperation.

Very Respectfully,

FREDERICK F. BROWN

Sealer of Wts. & Meas.

RAYMOND T. HALLOLAN, Collector of Taxes, Town of Norwood

In Memoriam

EDMUND F. SULLIVAN

Born January 9, 1899

Died August 8, 1967

Edmund F. Sullivan was elected as Treasurer and Collector of Taxes for the first time on January 19, 1931. He was re-elected for twenty-nine consecutive terms before retiring in January, 1960.

He served the Town and Community with distinction and efficiency.

The Town of Norwood expresses its gratitude for his years of long and faithful service and extends its sympathy to his family.

SCHOOL COMMITTEE: (Standing) Charles C. Saraca, Dr. Thomas A. Couch, William F. Eagan, Henry W. Diggs, John J. Cavanaugh. (Seated) Elizabeth V. Syverson, Clerk; Dr. Philip O. Coakley, Supt. of Schools; Francis X. Sheehan, Jr., Chairman; Mrs. Mary H. Hemman.

Committee Meetings

A regular meeting of the School Committee is held in the Administration Building, corner of Walpole and Elliott Streets, on the first and third Wednesday of each month.

Superintendent of Schools

Dr. Philip O. Coakley, 11 Longfellow Road — 762-1266

The office of the Superintendent of Schools is in the Administration Building, and is open from 8 A.M. to 5 P.M. every day, Monday through Friday, inclusive. Telephone 762-6804.

School Calendar — 1967-1968

PRIOR TO SCHOOL OPENING: REGISTRATION IN ALL SCHOOLS
August 28 thru September 1

Wednesday, August 30 and Thursday, August 31 — Orientation Program

Monday, September 4 — Labor Day

Tuesday, September 5 — 10 A.M. — General Teachers Meeting

Lincoln D. Lynch Auditorium

Senior High School

1 P.M. Faculty Meetings

Wednesday, September 6 — Grades 1 thru 12, and SPECIAL EDUCATION CLASSES, in regular session.

Monday, September 11 — Kindergarten classes in session.

Thursday, October 12 and Friday, October 13 — Columbus Day Recess

Friday, October 27 — Norfolk County Teachers Convention

THANKSGIVING RECESS — Schools close at noon on Wednesday, November 22, and re-open Monday, November 27.

CHRISTMAS RECESS — Schools close at noon Friday, December 22, and re-open Tuesday, January 2, 1968.

WINTER RECESS — Schools close on Friday, February 16, and re-open on Monday, February 26.

SPRING RECESS — Schools close on Thursday, April 11 (Friday, April 12 is Good Friday), and re-open on Monday, April 22.

Thursday, May 30 — Memorial Day

GRADUATION (tentative) — Sunday, June 9, 1968

TENTATIVE CLOSING DATE OF SCHOOL — Friday, June 21, 1968

No-School Signals — 2-2

Repeated at 7:15 A.M. — No sessions, all schools, all day.

Repeated at 7:30 A.M. — No sessions, elementary or Junior High School all day.

Repeated at 7:45 A.M. — No A.M. session, elementary schools.

Repeated at 12:15 P.M. — No P.M. session, elementary schools.

Repeated at 6:15 P.M. — No evening sessions.

School announcements will be broadcast over Radio Stations WHDH, WBZ, WEEI, and WRKO, beginning at 6:30 A. M. and, when possible at noon and at night.

The Civilian Defense Warning System in Norwood will signal no school.

REPORT OF THE SCHOOL COMMITTEE

Nineteen hundred sixty-seven was a year of growth and progress for the Norwood Public Schools.

The fact of steady and predictable rise in school population, won the support of the Town Meeting, and all other interested Town Boards, in voting almost four million dollars in appropriation for construction of badly needed school housing.

The tangible result of this action can be seen on both building sites, as the new Willett Elementary School becomes a reality, and will open on schedule in September of 1968. Ground has been broken and cleared for the new Junior High School North, and hopefully it will be completed and ready for occupancy sometime in 1969.

One area that has great impact on all who have interest and concern for our schools, that received much attention from the School Committee, was the overhaul and revision of its written policy. During 1967, many hours were devoted by the Committee in this area, and about ninety percent of the job is done. Administrators, teachers, parents, and taxpayers will shortly have the opportunity to study or refer to this document, which should clarify many questions that arise in the minds of those who have vital concern in school matters.

Collective bargaining, a new tool in the hands of the administration, and those who are employed by the School Department, for the purpose of reaching written contractual agreements, was implemented in Norwood in 1967 with considerable success.

This legislative mandate offered very few procedural guide lines for either party, but with diligence, persistence, and good faith, on both sides, the Norwood School Committee was able to sign six separate contracts with our employees. Such matters as wages, working conditions, and grievance procedures, were included in all these agreements.

In the six-year period from 1962 to 1968, there has been tremendous growth in Norwood's school population. In that period of time, two thousand new children were added to our attendance rolls, and our teaching staff has more than doubled. It became obvious to the administration and the committee, that this type of growth dictated an expansion of our administrative organization.

New programs had been added, new schools opened, new teaching aids in both equipment and technique had come about. Almost two years ago, the Superintendent, after considerable study and consultation, submitted to the Committee, a proposal which set up a new and more definitive table of organization. It has been under scrutiny and consideration for more than a year, and was finally passed unanimously by the Committee. Among other things, it has created the position of Director of Business Affairs; an Assistant Superintendent in charge of Elementary Education, and an Assistant Superintendent in charge of Secondary

Education. Creation of these positions, and other refinements, in the organizational scheme, will aid the School Committee in attaining full utilization and modernization of its administrative staff.

The Norwood Public Schools will continue to grow in the years ahead. To grow, and to progress, will call for constant and intelligent appraisal of the complex problems that will face all school systems in the Commonwealth.

Progress takes many different forms. The high degree of co-operation offered by all Town Boards and agencies, in support of the School Department's aims and objectives, was most apparent in 1967. For these many constructive actions, and cheerful courtesies, we thank them.

The School Committee and the Administration will continue to seek the cooperation and support of those who have in the past shown deep interest in our growth and development as a modern school system.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

"The interesting part of the Organization Chart is in the white spaces between the boxes. That's where the real activity goes on." (Anon)

No better quotation could serve as preface to a report of the Superintendent of Schools. A well-defined and refined line and staff organization of the Norwood Public Schools, indicate the chain of command and the responsibilities of the legislative and executive branches of your largest single organization within the Town of Norwood. Some twenty-five boxes illustrate the organization and how it functions. The spaces between the boxes involve some six thousand five hundred students, and more than five hundred professional and certified staff members. Seven thousand human beings — that's where the real activity is!

As we close this ninety-fifth year of Norwood's existence, we note that a similar five-year period of school history is most unlikely. Almost two thousand children have been added to the enrollment; two new schools, and three new additions have been constructed; an evening academic program and a summer school program have been instituted; more than thirty new federally-subsidized programs have been added;

five new curriculum guides have been produced by our staff — and, significantly, the fifth volume of "YOUR NORWOOD PUBLIC SCHOOLS" has been published.

Radical curriculum change has transpired to properly service educationally, the young people of Norwood. We will be changing curriculum when change is proper. Public discussions will probably continue; people will continue to verbalize about taxes and economy; but — the curriculum will change when change is proper. This costs money, but Norwood wants proper education. People of this community are aware of the crying need for more and better educational programs, facilities, and opportunities. It is blatantly demonstrated everytime we open a newspaper!

The 1962 School Committee Budget approximated two million dollars; the 1967 School Committee Budget approximated three and one-half million dollars; and — as your agents for this educational society, we will constantly assume our moral obligation, and request from you the financial support necessary to carry on the quality educational pattern which the people of Norwood desire.

The professional staff who program and implement the curriculum are the integral core of quality education; thus, excellent personnel is our constant concern. In preparation for the past academic school year, the Norwood Public Schools processed more than thirteen hundred applications, and over four hundred candidates were interviewed for positions on the professional staff of the Norwood Public Schools. Irrespective of the fact that there are many who apply for teaching positions, it can still be said that there is a real shortage of the highest quality of person for the very personal relationship of teaching children. Top priority in our concern is the acquisition of the best possible personnel to teach Norwood's children, and this, being most realistic, involves having an excellent salary schedule. It is an established truism that the communities that pay the highest salaries are those who are successful in getting "the cream of the crop." This is repetitive. We have indicated this before. With collective bargaining, and negotiations by professional staff members, it becomes more pointed; weekly, positions are constantly becoming more competitive. The task in Norwood is not an easy one. We must compete!

As has been indicated in the School Committee report, we are continuing to refurbish and renovate our school plant in line with the long range planned program of maintenance.

I should like to acknowledge the excellent help and cooperation of the General Manager of the Town of Norwood, his staff, and all Municipal Departments for their contribution to the excellent operation of the Norwood Public Schools.

For specific innovations during the past year, and for implementation of the various activities within departments, I would refer you to

the following reports of the administrators and the specialists of your Norwood Public Schools.

Finally, I would like to thank all members of the Norwood Public Schools for their cooperation, willingness, and enthusiasm in the performance of the many and varied tasks required; and to the members of the Norwood School Committee, I would express my sincere appreciation for the help that has been extended to me. It has been a privilege to be working with you in our common educational endeavors.

PHILIP O. COAKLEY
Superintendent of Schools

REPORT OF THE ASSISTANT TO THE SUPERINTENDENT

Culling the most significant activities performed during a calendar year for presentation in this report necessarily requires that many functions of a routine and rather undramatic nature nonetheless time-consuming not be included lest they become repetitive or unnecessarily recitative. Yet in the areas of personnel recruitment, transportation, research and development, public relations, state and federally aided programs, and in transportation, the extension of certain duties, the intensification of others, and the addition of new assignments certainly provide for a number of significant developments included herein.

Personnel and Personnel Recruitment

An on-campus interview schedule embracing seventeen colleges and universities was programmed for the period extending from January through May, and interviewing teams were assigned for each campus visitation. As teaching positions opened within the school system, those candidates receiving the highest preliminary-screening ratings were interviewed at the central administrative office together with promising candidates reporting from colleges and school systems across the nation. From these were selected some thirty appointees to the secondary level representing some one-hundred and twenty interviews by the Assistant to the Superintendent. Some of the areas from which the new teachers were recruited included Maine, New Hampshire, Rhode Island, New York, New Jersey, Ohio, Arizona, California, and Washington, D.C.

As a part of the Orientation Institute, the new teachers were made aware of the Staff Council and its role. In order to place the new secondary teachers on the correct salary schedule and to maintain the entire secondary staff on schedule, it then became incumbent upon the Administrative Assistant to the Staff Council to maintain the records throughout the year and to direct all faculty requests to the Staff Council for its consideration. The records indicate that in 1967, 112 teachers enrolled in 193 courses for a total of 560 credits with half of these recorded at the secondary level.

Personnel procedures call for an up-to-date substitute teacher listing and also a roster of qualified tutors. Each new candidate was interviewed and all those on the previous year's rolls were contacted before placement on the 1967 lists. Approximately ninety substitutes and thirty tutors were listed.

State and Federal Projects

Title III of the National Defense Education Act (NDEA) of 1958 continued to play a prominent role in 1967. Ten projects amounting to \$10,000 were developed for State approval. The Act originally included provisions for science, mathematics, and modern foreign languages but was later extended to include English, history, geography, and reading. As a result, projects were written in English, history, science, and reading for the junior and senior high schools and in geography for the junior high school and the elementary schools. Title III has once again been amended to include industrial arts. Therefore, eleven projects amounting to \$13,000 are being prepared for next year.

Title VA of the same Act developed programs in Guidance at both the junior and senior high schools. As both schools more than meet the minimal requirements for approved guidance programs, reimbursement for the programs was held at the per capita allotment of \$.50 per student in each of the schools which amounted to \$449.00 at the junior high school and \$901.00 at the senior high school.

The 1967 allocation to all of the schools under Title II of the Elementary and Secondary Education Act (ESEA), the so-called Library Act, was \$10,612.91 or \$1.66 per pupil. This money is made available with the understanding that it is to supplement the level of school funds expended for school library resources, textbooks, and other printed and published instructional materials but in no case to supplant local funds for these materials.

Under the provisions of the Vocational Education Act (VEA) of 1963, a Business and Office project was approved for \$5,269.00. These funds were utilized in completing the Business Laboratory at the Senior High School which was initiated under this Act in 1966. A complete installation of twenty-five listening stations and typewriters capable of simulating punch card operations for data processing operations has been realized as well as the procurement of a second printing card punch machine to be housed in the business machines room for actual student operation.

Research and Development

Surveys, questionnaires, and reports from the federal and state governments, colleges and universities, other school systems, and private agencies were much in evidence. These range from the rather involved, complex surveys to the rather simple check-list type. Examples of the more complicated forms include the New England Assessment Project

which involved the entire teaching staff in its completion, a survey concerning the Civil Rights Act which emanated from Washington, D. C.'s Office of Health, Education and Welfare (H.E.W.), and the Public Law No. 874 Survey involving every parent in the school system in an attempt to establish eligibility for federal funds under the Federally Impacted Provisions of the Act. Less involved but rather complete research was completed for the Massachusetts School Library Association, the Bureau of Adult Education and Extended Services, Opinion Research Bureau of the University of Chicago, and an array of surveys from surrounding school systems ranging from requests for salary statistics surveys, to job specifications, to administrative organization, to curriculum implementation. The foregoing are representative of surveys conducted during this past school year and are in addition to those required for our own school system.

Public Relations

Your Norwood Public Schools appears to be gaining wide acceptance as a vehicle of educational information to the townspeople. The mailing list includes 9500 locally with another 300 being distributed to school systems throughout New England. Published three times per year, the actual layout and printing continues to be produced by students at the Norwood Senior High School.

Curriculum

Curriculum revision, innovation, and articulation continue to play a major role at the secondary level. The English Summer Workshop which had developed an extensive syllabus over the past three years along with accompanying diagnostic and achievement tests, scheduled a summer workshop in order to make final revisions in the tests and to collate them into an organized, sequential pattern.

At the Junior High School, the first in a proposed series of summer workshops was initiated in the area of the social sciences. A promising innovative curriculum departure was embarked upon in the development of the conceptual approach in the teaching of social studies. Tentative plans call for the writing of seven units within this conceptual framework. However, the results of the evaluation process during the current school year will in large measure determine the extent to which this approach will be pursued.

An In-service Symposia in Linguistics was presented for both the elementary and the secondary teachers at the Senior High School during February, March and April. College professors from Boston University, Rhode Island College, Northeastern University, Boston College, and Harvard University presented a series of lectures covering the structural, generative and transformational disciplines. Results of the symposia led to increased interest in more concentrated teacher preparation in the field of linguistics and to the utilization of selected

linguistic principles in the classroom. This entire subject requires the continued close attention of language specialists in the years which lie immediately ahead.

Articulation meetings have been continued where needed. A junior-senior high school meeting of the French department and the French teachers at the elementary level conducted such a meeting in May which resulted in phasing out an aspect of the total program.

The Social Studies departments have held several articulation meetings. As an outgrowth of these sessions, the department at the Senior High School is exploring the need for a summer workshop. Articulation meetings have been held between the Senior High School and Junior High School guidance counselors and between the latter and the elementary school Principals, particularly with respect to placement, scheduling procedures, and course offerings.

Proposed new textbook adoptions were reviewed prior to recommendation to the Superintendent of Schools and to the School Committee. New texts were adopted in the foreign languages, English, mathematics, science, home economics, reading, and in the social studies areas at the secondary level. Many of the new adoptions have been occasioned by the constantly improving curriculum.

Adult Education

The Adult Evening Academic Education Program launched its year with a two semester offering. New courses included Conversational Spanish, Basic Seamanship, and an Introduction to Data Processing. With well over 1,000 registering for the courses, approximately 900 attended the program. These figures represent a registration figure of at least 500 for each semester and an actual participation of 450 each session. Art courses continue to be very popular as do the contract bridge, foreign language, and physical fitness offerings.

A Basic English course was taught to thirty-three immigrants in a 40 session course as a part of the Adult Civic Education Program. Two instructors met with the classes two nights per week for twenty weeks. Several new series of basic language texts and materials were provided for the instruction of these groups.

Conclusion

It is hoped that the inclusions presented in this report portray the range of activities that have either been initiated, supervised, directed, administered, or developed this past year by the Assistant to the Superintendent under the immediate direction of the Superintendent of Schools. The execution of these duties and the energies expended are directed toward that most important goal of providing a continuously better education for the pupils in our schools.

JAMES R. DONOVAN
Assistant to the Superintendent

REPORT OF THE PRINCIPAL OF NORWOOD SENIOR HIGH SCHOOL

It is a pleasure to present my fourth annual report as Principal of Norwood Senior High School.

The High School Enrollment

At this time the school population is eighteen hundred and nineteen students which is very close to the estimate of eighteen hundred and sixteen for December 1, 1967, made one year ago. The rated capacity for Norwood Senior High School is sixteen hundred students, this being the number of students that can be accommodated if every feasible teaching area is used to capacity. It does not represent by any means an ideal pupil - space ratio. As soon as the new junior high school North has been completed, our enrollment will be decreased by the number of ninth grade students; however, class size by then will also have increased with the result that our present high school will again be bursting at the seams.

School Plant

In general, the modern comprehensive high school curriculum is in a state of flux. Those basic subjects that are taught now, and which we are fairly certain of teaching five years hence, are also undergoing changes in content and methodology of teaching. Most changes are due to the advancement of technology and the knowledge explosion. This evolutionary character of the curriculum adds a critical factor to those other considerations of which those responsible for designing and equipping a school building or an addition must be mindful. The school plant must be adaptable for the future needs of the curriculum as well as an increased enrollment. It must be designed and constructed of materials with a minimum of required maintenance in mind, since schools will be open for much longer periods of the day and year and because there will be a substantial increase in adult as well as student programs. At present the physical plant for lack of space and renovation is a negative factor in the educational process. It is fortunate that we are in the planning stage for the largest addition to Norwood High School. With the knowledge that this addition must be adequate to meet the needs of Norwood residents for at least a generation, sincere efforts must be made to use all the available resources to design, construct, and then maintain a modern, adequate, and efficient high school plant.

Superior Secondary Education — a Continuing Challenge

Three years ago when individualized scheduling really took hold it became obvious that a six-period day did not allow the necessary flexibility to implement it. The faculty readily accepted a lengthened school day and adjusted to a seven-period schedule. This contained six forty-four minute periods and one eighty-minute period. The eighty-minute

period came during the fifth time segment of the day and from this period students would go to one of four twenty-minute lunch sessions.

It is now possible to schedule ninety-eight to one hundred per cent of all students' academic program selections. Generally each student elects five major subjects and one or two minor subjects and physical education. Out of a total of thirty-five periods each week, each student may have up to seven study periods per week, depending upon his program.

Some major subjects meet more than the traditional five periods each week. Physics, mathematics V (introductory calculus), mathematics IV, some chemistry and biology classes meet six or seven times each week with double periods on some days to accommodate laboratory assignments and instruction. Also it has been beneficial to have double periods each day or a total of ten periods each week for stenography II students.

The change to a seven-period day not only meant a lengthened school day but also an additional assignment for each teacher. The teachers were unanimous in their approval because they felt that the change improved the educational program.

This September, in anticipation of a school evaluation by the New England Association of Colleges and Secondary Schools in November of 1968, the faculty of Norwood Senior High School was again asked to consider a lengthening of the school day to make possible a curriculum workshop day once each month. They unanimously supported the idea. At present our daily schedule consists of five forty-six (46) minute periods, one eighty-minute period (sixty minutes of class time and twenty minutes for lunch) and one forty-five minute period. This represents five hours and thirty-five minutes of actual instruction time each day. This time exceeds the length of school day directives of the State Department of Education and is considerably more than what most high schools make available in their daily class schedule for instruction.

Subject Areas

English — The English department at Norwood Senior High School has had an abiding interest in the experimental materials on the teaching of English grammar. One particular rationale which is gaining momentum is called "transformational linguistics." Mr. Paul Wilgoren was one of a select few of English teachers from New England who were fortunate to attend a linguistic institute at the University of Rhode Island this past summer. Much of the information which he gleaned from this six-week workshop he has incorporated, along with the appropriate instructional materials, into his English classes.

The three electives which were started in the academic year 1966-1967 continue to be popular choices. There are presently two sections of

Public Speaking and Creative Writing, and four Drama classes. Each of these subjects meet three times each week and have between fifteen and twenty-four students. These additions have given a diversity and breadth to the English program along with the seminar section of English Four Hundred (Utopian Societies) which is available to superior senior students.

Mathematics

There was a program gap for students who were not able to continue the traditional college preparatory program in mathematics. After completing Algebra II, some juniors felt that mathematics IV was not desirable. In order to review previous mathematics courses and to prepare for College Board examinations, an integrated treatment of Algebra and trigonometry with an introduction to analytic geometry, named Senior College mathematics, was made available for election.

Another group of students who select this program were accelerated in the eighth grade. Following the accelerated Algebra II course in their sophomore year, some of these students either do not wish to elect Mathematics IV (accelerated) in their junior year or they are advised against it. Senior College Mathematics is available to them, and this course becomes an excellent review and preparation for Mathematics IV in their senior year.

Foreign Languages

Beginning in September, 1966, German was included with French and Spanish as an optional modern language elective. At present there are two classes each of German I and German II. Next September German III will be available.

In projecting our future needs, it is evident that as the enrollment increases, more equipment must be acquired to teach the audio-lingual method as it is being taught now. The present language laboratory will not be adequate.

Sciences

Despite the crowded conditions and lack of enough science rooms, all freshmen take earth science and sophomores have biology. Applied physics is offered to non-college bound seniors also. There are two levels of Chemistry for juniors and two levels of Physics. Advanced Placement Biology is well established for accelerated students to elect in their senior year. An Advanced Placement Chemistry course is being prepared now for next September.

Social Studies

The social studies department has sought to develop an interesting and a challenging social studies curriculum. The most recent inclusion in the program, Asian Studies, is a popular elective with seniors and indicates the desire on the part of the faculty to keep abreast of chang-

ing times. Economics is now offered as a college preparatory subject as well as a general education elective. Offering Russian Studies, International Relations, Recent U. S. History, and Asian Studies on a semester basis has allowed for more flexibility and for an appropriate involvement of the curriculum with the contemporary.

Business

Since the I.B.M. equipment was installed early in 1967, a steadily increasing number of students has been oriented to the operations and uses of the various machines. For this academic year, the students have been taken whenever feasible from the office machines classes to the data processing room. The faculty of the business department is in the process of developing a full-year program which will begin for seniors in September.

Industrial Arts

The acquisition of two pieces of standard drafting equipment, Diazzo White Printer and several professional drafting machines, characterizes the rapid development of a top quality mechanical drawing program. There is a well articulated four-year program in mechanical drawing now as well as in industrial arts. This subject includes woodwork and metals on a semester basis during each of the four-year sequence. Basic metalurgy, arc and acetylene welding and power mechanics are some of the interesting areas taught in the industrial arts curriculum. There is a definite interest in electronics, and the future expansion of offerings in this area depends upon the availability of space in a new addition. The Graphic Arts program has a similar problem. There is simply not the space to adequately house the equipment and to give classroom instruction except on a very limited basis.

Home Economics

This is an important part of the program of studies in a comprehensive high school. The young ladies who take these courses acquire the latest and most practical skills in food preparation and clothing construction. There is also an elective in home management for seniors. In addition to their laboratory experiences, the young ladies in these courses also learn how to be gracious hostesses. Many of their tangible achievements become a delight to children as toys and foodstuffs, or as gifts for hospital patients.

Art

The art program offers to all students the opportunity to learn the basic steps in the production of pieces of art in as many media as possible. The art program also provides opportunity and instruction for the student to develop what potential skills he has.

For the talented, the art program offers an advanced and serious course of study for the development of this innate aptitude. More stu-

dents are now seeking to prepare for admission to art schools and degree art programs in higher institutions of education.

The important factor of acquiring an appreciation for the fine arts is a major emphasis of the program for all. Excellent films and visual aids are used to achieve this end, and a coordinated effort is made to support the emphasis on the humanities and the fine arts in all areas of instruction.

Music

The music program has evolved from a general music course for freshmen to an extensive program of studies. Fourteen subjects are now being offered in general music and vocal and instrumental subjects with two sequential courses available in Music Appreciation and Music Theory. The performing vocal and instrumental groups have been a most valuable asset to our total educational program at Norwood Senior High School. They perform frequently at school and in the community giving additional experience to the members. This Christmas season, the choral groups participated in a musical festival at the Prudential Center in Boston.

Physical Education

Part of every good curriculum is a well-organized and complete health and physical fitness program. Every effort has been made to give a maximum amount of time and attention to developing this area. At present all freshmen and sophomores have physical education gym classes three times each week. Juniors and seniors have physical education gym instruction two times each week.

This year two periods of health instruction each week were added to the required subjects for all sophomores. Materials have been collected to teach specifically the harmful effects of drugs, alcohol, and tobacco. This course is in the developmental stages, and as new and better instructional materials become available, they are assimilated into the course.

The most pressing problems affecting the physical education and health curriculum evolve from the lack of facilities. Hopefully adequate space will be available soon.

Significant Addenda

National Honor Society

Certain of our institutions at Norwood Senior High have earned a preeminence because of their academic significance. Most worthy of our praise are those students who have earned membership in the National Honor Society. On May 9, 1967, the following Seniors and Juniors were honored at a dinner tendered by the Norwood Chamber of Commerce preceding the annual Chamber of Commerce Essay Contest. Each new member was given the membership pin of the National Honor Society. The following were so honored:

Seniors: Noralie Cox, Maryann Daly, Elaine DeGrazio, Marcella Denzer, Thomas Donovan, Stanley Drost, Jeanne Finn, Jo-Ann Flaherty, Nancy Flaherty, David Gillette, Joyce Kauffman, Linda Maggio, John McAuliffe, Peter O'Beirne, Mary Sauer, Paul Snellgrove, Barbara Stitt, Eleanor White, and Linda Zimlicki.

Juniors: Ellen Breen, Dana Craig, Carolyn Deasy, Stephen Donovan, Candace Hurley, Karen Jean Kelly, Vincent Lembo, Richard Lindahl, Patricia Maggio, Jeanne Morse, Eileen O'Connell, Janice O'Connell, Carol Paciorkowski, Janet Smith, and Eduardo Venegas.

A junior in order to qualify for membership must have been named on the school honor roll five times consecutively with at least three of these five citations for first honors.

Seniors must also have been named to the Honor Roll five times with at least two of these five citations for first honors. New members are enrolled at the end of the first and second terms.

The requirements for Honor Roll citation are as follows:
(only major subjects are considered)

Honors with Distinction: 90% average and no mark below 85.

First Honors: At least one mark over 89 and three additional marks over 84. One mark from 80-84 is allowed in a fifth major.

Second Honors: At least four marks over 79. One mark from 75-79 is allowed if a student has five academic majors and if one of the other marks is above 89.

Education Night—Norwood Chamber of Commerce

Each year an essay contest sponsored by the Norwood Chamber of Commerce is conducted at Norwood Senior High School for college preparatory juniors and all seniors. The essays are evaluated first by a panel of English teachers and finally the best of these are read by a panel of lay readers who serve on the essay contest committee of the Chamber of Commerce.

Three finalists are selected who read their papers at a school assembly. A trio of judges further determine the first, second, and third place positions of the finalists on the basis of delivery as well as content. This contest is highly regarded for its educational value and the interest which it engenders. The traditional process of selection and the final award program are strong motivational factors for many to extend themselves.

The winners of the 1967 contest in order of their final standing were Joanne Polovitch, a senior, John McAuliffe, a senior, and James Aicardi, a junior.

Conclusion

The faculty at Norwood Senior High School is presently conducting a self-evaluation of every phase of the school's operation. The materials used are contained in the **Evaluative Criteria**, published by the National Study of Secondary School Evaluation. The self-evaluation by the secondary school faculty is the first and most important step in the process of accreditation. When this phase is completed satisfactorily, the evaluation committee of educators selected by the New England Association of Colleges and Secondary Schools will repeat the evaluation procedure using the completed forms of the self-evaluation. This final phase of the evaluation takes approximately three and one-half full days. On the basis of their report the Commission on Public Secondary Schools of N.E.A.C.S.S. then decides whether or not to approve and extend accreditation to the school. More important it provides to each community a report on how well a school is doing what it purports to be doing and whether or not the educational needs of the children are being satisfied.

In this regard it is fortunate that Norwood has been able to attract the capable teachers which we have staffing our schools. Self evaluations and curriculum research and development are daily items in an educational environment. The professional staff of Norwood Senior High complemented by the many self-sacrificing non-professional staff members are expending an unprecedented amount of energy to educate Norwood's high school students. Norwood High School has now one of the largest school enrollments in Massachusetts.

For emphasis, it is important that the closing remarks concern the dire need at Norwood High School of a resource and instructional materials center in the form of a well-equipped and staffed school library. The present librarian has in her few years here created a dynamic nucleus of what a good school library should be. However, the space limitations and the resultant lack of materials have been a daily frustration for her and those who wish to focus the curriculum on more individual responsibility, research, and creativity. It seems ironic that with the accelerated acquisition of new volumes through federal monies, inordinate efforts must be spent in devising new areas in which to locate the books. The specialized materials and references of a school library are not duplicated elsewhere. Furthermore the modern concept of a complete instructional materials center is not a transitory fad of the times but a result of the burgeoning knowledge field and the variety of communicative media that are used daily to improve the effectiveness of the teacher and the learner.

The encouraging and transcendent factor is the awareness of these problems by the Superintendent of Schools and the Members of the Norwood School Committee. Their determination to improve conditions and solve these problems is obvious from the unanimity and concentration of their drive to provide adequate school housing. The administration and staff at Norwood High School are grateful for the conscientious support of the Norwood School Committee and the dedicated leadership of

Dr. Philip O. Coakley, Superintendent of Schools. This spirit has been transmitted to a great number of citizens and parents in the Town of Norwood and manifests itself in the disposition of cooperation that we have enjoyed.

A copy of the graduation exercises follows with the names of those seniors who received special honors at that time.

JOHN F. MONBOUQUETTE, Principal
Norwood High School

REPORT OF THE DIRECTOR OF THE HENRY O. PEABODY SCHOOL

This year marks the 25th anniversary of the founding of the Henry O. Peabody School. To provide the finest possible vocational training opportunities for girls was the intent with which this regional school was established. To that purpose the school has effectively prepared thousands of individuals, young men, women, and adults, for qualified employment. It has made available quality-oriented educational programs designed to fit the individual to meet the ever-changing needs of our technological society by providing him with the technical knowledge, manipulative skills, work habits, and professional attitudes to enter initial employment in a productive capacity.

Thirty-five towns, including Norwood, are being served as the day-school enrollment of 158 students indicates. Of this total enrollment, 110 students are members of the post high school programs, and 48 students are enrolled at the secondary school level.

Through the use of state and federal funds, valuable additions were made to the developmental reading materials in the English Department, where an effort is being made to establish a reading center with added specific training in study skills and increased stress on reading comprehension.

While the number of students enrolled this year in the Business Department is a gain over last year's enrollment, it is felt, however, that more publicity should be given to the offerings available in the department and that new allied areas should be explored. The Business Department received sixteen new Royal manual typewriters in September, under the arrangement of leasing the machines rather than purchasing them outright. The new Travelgraph overhead projector and a tape recorder are adding to the media used for class projects. The addition of the new mimeograph and mimeoscope have helped, too, in bringing the duplicating section of the Machines laboratory up to a more satisfactory standard.

To date, two guest speakers have visited the department—Miss Anita Hock, of the John Hancock Mutual Life Insurance Company of Boston, and Miss Frances Lydon, office manager for the Frank A. Morrill Insurance Agency in Norwood.

Early in November, arrangements were made for the students to tour the old and new State Street Bank and Trust Company buildings in Boston. The group visited the John Fitzgerald Kennedy Building at the New Government Center, where they saw the physical layout of the buildings, toured the offices of the Federal Bureau of Investigation, and observed other working groups in action.

To date, forty-five certificate awards, granted for qualifying on a company test, and issued by the Gregg Awards Department, have been

received in the filing and records management class. The passing grade for the test is 90 percent.

The placement calls we receive asking for girls from the Business Department far outrank the supply. Starting salaries last year ranged from \$70 — \$75 for the beginning employee. This is a gain over the previous year.

In September, 1967, Miss Ruth E. Flood assumed the responsibilities of Co-ordinator of the Practical Nursing Program to replace Miss Eleanor Murphy, who resigned to become assistant professor of Psychiatric Nursing at the University of New Hampshire. We were extremely fortunate to locate two qualified instructors, one nurse instructor to fill the vacancy at the Henry O. Peabody School and an assistant instructor to aid in the clinical area.

A pilot program in developmental reading was initiated to accommodate students entering the 1967 class in Practical Nursing. Eight candidates were selected to participate in a four-week summer school session. These students had been identified as those having limited language skills, special reading problems, and need for assistance in developing proper study habits. Financial support from the State Vocational Bureau allowed the course to continue through the first term of the Practical Nursing Program, thereby permitting a further strengthening of reading skills and study patterns.

September graduates of the program included two award recipients —The Norwood Women's Community Committee Award was presented to Mrs. Marguerite Stowers of Weymouth and the Henry O. Peabody Practical Nursing Alumnae Award was given to Miss Jocelyn Wilkinson of Stoughton.

Instructors in the Practical Nursing Department have participated in bimonthly in-service faculty meetings with faculties from Southeastern Massachusetts nursing programs to discuss matters pertaining to admission criteria, attrition statistics, and counseling and guidance procedures.

The first graduating class of the twelve-month pilot study group successfully passed State board examinations with a mean score of 600. The quality of excellence in instruction is recognized when reports show this particular program to have achieved the second highest test results in the nursing vocational programs of Massachusetts. The second class to graduate from this pilot study has received a class mean of 600.77 in State board examinations, achieving an extremely high score when one considers the passing grade is 350.

Follow-up studies of the 25 graduates of the 1967 class show the following employment placement records:

- 10 employed at affiliating hospital
- 5 employed at nonaffiliating hospital

- 7 employed at nursing homes
- 1 employed at home nursing
- 1 unemployed
- 1 status unknown

Outstanding field trips made by the Practical Nursing students this year include:

- St. Coletta's School, Hanover
- Boston State Hospital
- Joslin Clinic, Boston
- Elm Hill Nursing Home, Roxbury
- Massachusetts Hospital School for Crippled Children, Canton
- Veterans Administration Hospital, West Roxbury
- Wrentham State School
- Randolph School for the Deaf
- Museum of Science, Boston

In addition to affiliations at the Norwood and South Shore Hospitals, a third possible pediatric affiliation has been arranged at the Massachusetts Hospital School for Crippled Children in Canton.

One of the five Massachusetts district contests of the Make-It-Yourself-With-Wool Competition was held this year at the Henry O. Peabody School. Sponsored by the American Wool Council, the Competition was a preliminary to the state and national contests. There were 50 entrants from the district. Mildred Luce, of Millis, won second place in the junior division, while Deidre Flaherty, of Medfield, and Michelle Leland, of North Abington, placed third and fifth, respectively, in the senior division.

There continues to be an increasing interest in Fashion Dressmaking at the postgraduate level while student applications at the sophomore level have been discouraged.

Commercially accepted methods of clothing construction are taught to juniors, seniors, and postgraduates with a carefully planned program of articulation. Pattern fit, layout, and finishing are taught to all groups with emphasis at senior and postgraduate levels on pattern drafting, grading, draping, and design. It has proved valuable to include four periods of typing per week for all thirteenth grade dressmaking students.

Through various field trips to Boston design studios, department stores, and supply houses, students have been introduced to different employment opportunities in fashion co-ordinating, retailing, textile design, and custom designing and construction.

Renovations have been made in the Beauty Culture Department in order to make more effective use of the laboratory area and to modernize the large classroom. Removal of partitions which formed the drying rooms and dispensaries have allowed for relocation of new wet units, styling stations, turbinator dryers, and chair salon units. Recently purchased equipment also includes manicure tables, operators' stools, and

hydraulic chairs. Installation of a room divider folding door provides for flexibility in teaching and adds to the attractive appearance of the room.

In order to keep attuned to the changes taking place in the Beauty Culture field, the Cosmetology instructors have attended advanced classes in coloring techniques and high-fashion blending. A series of demonstrations and lectures has been given to the classes by specialists in hair coloring, styling, and care of wigs and wiglets.

The demand for graduates of the program far exceeds the supply. The June, 1967, class was placed in industry immediately following completion of the course. We are pleased to learn that many Peabody School graduates have been given additional training in wig styling and hair coloring as they have advanced in employment at Gilchrist's, Jordan Marsh Company, R. H. Stearns, and the Elizabeth Arden Beauty Salon.

The Food Service Program has experienced a tremendous increase in productivity during the past year. The Dining Room is operating to capacity, and the Bakery department has evidenced growth and expansion, resulting from the fact that it is attracting a larger percentage of post-graduate students, especially boys. The Bakery is operated according to commercial standards, and peak work periods in industry are simulated during the holiday seasons. The art of cake decorating has developed to such a high degree of proficiency that it has been necessary to accept a great number of customer orders in order to provide sufficient work for the advanced students.

The Food Service Department entered the New England Hotel and Restaurant Show this past year, and the exhibit which was in competition won third prize. This award was particularly significant, for the Peabody School was the only secondary school to win recognition. For recognized excellence in his trade, Bernard Lanthier, of Billerica, an outstanding student in the Bakery division, was presented a monetary award by the Stewards' Club of Boston. Only two such awards were given in the Commonwealth of Massachusetts.

Although the Service claimed four of our graduate boys, eight students are presently employed in the trade; and four have enrolled in schools of higher education.

Field trips this year helped to broaden the scope of our training as twenty-five students toured the H. A. Johnson Co., the First National Bank of Boston, and the New England Life Insurance Co. This same group spent a day at the Prudential Center War Memorial Auditorium viewing the food displays on exhibition at the New England Hotel and Restaurant Show.

An opportunity to display their culinary talents was given the students when the Food Service Department catered the school Christmas buffet, the Senior buffet, and an evening buffet for The Educational Co-operative Group.

There continues to be an increasing demand for our graduate students in industry; in fact, many more opportunities are available than there are students to fill them. After midyear, two students were placed in industry on a cooperative basis, and following graduation one of the trainees continued in full-time employment.

Due to changes in the composition of the student body, the Student Cooperative Association has been reorganized to allow postgraduate students to be nominated for the offices of President, Treasurer, or Secretary of the Association.

Using state and local funds, we have purchased for use in all departments audio-visual equipment such as tape recorders, overhead projectors, filmstrips, transparencies, and records.

Special effort has been made to encourage individuals, guidance counselors, parents, and prospective students to visit the school for purposes of observation. Approximately 250 guests have toured the school during the past year.

Five hundred and fifty-one men and women registered for classes in the evening adult program. In response to a community survey conducted last year, a new course was introduced this fall, Flower Arranging and Holiday Greens. Also, an increase in the number of registrations led to the addition of two more classes in beginners' dressmaking, bringing the total to ten dressmaking classes per week.

National trends indicate that this is the opportune time to explore and develop different areas of training for girls and women, particularly occupational education at the post-secondary level.

At the present time, State approval has been given to conduct two Manpower Development Training Programs. One section of fifteen men and women will receive six hundred hours of training as clerk-typists, and, for the first time in Massachusetts under MDTA, a group of eighteen individuals will complete 1,000 hours of training in Cosmetology.

Reflecting on this past year, I wish to express my sincere appreciation to Dr. Philip O. Coakley and to the members of the Norwood School Committee for their cooperation and assistance in matters which concern our school.

RUTH M. SHEA

Director, Henry O. Peabody School

January 5, 1968

REPORT OF THE PRINCIPAL OF NORWOOD JUNIOR HIGH SCHOOL

Approximately nine hundred pupils are currently enrolled in grades seven and eight, and a further increase is anticipated for next September. In 1969 the Junior High North should be completed, and the new building will provide adequate facilities for the increasing Junior High school enrollment.

Several innovations have been made in our major subject areas. The social studies teachers prepared the first section of a curriculum guide last summer. They made considerable changes in the methods commonly associated with the study of history, and they plan to do more research as they continue to revise the course of study. Their guide, "A Conceptual Approach to the Social Studies," is an attempt to provide a useful and challenging course for history in grade eight. It encourages students to study specific problems of the past or the present, find the pertinent material from a variety of sources, and then reach a conclusion after considering the facts which are relevant to the problem. By this concept method, teachers strive to enable the pupil to define the issue, to locate information, to separate fact from opinion, and to respect the other person's judgement as well as his own.

The English department has administered tests to all eighth grade pupils, and will do so again to measure progress in English grammar. Similar tests will be given in the seventh grade. These tests were prepared by a study committee in the formation of their curriculum guide, "A Cumulative Study of the Language Arts." Again this year the program of most English teachers was scheduled so they could devote one period each day to individual conferences in written composition. Teachers and pupils find that composition has improved.

In science we have adopted the Introductory Physical Science program as our eighth grade course of study. It is now taught in six classes, and will eventually be taught to all eighth grade pupils. Our school has served as a pilot school in this program for the past four years and we are at present a pilot school for Introductory Physical Science II, a course for the talented science pupil. During the past year our science department was selected to participate in and to evaluate a course in audio-visual science, sponsored by Boston University. Our program in the seventh grade is presently being revised and evaluated to continue our policy of keeping up to date with the latest in science content, teaching, and techniques.

The quantity and quality of guidance services provided for junior high school students, their parents, and their teachers are critical factors in determining the degree to which the educational program is effectively focused on the individual. The complexity, multiplicity, and depth of the personal, social, emotional, and physical problems that early adolescents face make it necessary that trained counselors be available to assist each student. Our three counselors, all experienced teachers before entering the guidance field, devote full time to this vital function.

Class time has been increased twenty minutes each day so that we have slightly more than five and one half hours daily of instructional time.

Much has been done to refurbish Norwood Junior High School, which has been in operation for nearly fifty years. The painting of the interior has relieved the drabness of our school. Nine new firedoors have not

only enhanced the appearance of our corridors, but have provided an additional safety factor for our pupils. The modern drinking fountains which have been installed in our corridors are most welcome. The stage in our auditorium has a new asbestos curtain to separate the two gymnasium areas, while the new cyclorama has improved the stage facility.

We wish to express our thanks to our Superintendent of Schools, Dr. Philip O. Coakley and to the members of the Norwood School Committee for their interest and help during the past year.

JOHN C. CORCORAN
Principal—Junior High School

REPORT OF THE DIRECTOR OF THE DIVISION OF SPECIAL SERVICES AND ELEMENTARY CURRICULUM

Just what is the Division of Special Services? This question is asked of us from time to time.

In this year's annual report we shall attempt to answer that question. We shall identify the components of the Division and cite the functions of the various departments.

The Division of Special Services is an organizational unit in the Norwood Public Schools composed of a number of departments with personnel who teach and perform services of a specialized nature. The Division includes the departments of Art, Music, Health and Physical Education, Speech, Elementary French, Elementary Libraries, Special Education, Audio-Visual Education, Intensive Reading and The Learning Centers. These departments operate on a system-wide basis at both the elementary and secondary levels. The coordination of services is achieved by means of a master schedule designed to achieve maximum utilization of time and personnel.

In addition to supporting the general teaching effort, the Division of Special Services functions as an integral part of the teaching team. It converts from theory to practice the guiding principles of child growth and development and makes provisions for varying needs and interests as embodied in the concept of individual differences.

Several of the departments are headed by a Director or Supervisor. These are the departments of Art, Music, Audio-Visual, Special, Health and Physical Education. For a detailed account of the activities of these departments, we refer you to other sections of this report. Below you will find a description of the special services not included in individual departmental reports.

Special Education

We indicated last year that an enlightened attitude toward children with handicaps has become widespread. More and more, there is a grow-

ing appreciation of the magnitude of the efforts which must be made in order to establish programs that are effective and functional in practice as well as in theory.

The Department of Special Education in the Division of Special Services is primarily responsible for developing services and programs for "handicapped" children in the Norwood Public Schools. The term "handicapped" is used in a very broad sense and is inclusive of a number of areas. These are listed below:

1. Mentally Retarded
2. Physically Handicapped
3. Deaf, Blind, Aphasic
4. Speech, Handicapped, Hard of Hearing, Partially Sighted
5. Emotionally Disturbed
6. Perceptually Disabled (Dyslexic)

The regulations that govern the conduct of these programs emanate from the State Department of Education and have authority in Massachusetts School Law. Annually, in recent years, new legislation has been enacted which mandates services in additional areas. Thus, we look forward to continuing growth in this aspect of our educational offering.

A detailed description of our Special Education programs would not be practicable in a report of this type. We would point out, however, that children receive services from pre-school age to post graduate level, and although we are pleased with our progress we realize that more can be done. Our planning therefore proceeds accordingly.

T. E. C.

T. E. C. The Education Cooperative, an association of twelve contiguous school systems in western metropolitan Boston has become operational during 1967. These include Dedham, Natick, Needham, Norwood, Walpole, Wayland, Wellesley, Weston, Westwood, Dover, Sherborn, and Waltham. The Norwood Public Schools as a member of T. E. C. is the recipient of its services and funds emanate from federal support made possible under Title III of Public Law 89-10. Its function will be primarily to develop services cooperatively, services which individual towns find impractical to undertake individually. T. E. C. is really just getting started but one of its programs is of prime interest to those involved in Special Education. We refer to the T. E. C. work-study and occupational training program now functioning for the educable retarded student of employable age.

The Learning Centers

This year the Special Services have been expanded with the introduction of three Learning Centers. Although the Centers are located in the Balch, Callahan and Cleveland Schools, the services are available to pupils system-wide. The purpose of the Centers is to serve the needs of those children who experience difficulty in achieving satisfactory progress and adjustment.

The method of instruction is determined by in-depth study of the individual and encompasses an activity program centered primarily around individual interests. Every effort is made to create a supportive atmosphere and a highly personalized relationship between pupil and teacher. These will become the core resource for meeting the provisions of recently enacted legislation which mandates differentiated instruction for certain children diagnosed as having specific learning disabilities and special problems of adjustment in the regular class group.

Elementary School Libraries

Our goal is to establish comprehensive library services at each elementary school. This would include not only the circulation of books but also an emphasis on instruction and practice in the use of study and reference resources. Therefore efforts continue to develop the material aspects of our present facilities and funds from Title II of P. L. 89-10 (The Education Bill) have made significant contributions during the past year.

We are especially pleased to report that a second elementary school librarian has been added to our staff. This is of particular significance because it provides us with additional personnel and competence so essential to the development of a suitable program.

New knowledge is accumulating at an increasing rate. Therefore it is imperative that students acquire the skills necessary to locate and process information they may need. Our library program offers many opportunities for children to develop this capability.

Speech

We are proud of the services offered by our Speech department. Our aim is to develop effective speech in every child. At the kindergarten and grade one level a speech specialist conducts lessons in oral communications skills. In this manner, the classroom teacher gets help in developing the language and ear training skills so essential to success in beginning reading.

For children presenting problems requiring speech correction beyond the scope and resources of the classroom, a program is conducted by the speech specialist. In this program the specialist meets children at least twice weekly and concentrates attention on individual speech problems. This department also makes provision for the instruction of lip reading to children with severe hearing loss.

Intensive Reading

A program of intensive reading for those children who can benefit from special instruction exists in each school. Children meet in small groups with a reading specialist who diagnoses for difficulties and instructs according to specific needs. Through this additional reinforcement, it is felt that the children involved receive stimulation and encouragement as well as instruction which is highly specialized.

Testing

The Division organizes a system-wide program of testing at the elementary level. The factors deemed most critical at given grade levels are assessed by standardized test batteries. The factors tested include reading readiness, mental ability and general achievement in both the basic skills and subject content areas.

Elementary Curriculum—Two Highlights

The up-dating of instruction is an on-going process and touches without exception every area of the curriculum. We have devoted considerable space in recent reports to a discussion of the teaching of Reading and Mathematics. In this report we shall highlight two other areas: Kindergarten and Elementary Science.

Kindergarten—The kindergarten teachers in the Norwood Public Schools have developed a Curriculum Guideline for Kindergarten Education. This publication was produced during a workshop held in the summer of 1967 and represented the culmination of three year's study and research on the part of the staff. During this period the Kindergarten Study Committee laid the groundwork for the workshop, field tested original materials, and refined these for inclusion in the Guide. The philosophy which emerged from the research and this experience confirms the value of kindergarten education and validates its place as an integral part of our educational plan.

The Guideline was displayed in our school exhibit at the New England Kindergarten conference held this fall in Boston. It attracted much attention and we have processed a number of requests for the Guidelines from other school systems.

Elementary Science—Several years ago the Norwood Public Schools developed an Outline for the teaching of science in its elementary schools. The Outline included the pattern and content of science text series then in use.

During 1967 steps have been taken to update the Outline and to develop a Curriculum Guide. In order to assist us in this endeavor, we have had the consultant services of Dr. John Read, Professor Emeritus, of Boston University and widely recognized as an authority in science education. Dr. Read conducted a ten week institute for teachers this fall under School Committee sponsorship. With this background of experience we are now ready to organize and to program the activities to achieve our goal i.e. A Science Guideline ready for September, 1968.

Aspire

This report would not be complete without at least mentioning our Summer Program ASPIRE. As you are no doubt aware, ASPIRE is a project which requires re-application each year and is entirely federally funded. Once again we can report outstanding success in this venture and plan to conduct an ASPIRE program in the summer of 1968.

Conclusion

The foregoing report has been an attempt to describe the various activities in which the Division of Special Services is involved. Of necessity, in a report of this type, we must be selective and brief. We sincerely hope, however, that the information presented will serve to bring about a better understanding of the function of Special Services in Norwood.

Finally, we wish to pay tribute to the dedicated efforts of the members in the Division and to cite also the high interest which exists on the part of teachers and administrators. Last but far from least, we would express our appreciation to Superintendent of Schools, Dr. Philip O. Coakley whose help and support have been a constant source of encouragement to the Division and are largely responsible for its fine record of achievement and service to Norwood's children.

UMBERTO V. C. NAPOLEONE, Director
Elementary Curriculum and
Special Services

REPORT OF THE DIRECTOR OF MUSIC

It is a pleasure to present my second annual report as Director of Music for the Norwood Public Schools.

Elementary Vocal Program

There are three vocal teachers at this level, including a supervisor. Every boy and girl receives one period of instruction a week from a music teacher and another from the regular classroom instructor. A well coordinated plan of study produced fine results, enabling our children to have an enjoyable and well-rounded knowledge of music. Classroom instruction included singing, listening, rhythmic, and creative activities. It is our desire that students at this level achieve the following:

- a. A growing enjoyment and interest in the many phases of the music activity program.
- b. A growing ability to accept and follow leadership.
- c. To sing with good tone, proper attention to pitch, tempo, phrasing, enunciation and pronunciation.
- d. A growing ability to recognize, judge, compare, contrast, the different types, styles and moods of music.
- e. A growing ability to distinguish tone qualities of instruments, alone and in combination.
- f. Developing interest in acquiring skills and techniques of music performance.

Elementary Instrumental Program

The elementary instrumental program continued to grow at a rapid rate of speed. Boys and girls in grades 4, 5 and 6 were again given the opportunity of instrumental instruction, and the enrollment was very encouraging. At this time, we have 330 students taking lessons at this level. Success in this program is due largely to the flutophone classes that are taught in the third grades throughout our school system. The flutophone is a pre-band instrument, and students having success with this instrument are encouraged to enroll in our instrumental program.

Last year a band was formed at every elementary school. This endeavor was a tremendous success and will be repeated. It adds greatly to the enthusiasm and progress of all instrumental students. At the end of the year, we will put the groups together for our annual spring festival of bands concert.

The addition of a full-time string instructor in 1966 is showing fine results. Lessons were made available to youngsters in grades 2 through 6 and produced an enrollment of approximately 115 boys and girls.

The Junior High School remains the site of most after school lessons. Instruction is available on all string, woodwind, brass and percussion instruments by a staff of instrumental specialists. Lessons are held Monday through Friday from 3:00 p.m. to approximately 7:30 p.m.

Junior High School Program

The Junior High School Band and Boys and Girls Glee Club continue to play an important part in the musical life of their school. The Junior High Band numbers approximately 70 members, and along with the Glee Club performs at many assembly programs including an exchange concert with the Walpole Junior High School Band.

Senior High School Program

There are three performing groups at the High School level. 1. The Concert Chorale (mixed voices), 2. The Girls Choir, 3. The Madrigal Singers. The Madrigal Singers are composed of selected students from the two larger groups. These performing groups have contributed to many excellent programs throughout the year, including a guest appearance by the Concert Chorale at the Prudential Center in Boston. An additional honor was bestowed upon the groups, having 6 of the members selected to participate in the District and All-State Chorus.

The music curriculum has been expanded and refined and enrollment in the elective courses offered were greatly increased. These courses include Music Theory I and II, Music Appreciation I and II, Voice Training and Training Choir. Instrumental woodwind, brass and percussion ensembles are also available, making our curriculum one of high quality. The offerings in music are such that any student interested in continuing his music study at a university or conservatory would be adequately prepared.

The performing instrumental groups include the Marching Band, Concert Band, and Stage Band. This years concert band numbers approximately 63, and is one that prides itself in the quality of music performed. The stage band is comprised of selected students from our concert band, and has a repertoire that includes music of the Big Band Era through Modern stage band compositions.

The following are activities in which our performing groups took part: Football games, United Church of Norwood Parade, Armistice Day Parade, Memorial Day Parade, Little League Parade, Fourth of July Parade, Christmas Concert, Norwood Womens Club Concert, Exchange Concert with Andrew Warde High School, Fairfield, Connecticut, Lions Club Concert, Senior Class Musical, Spring vocal concert, Spring instrumental concert, Southeast District Festival and competition, and Performing District and All- State groups.

Progress has been made in curriculum development at all levels. There has been a definite upgrading of instructional methods and materials. Although we do have the teachers and the curriculum to prepare a student for entry into a university or conservatory, it is our purpose to make available to all young people in the Norwood Public Schools a music program that will enrich their lives by having correctly guided exposure to the all-improving art of music.

I would like to take this opportunity to express my sincere appreciation to the Superintendent of Schools, Dr. Philip O. Coakley, for his tremendous cooperation and continuous support.

I would also like to express a sincere thank you to the Norwood School Committee, Assistant to the Superintendent of Schools, Director of Special Services, School Administrators and classroom teachers for their enthusiastic cooperation and assistance throughout the year.

PAUL M. ALBERTA
Director of Music

REPORT OF THE DIRECTOR OF ART

It would be remiss to list the accomplishment of the Art Department without an introductory recognition of our capable Art Staff.

With a daily insistent and desistent attitude they extract from the Norwood Public School students their best artistic efforts.

Two Permanent Displays—Cleveland School

1. **Tile Display**—A decorative ceramic tile panel, consisting of floral designs was completed by the Sixth Graders. The students painted their designs on white tiles with underglaze colors. After a bisque firing in the kiln they were given a coating of transparent overglaze and fired again.

After cementing each tile to a large prepared panel the entire unit was secured to a bulletin board in the foyer of the New Wing.

2. **"The Four Freedoms"**—Four colorful reproductions, of a well known series, illustrated by Norman Rockwell, were suitably framed and arranged on a painted panel. The title, "The Four Freedoms," was lettered and designed to become a part of this meaningful display.

Art exhibition—Norfolk County Teachers Association

At the annual meeting of the association held at the Ridge Arena in Braintree, our School System was represented with art work from Grade One through Eight.

Two self supporting panels with four display surfaces were prepared and transported to the Arena. The intent of the exhibition was to show a small cross section of the art work being done by the various schools in the County.

Scenery for School Musicals

Large appropriate backdrops were designed and painted by the students for the following productions:

H. M. S. Pinafore
Mary Poppins
School Days

Balch School
Cleveland School
Prescott School

At the Cleveland School using "Mary Poppins" as the theme, many unique displays—murals, mobiles etc., transformed the building interior into a colorful land of fiction.

Posters for the Grace Episcopal Church Fair

A request, from the Publicity Committee of the Fair, coincided with a poster project that was being instituted at the Junior High School.

Using the Church Fair as a theme, significant posters were designed and executed. On completion, the posters were used in store windows to publicize the event.

Posters for the Norwood Women's Community Club

The annual campaign of **Clean-up, Paint-up and Fix-up** was given special emphasis at the Senior High School.

Twelve of the most successful posters were displayed as a unit in the window of a store on Washington Street.

Senior High School Art Exhibition—Morrill Memorial Library

The Trustees of the Public Library in instituting a Town-wide Art Festival invited the Senior High students to submit Art work.

The scholastic art work was displayed in the New Gallery Section of the Library and in this complimentary environment the townspeople

had an excellent opportunity to see the splendid work being done by our Art students.

Prizes were given for outstanding work.

It would be to the cultural advantage of the Town if this Festival is an annual event.

Cleveland School Book Fair

This PTA sponsored activity has always been successful as a motivating device.

Posters and illustrations, depicting favorite stories on books, have always been an eye-catching aspect of this display.

Ribbon awards are given for meritorious Art Work.

Norwood League of Women Voters

Posters to advertise "Candidates Night" and also to motivate voter turn-out for elections, were completed and given to the League Chairman.

Cooperation with Boy Scout Organizations

1. Lettering of "Ad Altare Dei" certificates for the Old Colony Council of Boy Scouts.

2. Assistance was extended to a local Cub Pack Leader in the organization and firing of a ceramic project.

Oldham Ceramic Tiles

The large wall, in the Main Foyer, is gradually being covered with decorative tiles that are done by each graduating Sixth Grade Class.

This wall surface is a good example of the suitability of children's art work for permanent decorating purposes.

General Work Undertaken by the Art Department

1. Judging of conservation posters done by the students of St. Catherine's.

2. Testimonials for retired teachers.

3. Testimonial for Board of Selectmen.

4. Copies of testimonials for Edna Phillips and Sen. Leslie Cutler.

5. Annual Christmas Card design.

6. Lettering project for the Norwood Teachers Association.

7. Construction of portable display units—self-supporting. These have been used for a number of exhibitions to date.

The Senior High School Art Staff

We are fortunate in having at the Senior High School three Art Instructors who are actively engaged in painting and exhibiting their work.

This makes for a more stimulating teacher and the students are insured a course that is constructive and mature in scope.

Due to the fact that many of our students continue to Art Schools, this kind of influence is invaluable.

Our graduating students are indeed well prepared for the demands on them by future Art training.

JOHN LEVITSKY
Director of Art

REPORT OF THE DIRECTOR OF AUDIO-VISUAL EDUCATION

The year 1967 has seen an increased use of teaching machines and materials in the Norwood Public Schools. This growing emphasis can be attributed to several important reasons: 1. The great number of "teaching machine" articles in current educational publications; 2. The encouragement, inspiration, and training given our teachers by the A. V. coordinators and director; 3. The more readily available machines and materials in each school; and 4. The desire by more teachers to create and present a more dynamic teaching program.

The use of audio-visual materials in teaching is no longer considered a fad in educational circles, but rather is accepted as a vital and integral part of the teaching process. When two strong factors, a good teacher and carefully selected A. V. materials are combined, the results are apt to be quite outstanding.

The A. V. Office is happy to report the purchase of many new materials and machines that have already been used to great advantage in numerous teaching situations. These items have been acquired through the use of local funds, and two federal grant funds—the National Defense Education Act (NDEA) and the Elementary-Secondary Education Act, Title II (ESEA).

Combined N. D. E. A. and Norwood Public School funds have been used to start a 16mm sound film library for the elementary schools, consisting of over one hundred titles, covering several subject areas. The true value of these films can be better understood by a brief look at statistics of film usage. In April and May each year the teachers submit a list of films they wish to rent for the following year. Because classes vary from year to year it is practically impossible to always schedule the film for just the right time. Rented films can not be held beyond the date asked for so it must either be used when it comes or not at all. The answer to this problem is to own our own films which will be available everyday all year.

We now own one hundred and thirty-one films, one hundred and twenty-three of which were requested a total of four hundred and fifty-

one times—some as many as thirteen times. This does not imply that the student is necessarily viewing more films, but that the teacher can and is using the film at the precise moment when it has the most value to the class development. It also makes it possible to reshow a film at the conclusion of the particular unit for added emphasis.

Films can and are used in three main ways, 1. as an introduction to a subject, 2. as supplementary material and 3. as a follow-up. The great value of the film being used in conjunction with the text book is, of course, that real true-to-life situations, motions and sounds can be taken directly from their natural surroundings and introduced into the classroom. These are strictly educational films and are not used for entertainment purposes. (However, we certainly hope that they are appealing, entertaining and enjoyable.)

The overhead projector, a relatively new comer to the field of education, offers favorable opportunity for creative teachers to produce their own materials that they themselves can use year after year. In moving about the system one will notice more and more overheads being used, particularly in the High School. Many commercially prepared materials are available for purchase, but the teacher prepared transparencies seem to be more suited for the individuals own classroom use.

Filmstrips continue to be popular with the teachers and with the thoughts of individual study centers, filmstrips will be used more and more for independent work by the student. Filmstrip and record or filmstrip and tape combinations are fast becoming available for classroom use.

The Department of Audio-Visual Education has been and will continue to be available to all teachers and students to assist each and everyone solve problems relating to the A. V. area. This office in the past year has been called upon to assist in student productions, class projects, and demonstrations.

The Director has presented teacher training sessions in all schools, participated in the Special Services "Road Show" program at various school P.T.A. programs, assisted many teachers in the preparation of class materials, prepared lists of films, catalogued ordered and distributed films and other A. V. materials, taken photographs of various events, set-up public address systems for town meetings, college boards, plays, football games, delivered materials to all schools, repaired, adjusted and maintained most of the A. V. equipment throughout the system.

In October, the A. V. Director, was invited to be a member of an eighteen man team selected to evaluate the Cranston West High School, Cranston, Rhode Island. This committee was chosen by the New England Association of Colleges and Secondary Schools and charged with the responsibility of making a complete evaluation of the school,

In the course of performing the many above mentioned tasks it was necessary to drive many miles within the town of Norwood itself. In fact a total of over eight hundred miles was covered from September to December, 1967.

Assisting the Director of A.V.E., are two able, well qualified A.V. Coordinators. Mr. William Mazurek, of the Junior High School Science faculty, with no released time for A.V., has done an admirable job of keeping things running smoothly at his school. Mr. Thomas Burbridge, of the High School Science faculty, has two released time periods in which to carry on his duties as High School A.V. Coordinator. Mr. Burbridge has a well organized A.V. service club of about fifteen boys who are trained to set up and run most pieces of Audio-Visual equipment used in that school.

In closing I would like to thank Dr. Coakley, the Norwood School Committee and all in the Norwood Public Schools for their continued help and cooperation.

RAYMOND F. FLECK

REPORT OF THE DIRECTOR OF ATHLETICS AND SUPERVISOR OF SENIOR HIGH SCHOOL PHYSICAL EDUCATION

Physical Education — Senior High School Boys and Girls

All ninth and tenth grade students are required to take physical education three (3) periods per week. All eleventh and twelfth grade students are required to take physical education two (2) periods per week.

The girls program consists of all sports in season. It also includes exercises, apparatus, dancing, archery, volley ball, and soccer.

The boys program also consists of all sports in season plus tumbling, apparatus, soccer, weight lifting, wrestling, and gymnastics.

Intramural Program — Boys and Girls — Senior High School

This program is primarily for boys and girls who do not wish to participate in interscholastic sports. This program is somewhat limited because of the lack of adequate indoor facilities. The following activities are offered to the girls: field hockey, soccer, archery, basketball, gymnastics, tennis, and softball. The boys are offered the following activities: soccer and a limited amount of basketball, weight lifting, gymnastics, and tennis.

Intramural Program — Boys and Girls — Junior High School

The girls program consists of the following: field hockey, soccer, class basketball, softball, and tennis.

The boys program consists of the following: flag football, soccer, class basketball, and softball. A Saturday morning basketball program is

held for all seventh and eighth grade students. This program is run during the basketball season.

Intramural Program — Boys and Girls — Elementary

In the fall a flag football program is run for fifth and sixth grade boys in all the elementary schools.

During the winter months there is a basketball program for boys and girls in the fifth and sixth grades. This program is held Saturday mornings for the boys and after school for the girls. This activity is very well received by all pupils at this level. In the spring a baseball program is run for boys and a softball program is run for the girls.

Athletics — Boys and Girls

Varsity sports continue to attract more and more girls and boys. They are eager to take part in the variety of activities which are being offered at various levels.

The girls program consists of the following sports: field hockey, basketball on the varsity and junior varsity level, gymnastics, swimming, softball, and tennis. Competition is held with schools in the Bay State Conference.

The boys varsity program consists of the following sports: football — varsity, junior varsity, seventh, eighth, and ninth grade; soccer; Cross Country — varsity, junior varsity, seventh, eighth, and ninth grade; basketball — varsity, junior varsity, seventh, eighth, and ninth grade; hockey — varsity, junior varsity, and ninth grade; wrestling — varsity and junior varsity; gymnastics; swimming; indoor track; baseball — varsity, junior varsity, seventh, eighth, and ninth grades; track — varsity, seventh, eighth, and ninth grades; tennis and golf.

The 1967 report on athletics covers the many activities engaged in by our girls and boys in their after school program. I feel it was a good year with several outstanding teams. However, it is well to make a record of certain accomplishments.

The Hockey team had an outstanding season with the following record: 14 wins, 2 ties, and 2 losses. They were defeated by Arlington in the State Finals.

The basketball team had a fine season with a record of 12-6.

The tennis team, had an outstanding season with a record of 16 wins and 2 losses.

The wrestling team produced several outstanding wrestlers who went on to win State individual wrestling championships.

Health Education

With the increased rate of drug addiction, alcoholism, lung cancer, and heart disease, we felt that greater emphasis on this course would benefit many students. Health Education classes are organized in the Sophomore year for boys and girls. This class meets twice a week.

ORLANDO M. SCAFATI

Director of Athletics and Supervisor
of Senior High School Physical Education

**REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION
ELEMENTARY AND JUNIOR HIGH SCHOOLS**

Elementary Schools

With the addition to the staff of a trained physical education instructor we have been able to increase our time allotments to students at all grade levels including our educable and trainable children.

At the elementary level every boy and girl receives two (2) physical education periods per week in a formal, progressive atmosphere. For class uniformity, each student is required to wear sneakers and proper dress to every class. Instruction is based on the development of individual skills, the use of the large muscles of the body and the development of maximum physical fitness in every boy and girl.

Activities that include running, hopping, skipping, jumping and throwing are focused to the primary grade children. Skills in football, basketball, softball, kickball, soccer, rope skipping, folk and square dancing, tumbling and apparatus, track and field events are being developed at the upper elementary level.

Professional instruction, with the assistance of our elementary classroom teachers and a progressive physical education curriculum guide all combine to develop and promote the enjoyment of being physically fit.

Elementary Physical Education Exhibition Day

Our Seventh Annual Physical Education Exhibition Day was held on June 9, 1967, at the Civic Field for all Sixth Grade boys and girls in the Norwood Public Schools. Once again this Annual event proved to be a most successful and enjoyable experience for the students.

The entire day was devoted to activities that are included in some phases of the physical education curriculum. The following activities were performed: A mass calisthenic exhibition by the entire Sixth Grade group, volleyball, kickball, fistball and deck tennis games, 50 yd. and 100 yd. dashes, basketball throws, 220 yd. relay races, baseball throws for accuracy, and the standing broad jump.

Junior High School

Our basic philosophy is carried forth from the Elementary level to the Junior High School with a more vigorous and progressive program offered to every boy and girl.

At this level students are required to wear the standard Norwood Physical Education Uniform. We also provide modern shower and locker facilities that create a healthy atmosphere.

All students in Grades Seven and Eight receive two (2) formal physical education periods per week. Always trying to improve our curriculum we have included field hockey and modern dance in our girls program, wrestling in our boys' program and a limited unit in gymnastics in both the boys' and girls' programs. Other activities that the students participate in are: Games of high organization, tumbling and stunts, rope skipping, marching, calisthenics, rope climbing, apparatus work, archery and tennis. We also offer at this level skills in football, basketball, softball, kickball, volley ball, track and field events, soccer, speedball and folk dancing.

A new physical education uniform was introduced to our 7th Grade girls this year. It is comfortable for all figure types and modest in design.

Junior High School Physical Education Exhibition Day

On June 6, 1967, the Eighth Grade students held their Annual Physical Education Exhibition Day. The Junior High School grounds, the Bond Street Playground and the Civic Field were the areas used to put forth the many activities the boys and girls participated in. These activities included: Kickball and volley ball games, 50 yd. and 100 yd. dashes, baseball and softball throws for accuracy, basketball throws, shot put, standing broad jump, tennis matches, and 200 yd. relay races. The final activity of the day was a one mile race for boys.

Physical Fitness Tests

The Annual Physical Fitness Test was administered to every boy and girl in Grades 4, 5, 6, 7 and 8 in the Spring of 1967. Students who successfully pass this test are awarded a Physical Fitness Certificate. This test includes: Sit-ups, pull-ups, flexed arm hang, shuttle run, standing broad jump, softball throw for distance, 50 yd. dash, and the 600 yd. run.

This annual test seems to motivate pupils to practice self-improvement and informs students to what level they are achieving in comparison to the rest of the class.

Trainable Class

The children at our Trainable Class receive two (2) Physical Education periods per week. Activities the children participate in are: Calisthenics, rhythmic, tumbling and stunts and group games. Boys and

girls also develop skills in coordination, throwing, catching, rope skipping, running and climbing.

The prime concern in this program is the development of physical fitness and motor skills that are so important to the child's psycho-social development.

Conclusion

The Director of Physical Education, during the year 1967, was again invited to speak to many PTA Groups to inform parents about our Physical Education Program.

The Fifth and Sixth Grade students at the Winslow School put forth a fine physical education demonstration for the PTA at the Junior High School on the evening of May 23, 1967.

A complete new Elementary and Junior High School Curriculum Guide has been completed and is now in use. New activities have been implemented to keep our program consistent with the present day philosophy on physical education.

We are looking forward to painting game and activity lines on all the hard top areas adjacent to our elementary schools in the Spring of 1968. Lines for volley ball, four-square, hop-scotch patterns, and various circles will serve two purposes. They will be used to promote and develop physical fitness and will keep many children busy before and after school, and at recess time.

A fine professional relationship, in the area of Student Teaching, has been established between the Norwood Public Schools and Boston University's Sargent College, Division of Health Dynamics.

Each year brings constant improvements to the Physical Education Program. New equipment, additional staff members and new facilities that will be in our New Elementary School, that will open in the Fall of 1968, all helps to promote and motivate a strong healthy physical education program that serves the best interests of our clients, the boys and girls in the Norwood Public Schools.

At this time I would like to express my sincere gratitude to Dr. Philip O. Coakley, Superintendent of Schools, for his fine cooperation and the continuous support that he has given me in putting forth the physical education program.

I would also like to express my sincere appreciation to the Norwood School Committee, Director of Special Services, School Administrators, Physical Education Instructors and Classroom Teachers for their cooperation, enthusiasm and assistance in achieving my aims and objectives.

Appreciation also goes to Miss Elizabeth Syverson, Executive Secretary and her staff, for all the many things they have done to make the Physical Education Department operate more smoothly.

RICHARD H. MAHONEY

Director of Physical Education

Elementary and Junior High Schools

REPORT OF THE SUPERVISING SCHOOL NURSE

The nurse serving the school, functions as a health consultant and adviser, acts as liaison between home and school, and aids in coordinating school and community efforts in health supervision and instruction. With the School Doctor, she is responsible for the health and well-being of all who are in school.

Since each person develops according to his own pattern and potential, health appraisal is a tool by which one determines the health status of the individual. The following are parts of the appraisal.

Physical examinations by our school physicians, George R. Allen M.D. and Roy T. Lydon M.D. begin prior to the opening of school in the Fall, and continue by season for sports until all who participate are done. Annual examinations scheduled for grades one, four, seven and ten are completed by school or family physician. At school this year fourteen hundred and ten examinations were completed, and eleven hundred and eighty health evaluations were submitted by family doctors.

Weighing and measuring done in the grade school by the school nurse, and in the secondary school as part of the physical education program, often offers the first clue to potential illness. Children are weighed and measured three times during the school year and a record kept in the classroom and on a permanent health card.

Throughout the year screening tests for vision and hearing are completed on each school child. In several schools group testing by two school nurses taking a full day were tried to determine if there could be a conservation of pupil-teacher time. This approach proved popular and time saving in the larger schools. Those students who fail initial screening are retested and referred for treatment as the need is shown. The importance of good vision and hearing and the prompt correction of remedial defects is emphasized as an important aspect of the ability to learn.

Control of disease through immunization clinics continued. In addition to the usual Tuberculosis Clinics and the Diphtheria-Tetanus Clinics we added those for the control of measles.

The Eye Clinic under the direction of Dr. William Ryan served a total of 342 patients.

The Norwood Board of Health has accepted a Flouride testing program. A number of Norwood students are involved in this program. Much dental correction and dental teaching was performed by the school dentist, Dr. Maria Krovoshlikoff and her aide.

The handicapped child has a special place in our school program. Vital to mental and physical health is the personal adjustment of the child to his handicap and the recognition by those who work with him of his particular needs. The school nurse helps the child to recognize his

problem and adjust to his school program, and with the teacher and administrator modifies his program to meet his individual needs.

The members of this department wish to thank all for the help and fine cooperation extended this year.

MARY A. PARSONS, R.N.
Supervising School Nurse

OFFICE OF THE SUPERINTENDENT

Report of Supervisor of Custodians

I hereby submit my report for the year ending December 31, 1967.

Since 1961 a planned program of maintenance and repair of school buildings has been effected in order of priority and within the funds appropriated. The following major projects have been accomplished.

Roofs—*Senior High—Junior High—*Callahan—Shattuck—Winslow
(additional work to be done)*

Interior Painting (Complete)

Junior High—Balch—Shattuck—Winslow

Exterior Painting (Complete)

Senior High—Junior High—Henry O. Peabody—Callahan—Cleveland
Prescott—Shattuck—Winslow

New Electric Transformer, pad, and panel installation
Junior High

Smoke screen door replacement and smoke screen installation
Junior High (complete corridor areas)

Window replacement—*Balch School (59 units replaced)
(additional work to be done)*

Toilet renovations

Senior High — Junior High — Balch — Shattuck — Winslow
Total (22) areas

Shower Room renovations

Junior High Basement (3 areas)

Exterior Door Sets replaced

Junior High — Balch — Callahan — Shattuck — Winslow
Total (33 sets)

Masonry repairs — (walls, landings and steps, chimneys, etc.)
Senior High — Junior High — Balch — Shattuck

Ceiling replacement

Junior High (3) — Balch (5) — Callahan (1)

Vandalarm System — Installed in seven schools

Exterior lighting — All Schools

School Grounds

- (1) Black top play area — Shattuck School
- (2) Resod Football Field — H. B. Murray Field
- (3) Refurbishing of Baseball diamonds — Prescott — Winslow

In addition to the foregoing projects, the following was completed in 1967 in the schools:

SENIOR HIGH SCHOOL

Plaster repairs throughout buildings.
Girls shower room in existing building painted.
New hardware installed in folding doors — girls gym (existing building)
Repairs to lockers.
Wood protective cover for athletic field score board.
Cafeteria dish room floor painted with a non-slip material.
Gym floor repaired.
Installation of masonry splash wall in coaches shower room.
Waterproof skylight — gym roof.
Repairs to folding bleachers.
Glazing of sash on tower.
Repairs to furniture in cafeteria.
Repairs to smoke screen doors.

JUNIOR HIGH SCHOOL

Finish replacement of exterior doors (total 10 sets)
Installation of complete metal smoke screen and doors.
Replacement of 9 sets smoke screen doors and hardware and refurbishing surrounding area with wire glass and fire retardent materials.
Replacement of plain glass in transoms with wire glass and fire retardent materials.
Replacement of wood doors in incinerator room with masonry walls and one complete metal fire door.
Installation of adequate lighting in incinerator room.
Repairs to roof vent.
Masonry repair to exterior wall area, chimney cap, retaining wall and rebuilding manhole cover over fuel tank.
Replacement of asbestos stage curtain and proscenium stage curtain.
Clean interior fuel tank.
Interior of building completely redecorated.
Remove stain from terrazzo area in corridors and toilet areas.

Installation of 3 water coolers in corridors — removal of sinks from basement corridors and installation of bubbler in same area.
Installation of masonry splash wall and visitors shower room.
Make up portable display boards for Art Department.
Renovation of gang toilet facilities and locker rooms — Boys (3); toilet facilities off main lobby; and Health suite.
Installation of frame and access panel in ceiling basement corridor.
Repairs to ceiling in chair storage area.
Make up and install kick plates on all corridor doors.
Installation of hangers for protective mats on gym walls.

HENRY O. PEABODY SCHOOL

Replace set of doors — main entrance.
Installation of new equipment in Bakery Department.
Installation of accordian wall in Beauty Culture Department.
Renovations to Beauty Culture room, (carpentry, electrical, masonry, plumbing.)
Painting of wall area — Bakery Department.
Repairs to exterior masonry landing and steps.
Automatic Valve for heat control on main steam supply installed.

BALCH SCHOOL

Clean interior of fuel tank.
Build masonry manhole with metal cover over fuel tank.
Completed installation of exterior doors (6 sets)
Painted complete interior of existing building.
Replacement of wood windows with (De Vac) Aluminum (59) units.
Glaze all remaining wood sashes on building.
Fabricated and installed portable partitioning for kindergarten, with storage, tack board and black board areas.
Replacement of plain glass in classroom doors, main entrance screen and library entrance with fire resistant material and wire glass.
Installation of shelving in library.

CALLAHAN SCHOOL

Replace transom glass in classrooms with fire retardent material.
Plaster repairs in several areas.
Installation of 6 exterior door sets.
Eight classrooms painted.
Boys and girls gang toilets, completely renovated.
Shelving installed in library.

CLEVELAND SCHOOL

Painting of teachers' room and main office.

Screen roof vents.

Replace and repair exterior flood lights.

OLDHAM SCHOOL

Interior gym wall painted with glaze material.

Exterior doors repaired.

Fabricated and installed portable partitioning for kindergarten with storage facilities, tack board and black board area.

Exterior stainless steel letters replaced.

SHATTUCK SCHOOL

Replace water meter.

Installation of exterior doors (6 sets)

Completion of masonry work, chimney, parapet wall, installation of new landing, main entrance with railing.

PRESCOTT SCHOOL

Interior painting — Health Suite, Main office, and Principal's office.

WINSLOW SCHOOL

Water meter replaced.

All window chains replaced and all sashes checked in building.

Exterior drain pipes repaired.

Interior of fuel tank cleaned.

Exterior doors installed (4 sets)

ADMINISTRATION BUILDING

First floor north side building insulated.

Bulk head repaired.

All wood sash glazed.

Partition installed in work room, second floor.

At the Balch School and Junior High School a great deal of preparatory work was completed by our maintenance craftsmen prior to painting by outside contractors. The type of work completed, involved masonry, plastering, carpentry, and glass installation. The custodial department was given the task of a massive cleanup program.

The summer cleaning program was successfully completed again this year. In the case of the Balch School and the Junior High School, additional time was given the painting contractors to complete interior painting due to the fact that they were not able to begin when school closed in June. However the cleaning of these two schools was completed and met the standards of good housekeeping when schools opened in

regular session. Custodial and maintenance craftsmen personnel were commended by Dr. Coakley and the School Committee for their performance during this emergency in getting the two school buildings in top notch condition.

Uniforms for Custodial personnel was initiated this fall. The uniform consists of a light blue shirt and dark blue trousers. The employee's name and "Norwood Public Schools" is embroidered over shirt pockets.

This year general maintenance of grounds took place. The football field was in good condition for the football season. Because of the abnormal growth of grass, additional summer help was employed to help care for grounds.

This year the bulk spread method of fertilizing was used in the large grass areas and the conventional method used on the smaller lawn areas.

Scheduled ground work was difficult to adhere to due to the constant rain.

Snow removal is a difficult task in all areas. On School property most snow and ice removal takes place at night and early morning hours, because we have to have our walks and parking areas plowed out in time for school opening.

Due to the increased school population, its activities and services, the need for additional labor and time saving equipment and replacement of some of the older equipment is needed.

The need for a storage, distribution ,garage, and work center is recommended for the near future to service the needs of the school system.

I wish to thank Dr. Coakley, Mr. Blasnak, our General Manager, the School Committee, the Board of Selectmen, the Custodial and Maintenance staff for their assistance and cooperation.

JOHN P. MALEIKO
Supervisor of Custodians

REPORT OF THE ATTENDANCE OFFICER

The following is the Annual Report of the Attendance Officer for the year ending December 31, 1967:

Total number of investigations	102
Number of truancies	20
Number of illness cases investigated	45
Miscellaneous cases	23
Number of Court cases	1

In submitting my fourth Annual Report, I attest that it is, to the best of my knowledge, true and accurate.

JOHN J. FLAHERTY, JR.
Attendance Officer

In Memoriam

LINCOLN D. LYNCH

1967

The members of the Norwood School Committee and the Superintendent of Schools were grieved to learn of the untimely death of Mr. Lincoln D. Lynch who devoted thirty years of his educational career to the betterment of the public schools of Norwood.

Conscientious and diligent in the performance of his administrative tasks, he was in the true sense a leader within the community and among his professional colleagues. The excellence of the Norwood Public Schools is a direct tribute to the educational efforts of Lincoln D. Lynch.

RESOLVED: The members of the Norwood School Committee and the Superintendent of Schools wish to express their condolences to the family of Mr. Lynch. Further, that this resolution be incorporated into the official minutes and records of the Norwood School Committee; and, further, that a copy of this resolution be forwarded to Mrs. Lincoln D. Lynch.

THE NORWOOD SCHOOL COMMITTEE

FRANCIS X. SHEEHAN, JR., Chairman

JOHN J. CAVANAUGH

DR. THOMAS A. COUCH

In Retirement

ELLEN M. GIFFORD

1929-1967

With full knowledge of your outstanding ability in the teaching of Physical Education to the young ladies of the Norwood Junior High School, it is with regret that we acknowledge your retirement from the professional staff of the Norwood Public Schools.

Satisfaction from thirty-eight years of continuous service to young people, characterized by a dedication to a "sound mind and a sound body" should be an integral part of your fondest memories in the years ahead.

We, the members of the Norwood School Committee, and the Superintendent of Schools, in appreciation of the excellent service rendered our schools by Miss Ellen M. Gifford, extend our best wishes for continued good health and good fortune upon the occasion of your retirement.

THE NORWOOD SCHOOL COMMITTEE

Francis X. Sheehan, JR., Chairman

John J. Cavanaugh

William F. Egan

Dr. Thomas A. Couch

REPORT OF SCHOOL HOUSING STUDY COMMITTEE - 1967

At the Norwood School Housing Study Committee meeting of December, 1967, it was decided that with the new elementary school and the new Junior High School construction under way, studies for the proposed Senior High School addition would be resumed.

The committee plans to work closely with the School Department to determine basic needs for a projected enrollment of 2,000 to 2,100 students by 1971 or 1972. Approximately fourteen additional teaching areas in the form of classrooms, some for specialized uses, will be required.

On the recommendation of the School Department, emphasis will also be placed on other essential units such as a larger library with ancillary facilities, a larger auditorium, a larger cafeteria and kitchen, another gymnasium and a field house, and guidance areas.

Because the Norwood Senior High School was designed originally for an enrollment of 700 students and now, with several additions having been made in the ensuing years, is up to a rated capacity of 1,550, difficult architectural problems are anticipated. However, the School Housing Study Committee and all who will be participating in this cooperative effort expect that a workable plan for the ultimate educational program will be successfully achieved.

The committee has agreed to formulate plans to establish the need for the Senior High School addition, for presentation at the first Special Town Meeting in 1968.

Respectfully submitted,

their families move into Norwood. This, again, coupled with the addition of a number of new programs plus a multiplicity of changes in the already existing ones has inflicted an increased workload which continues to pose the annual problems of privacy for interviewing plus additional space and personnel.

This department is operated under Chapter 115 of the G. L. of the Commonwealth as amended by Chapter 584, Acts of 1946 for the purpose of administering Veterans' Benefits and Services. Norwood spent approximately \$75,000.00 this year in the benefits program and all assistance cases were investigated and payments made in accordance with Chapter 115 of the G.L. which assures the Town of Norwood a fifty (50%) percent reimbursement from the Commonwealth of Massachusetts. It is estimated that approximately some \$200,000.00 per year flows into the economy of the Town of Norwood as a result of claims processed through the Service Department.

The purpose of the Department of Veterans' Services is to assist veterans and/or their dependents in procuring financial assistance and information and benefits to which they are entitled relative to vocational or other educational opportunities, G. I. loans, hospitalization medical care compensation, pensions, on-the-job and apprenticeship training, insurance, burial allowances, grave markers, photostats and all other benefits granted veterans under Federal and State laws.

Rough estimates place the number of veterans in Norwood at about 5,000 coupled with wives, dependent children and dependent parents, we figure approximately 20,000 or close to two thirds of the towns population are eligible to come to this office at one time or another to at least inquire about the possibility of eligibility for benefits or services of one kind or another.

Every request for assistance was accorded conscientious consideration and all possible assistance under existing regulations was invariably granted. The one aim was to give veterans and their dependents the best possible service at all times and to administer the laws and regulations affecting veterans impartially, efficiently and effectively.

There was complete cooperation with the Veterans Administration and the various local Civic and Veterans organizations that interest themselves in veterans affairs and exceptional cooperation extended this department throughout the year by the State Department of Veterans' Services.

Grateful acknowledgement is made to the Honorable Board of Selectmen, the General Manager and his staff, The Town Counsel, other Town Departments, all veterans organizations and any others who have assisted the Director of Veterans' Services in the performance of his duties.

Respectfully submitted by,

WILLIAM F. NOLAN, JR.

Director of Veterans' Services

REPORT OF BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

TO: The Honorable Board of Selectmen

Gentlemen:

We respectfully submit the Fourth Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the towns in this District:

		Term Expires
AVON	Mr. Bernard H. Baher	March 1969
BRAINTREE	Mr. James E. Sullivan	March 1969
CANTON	Mr. Nathaniel N. Wentworth, Jr.	March 1969
HOLBROOK	Mr. Donald J. Martin	March 1968
NORWOOD	Mrs. Alena Wisgirda	Jan. 1970
RANDOLPH	Mr. M. Murray Lewis	March 1968
WESTWOOD	Mr. Ernest Oetinger	March 1968

The District Committee, with deep regret, accepted the resignation of Mrs. Jean A. Heffernan, Original Planning Committee Member, Interim District Committee and current School Committee Member. Mrs. Heffernan Representative from the Town of Holbrook, was required to make a change of residency and officially resigned from this District on August 15, 1967. At this time, Mr. Donald J. Martin of Holbrook was appointed by the Board of Selectmen and Holbrook School Committee to fill the Holbrook vacancy on the Blue Hills Regional Vocational School District Committee until the formal election in March 1968.

Mr. Nathaniel N. Wentworth, Jr. and Mr. M. Murray Lewis continued in the capacities of Chairman and Vice-Chairman respectively. Mr. Edward V. Cogliano of Canton continued as Treasurer, Mr. William J. Carr of Randolph continued as Counsel and Mr. William A. Dwyer continued as Superintendent-Director of the Regional School.

The District Committee continued holding its Regular Meetings on the first and third Tuesday of each month. Meetings are held in the Blue Hills Regional Vocational School, 100 Randolph Street, Canton, Massachusetts.

On September 22, 1966, the Regional School opened as planned. Although faced with some remaining construction problems at this time, the District Committee realized that this inconvenience was insignificant considering the fact that 350 students from the seven member towns were able to avail themselves of an opportunity for technical education one year earlier. The option this Committee had in the early decision-making period of selecting an opening date, would have allowed an additional year for construction and a more comfortable period of equipping the school. However, such a decision would have deprived the opening class of an opportunity

for a vocational-technical education. Today, with the need for technicians becoming more obvious and more critical each successive year, this Committee realized it had made a very wise decision. A great deal of recognition must be given the Superintendent and staff who were able to smoothly coordinate the opening of the school in view of the conflicting building problems.

In January 1967, a mere 5% of construction remained. At this time, the Committee continued its equipment award of bids so that the remaining sections of the building could be hastily equipped to facilitate 100% use of all facilities in the school.

To fully utilize the building and equipment as soon as it became available, the District Committee authorized the Superintendent to proceed and open as many evening school classes as possible. In January 1967 the following courses were offered the adult population of the Regional District: Basic Data Processing, Basic Electronics, Basic Drafting and Machine Woodworking. These courses were filled to capacity and approximately 100 adults enjoyed a program of technical preparatory education for the remainder of the winter semester.

The Committee further emphasized their total educational philosophy for adult technical education in the areas of preparation for employment, retraining and upgrading of adult occupational skills. It was agreed that as soon as the staff was able to successfully conduct further adult education, hopefully in September 1967, an entire diversified program of all courses would be made available to the public.

In February 1967, the Committee approved plans for the establishment and equipping of the following educational innovations in the existing program:

1. A complete developmental reading laboratory
2. A pilot program of training for a limited number of students from the Boston School for the Deaf
3. A technical library and librarian
4. A closed-circuit television broadcasting system for technical instruction.
5. A six-week Summer School program for remedial and developmental courses in English, Reading and Mathematics with enrichment courses in Advertising Art, Graphic Arts, Electronics Medical, and Technical Science.
6. Effective September 1967, a new course in Civil & Structural Engineering Drafting, would be added to the 15 existing courses. This course would be at the post-high level and would require two years for certification.

In March 1967, the District Committee announced plans for making the building available for its first showing to the public. Dedication of the

Building and a Public Open House were both scheduled for the month of May 1967. The entire committee felt that all the public should have the opportunity to become familiar with this modern technical education facility. Other public functions such as PTA meetings, civic club meetings, etc. were scheduled immediately after the Dedication of the Building.

In June 1967 the first graduation ceremony was held in the Cafetorium of the school. Twenty post-high students having completed a one-year course in Dental Assistant Training were graduated and successfully placed in dental offices throughout the seven towns.

Admissions for the 1967-1968 school year were finalized at this time, and the Superintendent reported to the District Committee that on the completion of the first school year, interest for enrollment in the school was growing in disturbing proportions. The projected enrollment for the 1967-1968 school year was approximately 500 students, but the total number of applications received was over 1300. Although these figures indicated complete success in the initial year of operation, it also indicated that much more needed to be done to provide technical education for more of the youth in the Regional District.

During the summer months of 1967 the District Committee continued its meetings to discuss policy for expediting the total educational program at Blue Hills. The Chairman appointed the following sub-committees and approved meetings were scheduled: Finance & Administration Sub-committee, Curriculum & Advisory Board Sub-committee, Personnel Sub-committee and Publicity & Historical Sub-committee.

In addition to the existing football and basketball programs, the following athletic programs were approved in 1967: High School Baseball; High School Track; High School Informal Hockey; Technical Institute Basketball, as well as, Winter-Spring Intramural programs for both boys and girls.

By Fall of 1967 the outdoor athletic facilities were completed to include a football field, baseball field, practice field, tennis courts, basketball courts and a $\frac{1}{4}$ mile composition running track.

During this period additional staff members were appointed by the Committee for the Fall enrollment of 520 students.

In September 1967 the District Committee engaged Gale Engineering Company for additional land engineering studies. Long range plans for future expansion were discussed in accordance with the increased interest in enrollments at the technical school. Mr. Dwyer, Superintendent, projected percentages indicating that prior to the opening of the Blue Hills Regional School only 1% of all secondary students in the District were able to attend vocational or technical schools. As of September 1967, with the opening of the Blue Hills Regional School, approximately 16% of all the secondary students in the District had applied for admission to the Regional School.

This school, however, through the nature of its capacity was only able to accept 7% of all the applicants. The Committee agreed that further study of future enrollments must be projected soon in order to assist in future budget and long-range plans for additional expansion.

On October 1, 1967, the date of the official pupil count, approximately 500 boys and girls, were enrolled in the technical school. In the evening school, offering 15 various programs, there were over 300 adults from this District enrolled. A grand total of 800 enrolled in the day and evening programs.

In November, preliminary budget meetings were held to discuss categorical budget requirements for the capacity enrollment of 620 students due in September 1968. During the latter part of November the Tentative Operating & Maintenance Budget was presented to the District Finance Committees. On December 1, 1967, the 1968 Budget was reviewed and finalized, and sent to the District Boards of Selectmen and Finance Committees.

In December, successful legislation on vocational education, House Bill 1410 and House Bill 1412, were passed by the House and Senate. With the final signature of the Governor, both Bills were enacted and became law. House Bill 1410 will return 50% of the net operating costs of vocational technical schools approved by the Bureau of Vocational Education. Such reimbursement being made to the District. House Bill 1412 will provide an additional 15% State Aid to towns involved in a regional school district. Together, this legislation will reduce considerably the current costs of vocational-technical education by reducing the per pupil costs of such programs. The financial future for this regional school District looks encouraging.

The District Committee, at this time, feels it has completed a very successful year of policy making and legislation—such success being obvious from the encouraging reports of admissions and from comments by parents with youngsters in attendance.

For all its success, the District Committee owes a great deal of gratitude to many groups. The Committee at this time expresses its gratitude to all Industrial Advisory Boards, Local Boards of Selectmen, Local Finance Committees all of whom have been so helpful during this past year.

Respectfully submitted,

NATHANIEL N. WENTWORTH, JR., Chairman
M. MURRAY LEWIS, Vice Chairman
MRS. ALENA WISGIRDA, Secretary

ERNEST A. OETINGER

**REPORT OF THE SUPERINTENDENT-DIRECTOR
BLUE HILLS REGIONAL VOCATIONAL TECHNICAL SCHOOL**

To: The District School Committee

The Honorable Boards of Selectmen

The Parents & Citizens of this School District

Never in the history of our Nation has our American economy been so dependent on the creative genius and technical skills of our secondary school graduates. The technological race in which we find ourselves today demands that parents and students be made aware of the changes that must take place in our educational process if we are to provide the proper balance for the occupational placement of our youth.

The following statistics emerging from the Department of Labor and the President's Panel of Consultants on Vocational Education conclude:

—Of Every Ten Youngsters Now in Grade School

- (1) Only seven will complete high school
- (2) Only two will complete four years of college
- (3) At least 60% of all high school graduates are needed in vocational and technical placement for the new world of work
- (4) Approximately 70% of all high school students are taking college preparatory courses

It is obvious that the parent of today firmly believes that this 70% of the high school population, currently striving for academic excellence and for four-year college admission, are doing the fashionable thing. Yet, of this majority, many will not be accepted for college admission and a large share of the percentage that does enter college will never complete a four-year degree program.

Dedicated to the realization that a new and comprehensive type of education must evolve from the significant findings of this study, the Blue Hills Regional School Committee and the Administration of this school have developed the following educational objectives:

- (1) A Technical high school training program for boys and girls in grades 9 through 12 desirous of entering the labor market upon graduation from high school. The technical high school program contains the same number of unit credits in mathematics, English and science as the conventional high school program. The novel curricula outline has become technically sophisticated to include the most modern equipment and concepts of laboratory procedure. In order to provide the additional technical training as required for the industrial labor market, additional periods have been scheduled over and above the length of the regular high school daily program. To further gain additional time for technical laboratory, all free periods and study periods have been eliminated. The graduates of the Blue Hills Regional Technical High School will receive a high school diploma and may go on to college.

(2) A pre-employment, post-high educational program, for high school graduates who have previously completed their academic training in the high school system, but desire the necessary occupational training to become available for the world of work;

(3) A technical institute program for high school graduates aspiring to prepare themselves for the objectives and requirements of a semi-professional technology training of the Junior Degree status;

(4) An adult educational program offering all of the basic courses available in the day-school program, and designed to up-grade the adult in his existing occupational area and also to retrain individuals in a new field of technical training;

(5) A current program for continuing education for high school drop-outs will provide these individuals, returning veterans and others with a means of earning a high school diploma on an evening basis.

The indication of our success at the Regional Vocational School after the first year of operation, seems to stem from the novel approach to the comprehensive offerings on one site, as opposed to conventional methods of providing remedial, vocational, technical and post-high subject matter in separate plants in various locations. In the early stages of the admissions recruitment drive, we found the success of our applicant interest developed from the broad range of course offerings included in the technical high school and the institute level programs as well as the vocational courses. During this period it was extremely difficult to overcome the deeply formed attitudes and opinions relative to the old single-track vocational systems. We have found, however, that the large number of applicants, now enrolled in technical occupational areas requiring strong aptitude prerequisites, has somewhat given us conclusive evidence of having finally achieved the success that has long been sought by vocational administrators.

The existing site and facilities at Blue Hills Regional have an estimated value of \$3,600,000.00 One million dollars of this sum represents the equipment in the shops, laboratories and classrooms. The following items are but a few of the sophisticated technical innovations that are mentioned in our contemporary objectives.

1. A complete laboratory of unit record data processing equipment including the I.B.M. 1401 computer.
2. A complete laboratory in the area of Advertising Art & Design including the most up-to-date equipment in the areas of illustration, packaging, photography, interior and fashion design.
3. A sophisticated laboratory offering basic and institute level electronics training from elementary electronic circuitry through the electro-mechanical circuit requirements of the computer industry.
4. A new concept in electric laboratory training utilizing the laboratory motor generating panels, control and motor mock-ups for the

technician to be trained in the areas of residential and industrial wiring to include the most recent requirements in industrial electronic controls.

5. A complete production technician laboratory in machine, civil, structural, and industrial design involving units of junior engineering study such as compression testing devices, pneumatic controls and hydraulic systems.
6. A large dental laboratory including the most up-to-date operatory, X-ray machinery and darkroom as well as mechanical bench training devices.
7. A complete medical laboratory with facilities comparable to the most modern hospital laboratory in the area.
- 8 A large graphic arts department offering conventional letterpress tape control machinery.
and offset printing training utilizing the latest hot and cold type
9. A machine processes laboratory involving advanced training in tape control manufacturing procedures as well as employing a large array of quality inspection and control devices.
10. Each classroom will be allowed to receive by closed circuit educational television, broadcasts from the central educational center in Boston, or from within our own closed circuit stations. Demonstrations can originate from all 16 shops or laboratories through a master closed circuit control panel and master antenna. (This system is currently being installed.)
11. All ninth graders have available a complete reading laboratory designed to up-grade all incoming students in reading speed and comprehension. This reading laboratory includes twenty individual reading carrels with junior reading stations and junior reading devices as well as a centrally situated Tachistoscope and group reading machines.

The following pilot programs are now in operation here at Blue Hills and have been approved by the State Department of Education and the Federal Government:

1. A remedial skill training program supplemented with remedial academic subject matter.
2. Remedial and Developmental Reading Program.
3. Ninth grade Exploration Cycle.
4. The unique method of block programming all academic subject matter to allow each individual to move up or down as necessary in the areas of mathematics and English for both vocational and technical high school programs.
5. A total new concept in pupil orientation, regional admissions and applicant pre-testing methods.

6. A recent research project granted by the State Bureau of Vocational Education to evaluate existing state bulletins throughout the Nation on the present offerings in each State for vocational education opportunities. This school has also been authorized to design, write and print a three-color booklet on the broad and comprehensive offerings of vocational and technical education in the Commonwealth of Massachusetts. (Completion target date is September 1968)

To implement the novel philosophy and objectives at Blue Hills the most important function of the Administration was in the selection of the staff. In the field of occupational education, the selection criteria for instructors does not specify a degree as the sole requirement. Field and occupational experiences, specific educational preparation and a degree must be considered together in order to provide the student body with the proper instruction and balance for their comprehensive secondary education.

The existing instructional staff for the 510 boys and girls now at this school consists of 45 teachers who have combined field experience backgrounds of 590 years, possess 37 degrees, with combined teaching experience of 270 years. This staff of educational specialists, recruited from throughout the Commonwealth of Massachusetts, is now providing the academic, technical, pre-employment, medical and business instruction for this school.

As we expand to the capacity enrollment of 620 students in September 1968, this staff must be increased in like proportion to insure a program of continued success.

At this time I would like to express my appreciation to the Regional District School Committee, the District Superintendents of Schools, High School Principals, Guidance Directors and Counselors and other members of the District School staffs who assisted us in this initial year of program development. Once again I would like to thank the local Boards of Selectmen and their Finance Committees and other planning committee members who assisted us in the various budget meetings that were held this past year.

Attached is an enrollment chart listing students by courses and by towns for the school year 1967-1968.

Respectfully submitted,

WILLIAM A. DWYER
Superintendent-Director
Blue Hills Regional
Vocational Technical School

RECORDS OF TOWN MEETINGS

THE COMMONWEALTH OF MASSACHUSETTS TOWN OF NORWOOD

WARRANT FOR 1968

ANNUAL TOWN ELECTION, JANUARY 15, 1968

ANNUAL TOWN MEETING, MARCH 28, 1968

Norfolk, ss.

To either of the Constables of the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified to vote in elections, to meet in the State Armory in Norwood on Monday, the fifteenth day of January, 1968, at 7:00 o'clock in the forenoon, then and there to act on the following articles, namely:

ARTICLE 1. To choose all necessary Town Officers: The following are to be chosen by ballot, namely: Two Selectmen for three years; one Town Treasurer and Collector of Taxes for one year; one Moderator for one year; one Member of the Board of Health for three years; three members of the School Committee for three years; one Finance Commissioner for three years; two Trustees of the Morrill Memorial Library for three years; one Member of the Town Planning Board for five years; one Member of the Norwood Housing Authority for five years; two Constables for three years; six Town Meeting Members for District One for three years; one Town Meeting Member for District One for two years (to fill vacancy); eight Town Meeting Members for District Two for three years; one Town Meeting Member for District Two for two years (to fill vacancy); seven Town Meeting Members for District Three for three years; nine Town Meeting Members for District Four for three years; eight Town Meeting Members for District Five for three years; one Town Meeting Member for District Five for two years (to fill vacancy); six Town Meeting Members for District Six for three years; seven Town Meeting Members for District Seven for three years; one Town Meeting Member for District Seven for two years (to fill vacancy); eight Town Meeting Members for District Eight for three years; six Town Meeting Members for District Nine for three years.

For these purposes, the Polls will be open at 7:00 o'clock in the forenoon and shall be kept open until 8:00 o'clock in the afternoon when they may be closed.

You are also required to notify and warn the said inhabitants to meet in the Auditorium of the Junior High School on Washington Street in said Town on Thursday, the twenty-eighth of March, 1968 at 7:30 o'clock in the afternoon at which time and place the following articles are to be acted upon and determined exclusively by the Town Meeting Members.

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

ARTICLE 4. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1968 and January 1, 1969, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 5. To see what sum of money the Town will vote to raise, borrow, or transfer from available funds in the treasury, and appropriate for the current fiscal year for the following purposes, or take any other action in the matter.

ARTICLE 14. To see what sum of money the Town will vote to transfer from Surplus Revenue and appropriate for the Stabilization Fund or take any other action in the matter.

ARTICLE 14. To see what sum of money the Town will vote to transfer from Surplus Revenue and appropriate for the Stabilization Fund or take any other action in the matter.

ARTICLE 15. To see what sum of money the Town will vote to raise and appropriate for the payment of hospital, medical and surgical expenses of retired firemen and policemen, as provided in General Laws, Chapter 41, Section 100B, or take any other action in the matter.

ARTICLE 16. To see what sum of money the town will vote to raise in whatever manner and appropriate such funds to meet the capital and operating costs in connection with the Regional High School assessed to the Town for the current year, or take any other action in the matter.

ARTICLE 17. To see if the Town will vote to direct the Selectmen to prepare a division of the Town into convenient voting precincts as provided in General Laws, Chapter 54, Section 6, or take any other action in the matter. (On petition of John A. Abdallah.)

ARTICLE 18. To see if the Town will vote to amend Section 33 of Article XII of its by-laws as follows:

By adding to the first sentence of said Section 33 the phrase "between the hours of 5 A.M. and 5 P.M."

By deleting the second paragraph of said Section 33 in its entirety and substituting the following:

"Owners or keepers of dogs which have been caught and confined will be issued a warning for a first offense, will be liable to a fine of not more than \$5.00 for a second offense, and will be liable to a fine of not more than \$10.00 for each subsequent offense." (On petition of William J. L. Lynch.)

ARTICLE 19. To see if the Town will vote to accept the provisions of General Laws, Chapter 41, Section 111D to provide for vacations for the members of the police and fire departments of the Town, or take any other action in the matter. (On petition of John F. Walsh et al.)

ARTICLE 20. To see if the Town will vote to accept the provisions of General Laws, Chapter 32, Section 95A to permit the Town to grant an annuity to the spouse and dependents of certain former employees, or take any other action in the matter. (On petition of John L. Coughlin et al.)

ARTICLE 21. To see if the Town will vote to grant to Agnes C. Balfour, widow of the late James Balfour, an annuity under the provisions of General Laws, Chapter 32, Section 95A, and to see what sum of money the Town will vote to raise and appropriate for this purpose. (On petition of John L. Coughlin et al.)

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this Town, seven days at least before the time and day of said meeting.

In Memoriam

JOHN E. FOLAN, JR.

Born: February 13, 1905

Died: July 3, 1968

John E. Folan, Jr. was appointed Assistant Town Clerk on January 24, 1940. For twenty-eight years he served the town as a dedicated public official.

His loss will be felt by all who knew him, by those who worked with him, and those who came in contact with him in his position as Assistant Town Clerk.

The Town of Norwood wishes to express its appreciation for his faithful service and extend its sympathy to his family.

Given under our hands at Norwood this nineteenth day of December, 1967.

JOHN A. ABDALLAH

JOSEPH F. CURRAN

CHARLES L. RICH

Selectmen of Norwood

Norwood, Norfolk, ss.

By virtue of the within warrant I have posted the same as directed. The posting was completed Friday, January 5, 1968.

JAMES F. LYDEN

Constable, Town of Norwood

A True Record.

Attest: BARTLEY W. CONNOLLY

Town Clerk and Accountant

**COMMONWEALTH OF MASSACHUSETTS
TOWN ELECTION, JANUARY 15, 1968**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood qualified to vote in elections met in the State Armory on Monday, the fifteenth day of January A.D. 1968 at 7:00 o'clock in the forenoon. The meeting was called to order by the Moderator, Walter J. Gotovich. The warrant calling the meeting and the service of the same upon the inhabitants of the Town, signed by James F. Lyden, Constable of Norwood, to the effect that the posting as required by the by-laws was completed on January 5, 1968 was read by the Town Clerk and Accountant, Bartley W. Connolly.

The following election officers were sworn by the Moderator to the faithful performance of their duty:

Helen M. Coakley, Caroline McManus, Jennie McNally, Alice G. Kelliher, Margaret L. Curran, Florence D'Espinosa, Rosemarie R. Fanning, Ruth M. Butters, Marion Ivatts, Elizabeth Donovan, Vera A. Kozak, Albina A. Grigun, Catherine L. D'Espinosa, Doris Dauksis, Jeanette M. Race, May Wells Atwood, Emma L. Blasenak, Leona Finbow, Bertha Holman, Harriet Gullich, Mildred L. Lane, Mae L. Bremer, Mildred Galle, Mary E. Foley, Katherine Connor, Robert Drummey, Edward A. Flaherty, Angela Daly, Francis I. Cuff, Julia Ostergren, Arlene E. Lindblom, Henry A. Holman, Francis M. Carroll, Sture Nelson, Arthur B. Rodgers, Dorothy Potter, S. Maude Bernier, Jean Brown, Wilfred Turenne, James E. Flynn, Henry J. Gullich, Julia A. Rau, Mary Hayes, Mary Stevens, Anne P. Shannon, Roger J. Connolly, Agnes Thompson, Alice Dyer, Tracy Cottrell, Mabel E. Flood, Helen Donovan, David Fleming, Georgianna Clem, Edward J. Campbell, Catherine M. Keefe, Mary Louise McInnis, Geraldine Parsons, Alice V. Duffy, Amedeo DeFlamines, Janet A. Webber, Stella Schoppe, Mary Johnson, Eleanor L. Brylinsky, Lida Parker, Marion Manning, Helen G. McDonald, Emma Sansone, Margaret Partridge, Mabel DesRoches,

Hawley, Jr., Phyllis G. Rodgers, Justin Barton, Daniel F. O'Connor, John F. Folan, Gustave Sacre, Chester C. Gray, Inez Gallazzi, Mary E. Butters, Lola DiBerto, Catherine Curran, Mary Fitzgerald.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the State Armory was fitted up as a polling place, a place railed off and compartments provided for the convenience of voters in marking their ballots and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in the five different parts of the polling place outside the rail. The Town Clerk and Accountant delivered to the ballot clerks, sealed packages marked "Official Ballots, January 15, 1968" and their receipts therefor.

The Ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with the official ballots taken from the package received from the Town Clerk and Accountant and were stationed by the entrance and exits of the polling place with instructions to deliver such ballots only to voters whose names were found and checked on the voting list. The Ballot Boxes used in elections were opened in public meeting, examined by the Moderator and other officials and found to be empty. The registers were then set at zero.

The polls were declared open for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 P.M. At the close of the polls, an actual canvass of the ballots showed that four thousand, seven hundred and eighty-one (4781) votes were cast.

The names checked on the voting list by the ballot clerks at the entrance of the polling place were counted and found to agree and the total number of names so checked was four thousand, seven hundred and eighty-one (4781)

The vote is as follows:

SELECTMAN

For Three Years

John A. Abdallah had twenty-eight hundred and forty-four (2844) votes
Joseph F. Curran had twenty-nine hundred and sixty-nine (2969) votes

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT

(SEAL)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High School on Washington Street in said town on Thursday, March 28, 1968 at 7:45 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To hear and act upon a report of the School Housing Study Committee relative to additions and alterations to the Senior High School.

ARTICLE 2. To see if the Town will vote to direct and instruct the Permanent Building Construction Committee to obtain preliminary (or definitive) plans and specifications for the making of alterations and the construction and equipping of additions to the Senior High School and to see what sum of money the Town will vote to appropriate for these purposes, or take any other action in the matter.

ARTICLE 3. To see if the Town will vote to transfer the remaining unappropriated sum in the Servicemens' Fund to be added to the previous appropriation for the construction and equipping of the World War II Memorial Community Center.

ARTICLE 4. To see what sum of money the Town will vote to raise by borrowing and/or by transfer from available funds and appropriate to meet the further expense of Sewer Construction, or take any other action in the matter.

ARTICLE 5. To see what sum of money the Town will vote to raise by borrowing and/or by transfer from available funds and appropriate to meet the further expense of Water Construction, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for the demolition of a Town-owned building located at 369 (rear) Winter Street, Norwood, Mass. (Nordblom house), or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the

time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 12th day of March, A.D. 1968.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Thursday, March 28, 1968 at 7:45 o'clock in the afternoon. The meeting was opened with a prayer by Rev. Raymond Kask.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. On motion of John A. Abdallah, seconded by Harry B. Butters, it was

VOTED: That the report of the School Housing Study Committee relative to additions and alterations to the Norwood Senior High School be accepted as read.

On voice vote accepted as read.

REPORT OF SCHOOL HOUSING STUDY COMMITTEE

The need for additional classrooms and essential facilities at the Norwood Senior High School has been established by the School Housing Study Committee with the cooperation of the School Department and is hereby presented for Town Meeting consideration.

The projected enrollment for grades 9 through 12 (four grades) at the Norwood Senior High School for September, 1969 is 2,144. This 1969 projected enrollment figure will be reduced that year by 595 students which represents the freshman class (Grade 9) returning to the two junior high schools, leaving a balance of 1,549 students at the Senior High School. By the time the proposed addition to the Senior High School is completed, the Senior High School will have 1,800 students in three (3) grades (10, 11 and 12). Within three years thereafter, the Senior High School enrollment will have climbed in three grades to 2,000 students.

In order to achieve an adequate curriculum for a modern, comprehensive high school system, the basic requirements which have been determined by the School Housing Study Committee and School Administration, augmented by architectural advice and data, are outlined as follows:

1. Twenty-eight additional classrooms, based on school population projections and conversion of classrooms to office and conference areas.
2. Instruction Materials Center (Library and related facilities).
3. Auditorium capable of seating at least half of the Senior High School students at one time.
4. Administration and Guidance facilities.
5. Field House for physical education and athletic events.
6. Alterations within existing facilities and renovations for reorganization and departmentalization to keep all departments together as much as possible throughout the school.
7. Acquisition of additional land required to replace that which would be taken by the proposed construction and to endeavor to meet minimum space requirements of the State.

A more detailed presentation will be made by the School Department through Dr. Philip O. Coakley, Superintendent of the Norwood Public Schools.

Respectfully submitted,

SCHOOL HOUSING STUDY COMMITTEE

John A. Abdallah, Chairman

Jean R. Brown, Vice Chairman

E. William Bamber

Almon H. Bridges, Jr.

Grafton J. Corbett, Jr.

William Egan

Edmund W. Mulvehill

Joseph W. Wall

John R. Zahorsky

March 28, 1968

ARTICLE 2. A motion by the Finance Commission that the sum of \$15,000.00 be transferred from Surplus Revenue and appropriated to obtain preliminary plans and specifications for the making of alterations and the construction and equipping of additions to the Senior High School was submitted but not acted upon.

ARTICLE 2. On motion of Justin C. Barton, duly seconded by W. William Bamber, it was

VOTED: That the recommendation of the Finance Commission be amended by substituting the following therefor:

That the sum of \$25,000.00 be transferred from Surplus Revenue and appropriated to obtain preliminary plans and specifications and estimates for the making of alterations and the construction and equipping of additions to the Senior High School including authority to obtain all necessary engineering, test borings, land acquisition costs and estimates necessary to carry out said purposes.

And be it further voted that the Permanent Building Construction Committee is hereby authorized to carry out the purposes for which the appropriation is made.

On voice vote declared carried.

ARTICLE 3. On motion of Robert A. Bulger, duly seconded by Justin C. Barton, it was

VOTED: That the remaining unappropriated sum in the Servicemen's Fund in the amount of \$8,201.82 be transferred and added to the previous appropriation for the construction and equipping of the World War II Memorial Community Center.

On voice vote declared carried.

ARTICLE 4. On motion of James Foley, duly seconded by Maurice Baker, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

ARTICLE 5. On motion of James Foley, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$50,000.00 be transferred from Surplus Revenue and appropriated to meet the further expense of Water Construction for Polaroid Corp.

On voice vote declared carried.

ARTICLE 6. On motion of Robert A. Bulger, duly seconded by Maurice Baker, it was

VOTED: That the sum of \$650.00 be transferred from Surplus Revenue and appropriated for the demolition of a Town-owned building located at 369 (rear) Winter Street, Norwood, Mass. (Nordblom house).

On voice vote declared carried.

Meeting dissolved.

**COMMONWEALTH OF MASSACHUSETTS
ADJOURNED ANNUAL TOWN MEETING
MAY 22, 1968**

Norfolk, ss. Town of Norwood

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Wednesday, May 22, 1968 at 7:30 o'clock in the afternoon.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant, Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 2. On motion of John A. Abdallah, duly seconded by Charles L. Rich, it was

VOTED: That the Ninety-sixth Annual Report of the town officials of the Town of Norwood be received and accepted as printed.

On voice vote declared carried.

ARTICLE 2. On motion of James Foley, seconded by James J. Drummey, it was

VOTED: That the report of the Finance Commission and its recommendations with respect to appropriation estimates for the year 1968 be received and acted upon.

And be it further voted that all sums voted for salaries are to be expended in conformance with the official budget of the Finance Commission unless otherwise voted by the town meeting.

All sums voted for new equipment shall be expended for items listed in the budgets approved by the Finance Commission unless otherwise voted by the town meeting.

On voice vote declared carried.

LIBRARY ADDITION BUILDING COMMITTEE

On motion of Daniel E. Callahan, Jr., seconded by George L. Kozak, it was

VOTED: That the Library Addition Building Committee be dissolved. A vote of thanks was extended to the Committee.

On voice vote declared carried.

CLEVELAND SCHOOL ADDITION CONSTRUCTION COMMITTEE

1. Resolution on death of Channing W. Souther, Jr. (attached)
2. Financial Report (attached)
3. The Committee plans to submit the final accounting for this project to the Massachusetts School Building Assistance Commission in June, 1968. Upon completion and approval of this accounting, the Committee expects, at some later Town Meeting, to submit a request for discharge.

CHANNING W. SOUTHER, JR.

The members of the Cleveland School Addition Construction Committee express deep regret on learning of the death of fellow member, Channing W. Souther, Jr.

Mr. Souther, a member of the original Cleveland School Building Committee, as well as the Addition Construction Committee, was a most valuable contributor to the arduous work involved in the construction and equipping of this school over a period of ten years, and we wish to acknowledge his excellent efforts in behalf of the Public Schools and the Town of Norwood.

RESOLVED:

We, the members of the Cleveland School Addition Construction Committee, in recognition of the fine service rendered by Channing W. Souther, Jr., resolve that a copy of the foregoing be spread upon the records of the meeting of the Cleveland School Addition Construction Committee; and further, that this citation be published as a part of the 1968 Annual Report of the Cleveland School Addition Construction Committee.

 Thomas C. Duffy
 Gordon F. Woodberry

On a motion duly made and seconded it was voted that the Committee be dissolved.

On voice vote declared carried.

REPORT OF SCHOOL HOUSING STUDY COMMITTEE—1967

At the Norwood School Housing Study Committee meeting of December, 1967, it was decided that with the new elementary school and the new junior high school construction under way, studies for the proposed Senior High School addition would be resumed.

The committee plans to work closely with the School Department to determine basic needs for a projected enrollment of 2,000 to 2,100 students by 1971 or 1972. Approximately fourteen additional teaching areas in the form of classrooms, some for specialized uses, will be required.

On the recommendation of the School Department, emphasis will also be placed on other essential units such as a larger library with ancillary facilities, a larger auditorium, a larger cafeteria and kitchen, another gymnasium and a field house, and guidance areas.

Because the Norwood Senior High School was designed originally for an enrollment of 700 students and now, with several additions having been made in the ensuing years, it's up to rated capacity of 1,550 difficult architectural problems are anticipated. However, the School Housing Study Committee and all who will be participating in this cooperative effort expect that a workable plan for the ultimate educational program will be successfully achieved.

The committee has agreed to formulate plans to establish the need for the Senior High School addition, for presentation at the first Special Town Meeting in 1968.

Respectfully submitted,

John A. Abdallah, Chairman

Jean R. Brown, Vice Chairman

E. William Bamber

Almon H. Bridges, Jr.

Grafton J. Corbett, Jr.

William F. Egan

Edmund W. Mulvehill

Joseph W. Wall

John R. Zahorsky

On a motion duly made and seconded, it was voted that the report be accepted. On voice vote declared carried.

REPORT OF THE BALCH SCHOOL ADDITION CONSTRUCTION COMMITTEE

The Additions and Alterations to the Balch School as authorized by the Town Meeting Members have been completed. The General Contractor, Sarno Construction Co., Inc. has fulfilled all requirements, corrections made where required. The facilities are operating satisfactorily and have been in use for over a year. The School is now being operated by the Town of Norwood.

Final payments have been made to the Contractor and Architect and all bills in connection with the project have been paid. The Committee is in the process of compiling final reports to be submitted to the Massachusetts State Building Assistance Commission and it is expected that this work will be completed by June 30, 1968. A final report will be submitted at a later date.

Respectfully submitted,

BALCH SCHOOL ADDITION

CONSTRUCTION COMMITTEE

John A. Abdallah, Chairman

Arthur B. Rodgers

Julia A. Lewis

Peter Bamber

John W. Navickas

Robert MacEachern

On a motion duly made and seconded, it was voted to approve the report as an Interim Report.

**FINAL REPORT OF
THE BLUE HILLS REGIONAL VOCATIONAL HIGH SCHOOL
PLANNING COMMITTEE OF NORWOOD**

The Blue Hills Regional Vocational High School Planning Committee of Norwood was authorized by action of Town Meeting held on December 16, 1963, according to the statute as stated in Section 14A of Chapter 71 of the General Laws, which provides:

It shall be the duty of the regional school district planning board to study the advisability of establishing a regional school district, its organization, operation and control, and of constructing, maintaining and operating a school or schools to serve the needs of such district; to estimate the construction and operating costs thereof; to investigate the methods of financing such school or schools, and any other matters pertaining to the organization and operation of a regional school district; and to submit a report of its findings and recommendations to the selectmen of the several towns.

Having complied with all provisions of Section 14A of Chapter 71 of the General Laws, the Blue Hills Regional Vocational High School Planning Committee of Norwood asks to be discharged by this Town Meeting.

The Committee would like to acknowledge its debt for the assistance received from the Selectmen, the Town Clerk, the Norwood Public School System, St. Catherine School administrators, the PTA and all others who gave so generously of their time and energy toward the completion of this most worthy project.

Clifford F. Pearl

Alena Wisgirda

Henry W. Diggs, Chairman

May 22, 1968

On a motion duly made and seconded, it was voted to dissolve the Committee as requested. A vote of thanks was extended to Mr. Diggs for a job well done.

ARTICLE 3. On motion of John A. Abdallah, duly seconded by Charles L. Rich, it was

VOTED: That the Town Treasurer and Collector of Taxes, as Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer may use, according to law, when acting as Collector of Taxes.

On voice vote declared carried.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT**

(SEAL)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Junior High

School Auditorium on Washington Street in said town on Wednesday, June 26, 1968 at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise by transfer from available funds in the treasury and/or by borrowing and appropriate to meet the further expense of Electric Light Construction, or take any other action in the matter.

ARTICLE 2. To see what sum of money the Town will vote to raise by transfer from available funds in the treasury and/or by borrowing and appropriate to meet the further expense of Sewer Construction, or take any other action in the matter.

ARTICLE 3. To see what sum of money the Town will vote to raise by transfer from available funds in the treasury and/or by borrowing and appropriate to meet the further expense of Playground Improvement, or take any other action in the matter.

ARTICLE 4. To see if the Town will vote to designate a certain parcel of land off Winter Street as being for cemetery purposes and to permit burials therein, or take any other action in the matter.

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer to accept a gift of money and to set up a trust fund of which he shall have charge, to be known as the Norwood Kiwanis Neville A. Boothe Scholarship Fund, to be invested as provided by law, and to use the funds of the trust and any income thereon for the purposes as set out in the terms of the gift, or to take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to raise by transfer from available funds in the treasury and/or by borrowing and appropriate for the purpose of making a comprehensive survey of the Town, including the preparation of a master plan and compensation for engineering services, or take any other action in the matter. (On petition of the Planning Board.)

ARTICLE 7. To see what sum of money the town will vote to raise by transfer from available funds in the treasury and/or by borrowing and appropriate for the purpose of making a study of the intersection of Route One and Everett Street, and Everett Street in its entirety, or take any other action in the matter. (On petition of the Planning Board.)

ARTICLE 8. To see if the Town will vote to amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present Trunk Highway District, Division B (THB), Namely that area bounded as follows:

Beginning at a point on the westerly side of Boston-Providence Turnpike at a point of curvature of a curve leading to Sumner Street; thence S 15-27-20 W a distance of 1839.96 feet by the side line of Boston-Providence Turnpike;

thence turning and running in a general southwesterly direction on a curve to the right of radius 86.43 feet, a distance of 120.65 feet; thence on a curve to the right of radius 1200.00 feet, a distance of 79.41 feet, the last two courses by the northerly side line of Union Street; thence turning and running N 15-27-20 E on a line 150 feet from and parallel to the westerly sideline of Boston-Providence Turnpike, a distance of 2106.50 feet to the southerly sideline of Sumner Street; thence turning and running in a general southeasterly direction on a curve to the left of radius 860.00 feet, a distance of 39.42 feet; thence on a curve to the right of radius 165.39 feet, a distance of 206.40 feet to the point of beginning of this description by withdrawing said portion from Trunk Highway District, Division B and establishing same as Manufacturing; or take any other action in the matter. (On petition of the Planning Board.)

ARTICLE 9. To see if the Town will vote to amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present General Residence District, namely that area bounded as follows:

Beginning at a point on the Norwood-Walpole Town Line in Traphole Brook, 358.26 feet northwesterly from Union Street; thence N 29-47-07 W a distance of 46.11 feet; thence N 30-45-37 W a distance of 243.93 feet; thence N 29-46-27 W a distance of 141.36 feet; thence N 28-23-07 W a distance of 105.77 feet; thence turning and running S 68-41-13 W a distance of 209.54 feet; thence S 68-57-41 W a distance of 163.27 feet to the above mentioned Town Line in Traphole Brook; thence turning and running in a general easterly direction along said Town Line on the centerline of Traphole Brook, a distance of 970 feet more or less to the point of beginning of this description by withdrawing said portion from General Residence and establishing same as Manufacturing; or take any other action in the matter. (On petition of Norwal Realty Trust.)

ARTICLE 10. To see if the Town will vote to amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present General Residence District, namely that area bounded as follows:

Beginning at a point in the easterly line of West Border Road, said point being at a point of curvature of a curve or a radius of 50.00 feet leading to East Cross Street, thence running southwesterly, southerly and southeasterly by said curve of a radius of 50.00 feet and a distance of 80.44 feet, to a point in the northerly line of East Cross Street; thence running southeasterly by a curve of a radius of 825.00 feet a distance of 18.11 feet by said northerly line of East Cross Street; thence running S 28-01-54 W a distance of 25.00 feet to a point on the centerline of East Cross Street; thence running northwesterly by a curve of a radius of 800.00 feet and a distance of 95.33 feet, by said centerline of East Cross Street to the intersection with the centerline of West Border Road, thence running N 28-01-50 E a distance of 144.20 feet, thence running northeasterly, northerly and northwesterly by a curve of a radius of 495.00 feet and a distance of 309.36 feet, thence running N 08-50-48 W a distance of 512.04 feet, the last three distances and bearings being by said centerline of West Border

Road, thence turning and running S 59-50-13 E a distance of 151.98 feet; thence turning and running S 59-53-46 E a distance of 94.85 feet to a point on the southerly line of Nahatan Street; thence running S 34-07-36 E a distance of 161.01 feet by said southerly line of Nahatan Street to a point on the westerly line of the Boston-Providence Turnpike; thence running S 04-33-42 E a distance of 50.44 feet by said westerly line of the Boston-Providence Turnpike, thence turning and running southwesterly by a curve of a radius of 2810.00 feet and a distance of 213.68 feet; thence turning and running N 39-31-16 W a distance of 8.66 feet; thence turning and running N 29-06-51 W a distance of 100.08 feet; thence turning and running S 48-53-01 W a distance of 77.62 feet; thence turning and running S 48-06-01 W a distance of 42.31 feet to a point on the easterly sideline of West Border Road; thence turning and running southeasterly by a curve of a radius of 703.47 feet and a distance of 5.13 feet; thence running southeasterly, southerly and southwesterly by a curve of a radius of 520.00 feet and a distance of 324.99 feet; thence running S 28-01-50 W a distance of 62.48 feet to the point of beginning; the last three bearings and distances being by the said easterly line of West Border Road; by withdrawing said portion from General Residence and establishing same as Manufacuring; or take any other action in the matter. (On petition of Francis Carducci.)

ARTICLE 11. To see if the Town will vote to amend the existing Zoning By-Laws as follows:

Under Table D "Setback and Yard Requirements for Buildings" M District, Required Setback Distance, presently reads as follows:

"100 feet from the line of Route 1; 50 feet where the street forms the boundary line of a Residence District, otherwise none required."

It is proposed that the 50 foot provision, as set out above, be reduced to fifteen (15) feet; or take any other action in the matter. (On petition of Francis Carducci.)

ARTICLE 12. To see if the Town will vote to amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present Single Residence District, namely that area bounded as follows:

Beginning at a point of curvature in the southerly line of East Cross Street, said point being S 43-58-50 E a distance of 191.11 feet from a point of curvature of a curve leading to the easterly line of the Boston-Providence Turnpike; thence running southeasterly by a curve of a radius of 625.00 feet and a distance of 108.47 feet; thence running S-29-33-50 W a distance of 120.00 feet; thence running S 64-25-10 W a distance of 70 feet more or less to a point of intersection with a line 50 feet easterly and parallel to the easterly line of the Algonquin Gas Transmission Company Easement; thence running in a southwesterly direction along a line 50 feet easterly and parallel to the easterly line of the Algonquin Gas Transmission Company Easement a distance of 500 feet more or less to a property line; then running S 48-03-15 W a distance of 20 feet more or less to a point of intersection with a line 1000 feet westerly and parallel to the westerly line of Neponset Street; thence

running northwesterly along a line 1000 feet westerly and parallel to the westerly line of Neponset Street a distance of 270 feet more or less to a point of intersection with a line running 285 feet easterly and parallel to the easterly line of the Boston-Providence Turnpike; thence running N 28-12-20 E a distance of 75 feet more or less on a line which is 285 feet easterly and parallel to the easterly line of the Boston-Providence Turnpike; thence running N 61-47-10 W a distance of 60.00 feet; thence running N 28-12-20 E a distance of 423 feet more or less on a line running 225 feet easterly and parallel to the easterly line of the Boston-Providence Turnpike to a point on the southerly line of East Cross Street; thence running S 43-58-50 E a distance of 35 feet more or less along the southerly line of East Cross Street to the point of beginning of the description by withdrawing said portion from Single Residence and establishing same as Manufacturing; or take any other action in the matter. (On petition of the Planning Board.)

ARTICLE 13. To see if the Town will vote to amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present General Residence District, namely that area bounded as follows:

Beginning at a point on the northerly side of Dean Street, said point being southeasterly by a curve of a radius of 660.00 feet and a distance of 259.43 feet from a point of curvature on said northerly line of Dean Street; thence running N 11-51-00 E a distance of 11.09 feet; thence running N 85-34-40 E a distance of 170.21 feet; thence running N 12-36-30 W a distance of 339.05 feet; thence running N 43-15-10 W a distance of 95.76 feet; thence running on a line parallel to and 285 feet easterly of the easterly line of the Boston-Providence Turnpike or a bearing of N 28-12-20 E and a distance of 1420 feet more or less to a point of intersection with a line 1000 feet westerly and parallel to the westerly line of Neponset Street; thence running in a southeasterly direction on a line 1000 feet westerly and parallel to the westerly line of Neponset Street a distance of 270 feet more or less to a property line; thence running S 48-03-15 W a distance of 116 feet more or less; thence running S 47-55-45 W a distance of 212.58 feet; thence running S 23-49-34 E a distance of 102.18 feet; thence running S 11-54-06 E a distance of 62.84 feet; thence running S 09-17-44 E a distance of 408.37 feet; thence running N 70-37-51 W a distance of 67.76 feet; thence running S 29-20-37 W a distance of 465.82 feet; thence running S 02-37-45 W a distance of 419.63 feet to a point on the northerly line of Dean Street; thence running along the northerly line of Dean Street N 57-55-40 W a distance of 193.30 feet; thence running northwesterly along a curve of a radius of 660.00 feet and a distance of 159.23 feet to the point of beginning of this description by withdrawing said portion from General Residence and establishing same as Manufacturing; or take any other action in the matter. (On petition of the Planning Board.)

ARTICLE 14. To see if the Town will vote to amend the existing Zoning By-Laws as follows:

Section 9, Page 18:

In a Manufacturing District where the lot abuts any residential district (including any residence districts in an adjacent municipality) there shall

be provided on all portions of said lot, except along a street, a buffer strip seventy-five (75) feet wide, as follows:

1. The portion of such buffer strip fifty (50) feet from the district boundary line shall be used only for, and maintained as, a planting area for lawns, trees, shrubs or other landscape materials to provide a park-like area of separation between the districts.
2. The remaining twenty-five (25) feet of space may be used for any accessory use, other than buildings.
3. In the event a street forms a boundary between a manufacturing district and any residencee district, the entire front setback area shall be used only for a planting area, as set out in Paragraph 1, above.

Table D, Page 25:

It is also proposed that Table D, Page 25 of the Zoning By-Laws regarding side and rear yard setbacks in Manufacturing Districts, which abut residential districts, be ehanged from fifty (50) feet to seventy-five (75) feet; or take any other action in the matter. (On petition of the Planning Board.)

ARTICLE 15. To see what sum of money the Town will vote to raise by transfer from available funds and appropriate for the purpose of providing a temporary bridge on Pleasant Street over the Neponset River, or take any other action in the matter.

ARTICLE 16. To see if the Town will vote to authorize the Board of Selectmen to purchase or take by Eminent Domain land or easements therein for the installation of aerial electric transmission lines from the Sharon-Norwood Town Line near Route I-95 to a point Route 1 and Dean Street as shown on plan on file with the Town Clerk's office, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 6th day of June, A.D. 1968.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
JUNE 26, 1968**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Wednesday, June 26, 1968 at 7:30 o'clock in the afternoon. The meeting was opened with a prayer by Rev. Allen Keedy.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant, Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

On motion of Gedman C. Dauksis, seconded by Doris C. Dauksis, it was

VOTED: That Article 1 be tabled until Article 16 is acted upon, as the appropriation in Article 1 is being requested for and is directly concerned with Article 16.

On voice vote declared carried.

ARTICLE 1. On motion of Robert Wholer, seconded by Thomas Curran, it was

VOTED: That action under this article be postponed to July 1, 1968.

On voice vote declared carried.

ARTICLE 16. On motion of Robert Wohler, seconded by Thomas Curran, it was

VOTED: That action under this article be postponed to July 1, 1968.

On voice vote declared carried.

ARTICLE 2. On motion of Joseph Wall, duly seconded by James Drummey, it was

VOTED: That the sum of \$163,000.00 be appropriated for the purpose of constructing a 12" sewer line (together with a tie in of the existing Winter Street and Spruce Road sewer) extending from the present line adjacent to the Willett School to connect with the sewer on the Clark property on Nahatan Street.

Be it further voted that the treasurer with the approval of the Board of Selectmen be authorized to borrow \$163,000.00 under authority of chapter 44, section 7, paragraph 1 and to issue bonds or notes of the town therefor payable in not more than 10 years from their dates.

On standing vote, Voting Yes, 77; No, 0.

Motion declared carried.

ARTICLE 3. On motion of Mr. Bulger, duly seconded by Mr. Adakonis, it was

*VOTED: That the sum of \$19,300.00 be transferred from Surplus Revenue and appropriated to meet the further expense of Playground Improvement.

On voice vote declared carried.

*(Motion for reconsideration under Adjourned Meeting, September 9, 1968.)

ARTICLE 4. On motion of Harry B. Butters, seconded by John A. Abdallah, it was

VOTED: That the following described parcel of land be and hereby is designated as being for cemetery purposes and under the jurisdiction and control of the Cemetery Commissioners (G.L., Ch. 40, Sec. 15A), and be it further voted that burials be permitted therein (G.L., Ch. 114, Sec. 34).

"This parcel of land in general lies westerly of Winter Street and southerly of the main entrance to the Highland Cemetery, being more particularly bounded and described as follows:

Beginning at a point on the westerly sideline of Winter Street, said point being N 42° 25' 00" W a distance of 146.86 feet from the point of curvature leading to the northerly line of Bellevue Avenue; thence running S 76° 25' 00" W a distance of 209.53 feet; thence running S 79° 32' 00" W a distance of 139.44 feet; thence running S 78° 49' 00" W a distance of 223.19 feet; thence running N 19° 59' 00" W a distance of 7.30 feet; thence running S 78° 31' 00" W a distance of 50 feet more or less; thence turning and running southeasterly by a curve of a radius of 240 feet and a distance of 130 feet more or less; thence running N 74° 00' E a distance of 520 feet more or less to a point on the westerly line of Winter Street; thence running N 42° 25' 00" W along said westerly line of Winter Street a distance of 21 feet more or less to the point of beginning of this description.

The above described parcel of land contains about one-half acre and is a portion of the Highland Cemetery land shown on a plan entitled:

"Town of Norwood, Mass., Plan Showing Land to be Used For Cemetery Purposes, scale 1"=40', April 10, 1968 by R. A. Hamilton, Town Engineer."

On voice vote declared carried.

ARTICLE 5. On motion of Francis X. Gilbert, seconded by Richard P. Callahan, it was

VOTED: That the Town Treasurer be and hereby is authorized to accept a gift of money and to set up a trust fund of which he shall have charge, to be known as the Norwood Kiwanis Neville A. Booth Scholarship Fund, to be invested as provided by law, and to use the funds of the trust and any income thereon for the purposes as set out in the terms of the gift.

On voice vote declared carried.

ARTICLE 6. On motion of Mr. Foley, duly seconded by Mr. Abdallah, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

ARTICLE 7. A motion for Indefinite Postponement was submitted by the Finance Commission. Motion not acted upon.

A substitute motion was offered by E. William Bamber, seconded by J. Kenneth Sykes as follows:

It is hereby moved that there be substituted for the recommendation of indefinite postponement, the following motion:

VOTED: That the town raise the sum of \$8000.00 by transfer from available funds in the treasury and be appropriated for the purpose of making a study of the vicinity of the intersection of Route One and Everett Street, to be expended jointly by Board of Selectmen and Planning Board.

On standing vote, Voting Yes, 46; No, 23.

Motion declared carried.

On motion duly made and seconded, it was voted to adjourn to July 1, 1968 at 7:30 P.M. in the Junior High School, and that Article 1 and 8 through 16 be acted upon at the adjourned session.

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

A True Record.

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in elections to meet in the Memorial Hall, Municipal Office Building in Norwood on Wednesday, July 17, 1968 at 2:00 o'clock in the afternoon, then and there to act on the following article, namely:

ARTICLE 1. Shall the Town vote to approve the action of the Representative Town Meeting held on May 27, 1968, whereby the following vote was passed under Article 5-Q:

VOTED: That the sum of \$55,663.49 be raised by taxation and appropriated for the following purposes at the Norwood Municipal Airport:

Administration Expense	\$ 500.00
Maintenance and Improvement	53,963.49
Land Appraisal	1,200.00

TOWN OF NORWOOD

The Polls shall be open at 2:00 o'clock in the afternoon and shall be kept open until 8:00 o'clock in the afternoon when they may be closed.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town, seven days at least before the day of said meeting. Hereof fail not, and make due return of this warrant with your doings thereon to the Selectmen on or before the time and day of said meeting.

Town of Norwood

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood qualified to vote in elections and town affairs met in the Memorial Hall, Municipal Office Building in Norwood on Wednesday, July 17, 1968 at 2:00 o'clock in the afternoon. The meeting was called to order by the Moderator, Walter J. Gotovich. The warrant calling the meeting and the service of the same upon the inhabitants of the Town, signed by Nicholas J. Connolly, Constable of Norwood, to the effect that the posting as required by the By-Laws was completed on July 9, 1968 at 1:00 P.M., was read by Town Clerk and Accountant, Bartley W. Connolly.

The following election officers were sworn by the Moderator to the faithful performance of their duty:

James Flynn, Julia Rau, Mary Hayes, Ellen A. Cotter, Henry J. Gullich, Britta K. Kallgren, Margaret Partridge, Dorothy Potter, Elizabeth Donovan, Lida Parker, Nora Connolly, Harriet Gullich, Maude Bernier, Francis I. Cuff, Jennie McNally, Mary Foley, Leo Storme, Edward A. Flaherty, Helen Coakley,

Arthur B. Rodgers, Francis Carroll, Mary Butters, Inez Gallazzi, Lola DiBerto, Catherine Curran.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the Memorial Hall was fitted up as a polling place, a place railed off and compartments provided for the convenience of voters, in marking their ballots and each compartment was supplied with cards of instruction and other necessary facilities.

The Polls were declared open for the reception of ballots at 2:00 o'clock in the afternoon, and were declared closed at 8:00 o'clock in the afternoon. At the close of the polls, an actual canvass of the ballots showed that nine hundred and seventeen (917) ballots were cast.

The names checked on the voting list by the Ballot Clerks at the entrance of the polling place were counted and found to agree and the total number of names so checked was nine hundred and seventeen (917).

QUESTION

Shall the Town vote to approve the action of the Representative Town Meeting whereby it was voted under Article 5-Q of the Adjourned Annual Town Meeting warrant held on May 27, 1968 to appropriate the following sums of money for the Norwood Municipal Airport:

AdministrationExpense	\$ 500.00
Maintenance and Improvement	53,963.49
Land Appraisal	1,200.00

YES, three hundred and thirty-five (335) votes

NO, five hundred and seventy-eight (578) votes

BLANKS, four (4)

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT
 (SEAL)
TOWN OF NORWOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
 Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Junior High School Auditorium on Washington Street in said town on Thursday, September 5, 1968 at 7:00 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

TOWN OF NORWOOD

ARTICLE 1. To see if the Town will vote to adopt the report of the Board of Selectmen dividing the Town into voting precincts as authorized by Town Meeting on May 27, 1968, or take any other action in the matter.

ARTICLE 2. To see what sum of money the Town will vote to raise by transfer from available funds and/or by borrowing, and appropriate for additional water construction, or take any other action in the matter.

ARTICLE 3. To see what sum of money the Town will vote to raise by transfer from available funds and/or by borrowing, and appropriate for additional sewer construction, or take any other action in the matter.

ARTICLE 4. To see if the Town will vote to grant to Ruth Flood, widow of the late Joseph T. Flood, an annuity under the provisions of General Laws, Chapter 32, Section 95A, and to see what sum of money the Town will vote to raise and appropriate for this purpose, or take any other action in the matter.

ARTICLE 5. To see if the Town will vote to amend the general by-laws of the Town by adding Section 34 to Article XII as follows:

"No owner or driver of a motor vehicle shall leave or park such motor vehicle unattended within the limits of a private way so as to interfere with the free and unobstructed access of fire apparatus to any building, nor shall such owner or driver of such motor vehicle fail to remove the same when requested by any member of the fire or police departments. Any person violating any provision of this by-law shall be subject to a fine not in excess of Twenty (\$20.00) Dollars. (G.L. Ch. 40, Sec. 21 (14))."

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
SEPTEMBER 5, 1968**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Thursday, September 5, 1968 at 7:00 P.M. The meeting was opened with a prayer by Rev. Edwin Grilley, Jr.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant, Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing notice:

On a motion offered by Frederick McDonough, seconded by Edward Bamber, it was

VOTED: That this meeting stand adjourned until the completion of the Special Town Meeting adjourned from July 15, 1968, and called for 7:30 P.M. today.

On voice vote declared carried.

At 7:30 P.M. the Special Town Meeting which was adjourned from July 15, 1968 was called to order and the following action was taken on the articles of said warrant:

On a motion offered by Frederick McDonough, seconded by Edward Bamber, it was

VOTED: That Article 16 be taken up prior to Article 1, put in conjunction therewith.

On voice vote declared carried.

ARTICLE 16. On motion of John A. Abdallah, seconded by Charles L. Rich, it was

VOTED: That the Selectmen be and hereby are authorized to purchase or take by eminent domain the fee and/or easements in land for the installation thereon of aerial electric transmission lines, and sub-station, the same being in approximately the following location:

A strip of land approximately 210 feet beginning at a point near the Norwood-Sharon town line 1600 feet more or less from Union Street approximately 311 degrees true and 2350 feet long more or less; thence a distance of 2850 feet more or less at a bearing of approximately 340 degrees true; thence a distance of 1500 feet more or less at a bearing of approximately 336 degrees true; thence a distance of 2300 feet more or less at a bearing of approximately 30 degrees true; thence a distance of 1650 feet more or less at a bearing of 314 degrees true; thence a strip 150 feet wide and 1250 feet more

or less long at a bearing of approximately 350 degrees true; and thence a strip 150 feet wide and 180 feet more or less long at an approximate bearing of 39 degrees true and terminating in an irregularly shaped plot of land $3\frac{1}{4}$ acres more or less in area, together with any other land adjacent thereto that may be deemed necessary or convenient for the above purposes. All courses and distances being along the center line of the said strip of land.

The proposed areas in its approximate location is shown on a plan entitled "Proposed Right of Way for Aerial Electric Transmission Lines," dated June 7, 1968, as amended and re-dated July 1, 1968.

On standing vote, Voting Yes, 11; No, 4.

Motion declared carried.

ARTICLE 1. On a motion of Joseph Wall, duly seconded by Thomas Curran, it was

VOTED: That the sum of \$2,300,000.00 be appropriated for the purpose of extending and enlarging the municipal light plant by installation of 115 K.V. lines from the Norwood Sharon town line near 1-95 to the vicinity of Dean Street and Route 1 in Norwood, constructoin of a step down station, secondary distribution, and other incidental costs. To meet the above appropriation the treasurer with the approval of the selectmen is hereby authorized to borrow the sum of \$2,300,000.00 under authority of chapter 44, section 8, paragraph 8, and to issue bonds or notes of the town therefore payable in not more than 20 years from their dates.

On standing vote, Voting Yes, 119; No. 2.

Motion declared carried.

ARTICLE 7. The following motion was offered by E. William Bamber, seconded by Justin C. Barton:

That the action taken under Article 7 be reconsidered.

On voice vote motion declared lost.

REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Tribune in the issue of April 4, 1968 gave notice of its intention to hold a public hearing on April 22, 1968 at 8:00 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planing Board herewith submits its final report and recommendation which is in the following form:

We recommend amendment to the existing Zoning By-Law as submitted in the attached motion under Article 8 of the Special Town Meeting of June 26, 1968 for the following reasons:

Locus adjacent to a large existing Manufacturing area.

Depth of zone inadequate to carry on activity allowed under THB.

Best use of this land would be in conjunction with Manufacturing area, since most of it is owned by the same people who own the Manufacturing portion.

Respectfully submitted,

FRANCIS WISGIRDA

E. WILLIAM BAMBER

THOMAS A. RIOLO

RICHARD H. MAHONEY

Norwood Planning Board

ARTICLE 8. On motion of E. William Bamber, seconded by Thomas A. Riolo, it was

VOTED: To amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present Trunk Highway District, Division B (THB) namely that area bounded as follows:

Beginning at a point on the westerly side of Boston-Providence Turnpike at a point of curvature of a curve leading to Sumner Street; thence S 15-27-20 W a distance of 1839.96 feet by the side line of Boston-Providence Turnpike; thence turning and running in a general southwesterly direction on a curve to the right of radius 86.43 feet, a distance of 120.65 feet; thence on a curve to the right of radius 1200.00 feet, a distance of 79.41 feet, the last two courses by the northerly side line of Union Street; thence turning and running N 15-27-20E on a line 150 feet from and parallel to the westerly sideline of Boston-Providence Turnpike, a distance of 2106.50 feet to the southerly sideline of Sumner Street; thence turning and running in a general southeasterly direction on a curve to the left of radius 860.00 feet, a distance of 39.42 feet; thence on a curve to the right of radius 165.39 feet, a distance of 206.40 feet to the point of beginning of this description by withdrawing said portion from Trunk Highway District, Division B and establishing same as Manufacturing.

On standing vote, Voting Yes, 74; No, 2.

Motion declared carried.

REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Tribune in the issue of April 4, 1968 gave notice of its intention to hold a public hearing on April 22, 1968 at 8:15 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend amendment to the existing Zoning By-Law as submitted in the attached motion under Article 9 of the Special Town Meeting of June 26, 1968 for the following reasons:

Very small piece of land surrounded by Manufacturing.

Lends itself better to Manufacturing.

Impractical for residential use.

Lack of proper access, other than through a Manufacturing zone, for residential use.

Respectfully submitted,

FRANCIS WISGIRDA

E. WILLIAM BAMBER

THOMAS A. RIOLO

RICHARD H. MAHONEY

Norwood Planning Board

ARTICLE 9. A motion was offered by Thomas A. Riolo, seconded by E. William Bamber

To amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present General Residence District, namely that area bounded as follows:

Beginning at a point on the Norwood-Walpole Town Line in Traphole Brook, 358.26 feet northwesterly from Union Street; thence N 29-47-07 W a distance of 46.11 feet; thence N 30-45-37 W a distance of 243.93 feet; thence N 29-46-27 W a distance of 141.36 feet; thence N 28-23-07 W a distance of 105.77 feet; thence turning and running S 68-41-13 W a distance of 209.54 feet; thence S 68-57-41 W a distance of 163.27 feet to the above mentioned Town Line in Traphole Brook; thence turning and running in a general easterly direction along said Town Line on the centerline of Traphole Brook, a distance of 970 feet more or less to the point of beginning of this description by withdrawing said portion from General Residence and establishing same as Manufacturing.

On standing vote, Voting Yes, 16; No, 50.

Motion declared lost.

ARTICLE 8. A motion was offered by James Drummey, Jr. seconded by Arthur Thompson

Motion made to reconsider action under this article.

On voice vote motion declared lost.

On a motion duly made and seconded, it was voted to adjourn Monday, September 9, 1968 in the Junior High School Auditorium and that Article 10 through 15 be acted upon.

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

**COMMONWEALTH OF MASSACHUSETTS
ADJOURNED SPECIAL TOWN MEETING
SEPTEMBER 9, 1968**

Norfolk, ss.

Town of Norwood

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Monday, September 9, 1968 at 7:30 P.M. The meeting was opened with a prayer by Rev. Nifon Abraham.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing notice:

ARTICLE 3. The following motion was offered by John A. Abdallah, seconded by Charles L. Rich:

It is hereby moved that action under Article 3 be reconsidered.

On voice vote motion declared carried.

ARTICLE 3. On motion of Robert Bulger, duly seconded by Eugene Doherty, it was

VOTED: That the sum of \$23,657 be transferred from Surplus Revenue and appropriated to meet the further expense of Playground Improvement.

On voice vote declared carried.

**REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING
EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD**

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Tribune in the issue of April 4, 1968 gave notice of its intention to hold a public hearing on April 22, 1968 at 9:00 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend indefinite postponement without prejudice to the existing Zoning By-Law as submitted in the attached motion under Article 10 of the Special Town Meeting of June 26, 1968.

Respectfully submitted,

FRANCIS WISGIRDA
E. WILLIAM BAMBER
THOMAS A. RIOLO
RICHARD H. MAHONEY
Norwood Planning Board

ARTICLE 10. On motion of Thomas A. Riolo, seconded by E. William Bamber, it was

VOTED: Indefinite postponement without prejudice.

On voice vote declared unanimously carried.

**REPORT OF THE NORWOD PLANNING BOARD ON AMENDING
EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD**

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Tribune in the issue of April 4, 1968 gave notice of its intention to hold a public hearing on April 22, 1968 at 9:15 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend indefinite postponement to the existing Zoning By-Law as submitted in the attached motion under Article 11 of the Special Town Meeting of June 26, 1968.

Respectfully submitted,

FRANCIS WISGIRDA
E. WILLIAM BAMBER
THOMAS A. RIOLO
RICHARD H. MAHONEY
Norwood Planning Board

ARTICLE 11. On motion of Thomas A. Riolo, seconded by E. William Bamber, it was

VOTED: Indefinite postponement.

On voice vote declared unanimously carried.

On motion of E. William Bamber, seconded by Thomas A. Riolo, it was

MOVED: That Article 14 be taken out of order and considered before Article 12.

On voice vote declared unanimously carried.

**REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING
EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD**

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Tribune in the issue of April 4, 1968 gave notice of its intention to hold a public hearing on April 22, 1968 at 9:45 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend amendment to the existing Zoning By-Law as submitted in the attached motion under Article 14 of the Special Town Meeting of June 26, 1968 for the following reasons:

1. That the activities allowed in the manufacturing district tend to encroach upon the residences when not enough space is left between the zones, and this recommendation would give protection to the inhabitants of the residential zone against the undesirable effects manufacturing and business activities have upon adjacent residential zones.
2. This would tend to enhance the value of the residential property abutting the manufacturing district.

Respectfully submitted,

FRANCIS WISGIRDA
E. WILLIAM BAMBER
THOMAS A. RIOLO
RICHARD H. MAHONEY

Norwood Planning Board

ARTICLE 14. On motion of E. William Bamber, seconded by Thomas A. Riolo, it was

VOTED: To amend the existing Zoning By-Laws by inserting at the end of Section 9 of the Zoning By-Laws, the following:

In a Manufacturing District where the lot abuts any residential district (including any residence district in an adjacent municipality) there shall be provided on all portions of said lot, except along a street, a buffer strip seventy-five (75) feet wide, as follows:

1. The portion of such buffer strip fifty (50) feet from the district boundary line shall be used only for, and maintained as, a planting area for lawns, trees, shrubs or other landscape materials to provide a park-like area of separation between the districts.
2. The remaining twenty-five (25) feet of space may be used for any accessory use, other than buildings.

AND FURTHER VOTED: that under required side yard width and required rear yard depth in Table D, District M, the figure 50 feet where

it appears in both instances, be struck out; and inserted in place thereof the figure 75 feet in both instances.

On standing vote, Voting Yes, 95; No. 1.

Motion declared carried.

Note: Motion changed prior to vote by adding "by adding to Section 9 the following" in the article.

REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Tribune in the issue of April 4, 1968 gave notice of its intention to hold a public hearing on April 22, 1968 at 8:45 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend amendment to the existing Zoning By-Law as submitted in the attached motion under Article 12 of the Special Town Meeting of June 26, 1968 for the following reasons:

Size and shape of area, and the fact that area is now occupied by easements make it impractical to develop as a residential area.

Investigation of land shows the elevation is considerably lower than that of land presently used for residence.

Sharp change in contour between present established residential area and that portion in question, which forms a natural barrier between two different zones.

Respectfully submitted,

FRANCIS WISGIRDA
E. WILLIAM BAMBER
THOMAS A. RIOLO

Norwood Planning Board

ARTICLE 12. A motion was offered by E. William Bamber, duly seconded by Thomas A. Riolo as follows:

To amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present Single Residence District, namely that area bounded as follows:

Beginning at a point of curvature in the southerly line of East Cross Street, said point being S 43-58-50 E a distance of 191.11 feet from a point of curvature of a curve leading to the easterly line of the Boston-Providence Turnpike, thence running southeasterly by a curve of a radius of 625.00 feet and a distance of 108.47 feet; thence running S 29-33-50 W a distance of 120.00 feet; thence running S-64-25-10 W a distance of 70 feet more or less to a point of intersection with a line 50 feet easterly and parallel to the easterly line

of the Algonquin Gas Transmission Company Easement; thence running in a southwesterly direction along a line 50 feet easterly and parallel to the easterly line of line of the Algonquin Gas Transmission Company Easement a distance of 500 feet more or less to a property line; thence running S 48-03-15 W a distance of 20 feet more or less to a point of intersection with a line 1000 feet westerly and parallel to the westerly line of Neponset Street; thence running northwesterly along a line 1000 feet westerly and parallel to the westerly line of Neponset Street a distance of 270 feet more or less to a point of intersection with a line running 285 feet easterly and parallel to the easterly line of the Boston-Providence Turnpike; thence running N 28-12-20 E a distance of 75 feet more or less on a line which is 285 feet easterly and parallel to the easterly line of the Boston-Providence Turnpike; thence running N 61-47-10 W a distance of 60.00 feet; thence running N 28-12-20 E a distance of 423 feet more or less on a line running 225 feet easterly and parallel to the easterly line of the Boston-Providence Turnpike to a point on the southerly line of East Cross Street; thence running S 43-58-50 E a distance of 35 feet more or less along the southerly line of East Cross Street to the point of beginning of this description by withdrawing said portion from Single Residence and establishing same as Manufacturing.

On standing vote, Voting Yes, 20; No, 72.

Motion declared lost.

REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Norwood Tribune in the issue of April 4, 1968 gave notice of its intention to hold a public hearing on April 22, 1968 at 8:30 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend amendment to the existing Zoning By-Law as submitted in the attached motion under Article 13 of the Special Town Meeting of June 26, 1968 for the following reasons:

Investigation of land shows the elevation is considerably below that land presently used for residences. Sharp change in contour between present established residential area and that portion in question, which forms a natural barrier between two different zones.

Size and shape of land in question, and the fact that the area is now occupied by many easements makes it impractical to develop as a residential area.

Respectfully submitted,

FRANCIS WISGIRDA

E. WILLIAM BAMBER

THOMAS A. RIOLO

Norwood Planning Board

ARTICLE 13. The following motion was offered by E. William Bamber, seconded by Thomas A. Riolo:

To amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present General Residence District, namely that area bounded as follows:

Beginning at a point on the northerly side of Dean Street, said point being southeasterly by a curve of a radius of 660.00 feet and a distance of 259.43 feet from a point of curvature on said northerly line of Dean Street; thence running N 11-51-00 E a distance of 11.09 feet; thence running N 85-34-40 E a distance of 170.21 feet; thence running N 12-36-30 W a distance of 339.05 feet; thence running N 43-15-10 W a distance of 95.76 feet; thence running on a line parallel to and 285 feet easterly of the easterly line of the Boston-Providence Turnpike or a bearing of N 28-12-20 E and a distance of 1420 feet more or less to a point of intersection with a line 1000 feet westerly and parallel to the westerly line of Neponset Street; thence running in a southeasterly direction on a line 1000 feet westerly and parallel to the westerly line of Neponset Street a distance of 270 feet more or less to a property line; thence running S 48-03-15 W a distance of 116 feet more or less; thence running S 47-55-45 W a distance of 212.58 feet; thence running S 23-49-34 E a distance of 102.18 feet; thence running S 11-54-06 E a distance of 62.84 feet; thence running S 09-17-44 E a distance of 408.37 feet; thence running N 70-37-51 W a distance of 67.76 feet; thence running S 29-20-37 W a distance of 465.82 feet; thence running S 02-37-45 W a distance of 419.63 feet to a point on the northerly line of Dean Street; thence running along the northerly line of Dean Street N 57-55-40 W a distance of 193.30 feet; thence running northwesterly along a curve of a radius of 660.00 feet and a distance of 159.23 feet to the point of beginning of this description by withdrawing said portion from General Residence and establishing same as Manufacturing.

On standing vote, Voting Yes, 17; No, 68.

Motion declared lost

ARTICLE 15. On motion of Robert Bulger, duly seconded by Eugene Doherty, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

Meeting dissolved.

**ADJOURNED SPECIAL TOWN MEETING FROM
SEPTEMBER 5, 1968 at 7:00 P.M.**

At the conclusion of the preceding meeting the special town meeting adjourned from September 5, 1968 at 7:00 P.M. was called to order. The following action was taken on the articles of said warrant:

ARTICLE 1. On motion of John A. Abdallah, seconded by Charles L. Rich, it was

VOTED: That the report and map, herein incorporated by reference, which was prepared by the Board of Selectmen and filed with the Town Clerk on July 22, 1968 dividing the Town into six convenient voting precincts, be and hereby is adopted and approved, and said precincts to be made up of the present districts as follows:

Districts 1 and 2 to be Precinct A,
Districts 3 and 5 to be Precinct B,
District 4 to be Precinct C,
Districts 6 and 7 to be Precinct D,
District 8 to be Precinct E, and
District 9 to be Precinct F.

For a more particular description, reference is made to the above report and plan.

And be it further voted that in the event any district boundaries are altered at any time in the future, the precinct boundaries will be automatically and by that fact altered accordingly.

On standing vote, Voting Yes, 55; No, 35.

Motion declared carried.

ARTICLE 2. On motion of Joseph Wall, duly seconded by Robert Wohler, it was

VOTED: That the sum of \$75,000.00 be appropriated to meet the further expense of water construction for Polaroid Corp., and to meet said appropriation the sum of \$25,000.00 shall be transferred from Surplus Revenue and the Treasurer, with the approval of the Selectmen, is hereby authorized to borrow the sum of \$50,000.00 under authority of Chapter 44 for a period of five (5) years.

On standing vote, Voting Yes, 80; No, 0.

Motion declared carried.

ARTICLE 3. On motion of James Foley, duly seconded by Emilie Moses, it was

VOTED: That the sum of \$30,000.00 be transferred from Surplus Revenue and appropriated to meet the further expense of sewer construction for Polaroid Corp.

On voice vote declared carried.

ARTICLE 4. On motion of Robert Bulger, duly seconded by James Drummey, it was

VOTED: Indefinite Postponement.

On voice vote declared carried.

ARTICLE 5. On motion of John A. Abdallah, seconded by Charles L. Rich, it was

VOTED: That the general by-laws of the Town be amended by adding to Article XII thereof the following:

"No owner or driver of a motor vehicle shall leave or park such motor vehicle unattended within the limits of a private way so as to interfere with the free and unobstructed access of fire apparatus to any building, nor shall such owner or driver of such motor vehicle fail to remove the same when violating any provision of this bylaw shall be subject to a fine not in excess of Twenty (\$20.00) Dollars, (G.L. Ch. 40, Sec. 21 (14))."

On voice vote declared carried.

Meeting dissolved.

A True Record.

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

THE COMMONWEALTH OF MASSACHUSETTS

September 17, 1968

Town of Norwood

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town, qualified to vote in Primaries, met in the State Armory on Nahatan Street, Tuesday, the seventeenth day of September, 1968 at 8:00 o'clock A.M.

The warrant calling the Primary was read by Town Clerk and Accountant, Bartley W. Connolly, and the return of the officer thereon who had served the same upon the inhabitants. In conformity with the laws of the Commonwealth in relation to elections, the Armory was fitted up as a polling place, a space railed off and compartments provided for the use and convenience of the voters to examine and mark their ballots. Each compartment was supplied with suitable facilities for the purpose and provided cards of instruction.

The following were appointed by the Selectmen as Election Officers and were sworn to the faithful performance of their duties by Town Clerk and Accountant, Bartley W. Connolly.

Helen M. Coakley, Doris C. Dauksis, Caroline McManus, Jeanette M. Race, Margaret C. Lewis, May Wells Atwood, Jennie McNally, Emma L. Blasenak, Alice G. Kelliher, Mildred J. Curran, Ruth Curran, Leona Finbow, Florence D'Espinosa, Alice H. Thompson, Rosemarie R. Fanning, Bertha Holman, Ruth M. Butters, Harriet Gullich, Marion Ivatts, Mildred L. Lane, Elizabeth Donovan, Mae L. Bremer, Vera A. Kozak, Mildred Galle, Albina

A. Grigun, Mary E. Foley, Catherine L. D'Espinosa, Sture Nelson, Helen E. Bresnahan, Katherine Connor, Robert Drummey, Edward A. Flaherty, Angela Daly, Francis I. Cuff, Catherine Curran, Mary Fitzgerald, Arlene E. Lindblom, Henry A. Holman, Margaret Curran, Francis M. Carroll, Wilfred Turenne, James E. Flynn, Julia Rau, Mary Hayes, Agnes Thompson, Mabel L. Flood, Mary E. Jennings, Gertrude A. Dolan, Catherine M. Keefe, Alice V. Duffy, Amedio DiFlamines, Mary L. Barrett, Constance M. Curran, Helen G. McDonald, Emma Sansone, Clare A. Swift, Mary L. Johnson, Henry J. Gullich, Arthur B. Rodgers, Mary Stevens, Ellen A. Cotter, Alice Dyer, Tracy Cottrell, David Fleming, Georgianna Clem, Britta K. Kallgren, Geraldine Parsons, Janet A. Webber, Stella Schoppe, Lida Parker, Marion Manning, Margaret Partridge, Jean R. Brown, Eleanor Tupper, Mary Petrovek, Rose Gallazzi, Louise Conti, Fred M. Adelman, Genevieve Padduck, Aune Nordvall, Salvatore D'Espinosa, Margaret M. Rodgers, Julia F. Bossio, Joyce Sheehan, Joseph V. Nuttall, Catherine E. Conroy, Bertha Wessell, Mary Lucas, Margaret L. Curran, Margaret M. Hayes, Dorothy Potter, Eva W. Borlin, Anne P. Shannon, Marion Waterhouse, Adele Maloof, Anne J. Mackys, Margaret B. Lowerison, Arthur V. Wilson, Herbert Wiggin, John E. Reddick, Mildred Sacco, S. Maude Bernier, Elizabeth Brissette, Ruth Sullivan, Anne Greene, Joan L. Lewis, Rosemary A. COMMONWEALTH OF MASSACHUSETTS
TOWN OF NORWOOD
(SEAL)
WARRANT FOR STATE ELECTION

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood, qualified to vote in elections and town affairs, to assemble in the State Armory on Nahatan Street, Norwood, on Tuesday, the fifth day of November, A.D., 1968 at 6:00 o'clock in the forenoon, then and there to give in their votes for: Electors of President and Vice-President of the United States; Representative in Congress, Eleventh District; Councillor, Second District; Senator, Second Norfolk District; Two Representatives in General Court, Eleventh Norfolk District; Two County Commissioners for Norfolk; One County Commissioner for Norfolk County (to fill vacancy); Sheriff, Norfolk County; and to vote on the following questions:

TOWN OF NORWOOD

Question No. 1**Proposed Amendment to the Constitution**

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held June 16, 1965, received 210 votes in the affirmative and 26 in the negative, and in a joint session of the two branches held May 10, 1967, received 220 votes in the affirmative and 9 in the negative?

YES

NO

Summary

The proposed amendment of the Constitution increases from five days to ten days the period of time the Constitution gives the Governor to act upon measures passed by the Legislature and submitted to him for approval. No other changes are made in the several Constitutional provisions relative to action by the Governor upon such measures.

Question No. 2**Proposed Amendment to the Constitution**

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held August 30, 1966, received 188 votes in the affirmative and 46 in the negative, and in a joint session of the two branches held May 10, 1967, received 174 votes in the affirmative and 78 in the negative?

YES

NO

Summary

The proposed amendment of the Constitution authorizes the Legislature to impose an income tax graduated according to total income, and authorizes the granting of reasonable exemptions, deductions and abatements, as an alternative to the exercise of the Legislature's existing power to tax income under Article 44 of the Amendments to the Constitution. Without limiting the foregoing authorization, the proposed amendment permits any such tax to be imposed at a uniform percentage of an individual's federal income tax liability or at graduated rates applied to his total income taxable federally, and it permits reasonable variations of any federal provision. It requires that the graduated rates, exemptions, and deductions be set without regard to the kind of income being taxed.

Question No. 3**Proposed Amendment to the Constitution**

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 20, 1966, received 225 votes in the

affirmative and 1 in the negative, and in a joint session of the two branches held June 15, 1967, received 210 votes in the affirmative and 2 in the negative?

YES

NO

Summary

The proposed amendment of the Constitution defines the circumstances in which a Governor's inability to perform his functions shall cause his office to become vacant, and it establishes a procedure for making the necessary determinations. The office will become vacant following a declaration of disability by the Governor himself or by the Chief Justice and a majority of the Associate Justices of the Supreme Judicial Court, or such other body as the Legislature may provide. The vacancy will terminate four days after the Governor declares that no disability exists, unless (1) within that period the Chief Justice and majority of the Associate Justices, or such other body provided by the Legislature, should make a contrary declaration and (2) within another stated period the Legislature, by two-thirds of each branch present and voting, then determines the issue contrary to the Governor's declaration.

The same procedure will also apply to a Lieutenant Governor who in the case of a vacancy is performing the Governor's duties.

The proposed amendment also requires the election of a Governor for the unexpired balance of the four-year term if a vacancy in the office of Governor as described in the proposed amendment continues for a six-month period expiring more than five months prior to a biennial state election other than an election for Governor.

Question No. 4

Law Proposed by Initiative Petition

Do you approve of a law summarized below, upon which the House of Representatives did not vote and upon which the Senate did not vote?

YES

NO

Summary

The proposed law provides that the official ballot in the biennial State election for the year 1970 shall contain a question asking the voters whether there shall be a convention in 1971 to (1) revise, alter or amend the constitution of the Commonwealth on the following subjects, insofar as they relate to the structure of government, and no others: the Executive Branch; the General Court; the Executive Council; the government of cities, towns and counties and their relationship to each other and to the government of the Commonwealth; (2) simplify and rearrange the constitution, and (3) provide methods of amendment thereof. The question will state that the convention shall not consider or propose any measure which relates to the Massachusetts Declaration of Rights, the provisions of the Massachusetts

constitution concerning the "Judiciary Power" (other than provisions respecting the Executive Council), or any of the excluded matters enumerated in Article XLVIII, II, Section 2 of the Massachusetts constitution. The question will fix the number of delegates to the convention of 150, of whom 20 members shall be members of the General Court; the remaining 130 members shall be elected by the voters in the manner summarized below. The question will also state that the convention shall conclude its business not later than 120 days from its first session.

The proposed law provides that if a majority of the votes on the foregoing question is in the affirmative, the convention shall be held in July, 1971 to revise, alter or amend the constitution on the matters enumerated above only. The House of Representatives and the Senate shall each elect as delegates 10 of its members, not more than 6 from each branch coming from the same political party. Provision is made for the manner of nominating and electing these 130 delegates, without party or political designation, for filling vacancies occurring in the position of any delegate, from whatever sources chosen, and for the conduct of the convention's business.

Any revisions, alterations and amendments of the Massachusetts constitution adopted by the convention shall be submitted to the people at the State election in 1972 for their ratification and adoption in such manner as the convention may direct. If a majority of the people voting thereon ratify and adopt such revision, alteration or amendment, the constitution shall be deemed to be changed accordingly.

The proposed law also provides that if the vote on the question to be submitted at the biennial State election in 1970 is in the affirmative, the Governor shall appoint a preparatory commission of 5 members to compile data to aid the convention in the discharge of its duties. Each member of the commission shall receive compensation of \$10,000 and the commission may expend a sum not in excess of \$200,000, as the Governor may approve, for its expenses.

Question No. 5

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES
NO

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES
NO

C. Shall licenses be granted in this city (or town) for the sale there-

in of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES

NO

D. Shall licenses be granted in this city (or town) for the sale of all alcoholic beverages by hotels having a dining room capacity of not less than ninety-nine persons and lodging capacity of not less than fifty rooms?

YES

NO

Question No. 6

"Shall the commonwealth of Massachusetts retain capital punishment for crime?"

YES

NO

Question No. 7

"Shall commuter railroad service to and from this town to the city of Boston be continued?"

YES

NO

The polls shall be opened at 6:00 o'clock in the forenoon and shall be kept open until 8:00 o'clock in the afternoon when they shall be closed.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this fifteenth day of October, A.D. 1968.

JOHN A. ABDALLAH

HARRY B. BUTTERS

NICHOLAS J. CONNOLLY

Constable, Town of Norwood

A True Record.

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

THE COMMONWEALTH OF MASSACHUSETTS

November 5, 1968

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood qualified to vote in elections and town affairs assembled in the State Armory on Nahatan Street, Norwood, on Tuesday, the fifth day of November A.D. 1968 at 6:00 o'clock in the forenoon. The warrant calling the meeting was read by Town Clerk and Accountant, Bartley W. Connolly. All the provisions of law relating to the calling and conduct of elections having been compiled with, the polls were declared open for the reception of ballots and remained open until 8:00 o'clock in the afternoon at which time they were closed.

The following election officers were sworn by the Town Clerk and Accountant to the faithful performance of their duty:

Wilfred Turenne, James E. Flynn, Mary Hayes, Mary L. Johnson, Agnes Thompson, Mabel L. Flood, Mary E. Jennings, Gertrude A. Dolan, Catherine M. Keefe, Alice V. Duffy, Amedio DeFlamines, Mary L. Barrett, Constance M. Curran, Helen G. McDonald, Emma Sansone, Anne Rossi, Henry J. Gullich, Mary Stevens, Ellen A. Cotter, Alice Dyer, Tracy Cottrell, David Fleming, Britta K. Kallgren, Geraldine Parsons, Janet A. Webber, Lida Parker, Marion Manning, Margaret Partridge, Jean R. Brown, Mary Petrovek, Rose Gallazzi, Louise Conti, Genevieve Padduck, George Cashman, Aune Nordvall, Salvatore D'Espinosa, Margaret M. Rodgers, Julia F. Bossio, Joyce Sheehan, Mary Baum, Joseph V. Nuttall, Catherine E. Conroy, Anne Boulis, Bertha Wessell, Mary Lucas, Margaret L. Curran, Margaret M. Hayes, Dorothy Potter, Annie P. Shannon, Marion Waterhouse, Muriel Brock, Mildred Hoar, Adele Maloof, Anne J. Mackys, Sally Redihan, Iris Falcone, Margaret B. Lowerison, Arthur V. Wilson, Herbert Wiggin, Mildred M. Sacco, S. Maude Bernier, Elizabeth Brissette, Anne Greene, Joan L. Lewis, Rosemary A. Trainor, Mary Smith, Olive Mulkern, Pauline Erker, Agnes Stapleton, Malvina Mogan, Anne L. White, Agnes M. Riley, Ellen Sandell, Edward J. Campbell, Mary Louise McInnis, Marie Lee, Mary Horan, Mary E. Maguire, Mary G. Gray, Eileen Woodworth, Ruth Reddick, Mabel Stevens, James Readell, Coletta Sias, Alice H. Donovan, Vivian H. Spear, Barbara J. Christensen, Frances W. Wiggin, Mabel DesRoches, Barbara Barton, Ruth Jemison, Herbert J. Sheehan, John F. Reynolds, Rita Harding, Julia A. Lewis, Gertrude E. Young, Margaret M. Nolan, Mary E. Hall, Alice Flavin, Marie Shanahan, Catherine M. Griffin, Carol Connolly, Elizabeth M. Pender, Margaret Felici, Helen Donovan, Mark F. Coyne, Charles Anselone, Carol Cote, George Hammersley, Anna Naughton, Violet Trainor, Roberta Dunn, Louise Anderson, Leo V. Storme, Frances L. Blanchot, Marie C. Griffin, Emma M. Boyd, Robert A. Lynch, James F. Hanley, Olive A. Fiske, Marie V. Wilkinson, Jean M. Hale, Joan F. Hammond, Martha K. Greene, Rena Henry, Margaret M. Hayes, Mary M. McNamee, Mary D. Morrissey, Edward O'Brien, Mary Poce, Mary Riley, Ann Kelleher, Alba M. Maroney, Shirley A. Cisternelli, John J. Mulvehill, Neil G. Hawley, Jr. Mary Butters, Inez Gallazzi, Mary C. Horan, Janet Pierce, Mary Nolan, Lola DiBerto, Eva Knoll, Phyllis G. Rodgers, Daniel F. O'Connor, Gustave

Sacre, Chester C. Gray, Helen M. Coakley, Caroline McManus, Margaret C. Lewis, Jennie McNally, Alice G. Kelliher, Ruth Curran, Florence D'Espinosa, Rosemarie R. Fanning, Ruth M. Butters, Marion Ivatts, Elizabeth Donovan, Vera A. Kozak, Albina A. Grigun, Catherine L. D'Espinosa, Doris C. Dauksis, Jeanette M. Race, May Wells Atwood, Mildred J. Curran, Leona Finbow, Alice H. Thompson, Bertha Holman, Harriet Gullich, Mildred L. Lane, Mae L. Bremer, Mildred Galle, Mary E. Foley, Sture Nelson, Helen E. Bresnahan, Katherine Connor, Robert Drummey, Edward A. Flaherty, Angela Daly, Francis I. Cuff, Fred Adelman, Catherine Curran, Mary Fitzgerald, Arlene E. Lindblom, Henry A. Holman, Margaret Curran, Francis M. Carroll.

Sealed packages of ballots supplied by the Secretary of the Commonwealth were then delivered to the Ballot Clerks by the Town Clerk and Accountant, together with Specimen ballots and cards of instruction, and their receipt therefor was taken in conformity to the law. The Ballot Clerks were provided with duplicate sets of lists of registered voters of the Town, as prepared by the Registrars of Voters for use at this election, and were stationed at the entrance and exits of the polling places with instructions to deliver such ballots only to voters whose names were found and checked on the voting list. The Ballot Boxes used in elections were then opened in public meetings, examined by the Moderator and other officials and found to be empty. The registers were then set at zero.

The polls were declared open for the reception of ballots at 6:00 o'clock in the forenoon. The polls were declared closed at 8:00 o'clock in the afternoon. The names were checked on the voting lists by the ballot Clerks at the entrance to the polling place and by the checkers at the ballot boxes, were counted up and compared and were found to agree and the number of names so checked were thirteen thousand eight hundred and twenty-nine (13,829) plus one hundred and seven (107) voting for Electors of President and Vice-President only, which agreed with the total number of votes taken from the ballot boxes. The canvass of the votes cast being as follows:

COMMONWEALTH OF MASSACHUSETTS

SPECIAL TOWN MEETING WARRANT

(SEAL)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County,
Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby
required to notify and warn the inhabitants of the Town of Norwood qualified
as the law requires to vote in town affairs to meet in the Junior High

School Auditorium on Washington Street in said town on Monday, December 9, 1968 at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise by transfer from available funds in the treasury and appropriate to meet the further expense of School Buildings Maintenance, or take any other action in the matter.

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for SCHOOLS — CUSTODIAL SALARIES, said appropriation to be provided for by transfer from available balances in existing appropriations in SCHOOLS — INSTRUCTION SALARIES, or take any other action in the matter.

ARTICLE 3. To see what sum of money the town will vote to raise and appropriate for Soldiers' Benefits, or take any other action in the matter.

ARTICLE 4. To see if the Town will vote to amend the existing Zoning Map by altering the district boundaries with respect to that portion of the present Single Residence District, namely that area bounded as follows:

Beginning at a point on the easterly sideline of the Boston-Providence Highway, which is N 28-12-20E a distance of 152.08 feet and N35-31-18E a distance of 110.71 feet from a point of curvature of a radius of 60,00 feet and a length of 75.55 feet leading to the northerly sideline of East Cross Street, thence running N35-31-18E a distance of 228.20 feet; thence running N25-20-33 E a distance of 324.36 feet; thence running N60-51-55E a distance of 111.41 feet; thence turning and running S71-37-13E a distance of 193.13 feet, the last four distances and bearings being by the easterly sideline of the Boston-Providence Highway; thence turning and running N72-54-48E a distance of 40.00 feet; thence turning and running S17-05-12E a distance of 275.52 feet; thence running S15-32-44E a distance of 130.10 feet, the last two distances and bearings being by the center-line of Nahatan Street; thence turning and running S57-53-03W a distance of 224.16 feet; thence turning and running S38-30-34E a distance of 112.41 feet; thence running S01-11-44E a distance of 47.20 feet; thence turning and running S78-00-21W a distance of 174.35 feet; thence turning and running N64-51-56W a distance of 459.89 feet to the point of beginning of this description, by withdrawing said portion from Single Residence and establishing same as Manufacturing. (On petition of Carl Johnson.)

ARTICLE 5. To see if the Town will vote to accept and allow as new town ways, as laid out and reported by the Board of Selectmen, the following:

1. CAMERON ROAD, from Codman Road to Madelyne Road, to be known as Cameron Road.
2. CODMAN ROAD, from Ells Avenue to Madelyne Road, to be known as Codman Road.

3. **EATON ROAD**, from Ellis Avenue to Codman Road, to be known as Eaton Road.
4. **FORBES AVENUE**, from Washington Street to Codman Road, to be known as Forbes Avenue.
5. **MADELYNE ROAD**, from Neponset Street to Codman Road, to be known as Madelyne Road.

ARTICLE 6. To see if the Town will vote to authorize and direct the Selectmen to acquire by purchase or take by eminent domain a parcel of land on Westover Parkway, containing 14,592 square feet more or less, and as shown on Board of Assessors Survey Plan, Map 12, Sheet 1 J, Lot 57 A, and to see what sum of money the Town will vote to raise by transfer from available funds and appropriate for the above purpose, or take any other action in the matter.

ARTICLE 7. To see if the Town will vote to amend the general by-laws of the town by adding to Article XII the following section:

Section 35. It shall be unlawful for any person to discharge a rifle, shotgun, handgun or other firearm or air rifle within the Town without the permission of the Chief of Police, or other officer authorized by him; provided that this section shall not apply to any officer of the law in the performance of his duty; nor to any citizen lawfully defending his person or family or property; nor to any licensed hunter while lawfully engaged in hunting.

Any person violating this section shall be punished by the confiscation of such gun or other weapon, or by a fine not in excess of twenty (\$20.00) dollars, or both. Upon conviction of a violation of this section the gun or other weapon shall, by the written authority of the court, be forwarded to the Commissioner of Public Safety, who may dispose of such gun or other weapon.

ARTICLE 8. To see if the Town will vote to accept the provisions of General Laws, Chapter 54, Section 16A permitting the Town Clerk to fill vacancies in certain election offices that may occur on election day, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 19th day of November, A.D. 1968.

Town of Norwood

In pursuance with the foregoing warrants, the inhabitants of the Town of Norwood, and the Town Meeting Members qualified to vote in elections and town affairs met in the Auditorium of the Junior High School on Washington Street in said Town on Monday, December 9, 1968 at 7:30 o'clock in the afternoon.

The meeting was called to order by the Moderator Walter J. Gotovich. The warrant calling the meeting was read by Town Clerk and Accountant Bartley W. Connolly. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant:

ARTICLE 1. On motion of Mr. Wall, duly seconded by Mr. Lydon, it was

VOTED: That the sum of \$30,000.00 be transferred from Schools - Instruction Salaries and appropriated to meet the further expense of School Buildings Maintenance.

On voice vote declared carried.

ARTICLE 2. On motion of Mr. Foley, duly seconded by Mr. Webber, it was

VOTED: That the sum of \$3800.00 be transferred from SCHOOLS - INSTRUCTION SALARIES and appropriated for SCHOOLS - CUSTODIAL SALARIES.

On voice vote declared carried.

ARTICLE 3. On motion of Mr. Bulger, duly seconded by Mr. Lydon, it was

VOTED: That the sum of \$20,000. be transferred from Surplus Revenue and appropriated for Soldiers' Benefits.

**REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING
EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD
BY AMENDING ZONING MAP FROM SINGLE RESIDENCE
AND ESTABLISHING SAME AS MANUFACTURING**

To the Citizens of the Town of Norwood:

The Norwood Planning Board through the Patriot Ledger in the issue of September 21 and 28, 1968 gave notice of its intention to hold a public hearing on October 7, 1968 at 8:00 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend amendment to the existing Zoning By-Law as submitted in the attached motion under Article 4 of the Special Town Meeting of December 9, 1968 for the following reasons:

1. Not suitable for single residence homes
2. Continuation of a Manufacturing Zone
3. Abuts State highway
4. Best use of this particular portion of land
5. Not conducive to a residential area because of setback requirement for Route 1.

Respectfully submitted,

FRANCIS WISGIRDA
E. WILLIAM BAMBER
THOMAS A. RIOLO

Norwood Planning Board

ARTICLE 4. The following motion was offered by Robert Rizzo, duly seconded by William G. Dunn:

To amend the existing zoning map by altering the district boundaries with respect to that portion of the present Single Residence District, namely that area bounded as follows:

Beginning at a point on the easterly sideline of the Boston-Providence Highway, which is N28-12-20E a distance of 152.08 feet and N35-31-18E a distance of 110.71 feet from a point of curvature of a radius of 60.00 feet and a length of 75.55 feet leading to the northerly sideline of East Cross Street, thence running N35-31-18E a distance of 228.20 feet; thence running N25-20-33E a distance of 324.36 feet; thence running N60-51-55E a distance of 111.41 feet; thence turning and running S71-37-13E a distance of 193.13 feet, the last four distances and bearings being by the easterly sideline of the Boston-Providence Highway; thence turning and running N72-54-48E a distance of 40.00 feet; thence turning and running S17-05-12E a distance of 275.52 feet; thence running S15-32-44E a distance of 130.10 feet, the last two distances and bearings being by the centerline of Nahatan Street; thence turning and running S57-53-03W a distance of 224.16 feet; thence turning and running

S38-30-34E a distance of 112.41 feet; thence running S01-11-44E a distance of 47.20 feet; thence turning and running S78-00-21W a distance of 174.65 feet; thence turning and running N64-51-56W a distance of 459.98 feet to the point of beginning of this description, by withdrawing said portion from Single Residence and establishig same as Manufacturing.

On standing vote, Voting Yes, 76; No, 65.

Motion declared lost.

ARTICLE 5. On motion of Harry B. Butters, seconded by Charles L. Rich, it was

VOTED: That the Town accept and allow as new town ways the following:

1. CAMERON ROAD, from Codman Road to Madelyne Road, to be known as Cameron Road.
2. CODMAN ROAD, from Ellis Avenue to Madelyne Road, to be known as Codman Road.
3. EATON ROAD, from Ellis Avenue to Codman Road, to be known as Eaton Road.
4. FORBES AVENUE, from Washington Street to Codman Road, to be known as Forbes Avenue.
5. MADELYNE ROAD, from Neponset Street to Codman Road, to be known as Madelyne Road.

On voice vote declared carried.

ARTICLE 6. On motion of Harry B. Butters, seconded by Charles L. Rich. it was

VOTED: That the Selectmen be and hereby are authorized and directed to acquire for municipal purposes a parcel of land located on Westover Parkway, containing 14,592 square feet, more or less, and being shown on Assessors Plans as lot 57 A, Sheet 1 J, Map 12.

And be it further voted that the sum of \$3500.00 be raised by transfer from available funds in the treasury and appropriated for the above purpose:

On standing vote, Voting Yes, 112; No, 0.

Motion declared carried.

ARTICLE 7. On motion of Harry B. Butters, seconded by Charles L. Rich, it was

VOTED: That the general by-laws of the Town be amended by adding to Article XII the following section:

Section 35. It shall be unlawful for any person to discharge a rifle, shotgun, handgun or other firearm or air rifle within the Town without the permission of the Chief of Police, or other officer authorized by him; pro-

vided, that this section shall not apply to any officer of the law in the performance of his duty; or to any citizen lawfully defending his person or family or property; nor to any licensed hunter while lawfully engaged in hunting.

Any person violating this section shall be punished by the confiscation of such gun or other weapon, or by a fine not in excess of twenty (\$20.00) dollars, or both. Upon conviction of a violation of this section the gun or other weapon shall, by the written authority of the court, be forwarded to the Commissioner of Public Safety, who may dispose of such gun or other weapon.

On voice vote declared carried.

ARTICLE 8. On motion of Harry B. Butters, seconded by Charles L. Rich, it was

VOTED: That the provisions of General Laws, Chapter 54, Section 16A be and hereby are accepted authorizing the Town Clerk to fill vacancies in certain election offices that may occur on election day.

On voice vote declared unanimously carried.

Meeting dissolved.

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
December 9, 1968 at 8:00 P.M.**

At the conclusion of the preceding meeting the special town meeting called for 8:00 P.M. was called to order. The following action was taken on the articles of said warrant:

ARTICLE 1. On motion of Joseph Wall, duly seconded by Kenneth Webber, it was

VOTED: That the sum of \$10,000.00 be transferred from Surplus Revenue and appropriated for the purpose of obtaining preliminary plans, specifications and engineering data for the construction and equipment of a addition to the Winslow School and also the Shattuck School.

The above appropriation is to be expended by the Permanent Building Construction Committee for the purposes indicated.

On voice vote declared carried.

Meeting dissolved.

A True Record.

Attest: BARTLEY W. CONNOLLY
Town Clerk and Accountant

LIMITATION OF INDEBTEDNESS

December 31, 1968

Under Section 10, Chapter 44 of the General Laws as amended by Chapter 133 of the Acts of 1967, the amount the town may borrow in addition to present debt is as follows:

Equalized valuation as established for the town under section 10C of Chapter 58	175,000,000.00	8,750,000.00
5% of which is the statutory limit		
Total Debt Authorized and issued December 31, 1968 ...	7,368,000.00	
Of this amount the debt outside the debt limit is	5,432,000.00	
Debt within the statutory limitation		1,936,000.00

The Honorable Board of Selectmen:

Gentlemen:

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1968, setting forth abstracts of the records of town meetings and elections, vital statistics and statement of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing the assets and liabilities at the close of the fiscal year.

BARTLEY W. CONNOLLY
Town Clerk and Accountant

**DEPARTMENTAL
REPORTS**

In Memoriam

JOHN A. ABDALLAH

Deceased - November 11, 1968

John A. Abdallah served the Town of Norwood as a Selectman for four full three-year terms and served as its Chairman in 1967. At the time of his passing away, he was Chairman of the School Housing Study Committee, Chairman of the Balch School Addition Building Construction Committee, a member of the Airport Commission, Norwood's Representative on the Massachusetts Bay Transportation Authority Advisory Board, and Norwood's delegate to the Metropolitan Area Planning Council; also, a member of the Oldham School Building Committee, a member of the Committee on Industrial Development, and the Norwood Centennial Committee; also serving on many other minor committees.

John A. Abdallah was an outstanding leader of the community, a truly conscientious and inspiring public servant with a keen sense of the responsibilities placed upon him as an official. His every act and deed was in the best interest of the people of Norwood.

He was a supporter and defender of the Town Charter which he referred to as the "Crown Jewel of the Commonwealth."

The Town of Norwood expresses its gratitude for his many years of devoted and faithful public service.

JOHN A. ABDALLAH

REPORT OF THE SELECTMAN FOR THE YEAR 1968

Harry B. Butters 346 Nichols Street	1969
Walter J. Dempsey 76 Prospect Street	1969
Charles L. Rich 67 Beech Street	1970
John A. Abdallah 1027 Washington Street (Deceased November 11, 1968)	1971
Joseph F. Curran 77 Hickory Road	1971

Organization

Harry B. Butters, Chairman
Ruth E. McCann, Clerk

The regular meetings of the Board of Selectmen are held in the Selectmen's Office, Norwood Municipal Building on Tuesdays at 7:30 P.M.

In 1968 the Board held 47 meetings which included numerous public hearings and conferences.

The matters that come to the attention of the Selectmen are too numerous to list in their entirety, but the following are the more prominent subjects which will illustrate the broad scope of the Board's activities.

Public Hearings

Petition of New England Telephone & Telegraph Co. for pole locations on Pleasant Street and Neponset Street. Petition granted.

Petition of New England Telephone & Telegraph Co. for conduit and manholes on Springvale Road — In joint petition with Norwood Municipal Light Department.

Sewer and/or water mains construction hearing for Bird Road, Cameron Road, Ellis Avenue, Forbes Avenue, Washington Street, Upland Road, Neponset Street leading to Polaroid Complex. Municipal Light, sewer and water requests all approved by Board.

REPORT OF THE AIRPORT COMMISSION

The Honorable Board of Selectmen
Town of Norwood
Norwood, Massachusetts 02062

Gentlemen:

The Norwood Airport Commission hereby submits its report for the year 1968.

Rt. Rev. Robert J. Sennott was appointed by the Board of Selectmen to the Airport Commission.

A brief review of matters discussed during the year were as follows:

1. Application and discussion with State and Federal agencies relative to future work.
2. Discussion with Town Counsel relative to legal requirements pertaining to future work.
3. Meeting with Boston Metropolitan Airport Inc. officials relative to further expansion of land on Access Road.
4. Signed agreement with Town of Stoughton officials for the installation of a radio beacon facility to be constructed in Stoughton.

Federal Aviation Agency (50%), Massachusetts Aeronautics Commission (40%), and Town of Norwood (10%) participated in the construction of a Plane Parking Apron at a total cost of \$16,358.93.

The Massachusetts Aeronautics Commission at a cost of \$3,997.00 installed a radio compass locator station known as an "H" facility in the Town of Stoughton disposal area.

On June 17, 1968 the Engineering firm of Fay, Spofford and Thorndike, Inc. were selected to do the engineering for the Airport Commission on the constructing of a taxiway parallel to the East-West runway, approach and transition clearing for East-West runway, and mark East-West runway. Total estimated cost of construction was \$339,162.00.

July 17, 1968 the Town of Norwood held a special referendum election regarding the Airport appropriation of \$55,663.00 which was approved at the May 27th Town Meeting. The referendum upheld the action of the Town Meeting.

The following statement gives a general idea as to what the Town of Norwood receives from the Airport Management.

Gross income from Management Agreement	\$ 1,491.70
Property Taxes	14,930.20
Purchase of Electricity	6,411.79
Town Water	298.05
Total	<u>\$23,131.74</u>

IN MEMORIAM

John A. Abdallah

With the untimely passing of John A. Abdallah, the Norwood Airport Commission has lost a most sincere, respected and devoted member.

That he was a man of great dedication and displayed intense interest in the Norwood Airport and its problems.

That he was a faithful attendant and a most active participant in all of its meetings.

That his continual expression of opinion and presentation of new ideas were most helpful to the commission in its deliberations.

That by his enthusiasm and energy he was an inspiration and example to the entire commission.

Respectfully submitted,

WILLIAM C. KENDRICK, Chairman

WALTER A. BLASENAK

HARRY B. BUTTERS

GEDMAN C. DAUKSIS

JAMES J. DRUMMEY

JAMES J. HAWLEY

CHARLES L. RICH

RT. REV. ROBERT J. SENNOTT

WALTER R. RYAN, Secretary

Norwood Airport Commission

REPORT OF INSPECTOR OF ANIMALS

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Mass.

Dear Sir:

The Inspector of Animals examined all cattle, sheep, swine and horses within the limits of the Town of Norwood in accordance with Chapter 129, Section 19 of the General Laws for the division of Livestock and Disease Control of the Massachusetts Department of Agriculture.

Number of Dairy cows of two years	19
Number of Dairy heifers one to two years	9
Number of Dairy calves under one year	9
Number of Sheep	11
Number of Swine	25
Number of Horses	14
Number of Beef Cattle	2
Number of Dairy Bulls	1

Respectfully submitted

ANGELO IODICE
Animal Inspector
Town of Norwood

REPORT OF THE BOARD OF APPEAL

The Honorable Board of Selectmen
Norwood
Massachusetts

Gentlemen:

The Board of Appeal herewith submits its Annual Report for the year 1968. The following is a summary of the applications received and heard by the Board during the year:

1. Requests for Special Permits — 11
 - Approved — 9
 - Denied — 1
 - Temporary Special Permit — 1
2. Requests for Variance — 13
 - Approved — 10
 - Denied — 3
3. Requests withdrawn — 5
4. Amendments to original Special Permits — 2
5. Appeals from action of Building Inspector — 3
 - Building Permits revoked — 1
 - Temporary storage permit — 1
 - Application did not fulfill requirements of Chapter 40A, Section 15-1 and Section 13 — 1
6. Total requests — 33

Two separate decisions made by the Board were appealed to the courts. One case has been closed with the decision upholding that of the Board of Appeal. The other case is still pending in Superior Court.

On January 16, 1968, Mr. George W. Fredrickson, an Associate Member was appointed to fulfill the vacancy created by the death of Mr. Arthur Gleichauf; and Mr. George M. Eysie was appointed an Associate Member to take the place of Mr. Fredrickson.

Mr. James J. Drummey was re-elected Chairman for the coming year.

We would like, at this time, to thank the Associate Members of the Board of Appeal, Mr. Fred M. Adelman, Mr. Edmund W. Mulvehill, and Mr. George M. Eysie, and our Secretary Mrs. Mary C. Baum, for their dedication. We wish also to thank the various elected and appointed Town Officials for their assistance and cooperation during the year 1968.

Respectfully submitted,

BOARD OF APPEAL

James J. Drummey, Chairman
George S. Williamson
George W. Fredrickson

REPORT OF THE BOARD OF ASSESSORS

To The Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1968 together with a statement showing comparison of tax rate recapitulations for the years 1967 and 1968.

A table showing the comparison of valuation, tax rate, and taxes assessed over the past years is attached herewith as a supplemental report.

ORGANIZATION

On March 5, 1968, Thomas J. Foley was reappointed by the Selectmen to serve for the term of three years ending April 1, 1971.

On October 19, 1968, Harold T. Young died after having served as an assessor since March 7, 1953.

TAX RATE FOR THE YEAR 1968

On June 14, 1968, the Board of Assessors determined the tax rate for the year 1968 to be \$76.00 per each thousand dollars of valuation, an increase of \$4.00 over the 1967 rate. The School Tax Rate was determined to be \$40.10 and the General Tax Rate \$35.90.

MOTOR VEHICLE AND TRAILER EXCISE

15,909 motor vehicles and trailers were assessed for the year 1968 and excise in the amount of \$832,660.81 was committed to the Collector of Taxes as of December 31, 1968. The 1968 rate for motor vehicles and trailer excise was \$66.00 per thousand.

APPELLATE TAX BOARD CASES

As of December 31, 1968 there were pending before the Appellate Tax Board the following appeals from valuations determined by the Assessors:

Year	No. of Appeals
1961	1
1962	4
1963	2
1964	1
1965	4
1966	6
1967	11
1968	6
	—
Total	35

Respectfully submitted,

JAMES T. FLAHERTY, Chairman
THOMAS J. FOLEY

In Memoriam

HAROLD T. YOUNG

Born February 15, 1905

Died October 19, 1968

Harold T. Young served the Town of Norwood as an Assessor from March 7, 1953 until his death on October 19, 1968. He also served as Chairman of the Board from March 10, 1959 to April 15, 1959.

The Town of Norwood wishes to express its appreciation for his faithful service and extends its sympathy to his family.

COMPARISON OF TAX RATE RECAPITULATIONS

REPORT OF THE BUILDING INSPECTOR

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Massachusetts 02062

Dear Sir:

The following is the annual report of the Building Department for 1968:

Type of Construction	No. of Permits	Estimated Cost
New Dwellings	27	\$ 461,000.00
Dwelling Alterations	120	275,075.00
Commercial and Manufacturing	16	2,417,200.00
Commercial & Mfg. Alterations	16	363,750.00
Apartment Buildings	8	2,737,000.00
Private Garages	7	9,050.00
Additions to Hospital	2	408,000.00
Gasoline Stations	1	30,000.00
Grand Stands	1	49,962.00
Minor Out Buildings	11	1,322.00
Radio Towers	1	235.00
Incinerators	1	3,200.00
Swimming Pools Private	30	72,000.00
Recreation Center	1	250,000.00
Signs	32	24,930.00
Buildings Destroyed by Fire	3	
Buildings Razed	6	
Buildings Moved	1	
Totals	284	\$7,102,724.00
Permit Fees	284	\$ 10,043.00
Water Meters	27	\$ 810.00

Inspections were made on all buildings for which permits were issued and certificates of occupancy issued for all completed buildings after inspections by the Wire Inspector, Plumbing Inspector, and the Fire Chief.

Respectfully submitted,

HENRY J. CRONAN
Building Inspector

REPORT OF THE CEMETERY DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Superintendent of Cemeteries for the year ending December 31, 1968.

The Cemetery Department has prepared for and conducted 274 interments. We also made one inter-cemetery transfer.

The Cemetery Department has excavated and poured 80 new foundations for monuments throughout the cemetery. We also rebuilt and poured concrete on seven (7) old foundations. There were fourteen (14) flush markers installed at various lots and graves throughout the cemetery.

The Cemetery Department made all the perpetual care requests and promptly did all the paid grave repairs. We were given permission by some lot owners to lower upright markers into flush markers. It is our pleasure to assist these lot owners in lowering these old type markers to facilitate the mowing and trimming. It also helps the snow removal from lots being used for burials.

The Cemetery Department has continued its policy of assisting lot and grave owners in removing overgrown and unsightly trees and shrubs. Most of these areas have been reseeded.

All of the Cemetery owned trees, shrubs, and hedges were pruned and fed during the growing season. We used approximately eight hundred (800) pounds of seed in refurbishing. Also eighteen tons (18) of fertilizer has been spread over the entire cemetery along with twenty (20) tons of lime.

The Cemetery crew built the tool racks, storage units, and shelves in the new garage. They also painted them between burials in inclement weather. It has enabled us to do a lot of our own servicing and repairing whenever time would allow. We were also able to build some storage shelves in the office building.

Section C has been completed. The walks were installed and the lot markers and numbers were placed. In the park areas we have had a number of Flowering Cherry trees planted. We have a Pine and Hemlock hedge started behind the houses on Bellevue Avenue. This green hedge will eventually screen the Cemetery from these homes. Also, the Companion Lots in this section have been working out very well. More lots have been sold in this section than in any other area, since its beginning in December of 1963.

The area underneath and around the old shed in Section 45 was turned over to a depth of six feet. This area has been loamed and seeded. It is now laid out for single graves and is ready to be used when needed. All of this work was done by the crew and our equipment.

The Cemetery office has had a new, one-inch water line installed. Also, a new water bubbler has been placed in front of the office for the public to use at their convenience.

The masonry outside the Day Chapel has been completed. This will allow us the opportunity to refurbish the inside at a later date. The old chairs have been removed and new ones placed. The seating capacity has been increased. We find that the Day Chapel is being used more frequently by everyone. Its use during inclement weather has been on a steady incline.

The Cemetery Department removed the stone walls at the intersections of Cemetery Avenue at St. Paul and St. James. We also removed the walls at 4 walks in this section and prepared them for asphalt. Since this work has been completed, we have been able to service burials and park cars more conveniently for the funeral processions.

We have widened the streets around the Chapel, around the office, by the flower garden, and at the intersection of North Highland View Avenue and Holy Cross Avenue. This will relieve the traffic and confusion during the Memorial Day rush.

We had to have four (4) trees removed due to old age and disease. We have had a considerable amount of pruning done on the trees in the Main Avenue. The other trees were sprayed in season.

The Cemetery Department prepared the following areas for Asphalt. 3000 square feet adjacent to the new garage parking lot, St. James Avenue from Cemetery Avenue to Holy Cross Avenue; St. Paul from Cemetery Avenue to Holy Cross Avenue; St. Anne Avenue and Prospect Avenue between Saint Andrew and Franklin Avenue. The main avenue was completely resurfaced. There were 289.2 tons of asphalt used in this work.

Many of the gravel walks were weeded and sprayed with a non selective weed killer. Bank gravel was added to these walks to bring them up to grade for future asphalt work.

We have started to use a combination of fertilizer and a pre-emergence herbicide on heavily infested crab grass areas. We used a trial of one ton and found that it has been very successful. It is my intention to use a lot more in the next year.

A section of land between Veterans Road and Bellevue Avenue was cleaned of Debris and some unsightly trees removed. There was some loam spread and the area seeded. Eventually this area will be turned over for burials. Until such time, we will use it as a sod area.

There were no burials in Old Parish cemetery this year. The lawns were limed in early Spring and many old graves reseeded. The grass was kept

mowed and trimmed. An old Oak tree was removed. We have worked in the Old Parish Cemetery when ever time and men were available.

The lawns in Highland Cemetery were mowed throughout the season. The trimming was done on a as needed basis. The edges were trimmed back on the walks and other avenues.

As custodian of Veterans graves, all depressed graves were brought up to grade and resodded or seeded. Veteran organization markers were placed on various graves and a supply kept on hand for the Veterans organizations to use on Memorial Day. A generous supply of flags were on hand for new graves and the various organizations. The Cemetery crew painted all the G.A.R. flag staffs and we put new flags on these staffs. There were nineteen (19) Bronze flush markers, and four (4) Granite flush markers placed at the foot of Veterans graves throughout the Cemetery.

We have had to inter thirty-two (32) Veterans again this year. The number is the same as last year. Of these Veterans, one (1) was in W.W. I and W.W. II, seven (7) were in W.W. I, and twenty (20) were in W.W. II, one (1) in the Korean War, and honorably, three (3) were returned from Vietnam.

We here at the Cemetery have had another very busy year. We are dealing more and more with the newer residents of the past ten or so years. It not only makes its mark on the burials, it also shows on the purchasing of new lots and in the pre-need sales. We receive many inquiries about our cemetery prices, rules and regulations.

The year 1968 has been a sad year for our department. We have had to prepare the resting place for a number of Town employees, Town officials, friends and relatives.

The Cemetery Department not only lost a Commissioner, but one of its greatest friends and supporters. Selectman John A. Abdallah will remain with us not only at his eternal resting place, but also in his lively spirit. His strength will always show in the stone pillars he donated to us last year, and his courage will stand in the new field stone garage he fought so hard to have built here.

I would like to take this opportunity to thank you Mr. Blasenak for your cooperation and all the other Department Heads for their generous cooperation throughout the year. I would like to thank Mr. Hamilton for having one of his men fill in for me during my injury. I know it made his department short handed. I want to thank Mr. Boghossian for his efforts in my absence. Also, I want to take this opportunity to thank the men of the Cemetery Department. They have worked hard, and put in long hours doing the necessary work that is involved with Cemetery care. They have done their best in helping to keep our Cemetery always looking its best.

Respectfully submitted,

PATSY F. SANTORO
Superintendent of Cemeteries

OFFICE OF CIVIL DEFENSE

Mr. Walter Blasenak
General Manager
Norwood, Mass.

Dear Sir:

I hereby submit the annual report of the Civil Defense Department for the period of January 1, 1968 to December 31, 1968.

The Director and Deputy Director have attended monthly meetings of the Civil Defense Directors of area 2-D.

All Departments kept a regular schedule of drills under simulated emergency conditions.

All inspections, required by law, were completed by the Director, and reports sent to the proper authorities.

All National Alert drills and R.A.C.E.S. drills were answered. Norwood established a record on the National Cascade alert. One minute after the alert was transmitted by the State Civil Defense Headquarters, Norwood CD was opened by the Director and Deputy Director, key personnel were contacted and were ready on stand by for emergency duty.

The Auxiliary Police logged 1000 hours of active duty and 1500 hours in training.

During the year there were two occasions, serious enough to declare an Emergency. On both cases CD responded with enough manpower to keep the situation under full control.

I wish to thank all of the other Town Departments, staff members, and the many men who gave so freely of their time and ability to make this past year a success.

Very truly yours,

JOSEPH F. McAULIFFE
Civil Defense Director

**REPORT OF COMMISSION TO PROMOTE
BUSINESS AND INDUSTRY**

To the citizens of Norwood:

The Commission to Promote Business and Industry reports for the year 1968:

The activity of this year consisted of a mailing of 2000 brochures regarding Norwood to a selected list of business, business development, and industrial realtor firms; nationwide.

Thirty-seven inquiries were received and answered and representatives of nine firms were shown sites and other features of our town.

On April 30th formal ground breaking ceremonies for Polaroid Corporations first building at its Upland Road site were held, opening what is hoped will be a long and mutually satisfactory relationship with this excellent firm.

Three buildings are at present in final stages of completion; buildings of unusually fine design and quality (but only in keeping with the very high grade people and aims of Polaroid).

Star Market Company had the formal opening of its Distribution Center — the first building in Norwood's Industrial Area — on June 3rd.

This facility — a huge, superior quality, 260,000 square-foot precast concrete building, one of several planned — was on that day in full operation. They employ over 100 people, handle 80 trucks each 24 hours, and unload an average of five railroad cars a day. Work has already started on another building of 35,000 square feet, to become a new Perishable Terminal.

On behalf of the Town of Norwood the Commission to Promote Business and Industry offers to these companies best wishes.

The Commission thanks all the town officials and staff who have aided in our industrial growth.

GEORGE T. MAHONEY, Chairman

REPORT OF THE CONSERVATION COMMISSION

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Mass. 02062

Dear Sir:

During the year 1968 your conservation commission has continued to work diligently; continuing past programs, initiating new ideas, and aspiring to complete our goals.

Our programs again included the annual fishing clinic which was held in conjunction with the Westwood Conservation Commission. This year we were able to obtain Gadabout Gaddis as the featured speaker. This night was well attended and enjoyed by all.

In the same vein, our fishing derby held at Buckminister Pond was an unqualified success. We were able to stock the pond with trout; and thus, provide good opportunity for the many eager fishermen.

In 1968, as in the past, we strongly opposed land filling and development of any wetland areas and are of the firm belief that **none** of the Neponset Valley should be further encroached upon. As the spring flood showed, water shed areas are vital and necessary. The damage done in many buildings was uncalled for. We are pressing for all legislation which we feel will save our area from unnecessary losses.

In October of this year one of our members, Brownie Green, resigned. In accepting his resignation we would like to thank Brownie for the many hours he has spent over the years in participating in our programs.

This year individuals in our group have attended the meetings of the Neponset Conservation Association so that we may share the knowledge of the neighboring towns. Through our membership in this group we are able to solidify our areas efforts in legislation.

Each year we work in coordination with many town bodies, and we would like to thank all of them for their help again during this past year.

Respectfully submitted,

DONALD J. BONICA, Chairman
Norwood Conservation Commission

REPORT OF TOWN COUNSEL

Board of Selectmen
Town of Norwood
Norwood, Massachusetts

Gentlemen:

The following is a report of the Law Department for the year 1968.

Frequent changes in the laws applicable to municipal government bring requests for interpretation of the law which require constant study of the new legislation in its relation to our activities in order to competently advise those charged with the conduct of our own government.

Much of the service rendered was advisory in nature and was furnished in the various departments of the Town through written and verbal opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances, drafting of articles for town meeting warrants and motions to be offered thereunder, drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

In Retirement

MICHAEL EARNER

Michael Earner began working for the Cemetery Department in May of 1947. He worked as a Laborer and M.E.O. Gr. 1. On January 13, 1958 Michael Earner became Acting Foreman and was promoted Foreman September, 1958. He worked in this capacity until his retirement on October 11, 1968. We all wish "Micky" a very pleasant retirement.

In

Appreciation

On April 10, 1968, in recognition of his outstanding contributions to science and industry, and in appreciation of his high regard for Norwood, demonstrated by the construction of a multi-building Polaroid research and industrial center here, Dr. Edwin H. Land was made an Honorary Citizen. The Selectmen presented a hand-drawn illuminated parchment to Dr. Land which read as follows:

*Know all men by these presents
that Honorary Citizenship of the
Town of Norwood Massachusetts
is conferred on*

DR. EDWIN H. LAND

President, Polaroid Corporation

*by resolution of the
Board of Selectmen, Norwood
this 10th day of April, 1968*

HARRY A. BUTTERS
CHARLES L. RICH
WALTER J. DEMPSEY
JOSEPH F. CURRAN
JOHN A. ABDALLAH

DR. EDWIN H. LAND MADE HONORARY CITIZEN

Joseph F. Curran Walter J. Dempsey Dr. Land Walter A. Blasenak Charles L. Rich

STAR MARKET COMPANY - 625 University Drive

POLAROID CORPORATION - 1 Upland Road

It should be pointed out that in connection with the above activity, many questions arose which required much research to find the proper answers and many hours were applied to this end.

Litigation and Claims

Various claims for personal injuries and property damage were made against the Town arising out of alleged defective conditions in public ways concerning which opinions as to liability on the part of the Town were given and recommendations were made as to disposition of claims.

Selectmen

Because the Town does not carry public liability insurance, all such claims are referred to Town Counsel for investigation and settlement with approval of the Board of Selectmen and, if settlement cannot be made, then the case is tried in court by Town Counsel.

A number of these cases were on behalf of the Department of Public Welfare and thousands of dollars were recovered, a large part of which came back to the Town treasury.

Without listing all the cases handled, suffice it to say that cases by and against the Town have been brought to a current status with little or no "backlog," so called.

Conclusion

I am grateful for the privilege of having served the Town as legal counsel. During my period of service, I have been constantly aware of the great responsibilities attendant upon this position in a growing community such as ours. The uniform spirit of co-operation and friendliness extended to me by Town boards, committees, officials and friends throughout this past year has greatly aided me in the performance of my duties and I shall be ever mindful of their loyalty and friendship.

Respectfully submitted,

WALTER J. GOTOVICH,
Town Counsel

REPORT OF DOG OFFICER

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Mass.

Dear Sir:

I hereby submit my report as Dog Officer for the Town of Norwood for the year ending December 31, 1968.

Number of dogs licensed	1332
Dog notices sent out	638
Dog complaints investigated	110
Dogs lost and found (Residents)	130
Dogs lost and found (non-residents)	22
Dogs destroyed	80
Personal calls to home of dog owners	465
Dead dogs picked up	20
Number of phone calls made and received	760
Car mileage	3668
Section 167, Chapter 140, General Laws \$5.00 each	130
Notice of complaint of Municipal dog control law turned into Dedham court	37

Respectfully submitted

ANGELO IODICE
Dog Officer
Town of Norwood

REPORT OF TOWN ENGINEER

Mr. Walter A. Blasenak
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

The report of the Town Engineer for the year 1968 is hereby submitted.

In 1968 the Engineering Department engineered and prepared for public competitive bid six contracts covering various types of construction work. The contract covering cement concrete walks and curbing had no bidders and was not readvertised due to time of year involved. The other contracts were completed under Engineering Department personnel supervision. One other contract was engineered by a consulting engineer with Engineering Department assistance.

It should be noted here that the Engineering Department does not function solely as an engineering and construction department, but also supplies, if possible, engineering aid and advice for all town departments as requested. Also, other governmental agencies and private individuals are supplied with similar aid and advice. The following pages explain in more detail the type and amount of work done for such agencies and individuals.

In addition, the Engineering Department at times supplements personnel in other town departments which may be short-handed. For example, during 1968 the assistant town engineer and a grade II engineer spent about 25% of their full work time aiding the public works department in various problems, and about 10% of same two men's time was spent on work connected with the construction of a plane parking and taxi area at the airport. Similarly, the same two men spent an estimated 10% of their full work time on requests concerned with subdivision development work from the Planning Board.

Another of the department's Grade IV engineers spent 14 full time weeks away from the department while acting in the capacity of cemetery superintendent.

These examples are some indication of the scope of the work covered by the Engineering Department during the course of a year. With the small force available, the Department does engineer and supervise the many smaller construction jobs; the larger more complex projects must go out to consultants in order to have the engineering and supervisory work done with their more complete and specialized work force.

Printed and verbal advertising efforts have not produced additional needed and qualified personnel. Area scarcity of such persons coupled with the present salary scale and range make it very difficult to attract the higher grade, experienced, competent engineers; especially those who once they have learned the ropes, will stay in town employ.

However, it is hoped that once more all assigned tasks can be completed in 1969.

Engineering Department construction projects during the year 1968 were as follows:

SEWER CONSTRUCTION

	Linear Feet	Size
Town Contract—Town Engineering		
David Terrace—House #11 to Margaret Street	119	8"AC
Sumner Street—Intersection of Union toward Walpole Line	790	8"AC

BITUMINOUS CONCRETE SIDEWALK CONSTRUCTION**Town Contract — Town Engineering**

Elkway — Walnut Avenue southerly (Town Forces)	80
Longwood Terrace — House No. 50	94
Pellana Road — Houses No. 15-19-23	225
Pleasant Street (east side) — Morse Street to Sumner	910
Rock Street — House No. 32	75
Short Street — (southside) Washington Street to Morse Street	196
Upton Avenue — (both sides) Washington Street to Highview	490
Westover Parkway (east leg) — House No. 19 to Willett School	2662
Winslow Avenue (west side) — Harding to Chapel Street	350
	5082 Total

MISCELLANEOUS CONSTRUCTION WORK**Town Contract — Town Engineering**

- Highland Cemetery — Bituminous concrete surfacing various roads and walks
- Junior High School — Bituminous concrete surfacing etc. for new parking lot

Town Forces — Town Engineering

- Pleasant Park — Bituminous concrete basketball court
- Neponset Street at Meadow Road — Corner widening and paving

SOME MISCELLANEOUS WORK FOR 1968

1. During the construction period of the year, many problems and questions arise concerning the abutters in the vicinity of the work. Town Engineer talked with abutters seeking information and alleviation of problems on twenty-three occasions.
2. Nineteen various locations involving drainage problems were investigated and discussed regarding alleviation of said problems.
3. Information requested and given regarding sewer, water and drain connections on sixty-nine occasions.
4. Twelve requests for driveway openings investigated and reported on and estimates of cost given.
5. Fencing of Ellis Avenue playground and portion of Cleveland School playground involved field survey work and twelve discussions with abutters.

6. The flooding occurring during March 17, 1968 week involved much time for inspections, water elevations being recorded, photos taken, investigation of surcharged utilities etc.
7. Town Engineer worked with Town Manager, Town Counsel and County officials regarding details of Nahatan Street abandonment (vicinity of Route 1 and Neponset Street).
8. Town Engineer started a program for engineering student help in conjunction with Northeastern University Co-op work plan.
9. Street numbers assigned for all new buildings; studies and numbering plans worked out for apartment complexes and numbering difficulty on Cottage Street.
10. Plans and field work done for location of Pendergast memorial stone.
11. Sewer assessments computed for 1968 construction: total dollar value — \$7487.35. Sewer orders prepared and forwarded to Town Clerk for filing in Norfolk Deeds.
12. Estimates for guarantee deposits figured for 32 sewer connections, 44 water renewals and connections, and 2 drain connections.
13. Four trees surveyed and posted for removal.
14. Two surveys for traffic stop signs made, plotted and forwarded to Massachusetts Department of Public Works for approval.
15. Street acceptance plans checked and documents prepared for layouts and takings of
Cameron Road — from Codman Road to Madelyne Road — 1978 feet
Codman Road — from Ellis Avenue to Madelyne Road — 2920 feet
Eaton Road — from Ellis Avenue to Codman Road — 450 feet
Forbes Avenue — from Washington Street to Codman Road — 435 feet
Madelyne Road — from Neponset Street to Codman Road — 454 feet
16. Many engineers in private practice requested and were given plan, utility and survey information during the year.
17. Town street and zoning maps were updated and copies made for general distribution. Utility maps were updated and copies made available to interested town departments.
18. Twenty-two different requests for information concerning fourteen various locations as to zoning, were answered during the year.
19. Town Engineer represented the town at various hearings and meetings having to do with town agencies and other governmental agencies.
20. Throughout the year, elevations of Buckmaster Pond were regularly taken.

The Engineering Department provided engineering advice and help to town departments and agencies listed below:

Airport Commission

The Engineering Department supervised construction of a plane parking apron at the airport and also worked with airport authorities on the disposition of surplus fill where needed. It is estimated that 10% of the work time of the assistant town engineer and a grade II engineer for the work year were spent on Airport Commission work.

Appeal Board, Zoning

Seven appeal board cases were referred to the Town Engineer for review and reports. Town Engineer viewed the sites, investigated data and areas and submitted reports as requested.

Assessors

Measurements and calculations of areas and volumes for 173 new buildings and additions were done and the results plotted on building cards. Also 44 carry overs from 1967 were measured, computed and plotted. Work done on drawing and redrawing new maps where needed. Windsor Village buildings (30) measured, computed and drawn.

Building Inspector

Town Engineer worked with Building Inspector on zoning violations and some cases involving Appeal Board restrictions.

Cemetery Department

Worked with Superintendent on laying out 220 companion lots and 37 single graves; let contract for turning over new area for burial and finishing of area with paving, grass, etc.; let contract for black top paving of roads and walks; Town Engineer worked with Superintendent on future planning for extension. The Engineering Department provided a grade IV engineer for a total of more than 14 weeks full time to take the Superintendent's place while he was undergoing treatment and surgery. In addition, the necessary record keeping and plan work to keep 274 1968 burials up to date was done by the Engineering Department.

Clerk, Town

Provided voting precinct maps, zoning change map for Attorney General's office; also worked with Clerk on sewer orders, utility takings and easements and street acceptance plans and documents; plans of grave lot sales and plotting current year's burials were also provided.

Counsel, Town

Town Engineer and Town Counsel conferred on many town matters of common interest. Some of the work done concerned the Clark sewer project, takings for utilities, research of previously filed utility easements, sewer assessment problems, the proposed dam at Hawes Brook, the proposed walkway from Marlboro Street to Westover Parkway, Hatch Act hearing recommendations, agreements for utility connection projects, land takings on Everett Street, site inspection and report on proposed Conservation Commission land, street acceptance procedures, documents, and plans etc. and other more minor matters.

Electric Light Department

Engineering Department worked with Light Department on new pole locations in public ways, provided plans and aerial photos for new transmission line planning, location of existing structures in vicinity of new underground electric work, worked on proposed island, lights, and conduits at Walpole Street, and planned for future work on University Avenue.

Fire Department

Worked with Fire Chief on water main layouts in various locations and with Chief regarding numbering system for buildings in apartment complexes; provided water main distribution maps for the fire department.

Health Board

Town Engineer and Director of Health Board conferred on several projects during year — among them, the plan and documents for the public hearing on land to be used for cemetery purposes, much time spent on the plan and easement work for alleviation of the Arnold Road — Audubon Road drainage problem, also discussions concerning disposition of ground water effluent from dump, work on Neponset River at the rear of Richland Road, talks on sewerage various proposed subdivisions of vacant lands.

Housing Authority

Town Engineer worked on numbering plan for the new Nahatan Street project, also regarding drainage problems and inspection of curb and walk installations.

Permanent Building Committee

Supplied committee with data, plans and photos for their study of proposed senior high school addition; also worked with committee on construction details at new recreation building and Willett School.

Planning Board

The Town Engineer is the engineer for the Planning Board. As such, the Town Engineer attended 21 Planning Board meetings and acted as the board's engineer in an advisory capacity. As in past years, the Engineer and his department give engineering assistance to the Planning Board in a multitude of ways. In the course of the year 1968, it is estimated that during the regular work week, at least 10% of the time of the assistant town engineer and a grade II engineer were devoted to planning board work in the field. This work consisted mainly of inspections and reports during utility and road construction, inspections after construction for releases of conditional approval and bond amounts and final inspections for bond releases.

The Engineering Department also prepared zoning study plans for the board, and after the board decided on the boundaries of the proposed zoning changes, the Engineering Department prepared the plans and descriptions of the proposed changes to be included in the town meeting warrants. After action by town meeting, the revised zoning maps were prepared on the changes voted, for forwarding to the attorney general's office for approval.

In addition, slides are prepared for the board to present visually at town meeting the proposed changes. On occasions where the board obtains outside engineering help to meet deadlines, the Town Engineer works with the private engineer, aiding him with available data and information needed and finally checking the completed work. The Town Engineer prepares reports for the board's guidance on all new subdivisions submitted and then reviews the final definitive plans to insure adherence to the board's regulations and conditions.

Because the planning board has no full time member available at all times during the work week, many questions concerning zoning, planning board regulations, hearing data, proposed zoning changes and other planning board material are referred to the engineer for information. At least twenty-two such matters were discussed by the engineer in his office during 1968.

Ofttimes individual board members consult with the engineer regarding current planning board projects and problems. Questions concerned with the subdivision control laws and zoning laws are discussed with much research being done before arriving at final conclusions.

As each real estate development progresses, the Engineering Department keeps as close watch as possible on the work progress in order to see that the work is done as specified. There are at least seven developments still working in various stages of development and requiring inspections and reports. It is anticipated that this type of work with the developers, along with the proper preliminary planning and final decisions and conditions of the board will aid the town in having as trouble-free developments as possible when the bonds are released and the streets are accepted.

Police Department

Provided information on public way certifications in accident cases, and also data on various ways as to status.

Public Works Department

As the Public Works Department labor and supervisory forces have diminished over the past years, it has meant more work for the Engineering Department in many instances.

Engineering advice and help has been given as requested and it is estimated that the assistant town engineer and a grade II engineer spent approximately twenty-five percent of the total work week time in aiding the Public Works Department in their projects. These projects are various and include finding locations of existing mains and connections; survey data for walks, drives, sewers, drains, and drainage problems; locations of gate valves, manholes, curb boxes; work on emergency water main breaks and drain and sewer stoppages etc.

During the spring work, the Engineering Department marks out the various playing fields and courts for maintenance work and also works on the layout of parking stalls and traffic lines.

The master utility maps are updated, and copies provide to Public Works Department personnel along with the latest tie-data available for the utility appurtenances.

Many other miscellaneous engineering services are provided.

Recreation Department

Town Engineering worked with Superintendent on planning proposed additions to recreation facilities, and engineered the construction of a basketball court at Pleasant Park.

School Department

Engineering Department engineered and built by contract the Washington Street Junior High parking lot; also worked with School Department on planning for construction of Westover Parkway sidewalk for the Willett School; and ran mileage checks to determine bussing limits.

The following governmental agencies consulted with the Town Engineer concerning projects in common:

Massachusetts Department of Natural Resources

Worked with and consulted with D.N.R. personnel on six Hatch Act cases, and also on 1968 sewer construction permit.

Massachusetts Department of Public Works

Boston Office: Attended meetings and hearings on Chapter 90 work, Walpole Street traffic and taking problems, and road classification report.

District Six Office: Town Engineer had many meetings with various sections of Massachusetts Department of Public Works covering many subjects some of which were: Chapter 90 funding and allocations; Walpole Street (Route 1A) proposed relocation and widening; traffic island and lights at Walpole and Chapel Streets; traffic control vicinity of Nahatan, Central, and Washington Streets; culverts under 1A at Upland Road and Hawes Brook; Everett Street proposed widening and relocation at Washington Street and at Route One; paving of Route 1A from Granite Street to Westwood Town Line; proposed Pleasant Street bridge including preliminary planning and survey work; work on construction of Bailey Bridge on Pleasant Street; proposed reconstruction of intersection of Route One and Everett Street; permits (3) for work on State Highways, and discussions concerning funds available and used under various chapters of general laws making such funds available to towns.

Waterways Division

Town Engineer met with Waterways people on proposed Hawes Brook dam and on proposed filling in of old Neponset River in rear of Richland Road.

Massachusetts National Guard

Met and talked with personnel on many occasions regarding transportation and erection of Bailey Bridge.

Norfolk County Commissioners

Discussed many projects with County Engineer — concerning grades on Everett Street, damages on Everett Street, Nahatan Street abandonment, hearings on Everett Street and street lines on county ways.

The towns of Melrose, Milton, and Sharon talked with the Town Engineer regarding town policies, permits, bonding developers, etc.

Town of Walpole

Town Engineer worked with town officials on the change over of water users on Pleasant Street, Norwood, from Walpole town water supply to Norwood town water supply.

Town of Westwood

Town Engineer discussed following projects with Westwood people — Industrial subdivisions involving both towns, residential subdivision involving both towns, Arcadia Road drain, policies on subdivision bonds, etc.

**Engineering Services Provided for Private Persons, Companies, etc.
In Conjunction with Projects Within the Town**

ALGONQUIN GAS TRANSMISSION COMPANY:

Data regarding work on University Avenue and proposed work at Nahatan Street overpass.

CAMERON, ROBERT — Engineer:

Supplied information for zoning study and change plans, drainage study for IOOF building, Norwood Nursing Home survey and other land surveys in Norwood.

CARDUCCI, FRANK — Builder:

Estimates and information on 10 separate occasions relative to car wash on Route One.

CLARK, GEORGE — Developer:

Information and discussion regarding proposed sub-division.

COATES FIELD SERVICE — Land Valuation & Appraisal:

Six meetings regarding proposed route of new electric transmission line.

EATON VILLAGE CORP:

Eight meetings and discussions on building numbering, utilities, and street names.

FACTORY MUTUAL RESEARCH CORP.:

Discussions on fire flows for Polaroid, Healthland, and various other parts of town.

FAY, SPOFFORD & THORNDIKE — Engineers:

Eleven discussions regarding University Avenue construction, proposed industrial subdivision off Route One, Norwood Hospital addition, and water distribution study for Norwood.

GLACIER SAND & STONE COMPANY:

Information and discussions regarding proposed development on Route One and on University Avenue.

GOODYEAR TIRE AND RUBBER COMPANY:

Data and discussions regarding all phases of new construction at 153 Nahatan Street.

HOLMAN, CLIFF — Engineer:

Instructions and information for zoning change plans

KAMWELD COMPANY:

Talked with owner and agents on four occasions regarding proposed sewerage of proposed building site.

KENT MFG. COMPANY:

Five talks with owner and contractor regarding sewer and water main extensions for vacant land.

KERR — EASTERN INDUSTRIAL HANDLING:

Six discussions regarding sewer and water main extensions for proposed building.

KING, E & F COMPANY:

Seven discussions with owner and contractor concerning reconstruction of railroad spur track crossing Pleasant Street.

KORSLUND, LENORMAND & QUANN — Architects:

On ten occasions discussed problems and data needed on WW II Memorial Recreation Building and proposed Senior High School addition.

LINENTHAL BECKER & EISENBERG — Engineers:

Five talks regarding MDC connection for Star Market.

LITTLE LEAGUE:

Talks and site visits with Little League representatives regarding new field location.

MCDONALD CORP:

Meetings with engineers and agents regarding new restaurant site.

McMANUS, THOMAS K. — Attorney

Discussions (seven) regarding new auto sales project and new restaurant.

METCALF & EDDY — Engineers:

Five talks and meetings concerning water main tie-in to Walpole, at Union Street and Route One.

MILLIKEN, WARREN — Appraiser

Five discussions regarding land on Westover Parkway.

NEPONSET RESERVOIR CORPORATION:

Discussions regarding dam in Hawes Brook.

NEW ENGLAND TELEPHONE & TELEGRAPH COMPANY:

Twenty-four separate discussions and meetings with telephone company personnel regarding locations of proposed telephone underground conduits, work at Pleasant Street bridge, pole locations, joint projects with town on University Avenue, joint venture with town on Hawes Brook street paving etc.

NORWOOD ENGINEERING COMPANY:

Meetings and talks regarding proposed subdivisions, zoning study and change plan preparations, drainage problems in developments, etc.

NORWOOD GAS COMPANY:

Twenty-three discussions concerned with space allocation for new mains in town streets, new regulator pit on Sumner Street, service for town buildings, joint venture payments etc.

PILLING ENGINEER COMPANY:

Seven meetings regarding instructions and checking details on street acceptance plans.

POLAROID CORPORATION:

Nineteen meetings and discussions concerned with new plant and utilities.

PROFESSIONAL BUILDING — (Dr. Finn):

Nine meetings and discussions with owner and representatives concerning site development, utilities and drainage.

RAYTHEON CORPORATION:

Discussions regarding drainage problems and water hammer.

REED, ALONZO B. — Engineers:

Twelve meetings regarding Polaroid utilities on site, proposed route on new electric transmission line, culvert at Upland Road, etc.

SHURCLIFF, MERRILL & FOOTIT — Architects:

Supplied field surveys, sections and plans for renovation of baseball diamonds.

STAR MARKET COMPANY:

Discussions regarding location of present and future water main extensions, and also MDC sewer connection.

THOMPSON LICHTNER — Engineers:

Four discussions regarding concrete sidewalk projects in Norwood.

VARA COMPANY — Engineers & Architects:

Six meetings and discussions with engineer and others regarding new V.W. garage — Route One.

WARREN CHEMICAL COMPANY:

Five discussions about proposed Pleasant Street bridge.

WESTWOOD LODGE:

Six talks with agents regarding proposed sprinkler line from Norwood Main.

WHITMAN & HOWARD COMPANY — Engineers:

Conferred thirty-three times with engineers regarding seven different engineering projects in the town.

As the preceeding paragraphs indicated, business was brisk for the Engineering Department in 1968.

In addition, the Town Engineer attended 5 different meetings outside of the regular work day and week, where engineering advice and counsel was given.

There are many similar projects on the fire for 1969. Included are: continued development of the Polaroid site utilities; phase II of Eaton Village which is just now starting; 16" water main construction on Nahatan Street; the new addition to the Senior High School; the regular utility and paving construction items; new land development under sub-division control, proposed extension of the University Avenue water main to Canton Street; possible Chapter 90 construction on Everett Street and many others — some of which are not on the drawing boards yet; e.g. the Pleasant St. Bridge.

Projections for 1969 therefore do seem to indicate as busy a year as 1968. The required engineering assistance for these and all other projects can be supplied, if the proper Engineering Department personnel are available

Respectfully submitted,

ROBERT A. HAMILTON
Town Engineer

REPORT OF FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized for the year 1968 as follows:

Joseph W. Wall, Chairman
James F. Foley
Robert A. Bulger

On January 1, 1968 the debt of the Town of Norwood was \$2,927,000.00 with maturities of \$436,000.00 in 1968.

The following sums were borrowed in 1968:

Veterans Memorial Building	250,000.00
Sewer Construction	163,000.00
School Construction	3,823,000.00
Water Construction	154,000.00
Water Construction	132,000.00
Water Construction	50,000.00
Light Construction	65,000.00
Light Construction	240,000.00
	4,877,000.00

In addition, the following sums which were authorized to be borrowed by town meeting action in 1965 and 1968 had not been borrowed as of December 31, 1968.

Light Construction 9/23/65	35,000.00
Light Construction 9/9/68	2,300,000.00
	2,335,000.00

The Finance Commission examined the requests for appropriations submitted by the various departments, met with department heads and committees charged with the disbursement of appropriations, and discussed in detail the basis for such requests.

Upon completion of the work of the Commission, a public hearing was held prior to the Annual Town Meeting.

The total budget for 1968 was \$11,806,014.48 which was allocated to the various town departments as listed below:

The sum of \$55,000.00 was appropriated for the Reserve Fund and transfers were made as follows:

Temporary Installation Bridge, Pleasant Street	3,500.00
Finance Commission	700.00
Town Clerk Personal Services	2,500.00
Building Inspector Salary	53.16
School Continuing Fees	1,500.00
Selectmen New Equipment	250.00
Fire Salaries	6,060.50
Fire Incidentals	1,500.00
Police and Fire Building	981.00
General Government	150.00
Treasurer Incidentals	150.00
Selectmen New Equipment	218.00
Permanent Sidewalks	4,500.00
Election and Registration Equipment	300.00
Election and Registration Notices	1,200.00
Drain Construction, Medical Building	3,000.00
Police Incidentals Uniforms	590.44
General Government Incidentals, Clark Case	462.70
Town Clerk, New Equipment	970.00
Fire Incidentals	1,400.00
Rubbish Personal Services	1,380.00
Particular Sewers	1,000.00
Garage Maintenance	2,000.00
Parks Maintenance	1,000.00
Library Longevity	250.00
Highway Maintenance	750.00
Survey Star Market	500.00
Board of Appeal	320.00
Public Works Pensions	70.00
Treasurer Incidentals	150.00
Care of Trees	1,000.00
Fire Incidentals	250.00
Maintenance of Police and Fire Building	500.00
Certification of Bonds and Notes	382.80
Health Personal Services	1,971.00
	\$41,509.60

Finance Commission

JOSEPH W. WALL, Chairman

JAMES F. FOLEY

ROBERT A. BULGER

FINANCE COMMISSION: (Seated) James F. Foley, Joseph W. Wall, *Chairman*;
(Standing) Robert A. Bulger, Bartley Connolly, *Clerk*.

In Memoriam

HARRY J. BUTLER

Retired Chief, Fire Department

Born October 5, 1897

Died September 15, 1968

Harry J. Butler was appointed firefighter on September 10, 1924 and rose through the ranks to be appointed Chief of Department on January 1, 1956. After serving the Town of Norwood faithfully for 38 years he retired on October 5, 1962.

The Town of Norwood and members of the fire department express their gratitude for his long and faithful service and extend their sympathy to his family.

REPORT OF THE FIRE DEPARTMENT

Mr. Charles L. Rich, Chairman
The Honorable Board of Selectmen
Norwood, Massachusetts

Dear Mr. Rich:

I submit to you and to the citizens of the Town of Norwood the Annual Report of your Fire Department for the year 1968.

As the Town grows each year, we see a substantial increase in the work load as your Fire Department responded to 1,433 alarms of fire during 1968. In addition, 936 ambulance calls were made.

It must be realized that Norwood is no longer a small Town but has grown in industry, with its particular hazards, as well as in population. I therefore am requesting that four additional firefighters and one lieutenant be added to your department in order to maintain somewhere near the Town's minimum needs. I am of the firm opinion that twelve firefighters and one officer is insufficient to handle effectively the Town's early fire potential.

Officers and firefighters of your department have received specialized training throughout the year in the latest methods of firefighting. Advanced training classes were held at the Central Massachusetts Fire Training Academy, Norfolk County Firefighters School, and the Red Cross to enable them to perform their work more effectively.

The United States Bureau of Mines conducted a training and demonstration class for the Fire Departments of Norfolk County together with personnel of Norwood Public Works and Light Department on flame propagation and explosion-proof electrical equipment. I wish to thank Mr. Curry of the United States Bureau of Mines and Mr. Eckhardt of the Norwood Gas Company who helped make this demonstration possible for 81 persons who attended.

Deputy Chief John Howard attended monthly meetings of Massachusetts Institute of Drillmasters to keep training methods up to date. Deputy Chief John Coughlin attended the National Seminar at Memphis, Tennessee to update his knowledge of inspections and fire protection. I received certificates of course completion from State University of New York on Fire Department Operations, North Shore Community College on Fire Communications and from the Mass Bay Community College.

Quarterly Inspections, as required by law, were made at the Norwood Hospital and all public and parochial schools and day care centers. Fire drills were conducted a minimum of four times in each school and in addition all fifth grade school children were given instruction with homework on the well-known "Operation Edith" (Exit Drills in the Home). This program was started in 1967 and will continue each year so that in the future

everyone will have a knowledge of what to do in case of fire in the home. I would like to thank Dr. Coakly, Superintendent of Schools, and the School Committee for allowing us this opportunity to reach the children.

Occupancy inspections were made in all new dwellings, apartments and industries by the Building Inspector and the Fire Department. Seventy-five meetings were held on various fire safety problems within the Town plus bi-monthly inspections of the sixty-two industries having sprinkler protection. Permits were issued for blasting, fuel oil, gasoline, propane gas and smokeless gunpowder.

The fire apparatus of the Fire Department is in very good condition with the exception of our squad or brush fire truck which I recommend should be replaced as soon as possible.

I would like, at this time, to thank the Honorable Board of Selectmen, the Town Manager, Mr. Walter A. Blasenak, and fellow department heads for their cooperation throughout the year on our many problems. To the Fire Department personnel of our surrounding Towns, thanks for your cooperation in our mutual aid program. I am sure the Town of Norwood can be very proud of its Fire Department, as I am.

Respectfully submitted,

IRVING J. DOBSON, Chief
Norwood Fire Department

REPORT OF GENERAL MANAGER

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit detailed report for the year 1968 of all departments under the administrative control of the General Manager.

Each year the activities of each and every department increases and the General Manager recommends that you read the departmental reports for the year 1968 which would give every reader both facts and figures relative to the services these departments render the Town in general.

While the General Manager devotes much of his time to the ordinary every day problems considerable time is required of the Manager in the areas of specific problems dealing with the improvement and enlargement of the town facilities. At this time I would like to call to your attention some of the activities in which the General Manager has been involved and which I consider may be of some interest to the reader.

1. Municipal Light Department

In 1968 the Town appropriated the sum of \$2,300,000.00 for the expansion of the Municipal Light Department. This will provide for the installing of two 115 KV lines which will provide the necessary system reliability and the load capacity to meet the present and foreseeable future supply requirements. It further affords the Town the opportunity and capability of engineering for future expansion of the Town's system.

With the installation of the new 115 KV lines, there will be a saving in the cost of purchase of power. This cost may be applied to the amortization of the debt and/or a rate reduction as determined by the Electric Light Commissioners. The people of the Town of Norwood are to be congratulated for the support given the Light Commissioners and the Municipal Light Department in this project and they will benefit substantially from the results in the years that lie ahead.

2. Recreation Department

The World War II Memorial Community Center was completed in 1968 and some of the furnishings and equipment have been received and the balance to come in 1969. This beautiful addition to Norwood's recreation facilities will enable the Recreation Department to offer a greatly expanded and varied program of leisure time activities at this central location. In addition, various other community organizations may avail themselves to utilize the facilities. The Town of Norwood may well be proud and may boast for having one of the finest recreation facilities in New England.

We wish to acknowledge and recognize the enthusiastic participation of the citizens in the 1968 program which included activities both indoors

and outdoors. We had an exceptionally busy and profitable summer season with record attendance not only at the playgrounds but at the outdoor pools.

I wish to congratulate the Recreation Department personnel for the fine and efficient manner in which they operated these facilities.

Pleasant Park was completely reconstructed in the Fall of 1968 and with good weather conditions in early 1969, these facilities should be available for activities in June, 1969. The Oldham and Cleveland small baseball diamonds will be reconstructed at a favorable season in 1969. Lighting of the Endean Playground will be installed as soon as ground conditions will permit in the Spring of 1969. These facilities will be used for soft ball, Pop Warner football, and soccer.

The General Manager wishes to call to your attention the continuing 4th of July Celebration in the Town of Norwood. This has been one of the projects in which the General Manager has become personally involved with and is grateful to the support given to the Committee by the citizens of Norwood. It is only through the generous financial contributions made by each and everyone that this program continues. We look forward to an even greater program and display of fireworks in 1969.

3. Public Works Department

Some of the outstanding accomplishments in the Public Works Department for 1968 were as follows:

Under Chapter 90 Maintenance a portion of Pleasant St. was hot-topped. Other street resurfacing work was done on Myrtle Street and portions of Dean Street; also, bituminous concrete sidewalks were built in various locations in the community.

In the Water Department, the motors at the Ellis Pumping Station were overhauled as required by the Insurance Rating Bureau.

The Public Works Department cooperated with the State Department of Public Works in the installation of the Bailey Bridge over the Neponset River at Pleasant Street. During, and since the March 17th flood, the Public Works Department has maintained and has surveillance of this bridge. It is anticipated that a new bridge will be built at this location in 1969.

The water and sewer lines were constructed under contract and completed in 1968 to serve the Polaroid Complex off Upland Road.

Contract was awarded for extension of the 16" water line on Nahatan Street from Mason-Neilan Co. to the intersection of Washington Street.

4. School Department

The General Managers Department cooperated with the School Department in various projects during the year, namely renovation of the fire alarm system at the Winslow, Callahan and Prescott Schools. The window replacement program was continued and the second section of the Balch

School was completed. The contract has been awarded for replacement of windows at the Shattuck School and this project will be completed in early 1969.

Painting of the exterior of the Oldham School and interior of the Callahan and Peabody Schools were completed.

The parking area at the Junior High School was hot-topped.

5. Highland Cemetery

The General Manager is deeply concerned with the development and improvement of the Highland Cemetery. The use of the cemetery has been on a steady increase for the last few years and it is imperative that the Town keep abreast with this development so that facilities will be available as needed. Monies were appropriated for the services of a consulting engineer to develop a master plan for the remaining undeveloped area of the cemetery. Once the area remaining has been determined, this will go forward. However, it is the opinion of the General Manager and the Superintendent of the Cemetery that the Town should be looking for additional areas either adjacent to the present cemetery or in other sections of the Town.

In 1968 we continued our normal program of building bituminous avenues and sidewalks. This improvement has been acknowledged by the many people who visit our cemetery.

6. Other Activities Within the Office of the General Manager

As the designated collective bargaining agent for the Selectmen, the General Manager has devoted considerable amount of his time in negotiations with the three groups organized under collective bargaining namely, the Fire Department, Police Department and Public Works Department which includes the Municipal Light and Cemetery Departments.

The General Manager is of the opinion that results obtained through collective bargaining with the various units has been mutually satisfactory and since this will be a continuing effort, the General Manager feels that the time has come that an in-depth study and a review of the collective bargaining law be made by the Board of Selectmen and the General Manager with the thought in mind that the approach and concept of collective bargaining may be better understood.

The General Manager is grateful to the Board of Selectmen, Department Heads, Town Departments and Committees for their support and assistance in the work of the Office of the General Manager. It is only through this cooperative effort that we have been able to achieve the results in the administration of our public office. I wish to extend my appreciation generally to the citizens of the Town of Norwood for their continued support through their town meeting representatives and their own personal interest in the various projects under the supervision and direction of the General Manager.

The year 1969 will bring with it many problems confronting the Town Officials and the citizens of Norwood. I am confident that we will meet the challenge as we have in the past and that with careful and efficient planning we can accomplish those things which are deemed to be vital and necessary to the well-being of the people.

In closing, I wish to extend my personal appreciation to all members of the municipal family. I am deeply grateful for their continued support and wish to acknowledge that it is only through this support that we can effectively carry out our responsibilities.

Respectfully submitted,

WALTER A. BLASENAK
General Manager

REPORT OF THE BOARD OF HEALTH

BOARD OF HEALTH STAFF

Public Health Nurses	—Marion O'Neil Norma Herig
School Nurse	—Anna Tobin
School Eye Clinic Physician	—Dr. William F. Ryan
School Dentist	—Dr. Maria Krivoshlokoff
School Dental Attendant	—Mary Mulcahy — Mary Bunker
Public Health Physician	—Dr. Roy T. Lydon
Clerk	—Suzanne D. Maciejewski
Milk Inspector	—Leonard E. Curran
Plumbing & Gas Inspector	—James J. Capaldo Henry T. McAuliffe, Assistant
Health Director	—Bartley J. King
Board Members	—Roy T. Lydon, M.D., Chairman John P. Dixon James F. Foley

SCHOOL NURSE

The school Physician made routine visits and examined all children referred to him. Parents were notified of any physical defect found at this time and advised to consult their private physician.

Vision and Audio Testing

1429 children were given the Massachusetts Vision Test to screen them for visual defects. 54 children were found to have a visual defect and referred for further treatment by an ophthalmologist,

The Maico Puretone Audiometer was administered to 1426 children for the screening of any hearing defects. 40 children were referred for further treatment.

Tuberculin Testing

163 children were given the Tine Test under the Tuberculin Testing Program that was conducted for the children in the 1st grade. The results of the testing was negative.

Diphtheria - Tetanus

140 seventh graders and 107 first graders received a booster dose of Diphtheria-Tetanus.

The Dental program conducted by the Forsyth Dental Clinic is being continued. The fluoride mouth rinsing program analyses show that the children rinsing with the acidulated phosphate fluoride solution are experiencing a reduction in decayed, missing and filled teeth.

The Dental Clinic is held weekly at the Junior High School. Grades I-VI inclusive are examined by Dr. Maria Krivoshlokoff. The children are advised to have the dental work done by their family dentist or the school dentist.

Mrs. Marie Kane, our Speech Teacher continues to work with the children that have any speech problems.

I wish at this time to extend my sincere thanks and appreciation to all for their cooperation and assistance.

SCHOOL EYE CLINIC PHYSICIAN

All school children were screened, using the Massachusetts Vision Testing Equipment. Parents were notified when defects were noted. Seventeen Clinics were held with a total of 216 patients seen. 129 were seen as new patients. 77 were seen more than once.

SCHOOL DENTIST

At the close of the school year, June 20, 1968, records in the dental office showed that a total of 3300 pupils, grades one through sixth were examined. In addition reports of oral findings were so noted on individual dental charts. Also instruction and training in proper oral care were given and the importance of dental health was stressed.

Many of the pupils examined were treated. The treatment did consist of cleanings, fillings, extractions, radiographs, consultations and referrals.

For the school year of 1968-69, a total of 3700 children at 9 schools including the new Willett School, were examined. These children were supplied with a dental statement of their oral condition and in cases where dental treatment was necessary, the parents were so advised in writing, and on the parents request the dental work will be done by this office.

In Memoriam

At a regular meeting of the Board of Health for the Town of Norwood the following resolution was adopted:

WHEREAS the Divine Creator in his Infinite Goodness and Mercy has designed to call to his Eternal reward

JAMES F. FOLEY

Who served as a member of the Board of Health, for twenty-eight years, performing his duties efficiently and always in the best interest of the Town of Norwood.

BE IT RESOLVED THEREFORE: That we, the members of the Board of Health, in behalf of the people of the Town of Norwood, inscribe on the permanent records of this Board our Appreciation and Gratitude for his sound Judgement in conducting the business of the Town of Norwood.

NORWOOD BOARD OF HEALTH

Roy T. Lydon, M.D.

John P. Dixon

This office is most thankful to the school nurses, teachers and administrative staffs, whose cooperation make this type of program a success.

As a result of the successful research, in prevention of dental decay, conducted at the Norwood Schools by the Forsyth research group, were encouraging, permission was granted for the continuance of this valuable study.

Report of Forsyth Dental Center Fluoride Rinse Program

This program was initiated in September of 1966, at which time 545 third, fourth, fifth and sixth grade children began daily one-minute mouth-rinses in the classroom under the teacher's supervision. Children are randomly divided into three groups: one group receives a neutral fluoride rinse, a second group receives an acidulated phosphate-fluoride rinse, and the third group receives a placebo. At twelve-month intervals, the children receive a dental prophylaxis plus a clinical and radiographic examination. All procedures are carried out with the knowledge and permission of the parents.

Results at the end of one year indicate that those children receiving the fluoride rinses experienced a reduction in new DMF (decayed, missing, and filled) teeth of approximately 30-35%. Twenty-four month results will be available in about two months.

The program will be terminated in the fall of 1969, at which time the final prophylaxes and examinations will be performed.

PUBLIC HEALTH NURSE

Our staff of three Registered Nurses administered care and treatment to 3642 patients in the home, according to orders of the attending Physician.

This home care service of the V.N.A. includes rendering general nursing care to the acutely and chronically ill patients, promoting community health by teaching basic hygiene, administering medications by injections and teaching patients self care as in the use of insulin for diabetics.

We joined the Norwood Hospital Physio Therapy service in 1967 and have continued as a member thru 1968. This has been a great help to these patients that require this service.

The Board of Health Chest Clinic is held in the Municipal Building the third Wednesday of each month from 1:30 P.M. to 3:30 P.M. and 6:00 P.M. to 8:00 P.M.

Office hours for ambulatory patients are from 1:00 P.M. to 3:00 P.M. in the Municipal Building Monday thru Friday.

Hypodermic injections and minor dressing are done here. A total of 405 patients were seen and treated.

All services are available to anyone in Norwood who needs care in the home. Referrals are made through the family Physician. A small fee is

charged, some visits to eligible recipients are paid for by agencies such as Blue Cross, Medicare, Veterans Administration and the Cancer Society.

MILK INSPECTOR

Licenses for the manufacture of ice cream mix and frozen desserts were issued.

Licenses for the sale of milk and cream were issued to stores, milk dealers and restaurants.

Dealers in oleomargarine were registered.

One new brand of milk was introduced in Norwood in 1968.

One machine for the manufacture of ice milk (soft ice cream) was installed in Norwood in 1968.

Samples of milk and cream were collected and tested in the Board of Health laboratory. The results of the testing are shown in the following table.

	Milk	Light Cream	Heavy Cream
Average butterfat content	3.70%	17.05%	37.12%
Average Total solids content	12.53%		
Average plate count (bacteria per cc.)	1,184	978	1,863

No complaints, relative to the quality of milk and other dairy products sold in Norwood, were received in 1968.

PLUMBING AND GAS INSPECTOR

The following are figures representing inspections according to category and month of the year.

	Gas	Plumbing
January	51	18
February	44	17
March	36	20
April	61	30
May	57	10
June	47	21
July	48	20
August	45	26
September	62	29
October	77	21
November	79	24
December	91	18
Total Permits		952

Mr. Henry T. McAuliffe was appointed Assistant Plumbing Inspector.

REPORT OF THE BOARD OF HEALTH

Roy T. Lydon, M.D. was elected Chairman of the Board of Health on January 12, 1968. Mr. John P. Dixon served his second year of a three year term.

Mr. James F. Foley who was serving his final year of a three year term died on October 24, 1968, after a brief illness. Mr. Foley was a member of the Board of Health for twenty eight years.

The members of the Board of Health extended its sympathy to his family and also expressed the gratitude of the Community for his long years of distinctive service to the Town of Norwood.

The Board of Health sponsored the Boston Guild for the Hard of Hearing Mobile Unit in Norwood during the month of May. More than three hundred people received hearing tests in the unit.

The Board of Health conducted a Public Hearing in the Municipal Building on May 8, 1968 to hear all persons interested in the further expansion of Highland Cemetery. The area considered for expansion is known as the "Veterans Road Area" and was acquired by the Town of Norwood on July 19, 1940.

The Board voted to approve the area described in the legal advertisement as a suitable place for burial purposes.

The Board of Health certified the Oak Grove Manor Convalescent Home, Victoria Rest Haven, Denny Nursing Home, Norwood Nursing Home and Maple Grove Nursing Home as being suitable institutions that are capable of providing safe, modern and approved care of patients.

The Board approved three plans and disapproved two preliminary Subdivision plans in 1968.

The Board of Health objected to the application of the Neponset Reservoir Corporation for a permit to cross Short Street and for a license to erect a dam on Hawes Brook for the purpose of pumping clean water from Hawes Brook to a point upstream on the Neponset River over the Walpole line.

The clean water from Hawes Brook would be used by the members of the Neponset Reservoir Corporation for industrial purposes instead of the water from the Neponset River which is being polluted by the industrial firms along the Neponset River upstream from Norwood.

The Board of Health voted to continue the fluoride treatment study being conducted by the Forsyth Dental Center for one more year. The study is now in its third year in two Norwood schools.

The Board of Health immunized children in the 7th, 8th and 9th grades against Mumps in 1969.

The Board of Health Tuberculin Tine Tested 742 students in the 1st and 9th grades in May 1968 during the 1967-1968 school year, and 1275 students and school personnel in November 1968 during the 1968-1969 school year.

The purpose of the Tine Test is to find people who have been infected by tuberculosis and to give advice when necessary on how best to combat this infection. The Tuberculin Tine Test is a very safe, simple test. Infected persons show a red spot on the arm. Persons showing evidence of infection are X-Rayed to find out if the infection has done damage to the lungs.

Tuberculosis of the lungs can be present in persons who appear to be both strong and healthy.

The Board of Health issued employment certificates to 210 school employees who received Negative Tuberculin Tests or satisfactory chest X-Rays during the Tuberculin Testing Program conducted in the Norwood schools.

The Board of Health negotiated a satisfactory conclusion to a drainage problem that has been a source of annoyance to the abutters living in the Arnold, Audubon Road area, the Board of Selectmen and the Planning Board, for several years. The builder Chesley Kerr arrived at an agreement with the Board of Health, whereby Mr. Kerr was to install a storm drain on the property of the abutters to alleviate the drainage problem, however the conditions of the agreement were negated by the sudden death of Mr. Kerr.

Negotiations were reopened by the Board of Health with the family of Mr. Kerr and it was the family's decision to carry out the wishes of Mr. Kerr and install the storm drain as planned. The work was completed by a contractor in the month of November and satisfactory results were noticed at once.

The Board of Health recommended a sewer extension from Longwood Drive to Neponset Street which is approximately 1200 feet. The sewer main will serve a new subdivision at the junction of Dean and Neponset Streets. The sewer will also serve several existing buildings and undeveloped building lots in the area.

The Norfolk County Mosquito Control Commission reported the following work in the Town of Norwood during 1968.

Aerial larvicide	300 Acres
Misting from trucks	2300 Acres
Winter pre-hatch dusting	17 Acres
Drainage ditches cleaned	415 Feet
Culverts cleaned	10 Culverts
Catch basins treated	1756 Catch basins
Fog applications	2475 Acres

REPORT OF NORWOOD HOUSING AUTHORITY

Mr. Walter A. Blasenak, General Manager
 Town of Norwood
 Municipal Building
 Norwood, Mass.

The Norwood Housing Authority, a public corporation, was organized in 1948, as authorized by Chapter 121 of the General Laws of Massachusetts.

ANNUAL MEETING — the first Friday after the Annual Town Election
 REGULAR MEETINGS — the first and third Wednesdays of the month at 7:30 P.M.

CENTRAL OFFICE — 86 Nahatan Street, Norwood, Mass.

BRANCH OFFICE — 14 Adams Street, Norwood, Mass.

Members

Name	Title	Term Expires
John L. Griffin	Chairman	January 1969
Roger J. Connolly	Vice Chairman	January 1971
Francis E. Donlan	Treasurer	January 1970
August Petrovek, Jr.	Asst. Treasurer and State Appointee	July 2, 1971
Joseph Long	Commissioner	January 1973

PERSONNEL

Lawrence J. O'Brien, Executive Director	Sullivan & Harris, Accountants
John Foley, Maintenance	Dennis P. O'Leary, Attorney
Martin J. Foley, Maintenance	Thomas J. Foley, Insurance

The Norwood Housing Authority is composed of 4 elected officials and one State appointed member. One member is elected or appointed each year for a term of 5 years. Its primary function is to administer State-aided Public Housing Developments in the Town of Norwood, and to recommend construction of new developments, when and if needed.

The Authority currently administers a 75 unit State-aided Veterans Project completed in 1950, a 50 unit State-aided Elderly Project completed in 1961, a 36 unit State-aided Elderly Project completed in 1965, and a 72 unit State-aided Elderly Project completed in December of 1968. These projects are financed by public bond issues. The Commonwealth guarantees payment of these bonds over a 40 year period and pays an annual subsidy to the projects ranging from 2½% to 4% of the Development Cost. If income from these projects results in a surplus, the subsidy is reduced accordingly. This year subsidies were reduced \$8,000.00. Since the Commonwealth pays subsidies and guarantees payments on the bonds, all major decisions and expenditures must receive prior approval of the State's Division of Housing, Department of Community Affairs. The primary purpose of Public Housing Legislation is to provide adequate housing for persons of low and moderate income at rents they can afford.

Washington Heights, the State-aided Veteran's project 200-1, is located at Roosevelt Avenue - Jefferson Drive. It is composed of 33 five room single houses and 42 four room apartments. The average monthly rental is \$54.00 per month. Tenants pay for their own utilities. To qualify for admittance, applicants must meet the following requirements: 1. they must be veterans of the Armed Services of the U. S. 2. they must meet the income admission requirements. 3. they must be in need of housing. 4. they must have dependents. (minor children, parents, or disabled relatives). Rents are based on a percentage of annual net income received as follows: 18% of income for a person with one child, 16% with 2 children, 14% with 3 or more children with a \$200.00 reduction from annual income for each child over 3 in number. In 18 years of operation, this project has taken in approximately \$750,000.00 from rentals. \$80,000.00 is on deposit in Norwood Banks. The project has always been 100% occupied, and there are 50 applications for admittance on file.

Willow-wood Terrace, Comprising Sections 1 and 2 of the State-aided Elderly Projects 667-C is located at Railroad Avenue, Hill St. and Adams St. There are 86 three room apartments housed in 10 two-story brick-veneer buildings with a Community Building consisting of recreation hall, laundry, kitchen, and the Authority Office. Currently, there are 72 single persons and 14 couples occupying these apartments. Average monthly rent is \$58.00, which amount includes all utilities. Eleven new tenants moved in during the past year. In order to qualify for admittance, applicants must meet the following requirements: They must be of low-income, in need of housing, 65 years of age or over, citizens, residents of Massachusetts for at least 3 years, and physically able to care for the apartments. This project is 100% occupied. In 7 years of operation, the project has received about \$350,000.00 in rentals. \$60,000.00 is on deposit in Norwood Banks.

Nahatan Village, the 3rd State-aided Housing for the Elderly Project is located on Nahatan Street near Winfield and East Rock Streets. There are 72 three-room apartments housed in 4 two-story, brick-veneer buildings with a community building consisting of recreation hall, laundry, kitchen, and the Authority Office. There are 60 single persons and 12 couples occupying these units. First floor apartments each have a patio with 480 sq. ft. of floor space. These are reserved primarily for couples or older persons with minor physical infirmities. Second floor apartments are smaller comprising 450 sq. ft. of floor space with balconies. Each apartment has an electric range and refrigerator, garbage dispenser, range hood, alarm system for emergency, safety bars in bathrooms, and thermopane windows. The first group of 32 tenants occupied on Dec. 5, 1968; the second group on Dec. 21, 1968. The Community Building will be completed on Jan. 24, 1969. Planting and landscaping will be finished in the spring. Aluminum combination doors will be installed on patio and balcony doors, when the Authority receive approval. Land area in this 3rd Development comprises 4½ acres, and to date has cost the Authority \$33,000.00. The Total Development Cost will be approximately \$1,145,000.00 when finished. The average monthly rent is about \$65.00; the minimum rent \$60.00. Rents are based on the Development Cost and computed according to the tenants income.

During the month of August, the members of the Authority interviewed some 200 applicants for Elderly Housing, and on the basis of information received, selected 72 tenants for this 3rd elderly project. In making these selections, the Authority gives first preference to long-time residents of the Town of Norwood, providing they meet the necessary eligibility requirements. As of December 31, 1968, there were 110 applications for Elderly Housing on file. The Authority will consider applying for some 50 to 75 more units providing there are funds available and the Town approves.

At this time, we would like to express our thanks to Town Officials and Department Heads for their cooperation and assistance.

In Memoriam

EDNA PHILLIPS

January 13, 1890 — November 2, 1968

Librarian, Librarian Emeritus

Morrill Memorial Library

1939 — 1962

A woman for all ages has passed from our midst. For twenty-three years Norwood was fortunate to have a lady of Edna Phillip's great talent as the Librarian of the Morrill Memorial Library. We have lost a distinguished and gracious associate, exceptionally capable in her chosen field of library science. She enriched the lives of all who came in contact with her, in the town as well as at the library. Few people have been blessed with her great zest for life, her unselfishness and her kindness. It is to be regretted that she leaves this world at a time of great change, for her concernment with politics, education and peace made her a person of myriad interests. A woman of strong convictions and high ideals and a practicing Quaker, she worked toward excellence in all things.

Under her administrative guidance the library expanded its services to cover many facets of library science. An atmosphere which was conducive to learning, the enjoyment of good and great books, the high minded sense of duty to the profession and to the public was the hallmark of her administration.

Norwood is a better community today because of her contribution to its cultural growth. We are all richer today because she chose to live and work among us.

REPORT OF THE MORRILL MEMORIAL LIBRARY

1968 and PLANNING AHEAD

Staff

Norwood is fortunate in having a fine library staff, capable of carrying on with fine spirit and dependability, in the face of unprecedented staff shortage, shouldering many of the responsibilities of four resigned staff members, in addition to their own duties. Norwood is fortunate, too, in having secured the services of two recent library school graduates: in mid-July, Miss Bettina Ann Bias, of Huntington, West Virginia (who became Mrs. Allen Blood in the Autumn); and in September, Miss Marie C. McBride, of Memphis, Tennessee. Both are graduates of George Peabody Library School in Nashville, Tennessee. The new director took over her duties on July 29th, 1968, returning to Norwood after some twenty years in library service in Jamestown, N. Y., Plymouth, Mass., and with the Carnegie Library of Pittsburgh, in Pittsburgh, Pa.

It is hoped that in common with other forward-looking communities, Norwood will make provisions for a larger staff including once again an Assistant Director, who, in the director's absence would serve as deputy director, and assure a continuous or transitional smooth-running administration.

There are between ten and fifteen positions clamoring for each student graduating today from library schools. Greater flexibility in our Personnel Budget must be striven for, to enable the library to compete salary-wise for the services of talented, productive people who will make their impact felt in the community and education-related services.

Books

A well-balanced collection of books reflecting community reading interests and needs and the whole spectrum of current and historical world thought and literature, represents much background work.

A thorough inventory of the REFERENCE collection was made in July and early August. Dozens of volumes were missing from the shelves. These represent a large outlay of public funds, and in the case of single volumes missing from encyclopedia sets, are not replaceable. In future construction, greater attention should be paid to security and supervision needs. To attempt in any one year to replace the missing volumes would seriously deplete and cripple our purchases of currently-published books, for which the current year's budget for books is intended primarily.

The book resources of the Morrill Memorial Library were supplemented when needed, by Inter-Library Loans from Thomas Crane Library in Quincy, Boston Public Library and Eastern Region Public Library System and occasionally from neighbor libraries, whose cooperation is greatly appreciated. We, in turn, reciprocate when possible.

Large-Print Books

About sixty sight-saving books in the form of new titles of Large-Print Books, and a special book truck for their shelving, were purchased in September. They are proving to be popular with many readers, especially those who must spare their eyes. Those who take books to friends and relatives in nursing homes have expressed appreciation for these books.

Rearrangements

The clamor for new light fiction in small public libraries is taken into account, but not to the exclusion of other, more-enduring needs. New Fiction was given the shelving location of prominence near the Charging Desk. New Non-Fiction, on the other hand, was intershelved among the older Non-Fiction before the public had a chance to examine it.

The new location for Non-Fiction near the desk, makes the subject books easily accessible to readers who no longer need to search the catalog or stacks for recent titles.

New Fiction is now shelved on the second level, directly in front of the regular fiction stacks, where those who prefer fiction may make their selection from the old or the new in close proximity.

It will be the policy when our electric charging machine is repaired, to reduce the loan period for new Fiction to two weeks. This will enable more people to enjoy the new titles WHILE THE ARE STILL NEW.

Reading Treads

Today's reading, even in its fiction, reflects the current world scene: books on specific social problems, Vietnam, the Apollo Project, government and politics were in demand in the turbulent year of 1968 with its riots, strikes, assassinations, moon project and national elections. Books by and about writers of prophecy were popular. And the perennial requests for books on how to prepare a job-resume, anecdotes for a speech; military uniforms of the Civil War period; literary criticism of Ernest Hemingway; names of new cabinet members; interior decorating, debate topics — to name but a few, continue — along with the new and challenging inquiries about new and remarkable heart-transplants, lasers, quasars, drugs and their effects.

Sunday Opening:

To add more hours of library opening without increasing the staff to service those hours adequately, is to add burdens and invite problems.

Morrill Memorial Library is a public library with a community-oriented book collection. It does not pretend to have a textbook type of collection, which is the province of the school and college university library to provide.

Sunday service here was set up initially as an experiment, and on a voluntary work basis, rather than a compulsory one, in October of 1966. Some members of the staff chose not to work on Sundays, necessitating frequent Sunday schedules for the few who did volunteer.

When members of the Staff Association recently presented to the Trustees their decision not to continue to volunteer for Sunday work they were within their rights. Their carefully considered judgment deserves to be honored and respected. Thwarting a hard-working staff on a justifiable issue injures its morale and reduces productivity.

Sunday opening is a burden for the small library, dissipating our limited staff energies over too wide a time span. It is justifiable only where there is sufficient staff to meet the large student need for serious study not fully met by the academic libraries, and of course sufficient budget to finance the overtime Sunday expense of desk staff, reference staff and security coverage.

Since the Board of Trustees is certain that this service is valuable, it is apparent that additional staff will be required in order to continue Sunday service and to meet other increased personnel needs in 1969.

In addition the cooperation of the school libraries might be enlisted to extend their after-class service to students.

State Aid

State Aid to public libraries was initiated to supplement community library appropriations, not to reduce them. The sum of \$6,244 (25¢ per capita as of the 1960 census) which Morrill Memorial Library receives is applied by the Town of Norwood towards the town's appropriation for the library. It would be more equitable if the Board of Trustees in cooperation with the

Town Treasurer and Finance Commission could supply the budget request annually and then assign the library, as State Aid is intended to do, the grant of state funds for increasing our staff, or for the capital expense of a Bookmobile to serve sections of town farthest removed from main library, or to finance an attractive small branch in South Norwood. Attleboro, Mass. acquired its Bookmobile in this manner.

These are needs to which the town can no longer close its eyes — state funds can make possible the fulfillment of these needs realistically if we but recognize the opportunity and grasp it.

Building - Inscription

The committee to select authors' names to be inscribed on the new building met to submit its selection to the Board and Director in September. Mr. Andrew Monahan chairman of the Blue Ribbon committee, submitted his final report, a list of thirty-two names, for the eight rectangular blocks. The work will be done in the spring of 1969, to conform to the style on the old building.

Fire Damage

Repairs to the stacks for fire damage in January 1968 have just been completed in December, and include a cheerful painting job in the Biography Stacks.

Displays

A built-in wall display case or museum-type exhibit is an integral part of the design of most new libraries. Lacking such facilities here for book displays and related art objects, we have set up a few displays by utilizing the cork bulletin board under the stairs which lead to the second level, and arranged books on the table in front of it. This is not artistic nor should it be considered sufficient for "merchandising" our wares and for seasonal exhibits. Mrs. Margaret Bartsch has very capably taken charge of displays on a number of topics, with timely, appropriate books.

The Arts and the Library

Serious music-lovers brought to our attention the fact that many fine albums, added early in 1968, were scratched. It became necessary to limit the circulation of most records to adults only. Children may still borrow, but from the Junior Record Collection only.

Our library is a contributing member of the Massachusetts Public Library Film Cooperative, from which it secures films for use by families groups and clubs, for programs. Here again, 234 films circulated and our projector was borrowed 54 times, slightly less than in 1967 due to the fact that no professional staff was available for several months and this service was one which had to be curtailed, or at least not promoted. Due to the theft of the projector, we have had to limit our once-generous policy to non-school use, in conformity to the Film Code. We are also privileged to be on the circuit of the Canadian Travel Films, which provide rotating collections of handsome, scenic films for programs.

The Art Exhibit of the works of local artists, held in the library in May, proved to be a highlight of the year's "extra-curricular activities." Sponsored by the Norwood Friends of the Library, members of the Canton Art Association and Trustees Abdallah and MacLeod, it was still being discussed enthusiastically in late July.

Circulation of Books for Home Use

Circulation increased slightly in 1968, although a drop is noted in the circulation of books sent to the schools. This is attributable to the installation of libraries in elementary schools, a commendable development locally.

Statistics do not take into account the tremendous increase in the use of books for reference purposes within the library itself. Our seating accommodations are already completely inadequate at peak periods of student use directly after the close of schools. It is hoped that the school libraries will recognize and accept a joint responsibility with the public library to assist Junior and Senior High School students especially, by extending school library hours, to accommodate this need. Actually, students have greater need at times, for the curriculum-based references available in school libraries, which are not the immediate province of the public library to duplicate.

The overflow of students beyond our seating capacity, proves disruptive to the quiet required by serious students and adults alike who are here for concentrated study. Further school library cooperation would relieve this.

Since our loan period is slightly over three weeks, the cooperation of all teachers is invited, in advising our Reference Librarian or Children's Librarian at least three weeks in advance of assignments made to classes so that we may hold for reference use here, books on subjects which will be in demand by an entire class or a number of students, at a given time.

Edna Phillips, Librarian Emeritus

Norwood lost one of its First Citizens on November second, in the death of Miss Edna Phillips, its Librarian Emeritus, Miss Phillips had served as Librarian of the Morrill Memorial Library from 1939 to 1962, when she retired and continued to be active in many facets of Norwood's community life. Tribute paid at the time of her passing testifies to the high regard and professional esteem in which she was held here and throughout the state.

It is hoped that further contributions to the Edna Phillips Memorial Fund will make possible an annual or biennial tribute in the form of a cultural program or speaker on library-related topics.

South Norwood Branch Library

The cooperative spirit between patrons and staff at South Norwood Branch continues to make it a personalized service under the direction of Mrs. Harry Fraser.

A variety of programs with attendant good publicity, were presented.

Mrs. Chestna kindly donated an artificial aquarium, two dolls and a tiny doll's room, while Miss Nellie Pazniokas contributed to Christmas decorations for the branch.

A gain in the 1968 circulation indicated South Norwood Branch continues to serve a vital, integral role in the community.

Junior Department

Miss N. Dorothy Shumaker, Children's Librarian, served as Acting Director during the summer of 1968, in addition to handling her regular duties. It was therefore impossible to undertake the usual summer reading club.

Special days were observed with special programs during the year such as: National Library Week and Children's Book Week with its Art Display sponsored by the Norwood Friends of the Library.

Miss Shumaker provided class instruction in the use of the library and its resources to dozens of classes from the public schools and St. Catherine's School.

Use of Library Rooms:

The following community groups held meetings in the library this year: Board meetings of the Norwood Friends of the Library; Norwood Woman's Club Committee; Women's Community Committee; Norwood Camera Club; Shattuck P.T.A. Executive Board; League of Women Voters; Newcomers Club; Cancer Drive Committee; Licensed Practical Nurses; and regular meetings of the Great Books Program, under the able leadership of Mr. Peter Heinemann.

Club and Group Services

Local organizations and groups were invited to submit two copies of their yearbooks and programs to Miss Marie C. McBride, Reference Librarian, for reference use at the library. It is hoped that the response will be greater in 1969, to equip us to provide ready answers to inquiries about current officers and local activities, and enable us to set up book displays on program topics, when appropriate.

Students entering, or returning to, colleges were invited in September to come to the library for a briefing by Mrs. Blood and Miss Jordan on essential reference books and their indexes, in preparation for college term papers and research.

The library issued a booklist, with art work by Mrs. Conrad and annotations by Mrs. King and Miss Jordan, to assist readers in selecting books to give for Christmas. The list was entitled: "Books for Your Christmas Gift List: a Few Suggestions."

Wilder Professional Horizons

Attendance at meetings of state, regional and national professional associations, exposes the staff to policies, practices, trends, personalities which become valuable touchstones against which to pace our own progress. In 1968 members of the staff attended one or more meetings of the following: New England Book Festival; Old Colony Library Club; Massachusetts Library Association; New England Round Table of Children's Librarians; Greater Boston Library Administrators; Film Previews at Worcester, Mass.

Our Thanks to:

Gift of books were received from Arthur Anderson; American Automobile Association; John Stadalnick; Boston Grand Lodge of Masons; Mrs. Beverly Webber; Mrs. Isobel Snow; Jehovah's Witnesses of Norwood. The Norwood Cooperative Bank continued to supply us with colorful bookmarks; The Norwood Tennis Club donated books on tennis and a subscription to "World Tennis Magazine"; Mr. Stanley Steinbauer presented a plant, and Wholesale Distributors presented a dozen poinsettia plants at the holidays. Mr. Carl Smith made us a gift of **Yankee Magazine** containing an article on railroads, of local interest. The Camp Fire Town Committee provided books and pamphlets on their organization; Mr. John Stadalnick brought a generous collection of folk music albums. For all these generous gestures we are grateful. If any who made gifts to the library have not been mentioned, the oversight is not intentional. I find no record of gifts made before my arrival.

To Mrs. Doris MacCallum, a special thank-you for her much appreciated expert secretarial assistance at a time when it was needed.

To the Women's Community Committee, an extra-special thank-you for its continuing concern and practical thoughtfulness, which resulted in appreciated improvements in the decor of the Historical Room. The "new look" is pleasant and cheerful, and the consideration of this group for every forward-looking project in the community is commendable.

PLANNING NOW FOR TOMORROW'S NEEDS

Increased Appropriations Must Be Assured before any of the Library's most pressing needs can be met:

A. **Larger Staff**, to keep up with the increasing use of the library, the expanding stack space, and to service new equipment not yet in use, such as the micro-reader-printer, to provide reference service and supervision on the upper levels of this multi-level building; to select and process films and records and provide Audio-Visual programs; to render readers' advisory and Special Adult group services, to prepare booklists and regularly-scheduled group instruction in the use of the library and its reference tools.

B. **An Interior Vestibule** at the most-used entrance, to shield staff members and public seated in the unprotected Reference Room from the blasts of penetrating winter air every time the door to the Parking Lot is opened.

C. **More High School and College Pages**, for handling the processing of our growing collection; for Desk Service after school hours.

D. **New Electric Charging System**, with a "reserve" machine to be used in the Junior Department if sufficient staff is available, and to be used as a reserve machine when the one at main desk breaks down.

E. **New Film Projector**. To date, the projector and film stolen last October, have not been replaced, handicapping all groups dependent on our projector for their film-showings.

F. Bookmobile or New South Norwood Branch Library, to replace the present South Norwood Branch which has outgrown its cramped quarters. A Bookmobile would serve other areas as well, such as the Westover, Neponset Street and Windsor Gardens sections of town, whose residents and children do not have easy access to main library. As indicated elsewhere in this report we hope that State Aid may be applied directly to this needed service.

The LONG-RANGE Goal of an aware public library is to provide service to every potential reader in the community. This requires active and increasing community support; the assurance that an adequate budget is supplied as needs advance and costs rise. These are only the BASICS, and must logically lead to expansion through neighborhood branches or Bookmobile routes to the outer fringes of Norwood — or to contracting for regional services.

THIS COSTS MONEY, but it will PAY DIVIDENDS in education, information, recreation and inspiration to children, parents, youth, working people, retirees, and industry alike — enduring satisfactions — or DIVIDENDS, if you will — for your tax-dollars!

Respectfully submitted,

BARBARA A. JORDAN, Director

TRUSTEES' REPORT OF CHANGES

Unfortunately the past year was one of some turbulence at the Library which culminated in the resignations of Trustees David Curley and Theodore Crawford, Director Charles Joyce and a few professional staff members.

Although the incidents at the library were widely publicized, the involvement of personalities and other factors clouded the issues. The majority of the Board held that the basic issue was the role of the Library Board to determine policy and its refusal to abdicate the responsibility the board owes to the community, to any individual, or association.

The Board is aware of the tremendous burden the past strife at the library placed on the staff and is grateful for the loyalty and dedication demonstrated by the staff.

This included \$343 in non-resident fees.

The Town Received \$6224.50 in State Aid for the Morrill Memorial Library
(25¢ per capita, as of the 1960 Census)

REPORT OF THE PERMANENT BUILDING CONSTRUCTION COMMITTEE

Mr. Walter A. Blansenak
Town of Norwood, Municipal Building
Norwood, Massachusetts

The Permanent Building Construction Committee herewith submits its third annual report to the Town of Norwood in accordance with Article 40 of the Adjourned Special Town Meeting of January 3, 1966.

The following personnel changes took place during the year.

On February 19, Mr. J. P. Mogan resigned from the Committee. On April 1, Mr. James E. Kerr was appointed to the Committee as a replacement for Mr. Mogan. His term will expire on May 1, 1970.

On June 28, Walter J. Dempsey resigned from the Committee for health reasons. On September 17, Mr. Richard W. Kief was appointed as a replacement for Mr. Dempsey. His term will expire on May 1, 1971.

On November 18, Mr. James E. Kerr resigned from the Committee.

During the months of January and February, the Committee made awards on equipment bids for both the Willett and Junior High Schools.

In February the amount of \$118,201.82 was received from the Servicemen's Fund to be used toward the construction of the World War II Memorial Center.

During the month of February, informal discussion began on the proposed addition to the Senior High School.

On March 28, a special Town Meeting was held and under Article 2 the sum of \$25,000 was appropriated for preliminary plans, specifications, and estimates for the making of alterations and the construction and equipping of additions to the Senior High School including authority to obtain all necessary engineering, test boring, land acquisition costs and estimates necessary to carry out said purposes.

During March, heavy rains were encountered and some flooding took place at the World War II Memorial Center construction site.

In April, William Mansell was appointed part time Clerk of the Works at the World War II Memorial Center.

During April, a problem with the fill at the Junior High School project was brought to the attention of the Committee. In order to rectify this problem, a proceed order was signed authorizing the general contractor to obtain approximately 7,000 cubic yards of gravel fill.

The Committee continued discussion on the Senior High School project and the associated land problem.

On April 4, John J. Egan was elected Chairman of the Committee replacing Justin C. Barton. On April 18, Justin C. Barton was elected Vice Chairman of the Committee and James E. Kerr was appointed Sub-Chairman of the Junior High School.

During May, the Committee started interviewing architectural firms for the Senior High School project.

The installation of a guard rail around the road bridge at the Willett School was authorized during May.

It was brought to the attention of the Committee that some disagreement existed between Francis Associates and the Wire Inspector over the electrical installation at the Willett School.

The general contractor at the World War II Memorial Center, Mr. A. T. Scanzillo, requested an extension of three weeks because of a delay in receipt of wooden arches. The delay was caused by a strike at the supplier's plant.

On June 27, Korslund, LeNormand & Quann, Inc. was selected as the architect for the Senior High School addition.

On July 25, a change order for the amount of \$8,970.03 was signed authorizing additional electrical work at the Willett School due to the request of the Wire Inspector.

On July 25, a change order for the amount of \$14,595.50 was signed authorizing payment for the additional fill requested at the Junior High School.

During August, the Committee visited the Willett School and inspected the land in the vicinity of the High School.

On August 22, the Substantial Completion Form for the Willett School was signed by the Chairman of the Committee.

The services of Mr. William Mansell, Clerk of the Works at the Willett School and World War II Memorial Center were terminated on September 13.

The Willett School opened in September.

During September, discussions took place with the Wire Inspector in regard to electrical problems at the Junior High School. The Committee approved the additional work requested by the Wire Inspector.

On October 3, a change order for the amount of \$16,559.40 was signed authorizing the installation of additional electrical equipment at the Junior High School as requested by the Wire Inspector.

During October, the Committee discussed delays at the World War II Memorial Center with the General Contractor, Mr. A. T. Scanzillo.

During this month, the Committee authorized the expenditure of approximately \$4,000 for the purchase of text books at the Willett School. On November 7, the Committee discussed the installation of a temporary electrical service in order to provide heat during the winter months at the Junior High School.

During November, contracts were approved for various equipment for the World War II Memorial Center.

On December 5, a change order for the amount of \$2,145 was signed by the Committee authorizing a temporary electrical service at the Junior High School.

The Committee attempted to expedite the roof installation at the Junior High School which had been delayed due to a steel strike earlier in the year.

The dedication ceremonies at the Willett School were planned for January 26, 1969.

At a special Town Meeting on December 9, under Article 1 the sum of \$10,000 was appropriated for preliminary plans, specifications, and engineering data for an addition to both the Winslow and Shattuck Schools.

On December 19, the Substantial Completion Form for the World War II Memorial Center was signed by the Chairman.

The Committee discussed objections raised by the Wire Inspector in regard to the transformer vault installation at the Junior High School.

A financial statement on all projects is included with this report.

The Permanent Building Construction Committee would like to thank all Town Boards and Departments for their assistance and cooperation. In particular we would like to thank the General Manager's Office, the Board of Selectmen, the School Committee and School Department, Town Clerk and Accountant Bartley W. Connolly and his department, Town Treasurer Raymond T. Halloran and his department, Town Counsel Walter J. Gotovich, Town Engineer Robert A. Hamilton and his department, and the Finance Commission. The Committee would also like to thank Dr. Philip O. Coakley, Superintendent of Schools; Richard E. Ready, Superintendent of Recreation; all of whom serve on this Committee and who have given their time and assistance for their respective projects.

REPORT OF THE PLANNING BOARD

The Norwood Planning Board submits the following report on its activities for the year 1968:

The Planning Board organized on January 22, 1968, by electing Mr. Francis Wisgirda, Chairman; Mr. James T. O'Sullivan, Vice-Chairman; and Mr. Thomas A. Riolo, Clerk. The other members of the Board are Mr. E. William Bamber and Mr. Richard H. Mahoney.

The Planning Board held thirty meetings in the Municipal Building during the year 1968; at which time the Board reviewed several proposed subdivision plans of land; acted upon requests for determination of divisions of land not requiring approval under the Subdivision Control Law; held hearings on rezoning of land or for amendment to the Zoning By-Law, on petition of land owners or other Boards, or on the Planning Board's own initiative; released Bonds on subdivisions of land considered completed and investigated complaints on alleged violations of the Zoning By-Law.

With the advent of Polaroid and the opening up of the lands in the Neponset Valley, and the possible development of lands on the easterly side of Route 1 at Everett Street into an Industrial Park; the Planning Board felt that a study plan should be made of the area to find ways of handling the anticipated increase of traffic at the intersection. With this in mind, the Board requested and received at Town Meeting, an appropriation of \$8,000 for a study of the entire area surrounding this intersection. The Engineering Consulting firm was to be jointly selected by the Selectmen

and the Planning Board. When the Planning Board requested that Fay, Spofford & Thorndike do the planning, the Selectmen voted not to release the contract and not to make any study. Therefore no study has been made.

The Planning Board had also considered and had discussed with the Supervisor of the Bureau of Planning Assistance, of the Commonwealth of Massachusetts, the possibility of acquiring Federal and State funds to enable the Board to conduct a comprehensive survey of the Town, and prepare a Master Plan. Norwood was to appropriate the sum of approximately \$20,000; and there would subsequently be a reimbursement of two-thirds of this sum by Federal and State Governments, if approved, thus making Norwood's share \$7,000. An Article was inserted in the Town Meeting Warrant of June 26, 1968; and the Planning Board, upon disapproval of the Selectmen and the Finance Commission, voted to recommend indefinite postponement to Town Meeting.

The Planning Board, in discussion of the Subdivision Control Law, with Representative David C. Ahearn and Senator John Quinlan, initiated action to modify Chapter 41, Section 81L of the General Laws, to more clearly define a Public Way; and to amend Chapter 40A, Section 7A whereby any change or modification in a plan would cause it to come under existing Zoning By-Laws. There are now two bills in the Legislature — Bill H4329 and Bill S1155, respectively — assigned to the Urban Affairs Committee and waiting action.

The following plans submitted to the Planning Board were voted as not requiring approval under the Subdivision Control Law:

Submitted by:	Location of Property:
Mrs. Rose Foley	Shattuck Park Road
Forte-Fairbairn	Nichols Street
Dr. William Lovell	Nahatan Street
Cabot, Cabot & Forbes	Canton Street
Rufus Purdy	Sumner Street
Home Building Co., Inc.	Walpole Street
International Food Service Corp. (Alkeith)	Walpole Street
Henry S. Breen	Phillips Avenue
Frank Carducci	Route 1
Eaton Village Development Corp.	Neponset Street
Star Market Realty	University Avenue
Norwood Metropolitan Airport	Access Road
Little League, Inc.	Washington Street
Eastern Industrial Handling Co., Inc.	Industrial Street
George Clark	Nahatan Street
Robert Rizzo	Coach Lane

Approval granted on subdivision definitive plan:

Peter Boghossian	Sunnyside Road
------------------	----------------

The Planning Board would like to express its appreciation to Mrs. Mary C. Baum, its Secretary, and to Town Engineer Robert A. Hamilton for his invaluable assistance and preparation of reports.

Respectfully submitted,

FRANCIS WISGIRDA, Chairman
JAMES T. O'SULLIVAN, Vice-Chairman
E. WILLIAM BAMBER
RICHARD H. MAHONEY
THOMAS A. RIOLO, Clerk

REPORT OF NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Citizens of Norwood:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Norwood for the year ending December 31, 1968.

Aerial larvicide	475 acres
Misting, from trucks	2002 acres
Backpack spraying	10 acres
Winter pre-hatch dusting	80 acres
Drainage ditches cleaned	4245 feet
Brush cut along ditches	1295 feet
Catch basins treated	1516 basins
Fog application, by truck	2480 acres
New ditch construction	150 feet
Residential aerial adulticide	2336 acres

Respectfully submitted,

ALBERT W. HEUSER
Superintendent

REPORT OF PUBLIC WORKS DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Superintendent of the Public Works Department for the year 1968.

HIGHWAY DIVISION

Street Maintenance

A program of maintenance for town ways, street signs, guard rails, culverts, bridges, brooks, curbing and sidewalks was carried out through the year.

Liquid road asphalt in the amount of forty thousand gallons was applied to streets that needed re-surfacing. Gravel stone was spread on the asphalt and rolled in by a ten ton roller.

Repaving

Pleasant Street Chapter 90 Maintenance Program — Hillside Avenue to East Cross Street.

Myrtle Street — from Fulton Street a linear distance of 1600 feet.

Dean Street — from the New Haven Railroad Bridge to Pond Street.

Specifications for the repaving contracts were written by the Department.

Street Signs

The Department made many street signs on the recently purchased sign machine. These are the white letters on green background signs which have replaced older or missing signs.

Cable Guard Rail

New rail was erected along the wall on old Washington Street from the railroad property to a point opposite to 1027 Washington Street.

Pleasant Street Bridge

During the March floods, the stone bridge across the Neponset River at Pleasant Street collapsed and was closed to through traffic for many months.

The Commonwealth of Massachusetts Public Works Department loaned a Bailey Bridge to the Town of Norwood and this bridge was trucked from Northampton, Massachusetts to Pleasant Street by men of the Norwood Public Works Department.

The Bailey Bridge was assembled over the old bridge by a National Guard Company from Stoughton, Massachusetts and was open to one way traffic in a southerly direction.

Appropriate regulatory signs were posted.

Drains Maintenance

The heavy storm that started on March 18th brought 5.79 inches of rain and some serious floods. Storm drains in many areas and sanitary sewers, more particularly the Metropolitan District Commission sewers, were overtaxed beyond their earning capacities.

Numerous worn and broken castings were replaced. Several catch basins and drain manholes were rebuilt. A new catch basin was built on the east side of Washington Street at No. 1250.

Sixty-five feet of 15 inch aluminum culvert pipe was laid on Day Street westerly from Washington Street to pick up the drainage from the parking lot of the New Medical Center now on the former site of the Grace Episcopal Church, Washington Street.

Eight inch cast iron pipe replaced four inch clay pipe that ran from a catch basin on the north side of Dean Street near No. 55 to a catch basin on the opposite side of Dean Street.

Sidewalk Maintenance

The granolithic sidewalk at No. 35 Curran Avenue was replaced in kind. Also a portion of the granolithic sidewalk at No. 44 Guild Street.

Maintenance and Control of Traffic

Traffic lines, parking lines, crosswalks and curbing were marked and painted.

New regulatory signs such as "Go Children Slow," "Stop" signs and various types of "Parking Signs" were replaced or repaired.

Parking Lots

The five town parking lots were maintained.

Parking Meters

Collections were made regularly. Meters and posts were repaired or replaced as needed.

SEWER DIVISION

1. Number of dwellings January 1, 1968	6278
A. number of dwellings built in 1968	27

6. Water service leaks repaired	92
7. Water main repaired	12
8. Frozen water services	35
9. Frozen hydrants	3
10. Hydrants broken, repaired or replaced	14
11. Length in feet of each size of main pipes, 4 inches and above, in use December 31, 1968	

In Memoriam

JAMES KAZETTA

James Kazetta began work in the Norwood Public Works Department on March 27, 1935. He worked as a laborer and a brick layer until his retirement November 20, 1967. He died November 12, 1968.

The Town of Norwood is grateful for his long and faithful service, and extends its warmest sympathy to his family.

In Retirement

JOHN E. GAHAGAN

On April 15, John E. Gahagan began work for the Town of Norwood as Time Keeper for the Public Works Department and retired on March 23, 1968 as Assistant Superintendent of Public Works.

In his 43 years of service, John served as Assistant Superintendent to three Administrators and as Acting Superintendent of Public Works for a period of over ten years.

He headed the Department in the absence of the Superintendent and was a loyal and valuable Assistant at all times, contributing in a meaningful way to the Public Works program in the Town of Norwood.

The entire Department extends to John E. Gahagan congratulations and best wishes for good health and happiness in the future years.

Yearly Total Pumped 1,455,156,000

Highest Day — August 24, 1968 6,374,100 Gallons

Highest Week — August 18 - 24, 1968 40,180,700 Gallons

Water supplied to distributing Mains 1,455,156,000

Pumps at the Town Well Supply at Ellis Station and Westwood were regularly operated to be sure all equipment functioned properly.

The Westinghouse Electric Corporation was awarded a contract to disconnect, remove, inspect, service, replace and reconnect all electric motors at Ellis Station, number one and number two deep wells which are in Norwood also the deep well at Westwood.

The Westwood Well was run twenty-four hours a day during the month of March in order to keep down the ground water level in and around Buckmaster Pond.

The Westwood Well was used during July and August to keep the standpipes filled during hot weather. The M.D.C. supply alone is not able to maintain a high level of water in the standpipes during periods of peak

demand because of the small size of old mains between the M.D.C. supply at Route 1 and the standpipes at Bellevue Avenue.

The Westwood Well was used during November at the time the new Polaroid 24 inch main was tied into the 24 inch Route 1 supply.

The Town placed the following water mains during the year.

Town Contract — Town Engineering

Access Road — extension of 1197 feet of 8" — 2 hydrants

Myrtle Street — 425 feet of 8" to tie existing 6" dead end with 10" main in Prospect Street. Relocate one hydrant.

Phillips Avenue — 230 feet of 8" to replace 4" pipe in dead end of Phillips Avenue.

Sunnyside Avenue — extension of 108 feet of 6" to dead end of 6" pipe existing north of Joy Street. One hydrant added.

Town Contract — Private Engineering

Polaroid Job — 3497 feet of 24", 60 feet of 20", 690 feet of 16", 9 hydrants from Route 1 to Route 1A.

Bird Road — 280 feet of 8", one hydrant to tie existing 6" dead end with Washington Street 14" main.

Private Construction — Private Engineering

Coach Lane — 685 feet of 8", 1 hydrant

Longmeadow Road — 669 feet of 8", 1 hydrant

Millpond Road — 980 feet of 8", 1 hydrant

Prescott Road — 400 feet of 8"

Junior High North — 1383 feet of 8", 245 feet of 6", 3 hydrants

The road surfaces were satisfactorily repaved where water mains were extended in the previous year in Nahatan Street, Union Street and Westover Parkway.

The Department carried out the following assignments:

1. New water mains laid by contractors were tied into existing mains in town ways.
2. All new mains and services laid by developers were supervised and inspected. Assisted engineers from the Town, State, Consultants and Insurance Groups in determining the location and depth of pipes below ground. Conducted flow tests upon the request of Insurance Groups.
3. Attended meetings and reviewed plans that had to do with proposed expansion of the water distribution system.
4. Located water curb boxes and main gates, and replaced many broken castings.
5. Received pipe and fittings for work to be let out by the Town under contract, and supervised issuance of these inventories.

6. Adjusted to grade those curb boxes and main gates found to be above or below grade.
7. Hydrants on dead end lines were blown off Spring and Fall where necessary. A minimum of colored water was experienced throughout the year.
8. Hydrants were inspected Spring and Fall. Constant hydrant inspections were carried on during the Winter months.
9. Hydrants damaged by vehicles were promptly repaired or replaced. Hydrants found inoperative due to age were replaced.
10. Domestic meters were read quarterly and factory meters were read monthly.
11. Stopped meters were either repaired or replaced.
12. Check valves where private supplies are cross connected to the Municipal Supply were inspected quarterly.
13. Meters were set on new services and service calls were made promptly when requested.
14. The water properties were regularly patrolled and maintained.
15. Responded to all fire alarms in industrial and mercantiled areas.
16. Continued program of repainting hydrants.
17. Replaced playground bubblers broken by vandals.
18. Laid new 2" service lines to the Cleveland and Oldham Playgrounds.
19. Received pipe and fittings for the 16" Nahatan Street extension from Rock Street to Washington Street. The contract has been awarded and work will start in the Spring.

FORESTRY

Moth Suppression — Dutch Elm Disease Control

1. Elm trees when in leaf were sprayed by a contractor for the control of the Elm Leaf Beetles.
2. A contractor removed many diseased trees and trimmed trees on various streets of the Town. Ivy and roadside weeds were sprayed in July.
3. Much damage was caused to trees due to a violent thunder storm which ripped the area on August 9th.
4. Roadside brush was cut in outlying sections of the town.
5. Forty Norway Maple trees were planted in front of property owner's houses.

RUBBISH COLLECTIONS

The monthly collections have been adhered to. Christmas trees were collected in January. A pick up was provided during the month of May Clean-Up Campaign for household items not normally collected.

Collection was made at Municipal Buildings and at street rubbish cans each week.

MUNICIPAL DUMP

The contract was again awarded to A. Shagoury and Company, Norwood, Massachusetts for continuing the Sanitary Land Fill operation at the Municipal Dump. Mr. Shagoury continues to operate the dump in a most excellent manner.

NEW EQUIPMENT

The Public Works Department wrote the specifications for the following new equipment purchased for the Department.

1. Truck No. 50 class 350 Ford dump truck
2. Number 57, Ford 4 door sedan
3. Two Bombardier Sidewalk tractors each with a V-plow and a straight blade plow
4. Two model H Highway Sander bodies
5. One Kent Paving Breaker

1968 SNOW AND RAIN STATISTICS

Snowfall

The total snowfall for 1968 amounted to 39.1 inches which is about 10 inches below normal. The monthly totals were:

January	23.5
February	3.3
March	7.9
November	0.3
December	4.1

The heaviest storms came during January when 8.3 inches fell on the 7th another 9.6 inches fell on the 25th. The storm on the 7th brought the total cover on the ground to 18 inches and was followed by below zero temperatures on the next five mornings.

RAINFALL

Total precipitation for 1968 amounted to 44.74 inches which is about 1.0 inches below normal. A heavy storm on March 18th brought 5.79 inches of rain and some serious floods. On August 9th a violent thunderstorm nearing tornadic proportions struck the area and caused some flooding and wind damage.

PARKS AND PLAYGROUNDS

All the parks, playgrounds, tennis courts and baseball diamonds were cleaned of debris and rolled in the Spring. Grass was treated with lime and fertilizer and mowed during the grass growing season.

Brush was cut from wooded park and playground areas. Skating rinks were maintained during the ice season. Assistance was given to promote events connected with the Town Fourth of July activities.

All of the portable playground equipment was inspected, repaired, painted and erected at the different playgrounds. Bleachers, backstops and fences were repaired.

Mr. Frank Clem did a most excellent job of conditioning and maintaining the Recreation Center Tennis Courts.

Various baseball diamonds, including four Little League Fields were graded and maintained.

Hawes Brook Pool and buildings and Father McAleer's Pool and buildings were maintained from the opening day in June until Labor Day.

Hawes Brook Pool does not have to be kept filled with water this Winter because the elevation of the water flow line in Hawes Brook is now below the grade at the deepest end of the pool.

Out of season inspections are made twice each week of the properties at Hawes and Father McAleer's.

In July, 1968, play was resumed at the rebuilt Babe Ruth diamond at Wilson Street Playground.

The recommended seasonal maintenance for the new Wilson Street Baseball Field as prescribed by the contractor, K. O. M. Company, and Land Architects, Shurcliff, Merrill and Footit was:

1. cut grass twice a week
2. fertilize five (5) times
3. liming (once in Fall)
4. watering as needed
5. aeration (2 times annually)

The above program was carried out. Materials used at Wilson Street Field totaled \$760. and labor and equipment \$2,900.

Bids were taken on rebuilding Pleasant Street Little League Field. The D. F. Sullivan Company, landscape contractor of Norwood, Massachusetts was the successful bidder.

MISCELLANEOUS WORK

1. Automotive maintenance work for the following departments: Cemetery, Engineering, Light and Public Works.
2. Issued gasoline to the following departments: Cemetery, Engineering, Light, Police, Recreation, School and the Municipal Building.
3. Grounds maintenance to the following departments: Cemetery, Light, Recreation, School and Municipal Building.
4. Maintenance of the Honor Roll.

5. Erection of School Department playground equipment.
6. Handling of voting equipment.
7. Installation of flag holders prior to National Holidays.
8. Christmas Lighting.
9. Furnishing equipment and labor to Cemetery, Civil Defense, Engineering, Municipal Building, Light, Recreation and School Departments.
10. Private requests to destroy hornets and bees.
11. Test holes required by the Town of Norwood Engineering Department, architects and consultants working for the Town of Norwood and the Housing Authority.
12. Conferred with architects, consultants and contractors engaged in both private and town work.
13. Inspected work of contractors and utilities in Town Ways.

I wish to thank the Board of Selectmen, General Manager Walter A. Blasenak, department heads, town officials, the personnel of the Public Works Department, and other departments who have assisted me during the year.

Respectfully submitted,

ALBERT E. CASEY

Superintendent of Public Works

REPORT OF CLERK OF PURCHASES

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

In the year of 1968 this office processed 1650 purchase orders in response to requisitions from all Town departments.

Many of the purchase orders were issued after bids were received by this office and in accordance with specifications and bid forms which were prepared by this office.

Some of the items that were purchased through advertised bids include the following: Automotive equipment, electrical hardware, transformers, wire, etc., also School supplies, maintenance and repairs of buildings, uniform rentals, maintenance and renovation of playgrounds.

Again I would like to thank all departments for their cooperation in submitting their requisitions well in advance of their requirements so that the department was able to obtain good competitive prices.

Very truly yours,

JOHN J. McAULIFFE
Clerk of Purchases

REPORT OF NORWOOD RECREATION ADVISORY COMMITTEE

George Kozak — Chairman

Frances L. Blanchot — Secretary

Thomas R. Bowler

Mildred Lane

Clifford Pearl, Jr.

James B. Cuff

Rev. Raymond Kask

Charles C. Saraca

Esther Deeb

Richard Mahoney

George S. Uservich

The Norwood Recreation Advisory Committee held eleven meetings for the year 1968. Five of these were special meetings held with:

1. Mrs. Richard W. Barton on 7/30/68 to hear her complains against the program at Father MacAleer's playground and pool.
2. Selectmen on 10/8/68 to clarify the By-Laws and duties of the Committee.
3. Norwood Tennis Club on 10/21/68 relative to improving tennis program.
4. Selectmen on 10/29/68 to discuss the omission of a representative of our Committee from the Board of Directors of new Community Center.
5. Town Manager Blasenak on 11/7/68 to discuss further the appointment of a representative of our Committee to the Board of Directors for the new Community Center.

Attendance for the year averaged about 60%.

It is hoped with the opening of the new Community Center we will better be able to serve the youth of Norwood.

The following recommendations are offered for your consideration for 1969:

Wading pools for Hawes Brook and Father MacAleer's

Improvement of Winslow Playground

Better Maintenance of playgrounds

Establishment of a park department (incorporate with maintenance of skating and recreation areas)

Swimming pool on other side of town

Playground area for Sumner and Union Street district

Tennis courts across the highway

Continue resurfacing baseball diamonds and all-round maintenance thru the season of all baseball diamonds

Maintenance of skating area at Father MacAleer's (Norwood Women's Community Committee will provide the maintenance of Hawes Brook and Hartshorne's Swale).

FRANCES L. BLANCHOT, Secretary

REPORT OF RECREATION DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir,

Submission of this report of activities of the Recreation Department is the twentieth by the undersigned and the twenty-fourth since the Department became a full time operation in 1945. As always it is a pleasure to reflect on activities in the Department and to look forward to even more and varied activities in the coming year.

At this writing, the finishing touches are being put on the long awaited addition to the existing Recreation Center, the addition to be known as the World War II Memorial Community Center. Plans are already underway for dedication of the new facility and for launching of a greatly expanded program for young and old alike in Norwood. This should enable us to offer one of the most attractive and interesting programs of recreation in the Commonwealth.

The year 1968 saw participation in Recreation Department programs continue to increase. Fine weather in the outdoor season brought out record numbers while attendance at indoor programs also was extremely high. This continued enthusiastic participation reflects well on the excellent leadership provided in the various programs by our fine staff of full and part time employees. Without their inspiration, programs would fall flat since it is well known that leadership is ninety per cent of the requirement for success in recreation activities.

In our detailed report which follows, we have divided activities into those conducted indoors during the fall, winter, and spring seasons at the Recreation Center and at other indoor locations and into those conducted during the outdoor season at playgrounds and swimming pools.

INDOOR PROGRAMS

Many programs were conducted at the Recreation Center itself, limited though its facilities are. Notable of these programs was the Girls Drama program which resumed in the fall after a lapse of a year until a suitable Supervisor could be recruited. Presently some hundred and twenty-five girls attend weekly sessions during which they engage in many activities related to recreational drama. Open House is planned early in 1969 and again in June at the conclusion of the current season.

Monday afternoon Baton Twirling classes continued at Social Hall with well over a hundred girls receiving expert instruction in twirling. During the spring extra instruction in marching was offered to those in the Recettes, the marching unit which has made such a fine impression at the several local parades in which they participate. Open House was held in

June at Social Hall and the Annual National Baton Twirling Association Open Competition was held in November at the Norwood Junior High School, attracting the outstanding twirlers from New England.

The Norwood Camera Club continued their twice monthly meetings and competitions with interest in all activities continuing high. Club members scored very well in outside competition too, bringing back many awards for their fine color and black and white prints. Several interesting field trips were also sponsored during the season. The Club continues to rank as one of the best in New England.

Senior Set activities were temporarily suspended in the spring due to the inconveniences of construction at the Recreation Center. Until that time, the Department had offered interesting programs twice a month at the first floor hall of the Center. In our new Community Center a senior citizens lounge will be included where the senior citizens may enjoy a "drop-in-center" type of facility. In addition, the regular program of speakers, socials, and the like will soon be resumed.

After completion of their second year of existence in November, the NOR-REC-TOPS group pointed with justifiable pride to a combined loss in weight of over a thousand pounds. Purpose of the group is to take off and keep off pounds sensibly. In their Tuesday morning meetings, the women in the group share experiences and help one another in their efforts to stay slim. An evening group of TOPS is planned in the near future with the possibility also of a teen age group.

Participation in the programs at the indoor pool at the Recreation Center continued to grow with an extremely well balanced schedule of activities offered for all age groups and interests. Instruction is offered for boys and girls from Advanced Beginner skill through Junior and Senior Life Saving and Water Safety Instructor. Instruction is also offered to adult men and women and to physically handicapped boys and girls, the latter program aided greatly by the volunteer services of many fine young teen agers every Saturday morning.

The Sting Ray program of competitive swimming saw a record one hundred fifty or more boys and girls enrolled in the fall of 1968. Steady growth has characterized this program since its inception five years ago, along with continued improvement in the quality of performance as evidenced by the results in the various competitions in which the young swimmers participate. An outgrowth of the Sting Ray program has been the establishment of varsity swim teams at the Senior High School, the girls' team having gone undefeated to win their league last year, and the boys' team winning their division of the league.

Water Ballet too has continued very popular for girls with the young ladies in the program offering a fine Open House in June and appearing at several outside pools during the summer for exhibitions.

During the year, several community organizations made use of the facilities of the Recreation Center for meetings and other activities, many of

them recreational in nature. It is our hope that even greater use will be made in coming months of the present facilities as well as those of the new Center.

The Recreation Department had use of the rifle range at the Police Station one evening of the week for their Norwood Recreation Junior Rifle Club. Two groups meet weekly, an Advanced group and a Beginners group. A complete program is conducted for the boys in the Club including a thorough course in marksmanship and safety, shooting for individual awards, and shoulder-to-shoulder and postal matches.

Pending installation of backboards in the new Community Center gym, the Recreation Basketball League continues to play games at the Senior High School. The League is for young men beyond high school age and provides them with physical exercise and supervised competition. Seven teams competed in 1968 and the same number responded for the start of the new season in December.

OUTDOOR PROGRAMS

Playgrounds were conducted on the same eight Recreation Department areas and the same six School Department areas for the usual nine week season with the fine summer weather of 1968 causing a noticeable increase in attendance at just about every area. After a day of orientation meetings, the staff of twenty-nine Supervisors and Playground Leaders met their young charges and during the season led them in many varied and interesting activities. Again we must compliment our fine staff for their enthusiasm and loyalty. Their fine performance enabled Norwood's children to experience another enjoyable summer at playground.

A complete program of sports was conducted with some one hundred ninety-nine baseball and softball games being played by boys and girls in the various leagues. In addition, Arts and Crafts proved again a most popular feature as did the Annual Horseshoe Pitching Tournament for boys and the visit of the Boston Children's Theatre Stagemobile. An outing was held near the end of the season at Nantasket with well over five hundred boys and girls enjoying the day.

Tennis instruction and supervision was provided during the playground season at the Recreation Center courts with hundred of children receiving instruction and scores participating in the tournaments conducted. Tournaments were also conducted for men and for women with again a fine entry list and most interesting competition before crowning of the new champs.

Based on suggestions of staff members and others and on our own observations, the following recommendations relative to improvement of outdoor areas are made.

1. Construction of additional tennis courts, initially at the Prescott School area where very few facilities exist for a large neighborhood. These courts should also be lighted and could be flooded for skating in the winter.

2. Institution of a program to provide more and better continuous maintenance of outdoor areas and facilities during the spring, fall and summer seasons.
3. Acquisition and development of land in the Union Street neighborhood and in the neighborhood of Neponset Street for playground purposes.
4. Construction of parking area at corner of Washington and East Hoyle Streets to serve the many facilities at the Recreation Center.
5. Continuation of improvements at Pleasant Park playground with attention to area beyond ball field fence and including planting of shade trees.
6. Carry out miscellaneous other projects recommended in the 1969 budget requests submitted some weeks ago.

The Norwood Recreation Girls Softball League again experienced a fine summer of competition with the five teams in the league playing sixty games during the season. Keeness of the competition was shown in the necessity of a playoff game to decide the league champ at the conclusion of the regular season of play.

The Recreation Department also cooperated with the Amateur Softball Association League and with other leagues of men's teams in scheduling and assignment of facilities. Hundreds of young men participated in these leagues with even greater expansion anticipated next season with the installation of lighting at Endean Field.

Hawes Brook Pool and Father McAleer Pool both were in operation for seventy-two straight days, almost all of which were warm sunny days which resulted in record numbers in attendance. The efficiency and devotion of duty of the staff of Lifeguards enabled the Department to post another excellent safety record with no serious incidents or accidents. We commend the personnel for the performance of their most responsible and often times difficult assignments.

A complete program of instruction was offered at both pools with the indoor Recreation Center pool also used in the instructional program. Through the cooperation of the local schools, some two thousand boys and girls registered for and were assigned to summer swim classes. Red Cross certified Water Safety Instructors on the Lifeguard staff issued six hundred thirty-four certificates of successful completion of the various classes. Many attending courses but not passing still benefitted greatly from the instruction.

The outdoor competitive program flourished again last season with some one hundred and fifty boys and girls in the Sting Ray program. Competing in the Suburban Swim League, the Sting Rays finished in second place out of the ten teams entered and finished first in the Regional Meet of the League held at the conclusion of the season at Hawes Pool. During the season also a "B" team was developed of less experienced swimmers and they enjoyed a somewhat shorter season of competition.

The Annual Red Cross Life Saving Meet was held again at Father McAleer Pool with Norwood's excellent team of junior and senior boys finishing an outstanding first and the equally fine team of junior and senior girls finishing in a tie for first, both teams receiving handsome trophies to add to their collection. This competition involved Life Savers from surrounding towns and the State beaches. The Norwood competitors' achievements are considered superb.

Again in 1968 the Recreation Department was very much involved in planning and carrying out the program on the Fourth of July. The Department cooperated in arranging and conducting the fireworks program at the Norwood Arena the night before the holiday, the Soap Box Derby the holiday morning and the parade the evening of the holiday. In addition, the Department had direct responsibility for organizing and conducting the New England A.A.U. swim meet held the afternoon of the holiday at Hawes Brook Pool. The Meet once again attracted the top swimmers from New England, including several of the local Sting Rays and a large and enthusiastic audience thrilled to the performance of the young competitors.

MISCELLANEOUS

During the year the Recreation Department and its personnel assisted many community groups and individuals in matters related to recreation. Referrals were made to other appropriate recreational agencies and opportunities were afforded for conduct of activities by private groups on or in Recreation Department facilities.

The Recreation Department and its personnel worked with various other Town of Norwood departments and officials in matters of mutual concern. Guidance was offered to neighboring communities in establishing community programs of recreation (three such established in the immediate vicinity in 1968).

The Recreation Department and its personnel are most thankful for the assistance rendered during the year by many individuals and groups, especially the Board of Selectmen and their Recreation Advisory Committee, the General Manager and his staff, and other town departments and officials with whom contact was had during the year. Without their cooperation the program of the Department could not have realized the success that was enjoyed.

Finally, the Superintendent is most appreciative of the continued dedicated and loyal service of the sixty-five or more persons employed at various times during the year. Most to be appreciated too is the continued understanding, cooperation, and participation of the thousands of residents who again assisted the Department in its efforts to continue to provide an interesting and worthwhile program of recreation for the Town. Our efforts shall not cease in the months ahead in our striving toward the goal of providing these programs.

Respectfully submitted,

RICHARD E. READY,
Superintendent

REPORT OF SEALER OF WEIGHTS AND MEASURES

Mr. Walter A. Blasenak
General Manager
Town of Norwood, Mass.

Dear Sir:

I present you herewith, the annual report for the Department of Weights and Measures for the Town of Norwood, for the year ending Dec. 31, 1968.

Number of units tested	989
Number of units sealed	870
Number of units adjusted	173
Number of units not sealed	10
Number of units condemned	9

Fees collected and paid Treasurer \$1151.20

There were no complaints registered with this dept. during the past year. Spot checking of essential food items of 1341 units tested revealed: 893 units as correct, 112 units as under and 336 units as over registration. Cooperative response was received from the merchants concerned by their taking of corrective steps.

I wish to forewarn of a possible appearance of a questionable practice regarding driveway coating applications. In some areas, there has been a scheme of repairing, by applying coatings of asphalt mix by measurement with application charge which could result in overcharges. These sharp operators could be long gone before enforcement official received complaint. It is advised to thoroughly investigate such offers and deal only with known and reliable concerns.

It is satisfying to report the adoption of the Consumers Council Legislation, Section 2 of Chapter 93A General Laws: "An Act Providing Protection for the Consumer Against Unfair Trade Practices." This applies in some areas to my responsibilities, also, as a reference for referring complaints to the proper official area.

I should point out in particular, a common scheme of advertising "specials" on certain retail items with the "special" price also being carried on an "end display" in the store; yet the price marked on the sale item itself will be higher. The trained and instructed clerk receiving payment usually charges the amount marked on item itself. Consumer complaints (if registered) are usually told that the store did not have time to change price on item itself. THIS, is illegal "bait" advertising. This section of law also covers False Adv., Deceptive Adv., of Guarantees, Deceptive Pricing and Referral Schemes — (inducing purchases by promising credits for recommended buyers) all of which usually involves some deception.

I extend my thanks to the Manager, Board of Selectmen, Police Dept., Officials of the state dept., Norwood Merchants, Industrial Representatives and the Public for their respective cooperation.

Very Respectfully,

FREDERICK F. BROWN

Sealer of Weights & Measures

REPORT OF SCHOOL HOUSING STUDY COMMITTEE - 1968

At the first School Housing Study Committee in February, 1968, the need for additional classrooms and essential facilities at the Norwood Senior High School was established with the co-operation of the School Department.

There were seven basic requirements determined by the School Housing Study Committee and the School Administration:

1. Twenty-eight additional classrooms
2. Instruction Materials Center
3. Auditorium
4. Administration and Guidance facilities
5. Field House
6. Alterations within existing facilities
7. Acquisition of additional land required to replace that which would be taken by the proposed construction

At the Special Town Meeting held March 28, 1968, the report of the Committee was accepted as read and \$25,000.00 was recommended to be transferred from Surplus Revenue and appropriated for preliminary plans and specifications for the addition and alterations to the Senior High School.

At the May 16th meeting the School Committee requested the School Housing Study Committee to explore the need of a cafetorium and gymnasium to the Winslow and the Shattuck Elementary Schools. Dr. Coakley was thinking in terms of a pre-engineered building to be placed adjacent to each of the schools and utilized as a gymnasium, cafetorium, auditorium, library or music room, etc. to update the facilities at the two schools.

In October, Mrs. Rudith M. Berkowitz was appointed to serve on the Committee to represent the School Committee filling the vacancy caused by the resignation of Mr. William Egan.

At the November 21st meeting, on a motion duly made and seconded it was voted that Mrs. Jean R. Brown be made Acting Chairman for the remainder of the year due to the death of Mr. John Abdallah. It was also voted that Janet Pierce be made Secretary due to the resignation of Mrs. Ruth McCann.

With the study of the Shattuck and Winslow Schools completed, an article was inserted in a Special Warrant and letters were sent to Town Meeting Members explaining the need and urging their support for the additions at the Special Town Meeting, December 9, 1968.

At the Special Town Meeting \$10,000.00 was recommended for preliminary plans and specifications for an addition to the Winslow and the Shattuck Schools.

Respectfully submitted,

The School Housing Study Committee

JEAN R. BROWN, Acting Chm.

JOSEPH W. WALL

DEPARTMENT OF VETERANS' SERVICES

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

I respectfully submit herewith the report of the Department of Veterans' Services for the year ending December 31, 1968.

This year has proven to be a landmark in the history of the Department of Veterans' Services as the demands for both Veterans Benefits and Veterans Services reached an all time high.

In the area of Veterans Benefits the Annual Budget reached a figure of more than \$90,000.00, almost double that of two years ago and this was attributable not only to the creation of many more new veterans and their dependents but to the adoption of a new Special Veterans Medex Program, the financial involvement in three strikes as well as a general upsurge in the demands for financial assistance by the veteran community.

In the are of Veterans Services the marked increase continues as a result of the creation of many new eligible veterans and their dependents, augmented by the passage of much new and changing legislation on both the State and Federal levels including the passage of a State Bonus Bill by the Massachusetts Legislature and the stepped up return of many servicemen both at home and abroad.

It becomes more increasingly difficult to cope with the situation with a limited number of personnel and the department continued to stress in the 1968 Budget Message not only the need for privacy for personal interviewing but for increased office space and personnel. If we are to provide all the services and benefits available to our veterans and their dependents, we must take a forward, progressive outlook on the entire program.

The Department of Veterans Services composed as it is of two separate divisions is operated under Chapter 115 of the G.L. of the Commonwealth as amended by Chapter 584, Acts of 1946 for the purpose of administering Veterans Benefits and Services. Norwood spent approximately \$90,000.00 this year in the benefits program and all assistance cases were investigated and payments made in accordance with Chapter 115 of the G.L. which assures the Town of Norwood a fifty (50%) percent reimbursement from the Commonwealth of Massachusetts.

The purpose of the Department of Veterans' Services is to assist veterans and/or their dependents in procuring financial assistance and information and benefits to which they are entitled relative to vocational or other educational opportunities, G.I. Loans, hospitalization, medical care, compensation, pensions, on-the-job and apprenticeship training, insurance, burial allowances, grave markers, photostats and all other benefits granted veterans under existing State and Federal laws.

Every request for assistance was accorded conscientious consideration and all possible assistance under existing regulations was invariably granted. The one aim was to give veterans and their dependents the best service possible at all times and to administer the laws and regulations affecting veterans impartially, efficiently and effectively.

There was complete cooperation with the Veterans Administration and the various local Civic and Veterans organizations that interest themselves in veterans affairs and exceptional cooperation extended this department throughout the year by the State Department of Veterans' Services.

Grateful acknowledgement is made to the Honorable Board of Selectmen, the General Manager and his staff, the Town Counsel, other Town Departments, all veterans organizations and any others who have assisted the Director of Veterans' Services in the performance of his duties.

Respectfully submitted by,

WILLIAM F. NOLAN, JR.

Director of Veterans' Services

Monday, April 28

Monday, May 26 — MEMORIAL DAY

Sunday, June 8 — GRADUATION (Tentative)

Friday, June 20 — TENTATIVE CLOSING DATE OF SCHOOL . . .

No-School Signals — 2-2

Repeated at 7:15 A.M. — No sessions, all schools, all day

Repeated at 7:30 A.M. — No sessions, elementary or Junior High School
all day

Repeated at 7:45 A.M. — No A.M. session, elementary schools

Repeated at 12:15 P.M. — No P.M. session, elementary schools

Repeated at 6:15 P.M. — No evening sessions

School announcements will be broadcast over Radio Stations WHDH,
WBZ, WEEL, and WRKO, beginning at 6:30 A.M. and, when possible, at
noon and at night.

The Civilian Defense Warning System in Norwood will signal no
school.

REPORT OF THE SCHOOL COMMITTEE

To the citizens of Norwood, the Norwood School Committee is pleased to present a report for the year 1968.

The members of the Norwood School Committee wish to make a matter of record their sympathy and regret upon the death of John A. Abdallah on November 11, 1968. A dedicated public servant, untiring in his efforts as an elected official, Mr. Abdallah also served for several years on the School Building Study Housing Committee, he was a member of the John P. Oldham Elementary School Building Committee, and was Chairman of the Balch School Building Addition Committee. The Town of Norwood and the Norwood Public Schools have lost a man who made excellent educational contribution.

This has been a very busy year for the Norwood School Committee. Collective bargaining and negotiations were conducted with six different groups being represented at the bargaining table; the administrators, the teachers, the clerks, the custodians, the maintenance-craftsmen, and the cafeteria employees. Contracts were signed with the clerks, the custodians, and the cafeteria employees. Hopefully, contracts will be completed with the Teachers' Association (which will include administrators) and the maintenance-craftsmen early in the coming year.

Following a period of three years deliberation, a reorganization of line and staff relationships was approved by the Norwood School Committee. This line and staff relationship has as its main aim, the refinement of supervision of all departments throughout the Norwood Public Schools. Included as major changes in this reorganization was the establishment of the position of Assistant Superintendent for Secondary Education and Assistant Superintendent for Elementary Education.

A major effort of the Norwood School Committee this year was a complete revision of policy as it relates to the operation of the Norwood Public Schools. This is a result of more than three and one-half years of study. Revised and adopted on June 28, 1968, the policies and bylaws of the Norwood School Committee have been coded, indexed with annotation, and cover Administration, Instruction, School Services, Operation and Maintenance of Plant, Fixed Charges, Community Service, Public Laws, Debt Services, and Programs with other school districts. A major inclusion is a revision and updating of the Staff Council Rules and Regulations.

During the past year, the Henry O. Peabody School celebrated its twenty-fifth anniversary. Among other acknowledgments, an open house was held which was attended by more than twelve hundred people from all over the Commonwealth. Of notable interest, the Licensed Practical Nurse course at the Henry O. Peabody School during the past year was rated the second highest in Massachusetts. The Norwood School Committee takes great pride in the fact that the Henry

O. Peabody School is noted as a model school of its type in the Commonwealth.

Norwood continued its membership in The Education Cooperative, a Cooperative involving twelve communities in the area and conducting programs in Science and Special Education under a Title III federal grant. Modules in Astronomy, Environmental Science, Work Study Programs, and use of the Natick Planetarium have been made available to the Norwood Public Schools. In the light of the fact that the federal government is following a 10% reduction on grants annually, it would appear that in the coming year, if Norwood wishes to participate in this very worthwhile Cooperative, a per pupil assessment of twenty-five to fifty cents per pupil will be necessary. In the light of the educational opportunity afforded by the Cooperative, it appears that Norwood will continue to benefit from its membership.

Three years ago, contiguous with instruction and applicable to administration, the Norwood Public Schools entered into a Data Processing Program. As of September, 1968 all attendance records from kindergarten through Grade 12 are now maintained by our Data Processing machines. Not only does this make our weekly and our monthly attendance recordkeeping a much more efficient procedure for some 6700 students, but the recapitulation sheets at the end of the year contain all the information necessary for the final state reports.

During the past year, the George F. Willett School was completed and ready for occupancy in September of 1968. Construction on the Junior High North continued throughout the year, and it appears that this project will be completed and ready for occupancy in September of 1969. During the past year also, on recommendation of the School Building Study Housing Committee, and so voted by Town Meeting, the Permanent Building Construction Committee was directed to prepare preliminary plans and specifications for addition and renovation of the Norwood Senior High School. In addition, at a special town meeting held in December, on recommendation of the School Building Study Housing Committee, Town Meeting voted to direct the Permanent Building Construction Committee to prepare plans and specifications for the possible addition of facilities at the Winslow and Shattuck Schools.

The maintenance of the Norwood Public School buildings is a continuous program. We would refer you to the report of the Supervisor of Custodians, Buildings and Grounds for specific information concerning this years projects.

Of significance during the past year was the interest of the Committee on Human Rights in Norwood concerning the possibility of a METCO Program being established within the Norwood Public Schools. Following an open meeting held at the Norwood Junior High School with interested townspeople and METCO officials, the Norwood School Committee thereafter, following deliberation of some weeks, voted to accept nine METCO students at the primary level. Following official

application through the State Department of Education, the Norwood School Committee was informed that there were insufficient monies to include Norwood in such a program for this school year.

The Norwood Public Schools was the recipient of the generosity of several interested citizens from business and industry who contributed time and materials to the construction of a Field House and Press Box at the H. Bennett Murray Football Field. The engineering and the actual construction of this project was done by the staff and students from the Blue Hills Regional Vocational School, under a curriculum project. The Norwood School Committee would like to express their sincere thanks for the contribution, cooperation, and generosity of all who were involved in this project.

The Committee has had a busy year. All members are aware, however, that it takes time and talent of each member in order to properly attend to the duties of the Norwood School Committee. The citizens of Norwood have entrusted to us the task of providing the best educational program possible for the students of Norwood. We know that you are aware of the fact that additional pupils, additional housing, new educational innovations, additional teachers, additional operating costs, and equipment all mean an increased budget. The school budget is the community's investment in education. We know how you value your investment.

The members of the Norwood School Committee wish to express their appreciation to the employees of the Norwood Public Schools for their excellent job performance. This report is submitted as part acknowledgment of the privilege that it has been to serve you in the capacity of School Committeemen. We know that with your help and your continued interest and support, we can provide an excellent educational program for all in the Norwood Public Schools.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

"Since we can't control change itself, we seek to control the rate at which change affects our lives." (Fadun)

The GNP is calculated quantitatively. GNP is a price, not a value! There are those who are attempting to measure a GEP in the same manner. It is a natural, popular, and most interesting game some are playing today in an attempt to discover "how much are pupils learning"? It seems that there is supposed to be some relationship between how good schools are, or — how bad schools are. Even the national assessment people feel that a national scale could be indicative of how much students are learning, and thus, perhaps indicate the Gross Educational Product. In so doing, it may be inferred that one could evaluate the goodness or the badness of a school.

I submit to you, that the quantity of learning is ever changing, and its value as a measure of evaluation is insignificant.

It has been documented that half the knowledge an engineer had when he graduated in 1957 is now obsolete. At the same rate of change, today's graduate will find at least half his present knowledge obsolete by 1977. Or, to express it another way, half of what we will need to know in 1977 from a technical standpoint is not now available to us. No one knows what it is.

What truths are lasting? Probably those of the liberal arts and the humanities last somewhat longer, the difference being in degree, perhaps. In any event, a well-disciplined mind attempts to constantly re-discover and extend in order to come closer to the universal concept that may be made applicable, irrespective of era.

Qualitatively — how well are students learning? This is the better question in an attempt to evaluate "how good are our schools?" This can best be measured perhaps by the mundane successes of our graduates.

It has been acknowledged that our system of law is an instrument for preserving certain acceptable changes in the conduct of an individual in a social environment. Formalized religions are institutions for preserving what, at one time, were great changes in the ethical and moral valuations of men. Governments are devices for preserving past changes in the relationship between an individual and the society in which he lives.

A proper educational program or institution seeks to capitalize from the best of the past, and to place the established known truths of the present as basis for attaining further knowledge and its application, which, hopefully, will result in the greater perfection of our students. This is our renewed pledge to the people of Norwood as we complete the ninety-sixth year of the Norwood Public Schools.

We have had a good year because the people of Norwood recognize their educational responsibility. A record four-million dollar budget; a

new one-thousand pupil junior high school contracted; a new elementary school completed and occupied in September; preliminary plans and specifications voted for the urgently required additional high school facilities; preliminary plans and specifications voted for study of additional requirements at the Winslow and Shattuck Schools; an increased allocation of maintenance funds to preserve our ever-expanding physical facilities; yes — these are notable expressions of the Norwood educational investment.

Even more important, and made possible only by the commitment of the people of Norwood, is the ever changing and expanding curriculum offerings. Every course offering at the secondary level has been evaluated, and curriculum guides have been revised and updated during the past two years. On-going curriculum study teams are constantly evaluating the elementary curriculum to insure the educational effectiveness of each program. Our professional staff is our resource for quality education.

We spend time on staff recruitment. Nine months of concerted effort every year, from December through August, we try to get the best possible within the range of our ability to pay. Collective bargaining today has increased the competition. An excellent salary schedule strengthens our position in attracting quality personnel to teach Norwood children. We competed successfully this past year. An adjusted salary schedule will be necessary to compete successfully next year.

The School Committee report indicates several happenings of significance during the past year. For specific innovation and implementation of the various activities within departments of the Norwood Public Schools, I would refer you to the reports of the administrators and the specialists within our system.

I should like to acknowledge the help and cooperation of the General Manager of the Town of Norwood, his staff, and all municipal departments, for their excellent contribution to the operation of the Norwood Public Schools. Finally, I wish to thank all members of the Norwood Public Schools for their willingness, cooperation, and enthusiasm in the performance of the many and varied tasks required, and to the members of the Norwood School Committee, I express sincere appreciation for the help that has been extended to me.

DR. PHILIP O. COAKLEY
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT FOR SECONDARY EDUCATION

The areas of personnel and personnel recruitment, state and federally aided programs, curriculum, instruction, research and development, staff council, public relations, transportation, adult academic and civic education, and committee meetings combined to provide for an actively interesting school year.

Personnel and Personnel Recruitment

Perhaps the single most important responsibility immediately following that of consideration for the welfare of the school child is recruiting the very best teaching talent available and providing continuous personnel services for those candidates appointed to our faculty and for those teachers already on the staff.

As part of the recruitment procedure for new staff, twenty-three colleges and universities were scheduled for on-campus visitation. These preliminary screening interviews resulted in hundreds of evaluations being returned to the central administrative office by the teams of administrators who had been assigned to the various campuses. In the search for new teachers, those recommended candidates who were referred from the campus to the central administrative office for secondary teaching positions and those teachers scheduled for direct interviews from non-scheduled colleges, amounted to approximately 186. An additional 82 candidates for substitute teaching positions were interviewed for a total of 268 candidates interviewed by the Assistant Superintendent-Secondary.

This on-campus interview arrangement is a highly important facet of the total recruiting process in that the image of the Norwood Public Schools is brought to the campuses through our representatives and, of course, the recruiting teams are in a position to establish direct and early contact with a wide selection of teacher candidates. Another obvious advantage is the fact that a close relationship with the university placement directors is established thereby making these placement directors readily accessible when the occasion so demands.

Once the teachers have been appointed it is then the responsibility of administration to provide these new staff members with the philosophy of our educational system, a knowledge of our educational offerings and of those individuals in positions of administration and supervision concerned with the implementation of the curriculum, a first-hand knowledge of the school physical plant, and an acquaintance with the community itself. These provisions were met by conducting the Sixth Annual Orientation Institute for New Teachers on Wednesday and Thursday, August 28 and 29, 1968.

Once on the staff, the teachers are assisted by the Staff Council which is the combined creation of the School Committee, the Salaries Committee, and the teachers and has as one of its purposes the main-

taining of worthwhile teaching standards. The Assistant Superintendents act as Administrative Officers for this body which during the year completed a rather extensive revision of the Rules and Regulations of the Staff Council. The suggestions proffered and acted upon in this area of personnel were intended to facilitate professional advancement and to provide a uniform process for salary placement.

State and Federally-Aided Programs

Under Title III of the National Defense Education Act (NDEA), ten regular secondary projects were approved in the amount of \$8,778.67 and a special science project of \$33,605.39. The senior high school projects approved were in science, history, reading, English, and the one most recently approved, in industrial arts. At the junior high school level projects were approved in geography, history, reading, English, and in science. The projects are in various stages of development as they were written as five-year plans by department heads and their respective staffs and initiated in different school years. The newest inclusion of industrial arts provided for the development of a basic electricity and an electronics sequence at the senior high school.

Title V-A of NDEA, the guidance-counseling testing section of the National Defense Education Act was approved at both the senior and junior high schools in the amount of \$1,350.00.

The Business and Office Education Act of the V.E.A. of 1963 continued the expansion of the business education laboratory begun with Vocational Education Act funds in 1966 at the Senior High School. This latest project approval totalled \$4,680.43 and provided for the purchase of four typewriters of special design, a transcribing unit, funds for continued rental of a data processing machine, and two sets of data processing courses which included students textbooks and prepared color transparencies. This act has provided funds the past three years for the creation of a complete business education laboratory and assisted in the introduction of a data processing-unit recordkeeping course of instruction.

Under provisions of the Elementary and Secondary Education Act (E.S.E.A.), a project application under Title II was approved in the amount of \$11,162.70 for school library resources, textbooks, and other instructional materials. For the three years of its existence, the Norwood Public Schools have had a total of \$36,566.81 awarded on the basis of approved projects for the improvement of school library resources at all levels of instruction.

Provisions have been made to conduct a school system-wide survey with the expectation of qualifying under Public Law #874, the so-called Federally Impacted Areas legislation, which reimburses those communities which meet the criteria with respect to parents employed on certain federal properties or who have parents on active military duty. Qualification could mean rather substantial reimbursement to the schools. This survey will be conducted during the first month of 1969.

Curriculum and Instruction

Actually, the federal projects mentioned heretofore are directly concerned with the strengthening of instruction and the extension of the curriculum as project approval requires that these features be met in the writing of the project proposals. Therefore, those previous inclusions apply as well to this section.

Also, in anticipation of the ninth grade presently housed at the senior high school returning to the Norwood Junior High School and to the Norwood Junior High School North in September, 1969, a series of articulation meetings by department have been in progress in order to effect a smooth transition. It is expected that as a result of these meetings the junior high school students will have their programs enriched as they will be able to select from a wider range of course offerings at a level commensurate with their aptitudes and abilities. Much more is involved in the return of the ninth grade to the two junior high schools than is immediately discernible. Many of the decisions to be made must evolve from these articulation meetings which build a sequential basis for successive curriculum decisions.

Two summer workshop committees representing the Social Studies Departments of the Senior and the Junior High Schools developed curriculum materials for their respective levels. The committee at the senior high school under the immediate direction of Mr. Richard L. Bonin, Department Head, developed a curriculum guide designed to fill the need for an organized curriculum in Contemporary Problems. The Junior High School Social Studies Workshop committee under the leadership of Miss Angela Rizzo, Coordinator, completed the second of a series of syllabi based on the conceptual approach and entitled, **The Concept of the Minority Groups.**

It is interesting to note that the Introductory Physical Science course which the Norwood Junior High School helped pioneer has been extended to Introductory Physical Science II and that the junior high school has been selected as one of a rather limited group of pilot schools throughout the nation. Once again Mr. John M. Twombly, Jr. who is recognized as a leader in this field will serve as teacher.

An in-service institute for teachers has been planned in the area of general health with particular emphasis upon drug use and abuse. Professional resource persons will familiarize our teachers with the legal, pharmacological, educational, psychological and medical problems in order to make them fully aware of the associated aspects as they relate to school-age pupils.

Public Relations

The newsletter, YOUR NORWOOD PUBLIC SCHOOLS, was first issued in 1964 as a vehicle of school information for the residents of Norwood. During the past year the regularly scheduled editions were distributed via the mails in order to bring school items of interest into every home. Approximately 9100 are mailed to local residents and

another 500 disseminated by the New England School Development Council to school systems throughout the area. This newsletter supplements newspaper articles which are constantly released concerning all matters educational.

Transportation

An increase of 105 students transported during this year brought the total close to 2,200 per day. This necessitated adding bus runs to the existing schedule. Fifteen buses now make 86 trips daily. To this total must be added kindergarten trips and special education runs. The Balch School transports the largest number of pupils followed by the Senior High School and the Junior High School. These three schools account for more than 50 percent of the pupils transported daily.

As is generally the case each year, requests were made to change bus stops, re-route buses, declare areas as hazardous, eliminate standees, permit ineligible students to be transported, measure distances for determination of eligibility, and process medical requests for eligibility. Considerable time and consideration is given to these requests during the course of the school year. It certainly is a pleasure, however, to have under contract such an efficient and accommodating carrier who provided over 2,000 bus safety booklets for elementary and junior high school bus pupils in an effort to promote good bus safety measures.

Adult Academic and Civic Education

Twenty-one sections representing 17 course offerings were held in the adult academic education program. New courses included Computer Programming and Conversational German. As a result of the expanded sections and new courses, it was necessary to add a fourth day to the schedule so that for the first time a full program was offered on Monday through Thursday. The Fall session generally offers more courses than the Winter session due to a smaller enrollment in the latter season. Class enrollment for the two sessions however, approximates 1,000 while total registration exceeds that amount.

The Adult Civic Education program offers a course in basic English to immigrants interested in learning the language as a pre-requisite to studying for American citizenship. This group meets each Monday and Wednesday evening at the Norwood Junior High School for a total of 40 sessions.

Research, Textbook Adoptions, Committee Meetings

Active participation and direction in many areas of research include the New England Staff Assessment Project which has developed into an annual survey; compilation of school projection statistics; survey requests from school systems, colleges and universities, foundations, and state and federal government agencies. Such surveys appear to be proliferating each year.

Review of textbooks and recommendations to the Superintendent of Schools for their adoption are processed primarily in late Spring in anticipation of ordering for the ensuing school year. However, from time to time during the school year such recommendations are made when a resource text is found that would add significantly to a course of study.

Attendance at various committee meetings and involvement in budget preparation constitute other directions of administrative responsibility. Committee participation includes the School Committee, School Housing Needs Committee, Permanent Building Construction Committee, Staff Council, and a number of professional administrative associations.

Conclusion

In a report of this nature, it is necessary to touch rather briefly upon a number of subjects in order to present to the reader an indication of the range of administrative responsibilities and an insight into some of the services rendered within these areas. All of our efforts, however, whether they be expended on arrangements requiring complex organizational considerations or the pursuit of minutiae are all generated toward providing an improved educational environment for the pupils of the Norwood Public Schools.

JAMES R. DONOVAN

Assistant Superintendent - Secondary

In Memoriam

EMILY GOODE

1968

Her home and her heart, a sanctuary for all living things; this was Miss Emily Goode.

For over twenty years, this lady affected thousands of lives of Norwood's young people — most appreciably, most purposefully. She knew the essence of teaching — an understanding and a relationship based upon personal dignity and worth.

Miss Goode imposed the highest standards of all that is right and just upon herself. Her students — everyone — in her presence singularly did the same. She was that kind of person; the one in a million that makes immeasurable impact upon lives — and then passes on.

Miss Emily Goode was an outstanding contributor to the perfection of her fellow man — and, as educator of Natural Sciences, was irreplaceable.

The members of the Norwood School Committee, and the Superintendent of Schools, in appreciation of the outstanding services rendered by Miss Emily Goode, resolve that a copy of the foregoing be forwarded to her family, and that a copy be spread upon the official records of the meeting of the Norwood School Committee, and, further, that a copy be sent to each of the local newspapers, to the Massachusetts Audubon Society, and, further, that it be published in the 1968 Annual Report of the Norwood School Committee.

DR. PHILIP O. COAKLEY

Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT, ELEMENTARY EDUCATION

Those of us in administration are mindful of the comprehensive responsibilities we share in a cooperative effort to achieve quality education for every child who attends the Norwood Public Schools.

In this endeavor, we are keenly aware of the impact of this age of science and technology and of the climate which is generated by a restless society, troubled by paradoxical events such as international conflict and a flight to the moon, civil rights and heart transplants, miracle drugs and drug abuse.

At no other period in history have children been so exposed as today, to the happenings in their world, as reports of events anywhere are video cast instantly into the American home.

Against this background of seeming uncertainty and confusion, we cannot help but cite the calm atmosphere of progress which has characterized the year 1968 in our schools. This is not to minimize the challenges which confront us but rather to identify a mood we have felt. A mood, we trust, which is shared by others and which is justified by results, the attainments of ceaseless efforts by all who are involved in the educational process in Norwood.

Updating Through Activities Inservice

One of our major efforts to ensure the maintenance of quality education is the operation of inservice programs as an on-going function under School Committee auspices. Thus, staff members keep abreast of emerging developments in curriculum and newly required techniques of instruction.

In recent years, the subjects of language arts (including reading and linguistics) mathematics, science, and special education have received particular attention. Our present plans include provisions for inservice instruction in the fields of social studies and in drug abuse. Authorities from the faculties of local universities as well as from public and private service agencies act as instructors and consultants. These are sponsored by the Norwood School Committee.

During the past year, our Special Education and Learning Center staffs participated in a series of institutes arranged by The Education Cooperative or T.E.C. (T.E.C. is a cooperative of twelve towns in this area including Norwood, Dedham, Dover, Sherborn, Natick, Needham, Walpole, Waltham, Wayland, Wellesley, Weston, and Westwood. It is supported by federal funds under Title III of P.L. 89-10 commonly known as the Elementary and Secondary School Education Act.) The T.E.C. enterprise has also made available our participation in programs of innovative development of astronomy modules suited to the elementary school level. A representative from each school was involved in a series of workshops. These teachers developed and field tested the modules with children both in their classrooms and at the Natick Planetarium.

In addition, teachers attended a series of lectures on "Mental Health in the Classroom." This was made possible with the cooperation of the Norfolk Mental Health Association and the Cutler Clinic Staff. Members of the clinic staff also provide our teachers with regular consultation services on a rotating schedule in our schools.

Updating Through Formal Graduate Study

But this is only part of the story which describes the efforts made by the staff to improve professionally and to maintain quality education. The vast majority of teachers are personally committed to the pursuit of graduate study on a private basis with priorities dictated by the demands of changing curriculum requirements. Such study is undertaken in accordance with procedures of the Staff Council which provides for administrative consultation and prior approval of the Superintendent.

Updating Through Innovation of Curriculum and METHOD

In 1968, a Curriculum Guideline for "Teaching of Science in Grades Four, Five, and Six" was developed during a summer workshop. This endeavor followed the same pattern used so successfully in the past to innovate curriculum guidelines in modern mathematics and kindergarten education i.e. following our inservice course, study teams were formed representing the primary and intermediate levels of each elementary school culminating in a summer workshop.

The Science Guidelines for grades four, five and six are now in use. We plan to develop one for the primary grades during the summer of 1969.

Invariably, modification of teaching methods is the accompanying sequel to new curriculum. In our elementary schools, we note an increase in the use of a variety of techniques. One of these being developed effectively is the concept of "Cooperative Teaching."

Cooperative teaching is a form of team teaching in which two or more teachers jointly plan units of work. Each teacher then assumes responsibility for certain phases of the instruction. Quite often children from two or three classrooms are regrouped. The design of the plan permits utilization of specialized teacher competencies, and alterations are tailored to suit the requirements of the particular unit of work. The purposes and goals predetermine the program of instructional activities from inception to culmination, thus, eliminating the pitfalls of routine regrouping and stereotype departmentalization.

The build-up of supplementary reading materials has given rise to individualized reading programs as an extension of the basal system. We are most conscious of the need to develop this concept further and to associate this effort with practice in the use of reference and library resource materials. In this respect, we cannot over emphasize enough the absolute necessity for developing our elementary school libraries into fully equipped instructional media centers.

What we reported previously bears repeating, that an elementary school library is not merely the place for the storage and circulation of books. It is conceived as a center for materials and equipment necessary to the requirements of educating children in the world of today.

Knowledge is accumulating at such a rate that it is impossible to keep up with it. And, what is learned today may be forgotten or may not be true tomorrow. Therefore our methods must equip students with the skills necessary to locate and process relevant information in order to perform effectively in an environment which becomes increasingly more complex. The center must become a real learning laboratory in which students become acquainted with the techniques of study and research and develop habits of independent study skills. These centers must provide not only a full complement of reference works but also a wide variety of audio-visual materials and equipment geared for individual and small group study. Through the media centers we can make wise and effective use of the contributions to instruction which modern technology is making possible.

Updating Through Specialization

In the foregoing we have attempted to describe some recent highlights of the activities in our schools. Our attempt is to give the citizens of Norwood some idea of how the classroom teacher strives to maintain professional competence. Supporting the general teaching effort is the Division of Special Services. Its members are an integral part of the teaching team and are specialists in their field. Their services extend system-wide and are coordinated through the Office of the Assistant Superintendent. Our Commitment to the Division is considerable for its functions add dramatically to the differentiation of our educational offering and to the enrichment of the curriculum.

The Division includes the departments of Art, Music, Health and Physical Education, Speech, Elementary French, Elementary Librarians, Special Education, Audio-Visual Education, Intensive Reading, and the Learning Centers.

We invite you to read an account of departmental activities during 1968 in the annual report of the Directors which appear elsewhere in this section.

New curriculum, new materials, new equipment, new facilities, specialization, etc; these are all important. But, in the final analysis it is the character and the quality of personnel which are the real determinants in the educational experience. It is with this thought in mind that we lead to our concluding comments.

Updating Through Recruitment

This annual report should not be concluded without mention of the absolute importance with which we view the recruitment and orientation of new teachers. Interview teams from Norwood's schools visit

nearly twenty local colleges and universities annually. Candidates are screened following campus interviews and those deemed worthy of follow-up visit our system and are again interviewed locally.

Credentials and references are scrutinized meticulously and a careful assessment is made of the evaluation reports emanating from the interviewing teams. Every effort is made to attract and to select the finest of the available candidates.

Recruitment is now a major administrative undertaking because the number of teachers who leave the profession annually has been steadily on the rise due mainly to marriage and population mobility. The challenge which this poses is formidable and highlights the importance of effective recruitment and orientation to the maintenance of quality education.

We conclude this report with a tribute to all of our personnel for their resolution of purpose and dedicated service, to our Superintendent, Dr. Philip O. Coakley, for the standards of excellence which his supportive leadership represents, and to the Norwood School Committee without whose interest and support, quality education here in Norwood would not be possible.

UMBERTO V. C. NAPOLEONE
Assistant Superintendent
Elementary Education

REPORT OF THE PRINCIPAL OF NORWOOD SENIOR HIGH SCHOOL

It is a pleasure to present my fifth annual report as Principal of Norwood Senior High School. Nineteen hundred and sixty-eight has been a year of intensive evaluation for those involved in secondary education at the high school. This self-examination was given impetus by two very important considerations. In each ten-year period, every secondary school which seeks to be recognized as an accredited institution by the New England Association of Colleges and Secondary Schools must carry out prior to the evaluation of NEACSS a year long self-evaluation. Secondly, the year nineteen hundred and sixty-eight was the year that the School Housing Needs Study Committee demonstrated to town meeting the critical need to enlarge the present high school. Subsequent to this, the Permanent Building Committee was charged with the responsibility of procuring preliminary plans of an enlarged and renovated high school that would be capable of housing twenty-one hundred students. Such a task of itself requires a thorough scrutiny of the present educational program and a well calculated projection of what must be provided for the future educational needs of secondary education in Norwood.

The High School Enrollment

At present the school has eighteen hundred and eighty-two (1882) students. This number exceeds the rated capacity of fifteen hundred and fifty (1550) by more than three hundred (300) students. The high school enrollment will decrease abruptly in September, 1969, when the ninth grade will be incorporated in the junior high schools, and there will be a brief interlude of one year during which the high school enrollment will not exceed its capacity.

The following summary gives the present enrollment and projected figures for the next two years.

Enrollment as of December 1, 1968

Grade	Boys	Girls	Total
Ungraded	5		5
Grade 9	253	269	522
Grade 10	220	273	493
Grade 11	192	274	466
Grade 12	184	212	396
			1882

Projected Enrollment as of December 1, 1969 and 1970

Grade	December 1969	December 1970
Ungraded	15	15
Grade 10	522	577
Grade 11	493	522
Grade 12	466	493
	1496	1607

The School Evaluation

Shortly after the school year began in 1967, preparations were begun for the evaluation of Norwood High School by a visiting committee of educators selected by the New England Association of Colleges and Secondary Schools. By the beginning of the new year, 1968, a Steering Committee had been selected, and this committee in turn had formed the various subcommittees which would write our school philosophy and objectives, examine our school as it relates to the community of Norwood, and others which would critically evaluate every facet and program of the High School using forms published by the National Study of Secondary School Evaluation, entitled **Evaluative Criteria**, 1960 edition.

The list of committees is as follows and provides a good indication of the breadth of the study:

Philosophy and Objectives	Music
School and Community	Physical Education for Boys
Program of Studies	Physical Education for Girls
Art (Including Crafts)	Science
Business Education	Social Studies
Driver Education	Student Activity Program
English	Instructional Materials Services
Foreign Languages	—Library and Audio-Visual
Health Education	Guidance Services
Home Economics	Health Services
Industrial Arts	School Plant
Mathematics	School Staff and Administration

The size of these committees was generally about six, and each member of the staff was on one, and most were on two. On all subject committees, non specialists were assigned to give an objectivity that might be omitted if only staff members in that subject field composed the committee. Each month, on "curriculum day" students were dismissed at noon, and shortly afterwards teachers and administrators met in two afternoon sessions at each of their committee assignments. In between these monthly "curriculum days" committees met and collected the data or did the research required to complete the evaluation forms. The quality of the self-evaluation was in direct proportion to the thoroughness of the research and the ability of the committees to rate and comment objectively on these subject area forms.

The staff felt that the most beneficial method with which to approach the study of our educational programs would be to develop comprehensive curriculum guides in each subject area where none existed and to revive and edit those that were extant. The results were most satisfying in this regard. Teacher guides and recommended courses of study are presently available as reference for all teachers, new and experienced in every subject from physical education, health, and home economics I, to advanced placement Chemistry, Introductory Calculus,

and French V. Moreover, since ideally these should exist, we were able to meet these more specific criteria of the evaluation study.

Mr. Richard Bradley, the Director of Evaluations for Public Secondary Schools of the New England Association of Colleges and Secondary Schools, described at a faculty meeting in January, 1968, the aims and procedures of the evaluation program. In October, 1968, Mr. Charles Johnson, the principal of Lexington High School, who was chosen to chair the visiting committee, spoke at a later faculty meeting and amplified on the remarks of Mr. Bradley concerning procedures of the evaluation program and the importance of the self-evaluation which at this time had been completed by the Staff of Norwood High.

On Sunday afternoon, November seventeenth, the School Plant Committee of the Visiting team of thirty-three educators from all over New England began the school evaluation study of Norwood High School. From the opening of school on Monday until late afternoon on Wednesday, the Committee using the same committee organization that the High School Staff used examined every phase of school life at Norwood High and scrutinized the completed self-evaluation of the Staff. Their task was simply to determine how objectively and accurately the Staff of Norwood High evaluated their High School; secondly, how well is Norwood High School serving the needs of the community, and is the community providing the educational programs of which it is capable.

Final Report of the Visiting Committee

The final report of this evaluation committee was submitted on December 31, 1968, to the Norwood Public Schools and to the Director of the Public Schools evaluation commission. The report will be studied and a decision made concerning the accreditation of Norwood High School. Because this report concerns secondary education in Norwood, it is of interest to all members of the community and accordingly will be made available by the Norwood School Committee.

For the administration and staff at Norwood High School, the evaluation program for accreditation has been most beneficial. Every organization needs this kind of close self-examination on a regular basis, and to have an impartial group which is charged with the responsibility of helping a community bring into focus the weaknesses and strengths of a school can only have salutary effects. The substance of the final report lies in the "recommendations" section of each evaluation study area. Each school must immediately begin a study of these recommended changes or improvements and act in some manner upon each. The accrediting agency requires of the Principal and staff subsequent two-year and five-year reports. In these reports the action taken on the individual recommendations must be described. This procedure insures that what needs to be done in the eyes of the visiting committee as a result of their evaluation and the self-evaluation of

the staff will be implemented or at least given due consideration. For this reason the work of the staff and administration has in a sense just entered a different phase. In later annual reports much of what has now been started will be described.

The School Plant

The prevailing topic in a discussion of the educational program at Norwood High is still the inadequate physical plant — inadequate not only in regard to its capability of housing the burgeoning enrollment, but also its inadequacy to meet the needs of contemporary methods of teaching and learning. The educational process at the secondary level, at least, has evolved from a track system with homogeneous grouping to individualized scheduling of subjects in a flexible program with homogeneous and heterogeneous grouping in small and large group instruction using multi-media presentations built around independent study and research. The pressing need is to allow those students who are capable of assuming the responsibility to do as much learning independently as possible. This is already being implemented on a very limited basis because of lack of facilities, although it is obvious that many more students are capable and would be better motivated in such a program. An instructional materials center or study center, as it is often called, is the requisite that makes the gradual development of this program possible. Norwood is fortunate in that presently plans are being made for such to be included in the major additions and renovations at the High School. Only within the past few years has enough experience been evaluated to demonstrate the benefit of such educational innovations. Many communities who built new schools or who added recent additions either failed to provide or failed to provide adequately for a study center, and many of their students are still scheduled during study periods to cafeterias and classrooms that are void of reference materials and multi-media instructional devices. This is presently the case at our own High School wherein three hundred to five hundred students are assigned to study halls in the cafeteria, empty classrooms, or the auditorium. The only materials available are what they are capable of carrying with them. The library, with a very efficient library staff, can accommodate only forty students each period. The size of this has not been increased since the building was erected in 1927, although some storage stacks were removed to allow for additional seating and live book storage. The present well culled library collection numbers eight thousand volumes, but a school with an enrollment of nineteen hundred students should have twenty to thirty thousand volumes and be capable of seating for study purposes twenty-five to thirty per cent of the enrollment or four hundred and fifty to six hundred students. The learning center is the core of the educational program, and every member of the school community should have an affinity to this facility because of its importance to their function in the school either as a teacher or as a student. It is also a place where study and research and learning is made as convenient as possible.

In Retirement

JAMES A. DUNN
1934 - 1968

For a period of thirty-four years, you have served the Norwood Senior High School as a teacher of Mathematics and Department Head.

In acknowledgement of your retirement, we know that you will find much satisfaction from your professional endeavors over these many years.

The members of the Norwood School Committee and the Superintendent of Schools, in appreciation of the services rendered by Mr. James A. Dunn, extend our best wishes for good health and good fortune upon the occasion of your retirement.

JOHN J. CAVANAUGH, Chairman

MRS. RUDITH M. BERKOWITZ

DR. THOMAS A. COUCH

HENRY W. DIGGS

WILLIAM F. EGAN

CHARLES C. SARACA

EUGENE F. THAYER

DR. PHILIP O. COAKLEY

Superintendent of Schools

There should be readily available functional equipment and materials that will facilitate the process of learning as well as motivate the user of this area. In this day of programmed learning, of films and recordings, and live and taped video presentations, the use of only the printed word in a few textbooks in a few different classrooms each day is taxing beyond reasonable limits the capabilities of even the most superior teaching staff.

Again, Norwood is fortunate, because on the drawing board are preliminary plans to create for the High School a very functional and contemporary school plant. This will meet all the needs and programs that we foresee. It will include an instructional materials center, approximately twenty-five per cent more classrooms of the specialized and interchangeable categories, an adequate auditorium with complete music facilities, and a large physical educational plant to meet the present requirements of the State Department of Education. All of these facilities will be available as community resources and will greatly enhance the many adult programs that are so much a part of the recreational and cultural opportunities in Norwood.

Curriculum Innovations

Humanities Lecture Series

The Chairman of the English Department proposed a well organized and practical program to present specific lectures on important topics in the humanities. These presentations were offered to sophomores and juniors who were willing to spend additional time attending lectures and field trips and writing a paper on a topic of their choice selected from the list of lecture subjects. One diploma credit is to be awarded to students who successfully pass this program in June, 1969.

From the beginning it was decided that these lectures would be multi-media presentations. This was to be a new experience for both lecturers and participants. The following topics have been scheduled for the academic year 1968-1969:

- An Introduction to the Humanities
- The Relevance of Philosophy
- Field trip to Concord, Mass.
- Thoreau's Natural Universe
- The Negro in American Literature
- The Negro in History
- Film: **Citizen Kane**
- The Art of the Cinema
- An Introduction to Psychology
- The Techniques of Criticism
- An Introduction to Jazz
- Musical Program
- Twentieth-Century Poetry
- Science as a Subject for the Arts

Listening to Music
Concert: Isabella Stewart Gardner Museum
Contemporary American Drama
The Contemporary Art Scene
Field trip: Museum of Fine Arts
Literature as a Political Instrument

Level three in German

The enrollment in the German language program has continued to grow for the third year. This has made it necessary to provide a sequential course of study for those who have completed level two. Study of the more complex features of German grammar is continued, and strong emphasis is placed on increasing verbal fluency through use of the language daily in the classroom and the laboratory.

Advanced Placement Chemistry

This course of study is the equivalent of first year college chemistry and treats the more complex principles of bonding, metal ion complexes, and quantum mechanics. Emphasis is placed on laboratory skills. Juniors who have completed the accelerated college preparatory science sequence of biology, chemistry (CHEMS) and physics (PSSC) are eligible to elect for the Senior year advanced placement biology or this course, advanced chemistry.

Contemporary Problems

In a workshop this past summer a group of social studies teachers under the direction of the Department Chairman wrote and prepared an entirely new course of study. As the title implies, it is a vivid and candid study of contemporary problems which face America in the latter part of the twentieth century and particularly those ills which beset the minority groups of our nation. Contemporary Problems may be elected by any student, but generally it is planned for those who do not intend to study for the baccalaureate degree.

Data Processing

Early in 1968 a key punch machine was added to the equipment of the business machines program. The need for student orientation in the practical operations accomplished by automated equipment has been of growing concern. This course gives the student an understanding of manual data processing and two types of automated systems for handling office work — the unit record system and the electronic computer system. Fortunately, there is extensive use made of data processing equipment to provide for the many administrative and student record operations.

Computer Aided Instruction

The staff and students in science and mathematics at Norwood High School are indeed fortunate to have access to a large, high speed computer housed at the New England Merchants Bank in Boston. A

typewriter terminal located in the high school is connected to the computer by telephone. This is a shared time program with two other secondary schools, Noble and Greenough of Dedham, and Pingree School in Hamilton, Massachusetts. Twenty-two hours each day are made available to these schools who arrange an equitable time distribution among themselves. In addition to solving problems in seconds, which by traditional methods would take hours, the students will learn how to program a computer. Stored in the memory cells of the machine are some 350 computer library programs. These are pre-written programs designed to do specific tasks which are of a general nature. These are also available to all users. The programming languages used in the system are Fortran, a scientific mathematical language, and Basic, a conversational language.

Co-Curricular Addenda

National Honor Society

Certain of our institutions at Norwood Senior High have earned a preeminence because of their academic significance. Most worthy of our praise are those students who have earned membership in the National Honor Society. On May 7, 1968, the following Seniors and Juniors were honored at a dinner tendered by the Norwood Chamber of Commerce preceding the annual Chamber of Commerce Essay Contest. Each new member was given the membership pin of the National Honor Society. The following were so honored:

Seniors: Ellen Breen, Dana Craig, Carolyn Deasy, Stephen Donovan, Candace Hurley, Karen Jean Kelly, Vincent Lembo, Richard Lindahl, Patricia Maggio, Jeanne Morse, George Nash, Eileen O'Connell, Janice O'Connell, Carol Paciorkowski, Janine Paquette, Janet Smith, and Christine Tonning.

Juniors: Richard Bayer, Kelvin Chin, Patricia Fanning, Karla Johnson, Barry Levine, Roy Lydon, Susan Nolan, Joanne O'Day, Anne O'Donnell, Kathleen Orme, Tara O'Toole, and Barbara Tausey.

A junior in order to qualify for membership must have been named on the school honor roll five times consecutively with at least three of these five citations for first honors.

Seniors must also have been named to the Honor Roll five times with at least two of these five citations for first honors. New members are enrolled at the end of the first and second terms.

The requirements for Honor Roll citation are as follows:
(only major subjects are considered)

Honors with Distinction: 90% average and no mark below 85.

First Honors: At least one mark over 89 and three additional marks over 84. One mark from 80-84 is allowed in a fifth major.

Second Honors:

At least four marks over 79. One mark from 75-79 is allowed if a student has five academic majors and if one of the other marks is above 89.

Education Night — Norwood Chamber of Commerce

Each year an essay contest sponsored by the Norwood Chamber of Commerce is conducted at Norwood Senior High School for college preparatory juniors and all seniors. The essays are evaluated first by a panel of English teachers and finally the best of these are read by a panel of lay readers who serve on the essay contest committee of the Chamber of Commerce.

Three finalists are selected who read their papers at a school assembly. A trio of judges further determine the first, second and third place positions of the finalists on the basis of delivery as well as content. This contest is highly regarded for its educational value and the interest which it engenders. The traditional process of selection and the final award program are strong motivational factors for many to extend themselves.

The winners of the 1968 contest in order of their final standing were Marylee Clark, a Junior; Vincent Lembo, a Senior, and Christine Tanning, a Senior.

Honors Banquet

The traditional Honors Banquet sponsored by the Norwood High School Parent Teachers Association was held on Tuesday evening, June 4, 1968, at the Lord Fox in Foxborough. The speaker for the evening was Mr. James Donovan, Assistant Superintendent of Schools for Secondary Education in Norwood. The students honored at this function are those underclassmen who have attained Honors with Distinction for the first three terms and all Seniors who have been listed on the Honor Roll for the first three terms of the Senior year.

Seniors: Joyce Abromowski, Carol Alexandrowicz, Jean Amirault, Ellen Breen, Margaret Capasso, Cathleen Coakley, Dorothea Conley, Kathleen Cormier, Dana Craig, Carolyn Deasy, Gail Dold, Stephen Donovan, Karen Elias, Patricia Gallagher, Candace Hurley, Kristen Kask, Karen J. Kelley, Jean Kern, Sandra Kinsinger, Vincent Lembo, Diane Lenox, Richard Lindahl, Cheryl Little, Corinne Maciejewski, Patricia Maggio, Karen Miller, Jeanne Morse, Carolyn Murphy, George Nash, Eileen O'Connell, Janice O'Connell, Carol Paciorkowski, Janine Paquette, Nancy Roberts, Janet Smith, and Christine Tanning.

Underclassmen: Rebecca Belastock, Marcia Burns, Jeannette Ciaccia, Robert Ciaccio, Sheila Curran, Laura Hale, Lorraine Hucksam, Gail McCann, and Barbara Tausey.

Tiot — Senior Yearbook 1968

Each year the Boston University School of Journalism sponsors a competition at which yearbooks of high schools from all over New

England are judged on the basis of many factors. Each year the Tiot of Norwood Senior High graduating classes has been adjudicated in one of the highest categories of awards. It is appropriate to relate again that the 1968 Tiot has received the award of "highest achievement" from the Boston University School of Journalism. The adviser of the Yearbook, Mrs. Philip Riley, and the student editors have established a noteworthy tradition of excellence of which all can be proud.

Conclusion

If this has been a year of evaluation at Norwood High School, it has also been a year of challenges for all who are involved in its educational processes. Some of the major current considerations that will continue to affect future educational planning are inadequate and obsolete facilities, adolescent use of alcohol, drugs and hallucinogens, racism and the tragic plight of Black Americans in the urban centers, student unrest for personal responsibilities and independence, and student unrest over draft laws and the Vietnam war. These are issues which students, parents, and teachers should discuss to find more beneficial and appropriate ways to incorporate them into the school curriculum because the inclusion of these topics in any curriculum considerations is essential in order to maintain a balanced and relevant educational program. This should be done despite the fact that when these subjects are discussed, the spontaneous emotion and enthusiasm of the participants often accentuate differences of opinion and complicate curriculum revision. The academic goals of the various programs must be accomplished and yet the academic endeavors cannot be allowed to smother the natural concern of staff and students for the great social and economic problems that face contemporary society.

Attempts to achieve this balance have been encouraging, and progress will increase with the high degree of cooperation and ability of the professional staff and the exemplary spirit and character of the youth in Norwood. One logical conclusion is to assume that the leadership and example of the parents and the municipal and school officials have had many salutary effects on our students. They in turn have helped immeasurably to make Norwood High School a superior secondary school.

The administration and staff are sincerely appreciative of the people of Norwood and of their elected representatives, the Norwood School Committee, and of Dr. Philip O. Coakley, Superintendent of Schools, for their encouragement and support in the task of providing a quality education for the youth of Norwood.

A copy of the graduation exercises follows with the names of those seniors who received special honors at that time.

REPORT OF THE DIRECTOR OF THE HENRY O. PEABODY SCHOOL

It is a pleasure for me to present my third annual report as Director of the Henry O. Peabody School.

The overall school enrollment has increased appreciably this year, particularly at the post-high school level. The total enrollment for 1968-69 is 191 students, representing thirty-one towns, including Norwood. Of this total 44 students are enrolled at the secondary school level and 147 students are members of the post-high school program.

Since the Beauty Culture Department continues to attract the greatest number of students, it has been necessary to establish a waiting list early in the year. A constant demand for our graduates, coupled with an excellent placement and performance record in the leading salons throughout the state, has added to its popularity.

As a means of further strengthening the program, consumer mathematics and shop management are being taught by the related math instructor. During the past year approximately 400 female patients of the Foxboro State Hospital were serviced by the students in the Beauty Culture Department. This accommodation served to rehabilitate many of the patients and also provided the students with additional experience in the areas required for licensure by the Massachusetts Board of Hairdressers. Professional technicians from the Wella Corporation have arranged a monthly program whereby students are being given instruction in the techniques and use of the new tint and bleach products. Roux and Clairol Company have also sent representatives to the school to demonstrate their coloring products.

For use in class lessons and lectures complete sets of transparencies have been secured in the following areas: Facials, sterilization and sanitation, anatomy and physiology, and basic hair styles. Sixty students and three instructors attended a Hair Fashion Workshop at the Sidney Hill Country Club in Chestnut Hill. The students were introduced to a new method of frosting hair, to new hair colors, and to cuts and hair styles for the fall and winter. Attendance at the Annual Trade and Style Show sponsored by the Massachusetts Cosmetologists' Association introduces the group to current trends and innovations and serves as an orientation to their professional organization.

In the business machines program, several changes have been effected this year:

For those who qualified on the IBM key-punch aptitude test and who completed the unit on the IBM Selectric simulated keypunch, a second test was administered designed to show an aptitude for programming. Both tests are published by IBM.

A medical office practice set was introduced to and used by those possessing good typing and machine transcription skills. The unit con-

HENRY O. PEABODY SCHOOL – BOARD OF TRUSTEES: (Standing) Gardner Bolster, Secretary; Gilbert W. Anderson; Thomas Adams, Treasurer; (Seated) Miss Catherine Bronson; Arthur C. Jones, President Philip P. Wadsworth (not present when picture was taken).

sists of 34 clerical job situations which an assistant might perform in a medical office. The student is given an opportunity to handle a limited medical vocabulary, patients' folders, bills, laboratory reports, and ledger cards. It requires no shorthand facility. It can be presented provided the girl is mature enough to handle the vocabulary and if she is able to type fairly well. The Stenorette was the transcribing machine used.

For those who have had one year of shorthand and who will transfer to the secretarial program at the end of the second term, machine transcription, one period daily, has been assigned. Several purposes are served. Daily homework is assigned in the reading and writing of shorthand notes, and transcription is typed from shorthand plates, as well as from the student's notes. Such practice will enable each girl to make a better transition than previously from the machines to the secretarial program.

The IBM Executive typewriter has been moved from the shorthand room to the business machines laboratory. Each girl will be given more opportunity to use this specialized typewriter.

In filing, qualifying company tests issued by the Gregg Awards Department of the BUSINESS TEACHER are given in alphabetic, geographic, and subject systems of filing, and in filing procedures. To date, forty-seven certificates and seventeen gold charms have been awarded to a group of sixteen students.

The overhead projector which was added to the business laboratory has contributed greatly to work presented in filing and in business law. It will be used also in record keeping in the third and fourth terms.

Mr. Richard Kimball, Employment Manager at Rust Craft Greeting Cards, Inc., Dedham, spoke to the business group on October 23, 1968. He stressed the desirability of possessing several skills, accuracy, and of having a good attendance record. He was well received by the group.

Miss Morrison has arranged two field trips: On November 7, 1968, the group visited William Carter Company, Needham Heights, Massachusetts. Miss Laurel Krebs, Personnel Assistant, arranged for a tour of the clerical work areas and the distribution center.

On February 11, 1969, the girls will visit the Prudential Insurance Company in Boston. They will be able to observe employees of a large concern at work, as well as see the Center.

The employment calls received since June, 1968, for our business-trained graduates have far exceeded the supply. It is hoped more students will take advantage of the school's offerings.

In the secretarial program an effort has been made to stimulate earlier use of shorthand in taking speed dictation and dictation for transcription. The practice of writing shorthand outlines was introduced in the first full week of school, rather than waiting until the

fifth week. Thus far, the writing experiment seems to be bearing fruit. The students are able to take practiced dictation more easily, and their outlines are in good proportion and very legible.

The teaching of shorthand theory has been completed, and the class has two full weeks before the end of Term II to build speed, to review theory, and to practice transcription techniques. Generally speaking, it is felt that the writing approach has been effective.

Gregg Typing Transparencies were used for the first time this year with beginning classes. For this purpose, a Flipatran Viewer was purchased, which supports the weight of the book of transparencies and protects them from the heat.

The overhead projector has been used extensively for the presentation of shorthand theory; for review of grammar, spelling, punctuation, plurals, and possessives with the transcription class; and with all typewriting classes for special units of teaching.

The Fashions typewriting work has been handled differently this year. All Fashion postgraduate students who were beginners in typewriting or who had a limited background were asked to report to the beginner's class with our Business department students. This setup has worked out quite well, as the Fashions students were under less strain being with beginners; and they have made substantial progress for the most part. The advanced typewriting students have reported in a separate group so that their work could be directed to their trade. They were able to move along in the work more independently than if beginners and intermediate students were in the same group.

The secretarial area of the department is still considering the feasibility of offering a course for medical assistants in the clerical and non-shorthand duties of this field. It is felt that some change in offering should be made in order to attract more students.

The Practical Nursing Program of the Henry O. Peabody School is in its fourth year of its Pilot Study of the 12-month Practical Nursing Program. The Program is due to be evaluated by the State Board in Nursing in June of 1969. We expect that approval will be given to this program, thus opening the way for all practical nursing programs to institute a 12-month curricula.

Thirty-nine students were accepted into the program on September 4, 1968; the enrollment is now 33. This represents an attrition rate of 15% which is well below the national average. One student was dropped because of academic failure and because she was unsuited for practical nursing; three students left for personal reasons but plan to return in September, 1969; two students left to enter other fields because of a dislike for nursing.

The philosophy and objectives of the practical nursing program are being reviewed for restatement and revision, since the faculty is com-

posed primarily of new people. It is believed that all will have a uniform understanding and sense of purpose having arrived at these statements together. Further benefits from this faculty project should result in improved continuity in teaching, in supervision, and in school-hospital relationships.

The present curriculum is being revised by the faculty of the practical nursing program to provide for a more effective articulation of the learning experiences. In addition, behavioral objectives are currently undergoing revision. New evaluation forms and guides are being prepared, which we hope will be more meaningful. The faculty expects to have the revisions completed in June, 1969, for presentation to and approval by the State Board.

Thanks to a class gift of \$50 from the class of 1968, printed originals and transparencies have been purchased for use with the overhead projector. We now have visual aid materials for each course in the practical nursing program and hope to add more as they become available.

The practical nursing students sold Christmas candles again this year to raise money for their activities. The sale was a great success, and the students' treasury is some \$200. richer.

The thirteen graduates who wrote State Board examinations in September, 1968 have received notification that they were successful in passing and are now Licensed Practical Nurses. Since seven of the 20 graduates were unable to write Boards in September, the Class report will not be complete until February, 1969.

The following individuals have accepted membership on the Advisory Board of the practical nursing program for 1968-69: Chairman, Mr. Charles A. Richardson, Administrator, Norwood Hospital; Dr. Louis Sieracki, Chief of the Medical Staff, Norwood Hospital; Miss Lillian Strout, Director of Nursing Service, Norwood Hospital; Mrs. George Bero, Women's Auxiliary, Norwood Hospital; Miss Eleanor Sline, Guidance Counselor, Walpole High School; Mr. Salvin Affannato, Guidance Counselor, Needham High School; Mr. Reno Roy, Guidance Counselor, Natick High School; Miss Anna Craig, Guidance Counselor, Wellesley High School; and Miss Maureen O'Brien, Assistant Professor, Nursing Education, Boston College.

New dimensions have been added to the Fashion Dressmaking Program. Due to an increase in enrollment, particularly at the postgraduate level, two new part-time instructors have been added to the staff. Mrs. Susan Sears is teaching Fashion Sketching and Textiles, and Mrs. Carole Stribley is teaching Principles of Dress Design. Revisions have been made in the curriculum which now includes Construction I, II, and III; Tailoring; Handcrafts; Pattern Analysis and Fit; Couture Detail; Pattern Drafting and Grading; Fur Work; Beading; French Draping; and Millinery Design. Modeling and make-up instruction has

been taught by a professional instructor at a Newton studio. Field trips to a silk mill, a woolen mill, and clothing manufacturers' workshops are scheduled.

In an annual district contest sponsored by the American Wool Council, Lorraine Waterman, of Walpole, won the first and third awards at the junior level; and Natalie Lombardy, of Attleboro, won the first award at the senior level. Both girls will now compete in the state contest on December 30. Other students receiving recognition were seniors Marsha Babaian, second place; Ellen Baker, fifth; Mildred Luce, sixth; and Margaret Kell, seventh place.

Increased interest in the Food Service Program at the postgraduate level has resulted in curriculum changes which involve more advanced theory and technical knowledge. Resource people are being asked to lecture, discuss, and demonstrate new foods, equipment, and skills in baking and food preparation. Visiting lecturers this year have included Mr. Sol Pasciuto, H.A. Johnson Co.; Mrs. Edith Spector, S.S. Pierce Co.; Mr. William Smith, King Arthur Flour; Mr. Fred Habacht, Paul Mason Vineyards; and U.S. meat inspectors. Field trips have been made to the H. A. Johnson Co., bakers' suppliers; Bolton Smart Co., meat packers; Statler-Hilton and Sheraton Plaza Hotel kitchen and dining facilities; and the new plant of the Boston Fisheries, Inc., where students observed the most advanced techniques in freezing fish, using the Cobalt method.

The School's Foods Department won first prize in the Vocational School Classification of the Culinary Show held in the War Memorial Auditorium, Prudential Center, from April 29 to May 3, 1968. The Culinary Show, sponsored by the Boston Epicurean Club, was part of the annual New England Hotel-Motel and Restaurant Show. The Peabody School display of fifty-four feet of table space exhibited students entries of puff pastry, Danish pastry, nougat work, decorated torte, Charlotte Royal, a four-tiered wedding cake, chaud-froid work, special sugar work, tallow sculpture, and twenty varieties of bread, rolls, and muffins, including a bread "horn of plenty."

Gary Marchand, a senior student, was awarded the first-prize scholarship from the Food Service Executive Association at ceremonies held at the Sidney Hill Country Club in Newton. This award, presented annually to an outstanding student in the Food Service Course of a vocational school, was given to Gary in recognition of his achievements in the chef's training program and in the commercial baking course at the Henry O. Peabody School.

Bernard Lanthier, a senior student, was the recipient of the "Gold Peel" award and certificate presented by the Baking Institute of Chicago. The winning of this award deserves special mention, for very few vocational schools have been so recognized; usually the honor goes to graduates of the University of Oklahoma, the Baking Institute of America, The Culinary Institute, or the Dunwoodie Institute.

All the students were employed during the summer months, and those desiring part-time work during the school year have now been placed. The demand from employers far exceeds the supply of trained workers.

The student-operated retail shop showed a marked gross sales increase this past year and afforded the managers unusual experience in retail selling and merchandising.

A new course in consumer economics for postgraduate students in the Food Service Department has been developed and is being taught by the instructor of social studies. The course objective is to acquaint the students with the importance of saving and stresses intelligent consumer buying.

In the English department twenty-six students have entered the essay contest sponsored by the Sears Roebuck Foundation.

Under the joint sponsorship of the Vocational Bureau of the Massachusetts Department of Education, and the Massachusetts Department of Public Health, Southeastern Region, a ten-session Food Service Program for Nursing Home personnel was inaugurated this spring. The program was especially tailored to meet the needs of the experienced Nursing Home Cook and to improve the skills of the less experienced. Classes were well attended and evaluative reports proved quite favorable.

More than 1,200 people attended our April 4th Open House celebration, which commemorated the twenty-fifth anniversary of the founding of the school. Town and state educators, civic leaders, prospective students, parents, and friends came from sixty-seven towns and cities throughout Massachusetts to observe student work, instructional materials, and classroom demonstrations in all the trade and academic departments. In conjunction with the Open House, the Adult Evening Program held its annual Exhibit in the girls' gymnasium of Norwood Senior High School.

The evening Adult Vocational program registered a total enrollment of 549 men and women for the twenty-four classes offered Monday through Thursday evenings. Courses running one class per week include Tailoring, Children's Clothing, Advanced Knitting, Rug Braiding, Rug Hooking, Decorated Ware, and Home Maintenance. Nine sections of Dressmaking I are offered, as well as two classes each of Flower Arranging and Holiday Greens, Cabinet Making, Beginners' Knitting, and Gourmet Foods. A display of work accomplished in the various adult classes last year was arranged in the window of Callahan's Furniture Store in Norwood during the week of March 18 through March 23. We are indeed grateful to Callahan's Norwood Furniture Company for its generous cooperation so that we might better acquaint the community with the educational opportunities in the Norwood school system.

A concerted effort has been made to develop better public relations with neighboring high schools, guidance personnel, and interested students. Many groups, large and small, have visited the school to become familiar with the curriculum and with the available programs. On request, the director, students, and teachers, have addressed assembly groups at the various junior and senior high schools.

During the summer holiday, the entire interior of the building was painted, giving the school a bright fresh appearance.

Financial provision in the sum of \$16,000 has been made available through the Vocational Bureau of the State Department of Education to install an urgently needed walk-in refrigerator and freezer. Installation will take place as soon as room is made available to relocate the boys' locker room.

Two MDTA programs have been completed—one a 20-week program for clerk-typists and the other a 35-week pilot program in Cosmetology. Three additional MDTA programs have been funded for Norwood, two of which have already started: a new section of clerk-typists and a 25-week program for clerk-stenographers. The second section in Cosmetology will commence on January 6.

I am deeply grateful to all who helped make this past year an educationally productive and rewarding experience.

RUTH M. SHEA

Director, Henry O. Peabody School

REPORT OF THE PRINCIPAL OF NORWOOD JUNIOR HIGH SCHOOL

Since 1961 Norwood Junior High School has operated as a two year school, housing grades seven and eight. At the present time we have an enrollment of 929. It is expected that the new junior high school will be in operation in September of 1969, and both schools will contain grades seven, eight and nine with a combined enrollment of approximately 1500 students. The return to the 6-3-3 system will alleviate the crowded conditions at Norwood Senior High School and reduce its enrollment substantially.

Although the same basic subjects appear in our curriculum, we have steadily strived to improve our offerings to make them more meaningful to our pupils and to reflect modern educational practices. Five of our seven English teachers now meet four classes daily instead of the usual five. One additional period each day is used for individual conferences with pupils to improve their written composition. The coordinator of our English department, Miss Mary L. Kent, reports that students' written expression has shown continued improvement.

The mathematics program has been under constant review. Algebra is offered to pupils in two sections of grade eight. Modern mathematics courses are given to over fifty percent of our students. Other pupils have the traditional mathematics program as well as the concepts of the newer mathematics program which are meaningful to them. Under the direction of the coordinator, Mr. Daniel McKenna, some team teaching takes place in algebra classes with both large and small groups. A mathematics center provides varied texts and visual aids which complement the classroom instruction. Pupils use this center after school on two afternoons each week either for their own improvement in mathematics or as a resource area to work on projects which interest them. Two teachers are present to advise or help pupils to use this resource area advantageously.

The social studies curriculum continues to emphasize geography in grade seven, and history in grade eight. Last year Miss Angela Rizzo, coordinator, worked with other teachers in the department to develop the theme, "Freedom", for use with selected classes, using many case studies to examine the rights which are guaranteed to citizens under our Constitution. Working last summer, this group revised the theme "Freedom", and prepared the second unit of the series which deals effectively with MINORITY GROUPS. This material is now used with fifty percent of the pupils in grade eight. With this concept method, a standard text is not used, although several texts and much related material are available. One pamphlet has actual cases involving liberty which have been decided by the United States Supreme Court, while other publications provide case studies to illustrate the uses and abuses of civil rights. Teachers of social studies strive to develop attitudes and abilities for critical thinking which are useful in trying to solve the varied and perplexing social problems of everyday life. These

attitudes and learnings will enable pupils to separate fact from opinion and to base decisions fairly on the evidence which is available, with consideration for the rights of others. If this continues into adult life, the role of social studies in our schools will continue to be more meaningful. Those not participating in this concept approach in social studies follow the traditional course in grade eight. This is a chronological survey of events in our country from the Colonial period to the present time, with special emphasis on the Constitution of the United States.

The science curriculum has been improved each year. For the past six years Norwood Junior High has been a pilot school for the Educational Development Council which has introduced a science course now widely used throughout the country. Introductory Physical Science, a course designed to enable students to experiment and to form their own conclusions as they interpret results of the experiments, is now offered to nine sections of our eighth grade. An advanced course, Introductory Physical Science II, was introduced at our school last year and continues with our most academically talented students. Two classes, taught by our science coordinator, Mr. John Twombly, were filmed while a regular lesson was being conducted. These two films will be used as part of a training program for teachers throughout the country. In the past few months Mr. Twombly has trained twenty-seven teachers from Norfolk County, using our school facilities to teach this course. Our successful Science Fair, which has been held for several years, was changed to include all departments within our school, and is now the School Fair.

The addition of a teacher in the industrial arts department allows us to have an instructor for woodwork, metal, and printing. Smaller class size enables us to operate this department now in the manner recommended by the American Industrial Arts Association.

To provide facilities which will equal those of the new junior high school, alterations will be made here. These changes will include the installation of language and biology laboratories, and modernization of our library. A portion of our library will no longer be needed as a classroom, and the space will be restored to the library. A room for craft work in the art department, space for mechanical drawing, additional room for the music program, and a room with equipment for personal typing will be provided. These alterations are planned so that no pupil in grades seven, eight, or nine will be at a disadvantage which is due solely to the physical facilities in the buildings.

Improvement of our physical plant has continued. Surfacing of an area in our yard for parking provides space for twenty-five cars. Another similar parking area is needed as competition is keen for parking space in our area, in part because the nearby hospital does not have adequate parking facilities. A new clock system is needed, and the rewiring of our electrical system should be completed.

In Retirement

M. EDWARD NEE
1940 - 1968

For some twenty-eight years you have directed the young people of Norwood Junior High School, and it is with regret that we note your retirement from our professional staff.

Satisfaction from your educational service, as well as coaching and officiating, should be an integral part of fond memories in years ahead.

The members of the Norwood School Committee, and the Superintendent of Schools, in appreciation of the services rendered by Mr. M. Edward Nee, extend our best wishes for good health and good fortune upon the occasion of your retirement.

JOHN J. CAVANAUGH, Chairman

MRS. RUDITH M. BERKOWITZ

DR. THOMAS A. COUCH

HENRY W. DIGGS

WILLIAM F. EGAN

CHARLES C. SARACA

EUGENE F. THAYER

DR. PHILIP O. COAKLEY

Superintendent of Schools

I thank the Norwood School Committee and our Superintendent of Schools, Dr. Philip O. Coakley for their continued support in all phases of our educational program. I am also grateful to the School Committee, Dr. Coakley, and the Selectmen of Norwood for their co-operation in improving the physical facilities of Norwood Junior High School.

JOHN J. CORCORAN, Principal
Norwood Junior High School

REPORT OF THE DIRECTOR OF SPECIAL EDUCATION

As the school population continues to increase and the state legislature becomes more cognizant of the specialized needs of children with physical and/or psychological handicaps and legislates accordingly, it is reasonable to expect continued expansion in the field of special education.

The current school year reflects this atmosphere of change in terms of both program additions and planning for future programs in the areas of mental retardation, perceptually handicapped and emotional disturbances.

Changes in the program for the mentally retarded featured an additional class at the Jr. High School level, relocation of the trainable class from the Baptist Church to the Oldham School, and the success of the work study program at the Senior High School.

The advent of the Jr. High School class fills what has been a serious void in our special education program for educable children. Prior to this we have had the alternatives of either keeping a pupil in the Elementary Adjustment class until he was old enough to go to the Senior High Group; sending him on to the Senior High Group before he was ready in terms of age; or placing him in a low division at the Junior High School and hope that he could survive. In the majority of cases, either alternative left much to be desired.

The additional class at the Jr. High School insures a continuous curriculum offering from grade 1 through 12, and has sufficient flexibility through a high degree of integration to provide an educational opportunity for all students who fall into the educable retarded range.

The current organizational structure, one primary, two intermediates, a Junior High and Senior High Adjustment Classes, affords the pupils the opportunity, through small pupil teacher ratio, to either make the transition into the regular classroom situation, or provide the specialized program for his/her individual needs, culminating with the work study program at the High School level with preparation and experiences in various types of positions and a High School diploma.

The relocation of the Trainable Class from the Baptist Church to the Oldham School was another important milestone passed in adher-

ing to the philosophy of maximum integration for retarded children. Although these children are extremely limited in academic ability, their greatest need lies in the area of socializing and adapting themselves to the routine of functioning in everyday living. The relocation affords them the opportunity to associate, in a limited manner, with more adults and children than in their former setting. This program is designed to train these children to be able to care for their own personal and emotional needs and to prepare them for purposeful occupations in sheltered work shop programs.

One of the highest priority areas in the field of special education concerns itself with the problems of the perceptually handicapped, commonly referred to as "dyslexia". Much time and energy has been devoted to the identification and remediation of children who exhibit the characteristics associated with this particular learning disability. The research is being done on two levels; regionally, through The Education Cooperative (TEC) and locally through our Learning Centers.

TEC is a Title III project, part of which is devoted to pooling the resources of twelve surrounding communities to better serve the particular needs of pupils in special education. Bi-monthly meetings of the Directors of Special Education in the area concern themselves with all the general areas within the field, while specific emphasis is placed on the perceptually handicapped and emotionally disturbed. The efforts of this group has resulted in increased knowledge of the problem itself, methods of screening and identification that will be uniform among the area towns and possibly throughout the State, and in-service programs for teachers of the perceptually handicapped.

In conjunction with TEC, course offerings are being made available to teachers of special education, speech and reading, so that they may further increase their knowledge of this particular learning disability and adapt their programs, where applicable, to the specialized needs of children who are perceptually handicapped.

The severity of this particular handicap varies greatly among children afflicted. By utilizing all of our resources, the Learning Centers for those who have the greatest degree of difficulty, and the teacher of reading and speech to work with those children whose handicaps are of a lesser degree, provision will have been made to overcome the learning difficulty of the pupils involved.

The newest thrust in the field of Special Education concerns itself with the problems of emotionally disturbed children.

The state legislature has mandated "programs and treatment" for children who fall into this category. This nebulous terminology, while providing a great deal of flexibility in the operation of such a program, also leaves much to be desired in terms of directions to be taken.

Since a program of this type should deal with children whose emotional disturbances range from mild to moderate, exclusive of

severe disorders, it is neither necessary or desirable that these children be isolated for the entire day in a self-contained classroom situation. Preliminary planning envisions an organizational structure that includes small group instruction for a period of approximately one hour per day, five days weekly.

A class, or classes for the emotionally disturbed dictates the need for full utilization of our present human resources, plus the need for additional personnel. Psychological services that have been mandated by the state guidelines can, in my opinion, be met through our current affiliation with the Leslie B. Cutler Clinic. Although the consultation services of the Clinic are being utilized to their fullest extent, it is felt that schedules and time allotments can be re-arranged toward this purpose without adverse effect on the present programs. Dr. Korwin, psychologist from the Clinic, presently meets with the High School guidance counsellors weekly for one hour, and for two and one half hours weekly, on an alternating basis, with the personnel in Special Education and the Learning Center teachers. Non- professional personnel, in the form of teacher's aid/aids, will also be necessary to meet the requirements of this program. This person would be hired on a part or full time basis, with fifty percent of his/her salary being reimbursed by the Commonwealth.

In conjunction with this program, but not necessarily limited to it exclusively, there is a definite need for an additional person in the area of Special Education. As we get more involved in the psychological aspects of learning and realize that the environmental atmosphere of a pupil reflects in his school performance, it becomes more evident that there is a necessity for someone who can co-ordinate the activities of the home and school to help better understand, and give additional support to, the child whose educational difficulties transcends the limits of the classroom.

Another area of Special Education concerns those pupils with speech handicaps. The five specialists have a combined case load of 450 pupils with problems ranging from articulation to voice and includes stuttering, delayed speech, lip reading, auditory training, cleft palate and cerebral palsey. The staff is outstanding in both quality and numbers and provide a comprehensive program in speech for all who need it.

As our programs and offerings in the area expand, we find it necessary to administer more individualized tests. Where our individual testing requirements were limited in the past to testing for state records for the mentally retarded and possible placement in the Adjustment Classes, the program has expanded considerably. In addition to these cases, it is now necessary to give individual tests of intelligence, visual perception, auditory discrimination and personality in our screening processes for perceptually handicapped and emotionally disturbed as well as many tests requested by teachers and principals to measure potential abilities of children.

This additional testing is placing a strain on our human resources. Since one of our speech specialists spends half of her time on the individual testing program, two alternatives are presented: we can either release our present testor and let her devote her full schedule to speech therapy and hire a full time testor, or utilize our present testor full time and hire an additional speech therapist.

Although provisions are made for the vast majority of handicapped children within the Norwood Public School System, there are some children whose handicaps are so severe that placement within a public school setting is impossible within the present frame work. In working with the State Department of Education, placements are made for those children in schools that are especially equipped and staffed to provide for that particular handicap. In this category we have children attending Boston School for the Deaf, John Whittier and Washington Irving for sight handicapped, and the Industrial School for Crippled Children.

There are many children whose severe emotional disturbances makes it extremely difficult for them to function successfully in a normal classroom setting. Under Chapter 700 of the General Laws of the Commonwealth of Massachusetts, provisions have been made to place them in either day school programs or residential schools where they are able to obtain all of the services necessary to regain their emotional stability and well being.

There are many other schools and programs, too numerous to be covered in a report of this nature, sponsored by the state through its Department of Education and Rehabilitation Commission that involve the efforts of this office in terms of evaluation, communication and transportation.

In the event that a pupil is incapacitated on a temporary or permanent basis and cannot attend school for an extended period of time, provisions are made for home tutoring. This includes processing of state forms, arranging a suitable tutor and keeping records of time involved. The majority of these children are in the Norwood Public Schools, but we also provide for Norwood residents attending private or parochial schools who fall into this category. On occasion we tutor out of town pupils who may be in the Norwood Hospital, but the fee is paid by the Town where the pupil resides.

The cost of Special Education is high and will continue to increase, but the programs referred to in this report are all reimbursable by the State by either fifty or one hundred per cent. It should also be noted here, that, although the full costs of the various programs must be appropriated through the budget of the School Committee, the cash reimbursements go directly to the Town of Norwood and so the budget expenditures for Special Education are much higher than the net cost of operating the program.

Cost, however, is incidental. It is the sincere desire of the Director, and all personnel affiliated with Special Education, that these handicapped children be given every opportunity to overcome their difficulty, where possible, or learn to adapt and compensate for their handicaps to enable them to function as productive members in our modern society.

This is Special Education.

MICHAEL C. SANSONE
Director of Special Education

REPORT OF THE DIRECTOR OF MUSIC

It is a pleasure to present my third annual report as Director of Music for the Town of Norwood.

Elementary Vocal Program

There are three teachers and one supervisor at this level. We are fortunate to have a schedule that enables our specialists to meet with every child in our educational system once a week. Our curriculum offering at this level can best be described as one that enables our youngsters to receive an eclectic knowledge of music. Our objectives are to have our students receive a growing enjoyment and interest in the many phases of the music activity program. They should be able to sing with good tone, with proper attention to pitch, tempo, phrasing, enunciation and pronunciation. They must have the ability to distinguish tone qualities of instruments, alone and in combination. Finally, they must develop good listening habits, through the ability to recognize, judge, compare, and contrast the different types, styles and moods of music. We also have a chorus at each elementary school that rehearses outside of school time.

Elementary Instrumental Program

The elementary instrumental program is now an important part of our curriculum offering; through the inception of a program that enables our youngsters to receive one half hour of music instruction per week during the school day without change. In order to develop a proper feeder program that will produce results in our performing groups at the secondary level, a program such as this is of profound importance. At this time we have 385 students now enrolled in our instrumental program. Success in this program is due largely to the flutophone classes that are taught in the third grades throughout our school system. The flutophone is a pre-band instrument and students having success with this instrument are encouraged to enroll in our instrumental program.

Every elementary school has a band that performs at various holiday assemblies and P.T.A. meetings. This group rehearses outside of

school time so that the scheduling problem at the elementary level will be somewhat eased; although I feel it should be part of the school day since it is part of our curriculum offering.

These bands add greatly to the enthusiasm and progress of our instrumental students. At the end of the year, we will combine the sixth grades from the town for a performance at our annual spring festival of bands concert.

Our string program is prospering with an enrollment of 160 boys and girls. An elementary orchestra was started this year and proved a great stimulus to the youngsters. Rehearsals were held Wednesday afternoon at the Junior High School.

Our staff at this level includes one woodwind instructor, one brass instructor, and one string instructor.

Junior High School Program

Our staff at the Junior High School numbers 2 — 1 vocal and 1 instrumental. The Junior High School performing groups include the Band and Glee Club. They continue to play an important part in the musical life of their school. The Glee Club numbers 140 and the great enthusiasm of the participants is very much in evidence.

The Junior High School Band numbers 75 and is performing at many assemblies, including a successful exchange concert with the Arlington Junior High School Orchestra.

The Junior High School remains the sight of most after school lessons. Instruction is available to all youngsters in grades 7-12, on all string, woodwind, brass and percussion instruments by a staff of instrumental specialists. Lessons are held Monday through Friday from 3:00 P.M. to approximately 7:30 P.M.

Senior High School Program

We have two instructors at this level and progress has been made in curriculum development. Our elective program is very extensive and includes the following:

Grade 10	Grade 11	Grade 12
Music Apprec. 1	Music Apprec. 1 & 2	Music Apprec. 1 & 2
Music Theory 1	Music Theory 1 & 2	Music Theory 1 & 2
Girls Choir	Girls Choir	Girls Choir
Concert Chorale	Concert Chorale	Concert Chorale
	Voice Class	Voice Class
Band	Band	Band
Woodwind Ensemble	Woodwind Ensemble	Woodwind Ensemble
Brass Ensemble	Brass Ensemble	Brass Ensemble
Percussion Ensemble	Percussion Ensemble	Percussion Ensemble

The performing vocal groups include The Concert Chorale (mixed voices) (65), The Girls Choir (30), and The Madrigals (20). These

groups contributed to many excellent programs throughout the year including a guest appearance by the Concert Chorale at the Prudential Center Christmas program in Boston. The Madrigals won an honorable mention at the Southeast District Auditions festival and nine vocalists were selected to participate in the annual District Concert with recommendations for all-state participation going to six students.

The performing instrumental groups include The Marching Band (80), Concert (Band 69), and Stageband (20). These groups are performing music of very high quality. I am pleased to inform you that in competition with approximately 75 schools from Southeastern Massachusetts, our Concert Band won the Class A Concert Band Trophy and our Stageband was rated among the top three.

Our students are also participating in other musical groups throughout the state which include:

Southeastern Massachusetts District Band and Orchestra—14

Recommended all-state—10

Greater Boston Youth Symphony Orchestra—2

WHDH-TV Greater Bostonian Orchestra and Chorus—3

The Continental Singers—1

The following are activities in which our groups took part: Football games, Armistice Day Parade, Memorial Day Parade, Little League Parade, Fourth of July Parade, Christmas Concert, Rotary Club Performance, Women's Club Performance, Young Audiences Concert Series, Senior Musical, Exchange Concert with Groveton High School, Groveton, New Hampshire, various assemblies throughout our schools in Norwood, Graduation Ceremonies, Spring instrumental concert, Southeastern Mass. District Festival and Competition, and Performing District and all-state groups.

Although we do have the teachers and the curriculum to prepare a student for entry into a university or conservatory, it is our purpose to make available to all young people in Norwood Public Schools, a music program that will enrich their lives by having correctly guided exposure to the all-improving art of music.

I would like to take this opportunity to express my sincere appreciation to the Superintendent of Schools, Dr. Philip O. Coakley, for his cooperation and continuous support.

I would also like to express a sincere thank you to the Norwood School Committee, Assistants to the Superintendent of Schools, Director of Special Services, School Administrators and classroom teachers for their enthusiastic cooperation and assistance throughout the year.

PAUL M. ALBERTA
Director of Music

REPORT OF THE DIRECTOR OF ART

In this period of technological emphasis, it is reassuring to note that a healthy counterbalance in the arts has been maintained. Personnel, equipment, and supplies have been acquired in direct proportion to the growth of the school system.

Bulletin Board Displays

At any time one can walk into any of the public schools and enjoy colorful, significant bulletin board displays. Emphasis has been placed on exhibiting student work, and this gives the exhibition a relevancy to the environment. From the Senior High School displays to the elementary school bulletin boards there is a healthy spread of achievement and development. First grade art work should look as though it was done by first graders and any attempt to push the child beyond his instinctive capacity merely produces work that is teacher oriented and the child is merely a duplicator of adult criteria. It is too easy to construct displays that are handsome but unfortunately the end result has no pertinency to art education.

Elementary and Junior High School Exhibition

The Art Department, working with the Friends of the Library, was able to exhibit significant art work that was done by the students from grade one through grade eight.

All work, displayed, was an indication of lessons that were taught in the classroom. This fact made the display a true representation of the Art Program as it is taught in the Public Schools.

The exhibition, though limited to two dimensional work, showed a good variety of methods and materials.

The display was kept over the anticipated closing date and it provided a colorful note for a conference of librarians that was held at the local library.

A Valuable Addition — Senior High School

With the acquisition of an etching press, art students will be able to explore the realm of the Graphic Arts.

Etching, Dry Point, Aqua Tints, Engraving etc., are art experiences that we are now able to offer our students.

Scenery and Props for Elementary Schools

Each year, the Art Department is able to correlate efforts with other departments. In the presentation of musicals, plays, displays etc., the students, with ingenuity and imagination and the guidance of the art teacher, transform an odd assortment of materials into appropriate stage sets.

The following are significant examples:

Painted Scenes of America — 6th Grade musical, Balch School
Props, French Play — 5th Grade, Callahan School
Scenery — 6th Grade musical, Oldham School
Scenery and large papier mache Giraffe — 6th grade presentation of Dr. Doolittle, Cleveland School

Scenery for Speech Play — King Arthur's Men
Scenery for 5th Grade play — Macbeth
Scenery for 6th Grade play — Salute to Walt Disney

All three at the Prescott School

Ceramics

Participation in ceramic work included all levels — from the pinch pots of a kindergarten class to the more sophisticated projects of the Senior High School students.

The Junior High Students, using the coil and slab methods of construction, fashioned attractive, functional objects.

The sixth graders at the Oldham School contributed more tile designs for the permanent display on the foyer wall surface.

A first grade class, using UNDER THE SEA as a motivating theme, created decorative fish, shells, etc., that were glazed and fired. The lesson was a satisfactory correlation of the ceramic technique and a specific area of study.

Heartbeats '69

The Senior High School and the Junior High School students created cover designs for the Norwood Hospital's 50th Anniversary Program Book. The schools, located in the towns that are serviced by the hospital, were asked to submit original designs. A jury will select the best idea and this choice will be used as the cover design.

Book Posters and Illustrations Elementary Schools

During National Library Week, elementary school students designed and executed colorful posters and illustrations for display in the various schools. The subject matter had to represent a book or story that the child had read. Many interesting interpretations of characters and events were created.

Some schools, at the request of their P.T.A. gave ribbon awards to the outstanding posters.

Art Festival Temple Shaare Tefilah

A selected number of students were invited to view an exhibition of art work on display at the local Temple. The exhibit gave the art students an opportunity to see the work of nationally known artists.

The organizers of the Festival are to be commended for their desire to share this art experience with the public school pupils.

General Projects Undertaken by the Art Department

1. Lettered certificates for the Old Colony Council of Boy Scouts.
2. Prepared fourteen reproductions for the Junior High School Social Studies Department. The colorful prints were contributed by the U.S. War Department.
3. Designed and executed a 3' x 10' outdoor sign, for the Friends of the Library, to advertise the Annual Art Festival.
4. Testimonials for retired teachers — 3.
5. Testimonial for Miss Emily Goode, deceased representative of the Mass. Audubon Society.
6. Contributed art work for the H. O. Peabody School —
 - a. Display at Callahan Furniture Store
 - b. Open House exhibition
7. Art work for Newsletter

Norwood Art Festival

The annual Art Festival, held at the Morrill Memorial Library, was a good opportunity for the Art Department to combine efforts with a civic group.

The Senior High School art students made colorful posters to announce the beginning of the exhibition. These were displayed at strategic locations throughout the Town.

The students also submitted work that was prejudged and then put on display in the gallery section of the Library. The Scholastic art work extended from the traditional to the most contemporary techniques of expression.

Junior High School Art Display — Science Fair

The Junior High School students had an opportunity to show their works of art as an adjunct to the annual science fair. Mrs. Shain who has undertaken many ambitious art techniques with her art classes organized an interesting display of a variety of art projects. Both two dimensional and three dimensional work was represented. This was the first year that art work was instituted as part of the Fair.

Massachusetts Federation of Womens' Clubs

Each year this civic group sponsors a scholarship drive and entries will be submitted by seniors at the High School. The chairman of their art committee as an added attraction this year placed on exhibition winning entries that had been selected in previous years.

In undertaking any unique project whether it is a civic request, an art competition, an exhibition, etc., the criteria for our participation

has been . . . is the activity beneficial to our students as a constructive art educational experience? It is necessary, at times, to establish limitations as to how frequently the art department can participate; otherwise the art program in the classroom becomes a secondary consideration.

JOHN LEVITSKY
Director of Art

REPORT OF THE DIRECTOR OF AUDIO VISUAL EDUCATION

The year, 1968, has proved to be an exciting one, both in world and space activities as well as in our own schools. The use of Audio Visual equipment and materials has helped considerably in the production, understanding, and advancement of new and revolutionary ideas in all walks of life, particularly in education. We in the Norwood Public Schools are attempting to meet these new and growing needs in today's society. In order that today's education will meet the needs of tomorrow we are continually striving to up-date and modernize our A.V. methods, materials, and presentations.

The Office of Audio Visual Education is open to all teachers and the Director is always ready to assist in the procurement, design, and production of such materials as the teacher may need. The first consideration is, of course, will it fill the need of the student?

Most of the films used in the Junior and Senior High Schools are rented from University and commercial film libraries, and only those that are current and up-to-date are used.

On the elementary level we own a library of over 140 films. This library is growing each year through the use of Federal funds and money budgeted for this purpose. Great care is used in selecting new films, and only those that are pertinent to the established curriculum and are not dated are purchased. Specialized and occasionally used films are rented from the Massachusetts State Film Cooperative.

Our own library films were requested a total of 732 times in 1968. (Requests ranged from one to fifteen times per film and averaged a little over two showings per booking.) Based on what we would have to pay to rent these films at the present rate our films will pay for themselves in about three years. (Barring serious damage, film life can be in excess of ten years.)

With these films always available, teachers can make much better use of them by more timely scheduling — the most valuable film is the one in the teacher's room on the day the subject is discussed. Films can be used to introduce, supplement, or review a subject.

Filmstrips and transparencies continue to be used frequently at all levels in our system. In fact more and more teachers are using

materials they are producing for their own classes, particularly on the overhead projector.

With the acquisition of new listening stations for the elementary schools, tape recorders are being pressed into use. Lessons on tape prepared in advance by the teacher are being used by several students at the learning center in the room, while she works with another group.

Again this year we were fortunate to have Federal funds available to us. By using money from the National Defense Education Act (NDEA) and the Elementary Secondary Education Act (ESEA) we have been able to purchase more much needed equipment and materials for all our departments.

One of the big problems facing the A.V. Director is breakdowns of equipment. With so many people using the many and various machines, mishaps do occur. Over eighty percent of the difficulties are repaired by the Director and only major or specialized overhaul jobs are sent to regular outside shops. This system is valuable as it lowers maintenance costs and reduces the time equipment is not in operation.

Through the continued cooperation of Audio Visual Coordinators, Mr. Thomas Burbridge, at the High School and Mr. William Mazurek, at the Junior High, A.V. functions in these two schools are operating smoothly. Members of A.V. Clubs in each school are being used frequently.

The High School A.V. Aides are on the job every period everyday. These boys have been specially trained to handle most situations that may arise. They report to the A.V. Office, instead of study halls, for assignments each day and their services are available to all teachers upon request.

The Junior High Club is more of a training program for the boys, but they do assist in their own classes, at assemblies and school productions. The main purpose of this club is to give interested boys a good background in the use of all types of machines in order to assist their teachers in the smooth operation of an effective A.V. program.

During this year the A.V. Director has driven over 1800 miles in countless visits to the various schools in Norwood to deliver films, discuss programs and A.V. usages, and make repairs. He has also attended meetings, seminars, and conferences on Audio Visual Education, both in Norwood and in surrounding towns. Training sessions for teachers and students have been held in all schools. The Audio Visual Office has also received requests for service from the Morrill Memorial Library, several departments of town government, local citizens groups and churches. When possible, assistance was granted.

I am happy to relate that the new George F. Willett School, which opened in September, is at present adequately supplied with Audio Visual equipment and materials.

A program designed to replace our older television sets was started this year in anticipation of the 1970 "21 Classroom" move from Channel 2 to Channel 44. Ultra High Frequency channels are not available to us on our present sets.

In closing I wish to thank Dr. Coakley, the Norwood School Committee, Principals, Teachers and Coordinators for their continued aid and assistance in advancing Audio Visual Education in the Norwood Public Schools.

RAYMOND F. FLECK

Director of Audio Visual Education

REPORT OF THE DIRECTOR OF ATHLETICS AND SUPERVISOR OF SENIOR HIGH SCHOOL PHYSICAL EDUCATION

Boys and Girls — Physical Education

The following were instructors in the Physical Education program: Miss Florence Sullivan, Miss Jacqueline Haslett, Mrs. Poppy Mastravita. Miss Haslett resigned her position in February to take a teaching position at Boston State College, and Mrs. Mastravita resigned her position in June. These positions were filled by Mrs. Betty Haggett and Miss Rebeccah Wagner.

The boys instructors are as follows: Mr. Arthur Gulla, Mr. Ben Malvinni, and Mr. Joseph Katchpole.

Ninth and tenth grade students take Physical Education three periods per week. The eleventh and twelfth grade students take Physical Education two periods per week. The program consists of all sports in season, exercises, apparatus, dancing, archery, volley ball, weight lifting, and games. Physical fitness and written tests are given during the year.

Intramurals — Boys and Girls

This Program encourages the student to develop the skills of the various sports taken up in the class program and varsity sports. The following sports are offered to the girls: Tennis, Archery, basketball and gymnastics. The boys program this year consisted of basketball, gymnastics, weight training, and any other activity the student desired. The turnout for this program was very good.

Athletics — Boys and Girls

The athletic program for the girls consists of the following sports: Varsity and junior varsity field hockey, varsity and junior varsity basketball, gymnastics, tennis, varsity and junior varsity softball, and swimming.

The swimming team, coached by Mr. Alan Carver, won the championship of their division. This was an outstanding feat, as this was our first year of competition in the league.

The softball team, coached by Miss Florence Sullivan, were Co-Champions in the Bay State League. The gymnastic team should be congratulated for their fine season, losing only one meet. This was their best record since we put gymnastics in our program.

The Athletic Program for the boys consist of: Varsity and junior varsity football, Cross Country, soccer, varsity and junior varsity hockey, varsity and junior varsity basketball, gymnastics, varsity and junior varsity wrestling, indoor track, swimming, varsity and junior varsity baseball, tennis, golf, and outdoor track.

I feel this was a good year in athletics for us. We had several outstanding teams. The hockey team finished second in the Bay State League and for the second straight year went to the State Finals only to be beaten, again, by Arlington High School. This game went to an overtime sudden death period.

The wrestling team were Co-Champions in the Bay State League and went on to win the Sectional tournament held at our school. Twelve schools were represented in this tournament. It was an outstanding achievement for our boys.

The boys swimming team, not to be outdone by the girls, also won their division championship. The boys and girls swimming teams have done very well considering the short time that the sport has been in operation. We had many outstanding boys and girls on our athletic teams who, with their coaches, should be congratulated for their excellent showing during the year.

Junior High School Athletics — Boys

A complete program is carried on in the seventh, eighth, and ninth grades: Varsity and junior varsity football, varsity and junior varsity basketball, varsity and junior varsity cross country and outdoor track, varsity and junior varsity baseball, and varsity and junior varsity hockey. We have many outstanding young athletes on this level, and I'm sure that many of them will excel in the next few years.

Health Education

In today's society, there are many things that affect the health of the American public. The increased rate of drug addiction, alcoholism, lung cancer, and heart disease are but a few. The health course, which is mandatory for all sophomore boys and girls, provides this information to the student, along with general information about the human anatomy in two class periods per week.

ORLANDO M. SCAFATI

Director of Athletics and Supervisor of Senior High School Physical Education

REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION

Athletics - Intra-Murals - Elementary and Junior High Schools

Philosophy of Physical Education

Physical Education is a way of education through physical activities selected and carried on with full regard to values in human growth, development and behavior. Because it is a phase of the total educational program, physical education has goals which are compatible with other learning experiences in school resulting in total physical and mental development of all youth as worthy citizens in our democratic society.

It is the basic philosophy of the Norwood Physical Education Program to have a planned curriculum geared to train each student in progressive activities selected for his age and stage of development.

Physical education aims to interest every child in physical activities as a necessary part of life; to lead to improvement in physical fitness; to promote the development of social poise, confidence, leadership and character training; and wholesome use of leisure time.

ELEMENTARY SCHOOLS

Physical Education

In our elementary schools we have four (4) trained physical education instructors to project our physical education program.

Every boy and girl, unless medically excused, receives two (2) formal physical education periods per week in a formal, progressive atmosphere. Sneakers and proper attire are required when participating in the program.

A complete new elementary physical education curriculum guide was put into effect in September, 1968. This was done to focus attention on new activities and to keep our program abreast with a present day philosophy on physical education.

Activities that are offered at the lower elementary level are movement exploration and body mechanics which develop basic skills in walking, running, jumping, hopping, galloping, sliding and skipping; rhythmic activities; stunts, tumbling and apparatus skills; self-testing activities; story plays; simple game activities; and athletic skills and games.

In our upper elementary program, progression of our basic skills are combined into activities that develop the large muscles of the body. Activities such as stunts, tumbling and apparatus; athletic games; track and field; rhythmic; and physical fitness tests are offered to boys and girls in Grades three, four, five and six.

Professional instruction, with the assistance of our elementary classroom teachers and our curriculum, all combine to develop and promote the enjoyment of being physically fit to over 3700 boys and girls at the elementary level.

Elementary Physical Education Exhibition Day

Our eighth annual physical education exhibition day was held on Friday, June 15, 1968 at the Oldham School grounds for approximately 550 sixth grade boys and girls in the Norwood Public Schools.

The entire day was devoted to activities that are included in our physical education program, such as volleyball, kickball and deck tennis games; 50 and 100 yard dashes, basketball throws, high jumping, standing broad jump and 220 yard relay races.

Once again this annual event was a most successful and enjoyable experience for the students.

Physical Fitness Test

The annual youth physical fitness test was administered to every boy and girl in grades four, five and six in the spring of 1968. Students who successfully pass this test are awarded a Physical Fitness Certificate. The test includes: sit-ups, pull-ups, flexed arm hang, shuttle run, standing broad jump, softball throw for distance and the 600 yard walk and run.

This annual test motivates pupils to practice self improvement and informs students to what level they are achieving in comparison to the rest of the class.

Educable and Trainable Classes

The children at our educable and trainable classes receive two (2) physical education periods per week.

These particular children range from the severely retarded to the moderately handicapped, and due to these conditions, our program is centered towards developing the basic skills and coordination through activities such as calisthenics, throwng, catching, running, hopping, jumping, rope skipping, tumbling and low organization games.

Our prime concern in this program is the development of basic motor skills and physical fitness that are so important in the child's psycho-social development.

Athletics and Intra-murals

Our athletic program is offered to all boys and girls in grades five and six during the school year. The activities are planned on a regular basis with trained classroom teachers as instructors. Approximately thirty one weeks are devoted to this program which is divided into three seasons — fall, winter and spring.

Fall - Boys: Flag Football

Girls: At the present time we do not offer a program but plans are being developed to start field hockey in the fall of 1969.

Winter - Boys: Basketball
Girls: Basketball

Spring - Boys: Baseball
Girls: Softball

We also offer a limited amount of inter-school competition within our athletic program.

The intra-mural program is offered to boys and girls in grades four, five and six, and is planend for boys and girls who do not wish to participate in the athletic program. This program, like the athletic program, runs throughout the school year.

Some activities that the students participate in are soccer, kickball, tag football, tennis, group games, basketball, volleyball, ping pong, checkers, chess, badminton, four square and hop scotch.

These activities are also performed in the physical education program and are enjoyed by a large number of boys and girls.

Our main objective in our athletic and intra-mural program is to involve as many students as possible for improvement of skill and for enjoyment.

Innovations

1. New equipment that is constantly improving our entire elementary program.
2. New facilities at the Willett School including a gymnasium, equipment, play areas and tennis courts.
3. The painting of game and activity lines in all elementary school hard top areas. (Permits students to engage in physical activity before and after school and at recess.)
4. Introduction of a new physical education curriculum guide.

JUNIOR HIGH SCHOOL

Physical Education

Our basic philosophy is carried forth from the elementary level to the Junior High School where a more vigorous and progressive program is offered to every boy and girl. All students, unless medically excused, receive two (2) formal physical education periods per week. All students are required to wear the standard physical education uniform to each class, and shower and locker facilities are also provided to create a healthy atmosphere.

The girls' program consists of units in soccer, field hockey, tumbling, gymnastics, basketball, modern and folk dance, volleyball, physical fitness testing, softball, archery, track and field activities and tennis.

The boys' program consists of football, soccer, basketball, tumbling, gymnastics, wrestling, volleyball, physical fitness testing, softball, track and field activities and tennis.

All activities are on a unit basis which involves a number of weeks in each activity during the school year to develop and improve certain skills.

Over 900 boys and girls are participating in this program which is designed to encourage and develop maximum physical fitness in every student.

Physical Fitness Test

The youth physical fitness test is administered to every boy and girl in grades seven and eight. The same items that are given at the elementary level are used at the Junior High School level but with a higher degree of achievement.

Intra-murals

Intra-murals for both seventh and eighth grade boys and girls are offered during the school year on a seasonal basis for students not participating in a varsity sports activity. The program is carried on after school and on Saturday mornings, and offers a variety of activities for many students.

Fall - Boys: Tag Football - homeroom competition
Soccer, Tennis, Group Games

Girls: Field Hockey - Tennis

Winter - Boys: Basketball - homeroom competition
Gymnastics, Volleyball, Badminton, Boxing,
Ping Pong, Weight Lifting, Group Games

Girls: Basketball, Gymnastics, Volleyball, Badminton,
Group Games

Spring - Boys: Softball - homeroom competition
Tennis, Group Games

Girls: Softball, Kickball, Tennis

Innovations

1. New physical education equipment including a side horse and parallel bars which will improve our gymnastic program.
2. The converting of a room off the girls' gym and installing a punching bag and wall weight.
3. We are now in the process of revising and implementing a new physical education curriculum guide for Grades seven, eight and nine. This guide will serve our two Junior High Schools in September, 1969, and is written as a natural follow-up to our new elementary curriculum guide.
4. A new physical education uniform for boys featuring a reversible shirt and collegiate look.

CONCLUSION

During the past year the Director of Physical Education had the pleasure of speaking to numerous groups about our physical education program and also our after school, intra-mural and athletic programs.

The kindergarten class at the Prescott School had the honor of performing a variety of physical education activities at the New England Kindergarten Conference held in the Hotel Somerset, Boston, on Friday, November 22, 1968.

The fifth and sixth grade students at the Callahan School put forth a fine physical education demonstration for the Callahan P.T.A. on the evening of May 23, 1968.

The Physical Education Department and Boston University's Sargent College continues to cooperate in the area of student teaching. Last year we had four girls do their student teaching in our elementary schools.

Each year brings constant improvements to the physical education program. New equipment, additional staff members and new facilities all help to promote and motivate a strong program that serves the best interests of our clients, the boys and girls in the Norwood Public Schools.

At this time I would like to express my sincere appreciation to Dr. Philip O. Coakley, Superintendent of Schools, for his guidance, leadership, cooperation and continuous support enabling me to put forth a physical education program that meets the needs of our students.

I would also like to express my gratitude to Mr. Umberto V. Napoleone and Mr. James R. Donovan, Assistant Superintendents, The Norwood School Committee, School Administrators, Physical Education Staff Members and Classroom Teachers for their cooperation, enthusiasm and assistance in achieving my aims and objectives.

Appreciation also goes to Miss Elizabeth Syverson, Executive Secretary, and her able staff, for all the many things they have contributed to make the Physical Education Department operate more smoothly.

RICHARD H. MAHONEY

Director of Physical Education

Elementary and Junior High Schools

REPORT OF THE SUPERVISING NURSE

The purpose and scope of the school health program must be broad and varied, able to adjust to changing times, and able to meet current educational objectives and pupil needs.

Our staff of nurses and our school physicians cooperate with school personnel and community agencies to provide the best in health services and education to students and to parents, teachers and administrators in the students interest.

To prevent permanent damage to the individual and discover those in special need, physical appraisals are begun as soon as possible after the beginning of the school year, with the hope that such examinations

will be completed before the physical education program is fully under way. Prior to evaluation, height, weight and history must be available to the examining physician. This presents a great challenge at the secondary level of school life, with the increasing number of students and too few medical personnel.

Existing facilities for examination without privacy, quiet space or adequate light, and little or no dressing area further complicate the problem. It is our hope that the immediate future will bring improved physical work areas in both elementary and secondary schools.

Hearing and seeing are two of our more important senses. They play a large part in every day life and a vital role in the ability to learn. Screening tests on eyes and ears are done by the school nurse on all students from grade school through high school. Through the cooperation of parents we are fortunate in attaining a high percentage rate of completion on remedial defects. In expanding our aims we hope to explore ways to complete this screening program as early as possible in the school year, while maintaining our routine, meeting the needs of each student daily.

Disease control continues to be of great value. Prevention of disease is easier to accomplish than to try to cure. Our program arranged with the aid of the Norwood Board of Health has proved of much help in keeping down the incidence of communicable disease.

Tine testing for the discovery of Tuberculosis was offered to those in grades one and nine. Eight hundred and ninety-five students participated, and all who needed follow-up x-rays proved negative to active disease.

Diphtheria and tetanus boosters were given to two hundred and seventy pupils in grade one.

The ever present cold, the most common of communicable diseases accounted for much loss of student school time. Although other communicable diseases continue to bother the school child, the medical breakthrough on vaccines for Poliomyelitis, Measles, Mumps and soon to be available German Measles should make these diseases soon a thing of the past.

School health areas are truly learning centers, perhaps the first of the special learning areas. Here one learns not only how to repair the damage to oneself after accident, but how in future to prevent the accident; not just to accept a cold but how a cold can happen and how to prevent that cold. Health education is offered daily to all who perform in the school situation and no day is counted a loss when one individual has been helped to find a better way.

In reviewing this school year it cannot be said that we made vast gains. Health being the very personal subject, gains are made over long periods. Our present success may only be shown by the parents of the future, our present students.

We ask all who are concerned with school children and their future for their continued aid and offer sincere thanks to all who have been so helpful during this last school year.

MARY A. PARSONS, R.N.
Supervising School Nurse

REPORT OF SUPERVISOR OF CUSTODIANS

I herewith submit my annual report for the year ending December 31, 1968.

Housekeeping of school buildings has foreseen many changes in the past decade. Cleaning and sanitizing has become a complex and specialized area. The housekeeping programs must be continuous and the budget appropriations for this area must be adequate at all times to meet the demands for specialized equipment, materials and increased manpower. In this budget area there is no compromise. Rising capital expenditures in school buildings warrant the need for funds to properly maintain them. We must keep pace with rising standards, and keep school buildings clean, comfortable and attractive.

1968 Maintenance Projects

1. SENIOR HIGH SCHOOL:

1. Painting - Main Office
2. Painting - Guidance Suite
3. Replacement - Two plastic sky domes
4. Replaced four (4) exterior doors (1 steel, 3 wooden)
5. Painting of all exterior doors
6. Replacement of all hardware on twenty-four (24) sets of smoke screen doors
7. Refinished forty-eight (48) Art Room tables
8. Blackboards replaced
9. Grout tile - Boys Shower Room
10. Resurfaced Bulletin Boards
11. Repaired veneer on six (6) sets interior doors
12. Repainted window glass in old gymnasium building
13. Installed door in Field House
14. Painted Boys Gym Locker Room, Coaches Room and adjoining areas. Repaired lockers and painted.

2. H. O. PEABODY SCHOOL

1. Interior re-decoration project completed.
2. Repaired masonry kitchen floor.
3. Built flour storage racks for Bakery Dept.
4. Repaired Main Entrance exterior steps and platform.
5. Built and installed storage closets (Cosmetology Room)
6. Painted exterior doors.

3. JUNIOR HIGH SCHOOL

1. Painted all metal work on roof.
2. Constructed screens for roof vents.
3. 140 Push plates and pulls re-bronzed.
4. Plaque re-bronzed.
5. Replaced three (3) wooden window sashes in Print Shop.
6. Repaired roof sky lights.
7. Constructed fibre kick plates and installed on all doors.
8. Constructed and installed sixteen (16) Reading Stations in Library.
9. Repaired Auditorium Balcony Chairs and Rails.
10. Repaired leaking drain pipes - wall repairs and refinishing.
11. Window shades replaced entire building.
12. Asphalt parking lot, rear delivery constructed.
13. Construction of vandal-proof cabinet for Audio-Visual Equipment.
14. Constructed four (4) portable display boards for Art Dept.
15. Repaired Smoke-screen doors.

4. BALCH SCHOOL

1. Replacement of windows completed.
2. Seven (7) mobile wardrobe units built for lunchroom pupils.
3. Bulletin Boards and Chalkboards constructed in teaching areas.
4. Pointing, repairing and waterproofing of exterior.
5. Masonry repairs to exterior landings.
6. Painted walls in Kindergarten area.
7. Replaced towel dispensers.
8. Replaced five (5) exterior floodlights.
9. Installation of window shades completed throughout building.
10. Wooden sashes repaired, caulked and painted on ground level.
11. Painted store room.

5. CALLAHAN SCHOOL

1. Completed interior painting.
2. Installed two (2) stainless steel sinks (Cafeteria).
3. Installed garbage disposal and related accessories.
4. Installed new Fire Alarm system.
5. Repaired exterior floodlighting.
6. Replaced four (4) plastic ceiling domes.
7. Cleaned interior of oil tank.
8. Constructed screens for roof vents.
9. Constructed fence on low roof (rear).

6. CLEVELAND SCHOOL

1. Interior re-decorated.
2. Constructed matching bookcase in Library.
3. Repaired wardrobe doors and shoe racks.
4. Exterior doors re-painted.
5. Installed soccer goals on playground.

7. OLDHAM SCHOOL

1. Exterior painted.
2. Painted dado in Cafetorium with glaze material.

8. PRESCOTT SCHOOL

1. Interior painted.
2. Standby emergency power installed.

9. SHATTUCK SCHOOL

1. Heating system up-graded.
2. Installed new Fire Alarm system.
3. Floor repairs.
4. Oil tank cleaned.

10. WINSLOW SCHOOL

1. Replaced windows - entire school.
2. Replaced pit drain.
3. Floors repaired.
4. Sump pump installed in Boiler Room.
5. Installed new Fire Alarm system.

11. WILLETT SCHOOL

New building - opened in September 1968.

All schools received general maintenance repairs as needed—plumbing, electrical, heating and boiler maintenance. All requests for safety and other services were attended to, including tree removal and pruning. Plastering and carpentry work was performed on schedule. Fencing was installed at the Prescott School and Balch School. The bleachers at the Senior High School field were painted. A weed control program was initiated to control growth. It was difficult to work on the football field due to so many activities on the field. However, the football field was in good condition for the football season.

Game lines were painted on all school blacktop areas by our men.

The annual aerating, seeding and fertilizing of school grounds was carried out at all schools again this year. The new parking area at the Junior High School was landscaped by our men.

A serious problem of "bottle breaking" on play areas, spray painting on schools, climbing on roofs became a fad in the school areas this past year. Considerable damage to sky lights, roofs and conductors resulted in costly repair jobs.

The new elementary school, George F. Willett, opened in September, as scheduled.

The summer cleaning program was successfully completed again this year, even though some of our schools conducted summer schools, workshops, Federal Projects, etc., during the summer. Excellent co-

operation and scheduling of personnel prevented chaos in our house-keeping program.

I wish to thank Dr. Coakley, General Manager Blasenak, the School Committee, the Board of Selectmen, and the Custodial and Maintenance Staff for their splendid assistance and cooperation.

JOHN P. MALEIKO
Supervisor of Custodians

REPORT OF THE ATTENDANCE OFFICER

The following is the annual report of the Attendance Officer for the year ending December 31, 1968:

Total number of investigations	97
Number of truanacies	23
Number of illness cases investigated	52
Miscellaneous cases	25
Number of court cases	3

In submitting my fifth annual report, I attest that it is, to the best of my knowledge, true and accurate.

JOHN J. FLAHERTY, JR.
Attendance Officer

CHANGES IN PERSONNEL - 1968

Administrative Personnel

Appointments:

Mr. James R. Donovan, Assistant to the Superintendent of Schools to the position of Assistant Superintendent for Secondary Education.

Mr. Umberto V. Napoleone, Director of the Division of Special Services & Elementary Curriculum to the position of Assistant Superintendent for Elementary Education.

Mr. Andrew Ciarletta, Jr., Administrative Assistant at the Cleveland School to the position of Principal of the Winslow School.

Mr. Alan R. Wonson, Principal of the Winslow School to the position of Principal of the Willett School.

Mr. Louis J. Buscone, Jr., Administrative Assistant at the Senior High School to the position of Head of the Mathematics Department.

Mr. Richard H. Mahoney, Director of Physical Education for the Elementary and Junior High Schools to the position of Director of Athletics for the Elementary Schools.

Elementary Appointments:

Mrs. Joan T. Ahearn received her B.S. degree from State College at Boston.

Mrs. Sandra E. Apter received her B.Ed. degree from the University of Maine.

Mrs. Barbara A. Barden received her B.S. degree from State College at Salem.

Miss Mary Bevivino received her B.S. degree from Northeastern University.

Miss Kathleen M. Bradley received her B.S. degree from State College at Boston.

Mrs. Aline Burack received her B.S. degree and her Master's degree from the University of Connecticut.

Miss Margaret Cameron received her B.S. degree from Sargent College, Boston University.

Miss Susan M. Cassidy received her B.S. degree from Syracuse University and her Master's degree from Boston College.

Miss Barbara A. Cawley received her B.A. degree from Mt. St. Vincent University.

Miss Mary A. Connors received her B.A. degree from St. Joseph College.

Mrs. Patricia Connors received her B.S. degree from Boston University.

Mrs. Carolyn Conway received her B.A. degree from Albion College and her Master's degree from Boston University.

Miss Roberta M. Cormier received her B.S. degree from State College at Boston.

Mr. Michael T. Czyryca received his B.S. degree from State College at Boston.

Miss Patricia C. Daley received her B.S. degree from State College at Boston.

Mrs. Joan B. Danieli received her B.S. degree from Lesley College.

Miss Halbrythe M. Davis received her B.Ed. from Keene State College.

Mr. Domenic J. DeFronzo received his B.S. degree from State College at Boston.

Miss Kathleen M. Donahue received her B.A. degree from Newton College of the Sacred Heart and her Master's degree from the University of Virginia.

Miss Diane M. Doran received her B.A. degree from the State University College at Cortland.

Mr. Benjamin F. Elkins received his B. of Music degree from Berklee School of Music.

Elementary Appointments:

Miss Nina Fagan received her B.S. degree from State College at Worcester.

Miss Nancy J. Fitzgerald received her B.A. degree from Simmons College.

Miss Paula Ann Ghiz received her B.A. degree from Anna Maria College.

Mrs. Marianne Gigante received her B.S. degree from Western Michigan College.

Miss Ellen Sue Goldenberg received her B.S. degree from Central Connecticut State College.

Mrs. Joanne Goodman received her B.S. degree from Lesley College and her Master's degree from Boston University.

Mrs. Svea H. Hoffman received her B.S. degree from Missouri State Teachers College.

Mr. Paul J. Hudson received his B.S. degree from State College at Boston.

Miss Susan P. Hussey received her B.S. degree from Butler University.

Mrs. Lynne E. Johnson received her B.S. degree from Skidmore College.

Miss Sandra A. Johnson received her B.S. degree from Mills College of Education and her Master's degree from Boston University.

Miss Natalie E. Lambert received her B.A. degree from Boston College.

Mrs. Frances A. Liggett received her B.S. degree from Eastern Illinois University.

Miss Barbara E. Lissandri received her B.A. degree from Emmanuel College.

Miss Christine M. McDonough received her B.S. degree from Cabrini College.

Miss Lorraine T. McIntyre received her B.S. degree from State College at Boston.

Miss Susan Moir received her B.S. degree from State College at Framingham.

Miss Mary Ann Mullaney received her B.A. degree from Mount St. Mary College.

Miss Carol E. Munstedt received her B.S. degree from Wheelock College.

Miss Elaine A. Murray received her B.A. degree from Boston College.

Miss Anne P. Neal received her B.S. degree from the University of North Carolina.

Elementary Appointments:

Mrs. Adrienne T. Newell received her B.A. degree from Trinity College.

Miss Barbara J. O'Beirne received her B. S. degree from Suffolk University.

Miss Mary Jane Parah received her B.S. degree from Sargent College, Boston University.

Mrs. Barbara A. Paulson received her B.S. degree from the University of North Dakota.

Mrs. Miriam Raphael received her B.S. degree from State College at Boston.

Miss Kathleen R. Reynolds received her B.S. degree from State College at Boston.

Mrs. Judith E. Rubin received her B.S. degree from Lesley College.

Mrs. Cynthia N. Sadow received her B.S. degree from Boston University.

Mrs. Janet M. Sanders received her B.A. degree and her B. of Music degree from Ohio Wesleyan University.

Mrs. Julia Shat received her B.A. degree from Taiwan Normal University and her Master's degree from New England Conservatory.

Mrs. Panora Triantafell received her B. of Music degree from Boston University.

Mrs. Joan E. Uliss received her B.A. degree from the University of Massachusetts.

Mrs. Gail K. Vincent received her B.S. degree from State College at Bridgewater.

Miss Nancy E. Wolley received her B.S. degree from State College at Framingham.

Secondary Appointments:

Miss Helen R. Abdallah received her B.A. degree from Suffolk University.

Mr. Salvatore F. Allosso received his B.A. degree from Boston University.

Mrs. Janice M. Barrett received her B.S. degree from Boston College.

Miss Regina S. Bitter received her B.A. degree from State College at Lowell.

Mr. Francis W. Brissette received his B.A. degree from Clark University.

Mrs. Cynthia F. Brown received her B.A. degree from Boston University.

Miss Maureen Buckley attended State College at Framingham.

Secondary Appointments:

Miss Frances M. Clines received her B.A. degree from the University of Massachusetts.

Miss Mary E. Cowhig received her B.A. degree from the Massachusetts College of Art.

Mr. Alvin F. Crowell received his B.A. degree from Providence College.

Miss Sheila Degnan received her B.A. degree from Boston College.

Mrs. Maureen Dolan received her B.A. degree from Rhode Island College.

Mrs. Claudia R. Eberly received her B.A. degree from Boston University.

Miss Frances J. Eubanks received her B.A. degree from Queens College.

Miss Michele Fava received her B.A. degree from Regis College.

Miss Yvette Gagnon received her B.A. degree from the University of New Hampshire.

Miss Stephanie J. Gucciardi received her B.A. degree from Boston University and her M.A. degree from the University of Michigan.

Miss Nancy L. Guy received her B.A. degree from Tufts University.

Miss Betty B. Haggett received her B.S. degree from Radford College.

Mr. John T. Hansen received his B.A. degree from Boston College.

Mrs. Irene B. Hill received her B.S. degree from Simmons College and her M.A. degree from State College at Boston.

Mrs. Thomas H. Hottleman, Jr. received her B.S. degree from State College at Boston.

Mr. Walter J. Hughes received his B.S. degree from State College at Boston.

Mrs. Florence A. Jerome received her B.A. degree from Boston University.

Miss Margaret Keady received her B.S. degree from Boston College and her M.A. degree from Boston University.

Mr. Edward Kirker received his B.A. degree from State College at Boston.

Mr. Richard LaFleur received his B.A. degree from Boston College.

Mr. S. Arthur Lauro received trade experience and attended a certificated program at State College at Fitchburg.

Mrs. Molly McKelvey received her B.S. degree from Oklahoma State University and her M.A. degree from the University of Oklahoma.

Mrs. Claire Maccini received her B.A. degree from Regis College.

Mrs. Patricia Mahoney received her B.S. degree from Boston College.

Mr. Calvin Meeker received his B.A. degree from the University of Massachusetts.

Secondary Appointments:

Miss Carol Miller received her B.A. degree from Wheaton College.

Mr. Daniel E. Needham received his B.A. degree from Boston College.

Mr. Clifford F. Pearl received his B.S. degree from State College at Fitchburg and his M.A. degree from Calvin Coolidge College.

Mr. David Reagon received his B.A. degree from the University of Colorado.

Mr. Albert M. Romanowicz received his B.A. degree from St. Joseph's College.

Mr. Robert D. Salie received his B.A. degree from Johns Hopkins University and his M.A. degree from University of Virginia.

Mrs. Susan Sears received her B.A. degree from Massachusetts College of Art.

Mr. George A. Shelton received his B.S. degree from State College at Fitchburg.

Miss Sharon K. Soper received her B.A. degree from Jackson College.

Miss Carole Stribley received her B.S. degree from the University of Massachusetts.

Mr. John J. Sullivan received his B.S. degree from Suffolk University.

Miss Ann Thomas received her B.A. degree from State College at Bridgewater.

Mr. Robert Toll received his B.A. degree from the University of New Hampshire and his M.A. degree from the University of Massachusetts.

Miss Rebecca Wagner received her B.A. degree from Hanover College.

Mr. Ronald Wallach received his B.A. degree from Tufts University.

Miss Jean Warden received her B.S. degree from Lyndon State College in Vermont, Mass.

Mr. Dean Webb received his B.S. degree from Northeastern University.

REPORT OF BLUE HILLS VOCATIONAL SCHOOL DISTRICT COMMITTEE

To: The Honorable Board of Selectmen:

Gentlemen:

We respectfully submit the Fifth Annual Report of the Blue Hills Regional Vocational School District Committee. The following list of Committee Members represented the seven member towns during 1968:

AVON	Mr. Bernard H. Baher
BRAINTREE	Mr. James E. Sullivan
CANTON	Mr. Nathaniel N. Wentworth, Jr.
HOLBROOK	Mr. Walter Donovan
NORWOOD	Mrs. Alena Wisgirda
RANDOLPH	Mr. M. Murray Lewis
WESTWOOD	Mr. Paul Ballantine

The District Committee, with deep regret, accepted the following resignations during 1968: Mr. Ernest Oetinger, Original Planning and Interim School Committee Member, representing Westwood; Mr. Donald Martin, Acting Holbrook Representative; Mr. James E. Sullivan, representing Braintree.

At the regular elections held in March of 1968, Mr. Paul Ballantine of Westwood and Mr. Walter Donovan of Holbrook were elected to represent their respective towns on the District Committee.

Mr. Sullivan of Braintree resigned late in December of 1968 and the Town of Braintree has not as yet appointed an acting member, who by District Agreement, would hold office until the regular elections in March of 1969.

Mr. Nathaniel N. Wentworth, Jr. continued in the capacity of Committee Chairman, with Mr. James E. Sullivan serving as Vice-Chairman. Mr. Edward Cogliano of Canton, continued as Treasurer, Mr. William J. Carr of Randolph as Counsel and Mr. William A. Dwyer of Weymouth continued as Superintendent-Director of the Regional School.

The District Committee continues to hold its regular meetings on the first and third Tuesdays of each month at the Regional School office at 100 Randolph Street, Canton, Massachusetts.

In January of 1968, the Regional Technical School had 480 students enrolled in grades 9, 10, 11, 13 and 14. Only grade 12 remained void of students, but the admissions and orientation activity then in effect in the seven member towns would result in the programming for the first full cycle of school operation, to become effective in September 1968.

Budget and program plans for the coming school year were authorized by the Committee as the administrative staff of the school prepared for the peak enrollment of 600 students.

A new course in Electro-Mechanical Technology was approved by the Committee for 1968 Fall Registration at the post-graduate level. The curriculum outline for this program is geared to the technical requirements of the computer industry and other business oriented Electro-Mechanical service systems. The Blue Hills Technical School is one of the first schools of its type throughout the Nation to sponsor a pilot program in this area.

In February of 1968, application for the Associate Degree in Applied Science for post-secondary courses available in the Technical Institute at Blue Hills was approved by the Committee and forwarded to the Board of Education and the Board of Higher Education as required in Chapter 572, Section 37A of the General Laws. If such a degree is authorized for the Blue Hills Regional Technical Institute by both Boards of Education, this region will be the first district in the Commonwealth to have obtained such an honor.

In the High School program at the Regional School, approval was granted the staff for numerous curricula innovations both in the area of additional class programming for the student needing additional academic aid and in the sophisticated technical lab areas where more advanced students could profit from a more comprehensive program of technical subject matter. As the original objectives of the whole program at Blue Hills provide for constant innovation and flexibility, the Committee of the Regional District continuously strives for careful evaluation of successful programs as policy is formulated for continued quality education in all segments of the vocational-technical program.

In the summer of 1968, all students in the seven town's secondary school systems, desirous of enrichment courses in any of the course offerings available at the Regional School, were invited to enroll in the summer program. Courses finally offered were in the area of Radio, TV, Automotive Engine Repair, Developmental Reading, Technical Mathematics, English and Remedial Math. It is anticipated that in 1969, this program will be expanded with all sixteen courses made available to every high school student in the District.

In June of 1968, the first graduating class of the two-year Technical Institute Program held their graduation exercise in the school cafetorium. Seventy-one boys and girls heard Senator Quinlan deliver the graduation address to the first class of technicians from Blue Hills.

In the fall of 1968, two Federal Manpower Programs were approved for operation at the Regional School. These programs are offered in the late afternoon and evening in order to fully utilize the facilities. These programs are offered in cooperation with the Division of Employment Security and are entirely funded by the Federal Government in the amount of \$16,000. The Manpower Programs were Machine Tool & Die Making and Auto Body Repair.

In September of 1968, 400 adult applications from the seven member towns were accepted for the Evening Adult Education Program for tech-

nical preparation. The Evening School operates on Monday, Tuesday, Wednesday and Thursday evenings between the hours of 7:00 and 9:30 p.m. and generally runs during the months of October through May.

In October 1968, the District Committee received notice from the New England Association of Secondary Schools and Colleges that the Blue Hills Regional School had been accepted as an accredited secondary institution.

In November of 1968, the Budget Subcommittee of the District Committee reviewed tentative budget plans for the first full operating budget with peak enrollment.

The October 1, 1968, census taken at the school showed the following school population by towns: Avon — 27, Braintree — 133, Canton — 60, Holbrook — 56, Norwood — 139, Randolph — 135, Westwood — 26 for a total enrollment of 576 students.

An evaluation study of admissions to date, in view of the unusual interest in student applications, disclosed that 1,931 applications have been received over the three-year admissions program for the capacity enrollment of 600 seats.

The District Committee, after reviewing the State Advisory Council's Summary on Vocational Education which recommends that 40% to 60% of all secondary students should be involved in some sort of occupational education, initiated an educational study and engaged the services of the Educational Consultants Council, Inc., of Braintree, Massachusetts. The Educational Consultants Council was contracted to appraise the current student population growth rate in all seven member towns and make an analysis of the future projected needs for the region in the area of vocational-technical education. In view of the increased student interest for the regional school in all participating towns, and, in consideration of the thirteen hundred young people refused admission at Blue Hills because of limited capacity, the District Committee realizes that the citizens of the regional district should be informed. It is anticipated that the full report evaluating student growth in the district would be made available for evaluation by the Committee in January of 1969.

The entire District Committee owes a great deal of gratitude for their current successful program to the local School Committees, Superintendents, Boards of Selectmen and Finance Committees who have so unselfishly given of their time to assist us during this past year.

Respectfully submitted,

NATHANIEL N. WENTWORTH, Jr., Chairman
MRS. ALENA WISGIRDA, Secretary
BERNARD H. BAHER
PAUL BALLANTINE
WALTER DONOVAN
M. MURRAY LEWIS

REPORT OF THE SUPERINTENDENT-DIRECTOR

To: The District School Committee
The Honorable Boards of Selectmen
The Parents and Citizens of the Regional School District

In January of 1968, with the philosophy and objectives of the Regional School program carefully defined, it was the major objective of this administration to prepare for the admissions of the first complete capacity enrollment in September of 1969. For in 1969, Blue Hills would graduate its first senior high school class and would have reached its peak enrollment of 600 students.

With all four high school classes in operation and the two-year Technical Institute program of post-secondary education now totally approved by the Department of Education, applications were submitted for accreditation and membership in the New England Association of Colleges and Secondary Schools.

In addition, an application for the Associate Degree in Applied Science for the following post-secondary courses was submitted: Advertising Art and Design, Civil-Structural Engineering Drawing, Data Processing, Electronic Technology and Electro-Mechanical Technology.

Additional applications for accreditation for the one-year post-high medical programs were to be submitted to both course accreditation agencies. For the Medical Laboratory Assistants Program, a letter requesting evaluation was forwarded to the American Association of Clinical Pathologists. In the Dental Assistant Training Program, applications for national accreditation would be forwarded to the American Association of Dental Assistants before the year was complete.

All 16 major technical areas were operating successfully by early 1968. By the fall of 1968, the Blue Hills Regional innovative high school and post-secondary programs became widely acclaimed as the model technical education complex in the Commonwealth of Massachusetts.

The final report of the Advisory Council on Education (MACE) reported to the citizens of this State the need for an immediate increase in the development of occupational education. Blue Hills Regional Technical School, the latest and most sophisticated of the vocational-technical complexes, was being hailed as the leader in occupational education innovation.

Proposals from the Legislative Commission on Education urged the Department of Education to immediately develop \$90,000,000 in value of schools throughout the State fashioned after the Blue Hills pilot and model school plan.

In September 1968, the Regional School opened with all programs heavily subscribed to. Over 1300 students had to be turned away in a mere three years of admissions. An amazing success story in itself considering the fact that in 1965 when Blue Hills first was recruiting for its prime

admissions program, only 1% of all the boys and girls in this District were afforded an opportunity for vocational-technical training. Today, after two and one-half years of operation, approximately 7% of the secondary enrollment of the seven member towns of the Regional School District, now have been accepted for technical programs at Blue Hills. 22% of these students have applied for admission.

With the MACE report on vocational education continuing to stress the fact that 40-60% of all secondary students need to be involved in some meaningful program involving occupational education, it would appear that Blue Hills Regional was rapidly establishing this statistical conclusion as a reality. A full comprehensive program of academic and technical subject matter, together with the rapid development of athletic and extra-curricula activities in the short period of operation, has obviously assured the citizens of this Region of a well-rounded educational program for their children interested in attending Blue Hills.

As 1968 drew to a close, football, hockey, basketball, baseball and track programs at the Regional School were providing varsity athletic competition. Extra-curricula activities including choral groups, yearbook activities, camera clubs and plans for additional extra-curricula activities in the areas of ham radio operation, radio clubs and others were being planned.

In December of 1968, 100 students of the first graduating class at Blue Hills made application for college SAT exams. At long last, the vocational-technical student, upon graduation, will have the option of continuing his/her technical education beyond high school, in addition to an alternate of immediate placement as a technician in the local industrial area for which he or she has been trained.

Evaluations were currently being undertaken in the area of curricula development, related and technical subject matter in preparation for the many accreditation requirements anticipated in 1969. It would appear at this time that the current subject matter was well proportioned to the general needs of the whole student in view of recent successful college board results and the tremendous placement inquiries for the graduates of the first full program in June 1969.

In the latter part of December, the Blue Hills Regional Technical School received notice from the New England Colleges and Secondary Schools that it had been accepted as a member in this formal accrediting agency. Notice from the Board of Education and the Board of Higher Education indicated that the Blue Hills Post-Secondary Technical Institute would soon be able to offer an Associate Degree. Final determination will be withheld pending an evaluation of the post-secondary curricula in the Institute.

For the apparent success that Blue Hills has been able to realize, a great deal of credit must go to the Program Coordinators and Guidance Director of this school and the individual staff members who have worked so diligently in the pilot development for this school's formal accreditation approval.

In addition, I would like to take this opportunity to express my appreciation for all the help given Blue Hills by the District School Superintendents, High School Principals, Guidance Directors, Counselors and other members of the member towns' school staffs who assisted us during the past year.

Again, I would like to thank the local Boards of Selectmen, their Finance Committees, and the local Industrial Advisory Committees who assisted us in the numerous budget and curricular planning meetings during 1968. Their continued cooperation has contributed considerably to our arrival as an outstanding institution for technical education.

Respectfully submitted,
WILLIAM A. DWYER
Superintendent-Director

In Memoriam

JOHN J. JENNINGS

The untimely death of John (Sonny) Jennings brought to an end his faithful years of service to the Light Department. He was well liked by all he came in contact with and will be long remembered by his fellow workers.

We of the Light Department offer our sincere expression of deep condolences to his family.

In Retirement

PATRICK CONNOLLY

After thirty-one years of service Patrick Connolly retired on May 1, 1968. Mr. Connolly worked as a Station Operator, a position he performed capably. We offer our best wishes for a long and happy retirement.

In Retirement

WILLIAM G. SCHOPPEE

After forty-two years of service William Schoppee retired on August 1, 1968. Mr. Schoppee worked as an Electrical Maintenance man and performed his duties with skill. We extend our sincere wishes for a long and happy retirement.

REPORT OF MUNICIPAL LIGHT DEPARTMENT

Mr. Walter A. Blasenak
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Superintendent of the Municipal Light Department for the year 1968.

The year 1968 was one which continued our planned expansion of our distribution system.

During the year the most notable additions were the Star Market complex and the Polaroid Company.

Town Meeting finally gave approval to our plan for receiving our electrical supply at 115 KV, and will be the most important development that has been decided since the founding of the Light Department.

On increase in kilowatt hours consumed of 9.24% over 1967 was experienced.

The department expects 1969 to be a year of continued growth influenced by the increased utilization of the Polaroid and Star Market complexes and the addition of new housing within the Town.

Our efforts towards a reduction in rates from our supplier should be resolved before the Federal Power Commission in Washington D. C. late in the year.

I would like to express my thanks to all members of the Light Department as well as all other Departments for their cooperation.

I offer the following statistical data relative to the operation of the Light Department for the year 1968.

Wire Installed

4,310 1/0 str wire (copper)

FREDERICK A. McDONOUGH & COMPANY
Accountants and Auditors
37 Fales Avenue, Norwood, Mass. 02062

March 31, 1969

Board of Selectmen
Norwood, Mass. 02062
Attn. Charles L. Rich

Gentlemen:

At your instruction, we have examined the books, records and other pertinent data of the Municipal Light Department for the year 1968, and present the following statemens and schedules:

Plant Investment Account as at December 31, 1968
Comparative Balance Sheet as at December 31, 1968
Statement of Income for the Year Ended December 31, 1968
Statement of Operating Expenses for the Year Ended December 31, 1968
Analysis of Unappropriated Earned Surplus as at December 31, 1968
Analysis of General Cash as at December 31, 1968
Analysis of Construction Cash Fund as at December 31, 1968
Analysis of Depreciation Cash Fund as at December 31, 1968
Comments on the various financial phases of the plant as at Dec. 31, 1968

In connection with the audit and preparation of the above statements, schedules and analyses, we examined all available records and related data to the extent that we deemed appropriate, without making a detailed audit of all transactions and vouchers.

Our examination was limited to the internal records of the Department did not include further verification of any of the assets and liabilities. Where transactions required clarification or explanation, we relied upon the departmental supervisors to supply such information.

In our opinion, the above exhibits, schedules and analyses present fairly the financial position of the Norwood Municipal Light Department as at December 31, 1968 and the results of operations for the year then ended, in conformity with the accounting principles of the Department of Public Utilities, applied on a basis consistent with that of the prior year.

Very truly yours,

FREDERICK A. McDONOUGH
Public Accountant
